

Development Special Use Permit #2017-0016 3300 King Street – TC Williams High School Parker-Gray Stadium Modernization

| Application | General Data | |
|-------------------------------------------------------------------------|-------------------------------|---------------------------------------------|
| Project Name: TC Williams High School Parker-Gray Stadium Modernization | PC Hearing: | October 2, 2018 |
| | CC Hearing: | October 13, 2018 |
| | If approved, DSUP Expiration: | October 13, 2021 |
| Modernization | Plan Acreage: | 23.68 acres (1,031,366 sf) |
| | Limits of Disturbance: | .97 acres (41,167 sf) |
| Location: | Zone: | R-20 |
| 3330 King Street | Proposed Use: | Public School |
| Parcel Address: | Dwelling Units: | N/A |
| 3300 King Street | Gross Floor Area: | N/A |
| Applicant: Alexandria City Public | Small Area Plan: | Taylor Run / Duke Street Small Area Plan |
| Schools | Historic District: | N/A |
| | Green Building: | N/A |

Purpose of Application

To construct new accessory buildings and perform associated site improvements associated with the stadium including pedestrian, track and field site improvements, sound system upgrades, site lighting, and athletic field lighting.

Special Use Permits and Modifications Requested:

- 1. Amendment to an existing Development Special Use Permit with Site Plan to construct accessory structures and perform site improvements.
- 2. Special Use Permit to increase the height of athletic field light poles to 80 feet pursuant to proposed Zoning Ordinance Section 6-403(F), contingent upon approval of TA#2018-0007, or; Special Use Permit to increase the height of athletic field light poles to 60 feet pursuant to Zoning Ordinance Section 7-2100; zoned R-20/Single-family zone.

Staff Recommendation: APPROVAL WITH CONDITIONS

Staff: Rob Kerns, Division Chief, <u>robert.kerns@alexandriava.gov</u>
Nathan Imm, Principal Planner, <u>nathan.imm@alexandriava.gov</u>
Bill Cook, Urban Planner, <u>william.cook@alexandriava.gov</u>

PLANNING COMMISSION ACTION, OCTOBER 2, 2018: On a motion made by Vice Chairman Macek, and seconded by Commissioner Lyle, the Planning Commission voted to recommend approval of Development Special Use Permit #2017-0016, including approval of a Special Use Permit to increase the height of athletic field light poles up to a maximum of 80 feet as proposed. The motion carried on a vote of 5-2, with Commissioners McMahon and Koenig opposed.

Reason: The Planning Commission agreed with the staff recommendations.

Summary of Planning Commission Discussion During Staff Questioning:

Commissioner Brown confirmed with City legal counsel that the removal of conditions from the existing T.C. Williams DSUP is not a breach of a contract and that the Planning Commission's task is to question whether it is appropriate to modify Development Special Use (DSUP) conditions. Commissioner Brown also clarified with Planning and Zoning staff that DSUP conditions are only binding until an applicant requests a change to those conditions under the transparency of a public hearing process and that previous bodies of government cannot establish conditions in perpetuity.

Commissioner Koenig verified with Planning and Zoning staff that they primarily evaluated the impact of amplified sound at Parker-Gray Stadium and the proposed sound system's compliance with the City's noise ordinance. Koenig verified that the City's noise ordinance also regulates other noise sources, including types of ambient noise.

Commissioner Koenig further clarified with ACPS staff that plans for modernization of Parker-Gray Stadium would not preclude ACPS from exploring additional athletic facilities in other locations in the City. Chairman. When Commissioner Koenig inquired about the City-wide impacts of the Parker-Gray Stadium modernization project, Chairman Lyman added that moving high school athletic events to Parker-Gray Stadium would free up City-wide stadiums for non-students to enjoy.

Commissioner McMahon clarified with ACPS staff that ACPS did not pursue stadium improvements previously because ACPS was not willing to press against the DSUP conditions previously and that new sound and lighting technology was not available.

Commissioner Wasowski verified with ACPS staff that the current landscape plan for the Parker-Gray Stadium meets minimum regulatory requirements and that ACPS staff understands that the landscape plan may be changed. Commissioner Wasowski also established with ACPS and Planning and Zoning staff that ACPS held several community meetings and advisory meetings regarding the Parker-Gray Stadium modernization project. Staff noted these meeting were publicly announced and while the community meetings were well attended, the advisory meetings were not.

Commissioner Brown initiated conversation regarding a memo that was circulated to the Planning Commissioners on October 2, 2018, revising the proposed DSUP conditions. Commissioner Brown and other Planning Commission members verified with Planning and Zoning staff that proposed condition #127 would be revised to limit the scheduling of high

school games and practices to 10:00 p.m. (instead of 8:00 p.m.), Monday through Thursday, and limit scheduling high school games, practices, and other events on Friday and Saturday until 10:15 p.m. (instead of 10:00 p.m.). Staff noted that the change provide equal scheduling for men's and women's events in according with Title 9 regulations. Vice Chairman Macek requested Staff revise proposed condition #127 to clarify limits for Friday and Saturday events and address scheduling limits for Sundays.

Summary of Planning Commission Discussion:

Commissioner Koenig noted ACPS's need for athletic facilities. He was satisfied that technology to ameliorate negative effects has improved and was encouraged that a planning effort for analyzing the need for high school facilities in the coming decades is underway. However, Commissioner Koenig stated that Parker-Gray Stadium improvements is a substantial intensification of use and that the extension of activity into the evening hours will have adverse impacts to the neighboring properties and the character of the neighborhood. Commissioner Koenig did not support the request.

Commissioner McMahon was convinced of the need for ACPS athletic facilities, however, was disappointed that these needs were deferred so long. She stated that previous DSUP approvals did not show forethought and consider long range planning goals and expressed concern that approval of the request would predispose decision makers to not consider the best options of the use of the T.C. William's High School campus. Commissioner McMahon communicated that the proposed improvements to Parker-Gray Stadium are an intensification of the use and this intensification would be incompatible with the surrounding residential area. Commissioner McMahon did not support the request.

Vice Chairman Macek noted the precedence of lighted fields in the city located near residential property and the ability for theses uses to coexist in proximity to residential areas. In stating his support for the application, the Vice Chairman expressed the importance of the request to the City, the education system, and students. He was supportive of the additional weekday hours and amended Condition #127 pertaining to hours.

Commissioner Wasowski noted that decisions involving institutional uses have more intense conflicts between resident needs and the needs of the people the institution serves. She acknowledged past conflicts between adjacent property owners and ACPS and suggested several conditions pertaining to landscape and fence design, maintenance, security, and appointment of a community liaison to directly address neighbor concerns. Commissioner Wasowski would like ACPS to notify the neighborhood by mail of their Parker-Gray Stadium lighted events schedule and would like regular monitoring of noise ordinance related conditions. Commissioner Wasowski supported the request due to the importance to the community, but desired further measures to address community concerns.

Chairwoman Lyman concurred with Commissioner Wasowski's comments and noted the compelling interests of the neighborhood in enjoying the property without disturbance, as well as the student and school needs. She expressed concerns with ACPS responsiveness and supported conditions as recommended by Commissioner Wasowski. Noting that a political

decision was ultimately the decision of Council, she was in favor that the Planning Commission recommend approval.

Commissioner Lyle agreed with the comments of Commissioner Wasowski and Chairwoman Lyman, recommending inclusion of the additional conditions proposed. She expressed her concerns with ACPS relations throughout the City and encouraged ACPS to be a better neighbor.

Commissioner Brown expressed concern that the interests of the neighbors and established committees were not taken into account. He concurred with Commissioner Wasowski's proposed conditions, and further suggested specific meeting times and targeted outcomes for a reformulated group so that ACPS could improve community relations. He recommended City Staff rework conditions pertaining to neighborhood committees and communications and present them at the continuation of the meeting on Thursday, October 4, 2018. In concurrence with Assistant City Attorney Brown and Director Karl Moritz, the Planning Commission agreed that new or amended conditions proposed by Staff could subsequently be distributed to them by memo to confirm that the conditions reflect the Commission's intent.

Conditions to address include: landscape improvements including fence replacement, and plantings, a landscaping maintenance plan, regular trash and refuse pickup, designated ACPS contact person for the neighbors, mailed schedules to the neighbors, enhanced perimeter security, amending conditions pertaining to community group deliverables and meeting schedule, measurement of noise levels.

Speakers:

Mignon Anthony, 1340 Braddock Place, is the Chief Operating Office for ACPS and represented the applicant's request for improvements to the Parker-Gray Stadium at T.C. Williams High School.

Jack Sullivan, 4300 Ivanhoe Place, spoke in opposition of the request and removing condition #85 from DSUP#2013-0014, which prohibits the installation of lights at Parker-Gray Stadium. Mr. Sullivan expressed concern for the livelihood of adjacent property owners, stating that those neighbors are more important than parks and recreation activities at Parker-Gray Stadium.

Cynthia Martinez, 2706 Holly Street, spoke in support of the request. She expressed a need for high-quality, lighted recreational space for T.C. Williams students so that they can practice and compete at their own school campus.

Marie Randall, 2904 Cameron Mills Road, spoke in support of the request and stated that T.C. Williams High School students deserve a modern and functioning football stadium, similar to other high school football stadiums in northern Virginia.

Mimi Goff, 1313 Bishop Lane, spoke in opposition of the request and cited early community meetings between property owners in proximity to T.C. Williams High School and Alexandria City Public School (ACPS). Ms. Goff imparted that ACPS has attempted to silence property owners in proximity to T.C. Williams High School.

Kathryn Harkness, 1307 Bishop Lane, spoke in opposition of the request and cited ACPS budget issues and proposed operating plans to express her concern for using limited ACPS funding for athletic field and court improvements at T.C. Williams High School.

Frances Terrell, 1005 North Quaker Lane, is the President of the Seminary Civic Association and stated that she represented the residents of Woods Avenue and Quaker Lane in opposition of the request. She expressed discontent regarding previous verbal and written agreements between the City and property owners adjacent to T.C. Williams High School and the taking of land by eminent domain for the initial construction of T.C. Williams High School in the mid-1900s. Ms. Terrell expressed concern that the addition of field lighting for Parker-Gray Stadium will increase noise and traffic and decrease property values for neighboring residents.

Lillian Patterson, 1034 Woods Place, spoke in opposition of the request and expressed discontent with the displacement of African American neighborhoods in the City, and referenced previous verbal and written agreements prohibiting lighting at Parker-Gray Stadium.

William Goff, 1313 Bishop Lane, spoke in opposition of the request and listed multiple properties, which appear to be high schools, that have larger acreages than the T.C. Williams High School property.

Adrienne Washington and Carol Johnson, 3413 Woods Avenue, both spoke in opposition of the request as representatives of the Fort Ward Seminary African Descendants Society. Ms. Washington and Ms. Johnson outlined a brief history of African Americans in the Seminary/Woods subdivision and stated that the agreement to not install lighting at Parker-Gray Stadium should be adhered to.

Andrea Mackey, 1033 Woods Place, spoke in opposition of the request and expressed her concern with the physical condition of the fence along the western portion of the T.C. Williams High School property. Ms. Mackey also expressed discontent regarding the ACPS Parker-Gray Stadium modernization public meeting process and that other locations are not being considered for improvements.

Nancy Jennings, 2115 Marlboro Drive, spoke in opposition of the request. She stated that she is the President of the Seminary Hill Association but that her input for the request was not authorized by the association. Ms. Jennings stated her discontent that Parker-Gray Stadium was not placed elsewhere on the T.C. Williams High School property and cited City noise enforcement and ACPS landscaping maintenance issues.

Carter Flemming, 1403 Bishop Lane, spoke in opposition of the request. Ms. Flemming expressed concern that the installation of the lighting at Parker-Gray Stadium will bring increased noise and activity to the property and negatively affect adjacent property owners.

Thomas Murphy, 2909 Maplewood Place, spoke in support of the request and communicated that lighting for Parker-Gray Stadium will benefit student populations now and in the future. Mr. Murphy also expressed concern that street parking limits are a restriction to students.

Donnan C. Wintermute, 915 Vicar Lane, spoke in opposition of the request. Ms. Wintermute imparted concern that the proposed lighting at T.C. Williams High School will decrease property values. She also communicated that the proposal does not meet the Special Use Permit standards of Zoning Ordinance Section 11-504 as the lighting would be detrimental to adjacent property owners.

Sue Setliff, 306 West Masonic View Avenue, spoke in support of the request. She compared the number of athletic facilities at T.C. William's High School to the number of athletic fields at other high schools in Northern Virginia and further stated that T.C. Williams High School athletic facilities should have similar amenities as these other high schools. She expressed frustration that adjacent property owners are holding up future improvements to Parker-Gray Stadium.

Steve Harkness, 1307 Bishop Lane, spoke in opposition of the request and communicated his discontent with the existing noise from the T.C. Williams Parker-Gray Stadium sound system. Mr. Harkness stated that the new sound system proposal was welcomed but expressed doubt that the new sound system would comply with the City's noise ordinance.

Denay Taylor, 100 South Reynolds Street, is president of her class at T.C. Williams High School and spoke in support of the request. Ms. Taylor communicated the benefits of T.C. Williams athletics to high school students and the Alexandria community. She stated that lighting Parker-Gray Stadiums will increase athletic event attendance and allow students to finish scheduled athletic events

George M. Foote, 910 Vicar Lane, spoke in opposition of the request. He stated the request to install lighting at Parker-Gray Stadium will intensify the use and be detrimental to the public welfare, and therefore does not meet the Special Use Permit standard outlined in Section 11-504(A)(2) of the Zoning Ordinance.

Adam Hayes, 813 Enderby Drive, spoke in support of the request, noting his involvement in several youth sports organizations. He cited the conditions of facilities and difficulty of scheduling practices due to limited facilities.

Kerry Donley, 609 North Pickett Street, spoke in support of the request, noting that there is a single field at T.C. Williams High School compared to other public high schools, and that the numerous physical and technical changes made to the proposal were improvements to the quality of the facility.

Rebecca Bostick, 920 Vicar Lane, spoke in opposition of the request. She noted that residences, both directly adjacent to Parker-Gray Stadium and in the general vicinity, would be impacted by light and noise despite the best technology, and that alternative locations should be explored.

Susan Miranda, 600 West View Terrace, spoke in support of the request, stating that students deserve quality facilities.

Michael Poerterfield, 16 West Bellefonte Avenue, spoke in support of the request, staying that improvements to the Parker-Gray Stadium would support opportunities for other students by

freeing up space at other facilities in the City. He spoke about today's needs compared to different needs and circumstances when the school was first built.

Phylius Burks, 1027 Woods Place, read a letter from the Alexandria branch of the NAACP in support of the Seminary Civic Association's opposition to the request to install of lights at Parker-Gray Stadium, and noted the importance of transparency from the City and ACPS.

Kay Arndorfer, 2920 Richmond Lane, spoke in support of the request and stated that addressing the inadequacies of Parker-Gray Stadium is long overdue.

Ky Lewis, 1033 Woods Place, spoke in opposition to the request. Ms. Lewis questioned the validity of the light and noise analysis, noting that the physical arrangement of the stadium was much different than other public school fields in the city and region, and cited George Washington as a more fitting long-term location for a stadium.

Tommy Park, 1108 Jefferson Street, is Executive Director of the Alexandria Soccer Association, and spoke in support of the request, the value of team sports for youth and adults, the scheduling issues due to field space, and the organizations scholarship program.

Cathy Puskar, 205 Uhler Terrace, on behalf of the T.C. Williams Stadium Initiative, spoke in favor of the proposal and noted many changes in Alexandria since early decisions about the school were made. She also cited the school board endorsement of the budget for the project in 2014. She stated the organization's support for maintenance monitoring, landscaping improvements, better community relations structures, and other efforts to support mitigation of neighborhood impacts.

PROJECT LOCATION MAP

I. **SUMMARY**

A. Recommendation & Summary of Issues

Staff recommends approval of the improvements as proposed.

Issues

Key issues associated with the proposal, discussed in more detail in this report, include:

- An amendment to the Development Special Use Permit allowing installation of lighting at Parker-Gray Stadium. This would remove one of the original conditions of approval for the School, which prohibited lighting for athletic facilities.
- The upgrade of athletic facilities including the press box, track resurfacing and lane expansion, and the replacement of the artificial turf playing field as a benefit for both the School and for the City's residents.
- The addition of restrooms, replacement of the concession building and relocation away from adjacent properties, ticket booth, pedestrian pathway improvements and lighting as a benefit to all visitors and users of the facility during events.
- The upgrade of the public address system.
- The replacement and relocation of the scoreboard away from adjacent properties.
- A Special Use Permit to permit athletic field lights to a maximum height of 80 feet to mitigate glare and control light spillage onto adjacent properties.

Recommendation

- Staff recommends approval of the DSUP with Site Plan application for the improvements proposed in the Parker-Gray Stadium Modernization project.
- Staff recommends approval of the amendment to the DSUP to allow installation of athletic field lighting at Parker-Gray Stadium.
- Staff recommends the approval of an SUP for athletic field lighting "Option A" as proposed.

B. General Project Description

This application is for a Development Special Use Permit and Site Plan Amendment seeking several improvements to the existing Parker-Gray Stadium site on the T.C. Williams High School campus. The stadium is located behind the school building and parking structure approximately 600 feet from King Street. New construction includes a restroom building, concession building, ticket booth, and modular press box structure. Improvements to existing site features consist of a new rubberized track surface with an added 8th lane, new synthetic turf field, and pedestrian circulation improvements. Plans also include a new scoreboard in a new location to replace an existing one, a new upgraded sound system, and new lighting for the athletic field and pedestrian pathways on the site.

The existing stadium site is uniquely constrained by its location directly abutting residential properties. Residences on Woods Place abut the stadium site along the School's western property line, and residences on Bishop Lane abut the School's southern property line.

II. BACKGROUND

A. Procedural Background

The current T.C. Williams High School had a Development Special Use Permit (DSUP) and Site Plan (DSUP#2002-0044) approved in January, 2004. A subsequent DSUP amendment was approved in December, 2013, to allow the construction of lighted tennis courts on School property adjacent to King Street then used as practice fields (DSUP#2013-0014). The conditions of approval for that DSUP were modified to amend the previous condition pertaining to "permanent stadium lighting" to permit the lighting for tennis courts, but to retain the prohibition on athletic facility lighting at Parker-Gray Stadium located at the rear of the School property.

The application under consideration seeks to amend the existing DSUP to permit improvements to the Parker-Gray Stadium site including new buildings and structures. The following factors require that the amendment be heard by the Planning Commission and City Council:

- A. The scale of development and new structures surpass the thresholds for development that can be reviewed administratively;
- B. The request for athletic field lighting requires amendment of a previous DSUP condition of approval;
- C. The athletic field lighting proposed requires a Special Use Permit pertaining to an increase in height of the structures, per either the requirements of the existing Zoning Ordinance, or of the Zoning Ordinance to be amended as proposed (TA#2018-0007).

B. Site Context

T.C. Williams High School is located at 3330 King Street. The school building, tennis courts, and parking garage characterize the public view of the property from King Street. The Parker-Gray Stadium site is located behind the School and parking garage.

The triangular-shaped T.C. Williams site is surrounded by a variety of uses. On the opposite side of King Street lies a residential neighborhood comprising single family and townhouse dwellings. To its north-west lies an area consisting of the Oakland Baptist church, a service station and car dealership. To the west and south-west lie residential neighborhoods with both multi-family and single-family dwellings. The proximity of residential neighborhoods is key issue throughout the history of the School, and seventeen (17) single family homes directly abut the School property on two sides. To the south and south-east of the proposed site is Chinquapin Recreation Center and Chinquapin Park.

An important characteristic of the School's land use context is its centralized location on King Street, close to Braddock Road and Quaker Lane. The major arteries link the School to all areas of the City and provide students, staff, and residents with easy access to the School and the adjacent complex of recreational and community facilities. The site is also close to several light commercial centers, which include a variety of uses such as doctors' offices, gas stations, dry cleaners, a garden center, grocery stores, restaurants, and other retail establishments.

C. Project Evolution

Background

The existing Parker-Gray Stadium is located on the T.C. Williams High School campus and is a critical component of high school sports and recreation activities. The location is central and convenient to students and residents of the City. Growing school enrollment, the popularity of youth sports, and the scarcity of playing field space puts the facility in high demand. When not used for ACPS activities and events, ACPS current allows unprogrammed community recreational use of the facility for pickup games, use of the track, and use of the adjacent tennis courts.

While the School was replaced more than a decade ago, the Parker-Gray Stadium facility predates the existing school. Many features are outdated and/or due for replacement, and the facility overall does not provide a quality visitor or athletic experience. The existing press box is unsafe to use and has been condemned. The existing sound system is poorly designed, and some parts do not function. The artificial turf is at the end of its warrantied lifespan and needs replacing. The site does not have indoor restrooms and instead provides portable toilets. The track surface is due for replacement, and the track does not have the typical eight lanes, leading to scheduling issues that lengthen competitions. Additionally, the School is the only public high school among its Northern Virginia peers to lack athletic field lighting. This limits the ability to host certain events at typical times and causes scheduling bottlenecks for other users.

At the direction of the School Board, ACPS is seeking a series of improvements to modernize the facility to meet the needs of the current and future student population, and to provide a more welcoming experience for visitors.

Design Evolution

Several changes were made over the course of the project which City staff consider to be positive improvements. Many of these changes were in response to feedback received during the Community Meetings and incorporated new elements not part of the original project scope.

- Removal of the existing scoreboard which is located close to the property line and placement of a new scoreboard in a new location on the opposite end of the field.
- Selection of a firm to perform an acoustical analysis to ensure that the public address system design and placement optimized sound control.
- Location of concession buildings farther north and east.
- Reconfiguration of Building B floorplan to move active uses furthest from the property boundary.

• Application to allow taller light poles on the athletic field in order to mitigate glare on to adjacent properties and enhance light control.

Discussion of design choices and changes is included in more detail in the Detailed Project Description and Staff Analysis section that follows.

D. Detailed Project Description

This project consists of renovations to the Parker-Gray Stadium facility. The site is previously developed with existing playing field, track, bleachers, and accessory buildings. It is being used to support School athletic activities and is also available for informal unprogrammed community recreational use when not used by the School. New structures and facilities will be supported by existing water, sanitary, and storm water infrastructure. Existing on-site parking is unchanged. The project limits are within the existing Parker-Gray Stadium facility, which is located in the southwestern corner of the property, behind the school and parking garage. A proposed site plan showing planned improvements is found in *Appendix 1*.

The overall configurations and locations of the field and track remain the same. Existing features to remain include the bleachers and peripheral play facilities. The entry ramps and steps will remain in their current locations as will most internal sidewalks and landscape screening adjacent to the west and south property lines.

Renovations to existing features include replacement of the artificial turf playing surface and replacement of the rubberized track surface. The track will be expanded to accommodate an 8th track lane.

The existing scoreboard on the west side of the site will be replaced by a new scoreboard located on the southeast side of the site. The existing press box located behind the home bleachers will be demolished, and a new press box will be placed behind the visitor bleachers on the opposite side.

Once inside the stadium, existing sidewalks lead to the home team bleachers to the left, and a new concession area to the right. Two existing concession and storage buildings in close proximity to the residential property lines will be removed and replaced by the concession area consisting of two new buildings in an inverted "L" configuration on the northwest side of the site. Building A is the smaller of the two and will house food and drink service. Building B will house restrooms, storage for athletic equipment, and a covered seating area. The buildings will also replace several portable toilets. The concession buildings front on a small plaza area with seating, landscaping, lighting, and seat walls. A lighted path with new widened paving outside the track perimeter leads to the visitor bleachers.

Visitors to the stadium site will encounter a new entry canopy and ticket booth at the site entrance. The new entry canopy identifies the stadium and is an enhancement to the existing steps and ADA-accessible ramp. The ticket booth is new and will replace an existing wooden structure.

A new sound system with multiple speakers located close to the viewing areas will replace an old bullhorn style system that is mounted on the existing press box.

Proposed lighting for the site consists of new athletic field lighting and site lighting around the concession area and to illuminate the path to the visitor bleachers. The athletic field lighting consists of four (4) poles located just outside the track perimeter. An increase in the height of the proposed light poles is sought in order to minimize perceived glare seen from surrounding properties. Lighting must comply with existing City ordinances limiting light spillage onto adjacent properties.

A series of conditions has been proposed regulating the hours and usage of the facilities. Refer to Staff Recommendations and Conditions.

III. ZONING

Property Address: 3330 King Street
Parcel Address: 3300 King Street
Total Site Area: 23.68 ac (1,031,366 sf)

Zone: R-20

| | Existing | Permitted/Required | Proposed |
|------------------|---------------|--------------------|---------------|
| Use | Public School | | Public School |
| FAR | 0.51 | 0.60(1) | 0.52 |
| Gross Floor Area | 537,490 sf | | 540,786 sf |
| Tree Canopy | 271,064 sf | 257,842 sf | 280,615 |
| | (26%) | (25%) | (27%) |
| Setbacks | | | |
| Front | 44.3 feet | 70 feet | 44.3 feet (2) |
| Side (east) | 0 feet | 25 feet | 0 feet (2) |
| Side (west) | 25 feet | 25 feet | 25 feet |
| Rear | 25 feet | 25 feet | 25 feet |
| Height | 53 feet | 60 feet (1) | 80 feet (3) |
| | building (2) | (School use) | (light poles) |
| Parking | 444 spaces | 250 | 444 spaces |
| Loading spaces: | 2 | 0 | 2 |

Notes:

- (1) Maximum, for public schools, per Section 7-2100, with an SUP.
- (2) Existing. Approved per DSUP2002-0044.
- (3) Contingent upon approval of TA2018-0007. Applicant proposal includes: (2) 80' light poles, (2) 70' light poles.

IV. STAFF ANALYSIS

A. Provision of Athletic facilities for the School and Community

The proposed improvements will better accommodate athletic programs and activities at T.C. Williams and offer an upgrade in facilities as well as the ability to extend practice and competition duration through the proposed lighting.

By allowing public access to the Parker-Gray Stadium grounds outside of School usage hours, the facility provides benefit to the City's residents. As an athletic facility associated with a public school, and in the vicinity of both the School's other athletic facilities and to Chinquapin Recreation Center, the continued provision of the athletic field and track at this location is considered by City staff to be a suitable use.

B. Site Design

The location of the existing Parker-Gray Stadium is in a triangular area in the southwestern portion of the T.C. Williams High School site. The stadium dates to the construction of the original school building in 1965 (Site Plan #63-086). The existing school building was subsequently constructed close to the stadium, particularly on the east side. The playing field is as much as ten (10) feet above the surrounding grade, resulting in a slope along the northern edge of the stadium area.

These factors and others limit the ability to expand the stadium footprint or rearrange certain stadium amenities. However, efforts were made to move structures and uses as far away from property lines as possible and to confine site elements close to the track and field perimeter. Refer to <u>Appendix 1</u> for proposed site plan, location of new features, and features to be removed or relocated.

Building Locations

Two existing structures located closely together on the west side of the property will be removed. These include an 8-foot by 10-foot storage shed eight (8) feet from the property line and a 990 square foot brick concession and storage building located 29 feet from the property line.

For the proposed new concession and restroom facilities, different options were explored in order to balance the applicant's design objective of moving structures away from property lines as far as possible, with the additional objective to create a public gathering place with good on-site circulation. A design choice was to use the buildings themselves as a barrier between site activity and the adjacent residential properties.

Initial designs tried to save a large tree, but the resulting layout removes the tree in order to place the buildings furthest east away from property lines. The result diverts on-site foot traffic and activity away from adjacent properties while creating an active public space around the restrooms and concessions that is intimate and close to the activity of the playing field.

The two new buildings form an inverted "L" configuration on the west side of the site. The buildings front on a small plaza area with seating and a paved lighted path outside the track

perimeter that leads to the visitor bleachers. Building A (concessions) is the smaller of the two and will be located a minimum of 120 from the property line. Building B (restrooms and storage) will angle away from neighboring properties from between 25 and 80 feet from the property line along the 80 foot length of the back wall of the structure.

All buildings and structures as proposed comply with zoning ordinance requirements.

Track and Field Improvements

Proposed plans include the expansion of the track from seven (7) lanes to eight (8) with a new rubberized surface. The additional lane made possible by improvements to the perimeter of the track more closely meets competition standards. A resurfacing of the artificial turf playing field is also part of the project. The plans comply with requirements for storm water management.

Scoreboard

The existing scoreboard is located along the west side property line within the required 25-foot side yard setback and is approximately eight (8) feet from the property line at its closet point. A proposed new scoreboard is proposed on the east side of the field that is 37 feet at minimum from the property line and complies with required setbacks. The new scoreboard is 25 feet wide with a total height of 18 feet.

Press Box

A new structure will be located behind the visitor bleachers and is a minimum of 100 feet from property lines. The reorientation from south-facing to north-facing improves visibility for scorekeeping and visual recording during events.

C. Building Design

Renderings of proposed new buildings can be found in *Appendix 5*.

Ticket Booth & Entry Canopy

The 130 square-foot ticket booth is a simple "stone gray" brick structure with the customer-facing wall clad in colored panels with varying red tones. Graphic elements identifying the ticket booth are fabricated of aluminum and affixed to the brick. A similar design theme is found on the other new structures located beyond the stadium entry. The entry canopy identifies the site entrance. Several ticket booth placement options were presented during the Community Meetings, however the existing location to the left of the existing steps was considered by the applicant and the community to be the best in terms of establishing a control point to the site, queuing, and fitting in with the existing context and site design.

Building A

Building A is a 340 square-foot, twelve (12) foot tall flat-roofed structure for food and drink sales during events. The north wall, which will be visible upon entering the stadium grounds, is dark-gray brick with a team graphic. The east and west walls are clad in colored panels in varying shades of blue. The south wall is brick with a red paneled door that flips up to reveal the counter sales area. When open, the door forms a canopy over the counter. An aluminum beverage cup graphic on the adjacent wall identifies the use.

Building B

Building B is 2,520 square feet and houses restrooms and storage for athletic equipment. The building has a sloped roof with a height of 13 feet 9 inches on the south side, rising to 15 feet 8 inches on the north side as the building extends away from the property line. The gray brick walls on all sides are approximately 10 feet in height with clerestory windows between the walls and roof. The windows have a translucent coating on the west, north, and south sides. A recessed restroom entry area with drinking fountains can be secured by a shed-style wooden rolling door when not in use. The north end of Building B has an overhang covering an approximate 29-foot by 20-foot seating area complimenting concession Building A. The athletic storage area is located farthest south and is accessed by doors on the rear of the building.

The architecture of the two buildings is simple and low. Building B is most like a park pavilion, and the clerestory windows provide natural daylight. The overhang with outdoor seating further supports the park-like function. The internal layout of Building B was revised in response to community concerns that the restrooms be placed furthest away from surrounding properties. The stadium site is currently served by three (3) portable toilets located near the existing concession building and the vehicle service drive/entrance at the north west corner of the side.

Press Box

The press box is a prefabricated structure on columns located behind and accessed via the visitor bleachers. The 306 square foot building is 36 feet long and will have a total height of 28 feet including the safety railing atop the viewing platform on the flat roof of the building. Representative images are included with the submitted plans which show painted metal cladding with metal railings. The structure has large windows facing the field and will house gameday operations and broadcast/recording functions.

The total height of the press box, supporting structure, and rooftop safety barrier is 28 feet 3 inches. The new press box replaces the condemned 200 square foot press box behind the home bleachers which is structurally unsafe.

D. Lighting

The lighting of athletic facilities at T.C. Williams is an important issue, and one much discussed at the planning, design and community outreach stages of the Parker-Gray Stadium Modernization project. Several of the conditions of approval for the original DSUP of the existing School concern lighting, and one condition prohibits lighting for athletic facilities. DSUP#2002-0042, Condition #85 states:

"No permanent stadium lighting shall be installed at the School stadium or on any other athletic fields, including the proposed new practice field."

DSUP#2013-0014, relating to the construction of tennis courts on the former site of the practice field, was subsequently approved. Included with that application was a request for lighting for the courts. Previous conditions from DSUP#2002-0042 were carried forward with amendments, including an amendment to Condition #85 as follows:

"No permanent stadium lighting shall be installed at the School stadium or on any other athletic fields, except as to allow for the lighted tennis courts proposed under the DSUP2013-0014 submission. For the courts, the number of poles, mounting heights and the light types shall be consistent with the Preliminary Plan dated 10/01/13 for DSUP2013-0014."

This change allowed lighting specifically for the tennis courts but retained the condition restricting lighting at the school stadium. The tennis court lighting comprises sixteen (16) poles with fixtures mounted at 30 feet in height. The lighting is operated on-demand with timers that limit the hours of use in the evening to a 10 p.m. cut-off.

To permit the field lighting at Parker-Gray Stadium, the applicant requests removal of the development condition limiting permanent stadium lighting on the T.C. Williams High School site.

The applicant is seeking the athletic field lighting at Parker-Gray Stadium in order to more efficiently use the facility. Among 29 peer public high schools in the Virginia High School League (VHSL) including most high schools in neighboring Arlington and Fairfax Counties, T.C. Williams is the only facility not having a lighted high school football stadium. Football games in most jurisdictions are held on lighted fields on Friday evenings. However, the lack of lights and limited ability to use the site puts constraints on other uses besides football.

During community meetings, some parents noted the inability to schedule games on Friday evenings causes conflicts with other sports and activities which would otherwise use the facility during the daytime on a Saturday. Many parents and athletes noted the scheduling difficulties posed by the limited hours of usage, such as the inability for some parents to attend events during the daytime hours due to work schedules, or the challenges of arranging transportation to and from student activities because of the time constraints.

Proposed Lighting

The applicant request includes four (4) poles to support athletic field lighting. These are located on the north side of the stadium near the home bleachers, and on the south side of the stadium near the visitor bleachers. The poles are placed outside the perimeter of the track. The plan also includes eleven (11) 12-foot tall pedestrian lights along the path from the concession area to the visitor bleachers on the south side of the playing field. The pole locations are shown in <u>Appendix 2</u>.

The height regulations of the zoning ordinance for the R-20/Single-family zone permit a maximum height of 40 feet for school uses. From a technological standpoint a 40-foot height limit for lighting a large area such as a football field is not desirable. At such a height the lights would need to be aimed to project horizontally across the field surface. This would cause too much glare and light spill onto adjacent properties. A supplementary zone regulation within the zoning ordinance (Section 7-2100) permits an increase in density or height for public elementary or secondary schools. Under this provision, an increase to 60 feet in height can be sought, subject to approval of a Special Use Permit.

A text amendment to the zoning ordinance (TA#2018-0007) is proposed by the City pertaining to congregate recreational facilities and associated lighting. The amendment proposes that light poles for congregate recreational facilities be permitted with a Special Use Permit to a maximum of 80 feet in height. Additional height for this particular use is desirable because such height allows the current lighting technology to more effectively control the light pattern and to minimize perceived glare onto surrounding properties.

Lighting must comply with existing City ordinances limiting light spillage onto adjacent properties to a maximum of 0.25 footcandles seven feet beyond the property line.

This DSUP application includes two different scenarios pertaining to the height of the poles for athletic field lighting. The applicant's preferred option, "Option A," proposes two (2) 80-foot tall poles on the north side of the field, and two (2) 70-foot tall poles on the south side of the field. "Option A" is contingent upon the adoption of the text amendment. If the amendment is approved, the applicant would then subsequently request a Special Use Permit under the provisions of that amendment as associated with this application.

"Option B" proposes four (4) 60-foot tall poles, two on the north side and two on the south. This option requires a Special Use Permit pursuant to zoning ordinance Section 7-2100 pertaining to increased density and height for public elementary and secondary schools. The applicant would request a Special Use Permit for lighting with 60-foot tall poles in the event that the proposed text amendment was not approved. Typical assemblies for the lighting equipment being used in either option is shown in *Appendix 7*.

Zoning Ordinance: Lighting

A requirement for any DSUP is the submission of photometric diagrams indicating compliance with the lighting ordinance. Two photometric scenarios were submitted with the application, each with options "A" and "B" as previously described. Both lighting analyses include the proposed pedestrian lighting in addition to athletic field lighting.

Code of Ordinances Section 13-1-3 regulates light spillage onto residential properties from adjacent residential or commercial properties. The maximum light spillage is 0.25 horizontal footcandles into the rear or side yard of the property used for residential purposes when measured seven (7) feet beyond the property line. *Footcandles* are a measure of how much light falls onto a surface. As shown in *Table 1*, both lighting proposals surpass the requirements for light spillage.

The photometric analyses demonstrate that the estimated value in horizontal footcandles for both the taller pole option ("Option A"), and the 60' option ("Option B") is the same, 0.026 footcandles, which is well below the ordinance maximum. A summary of the photometric analysis is shown in *Table 1*. Either pole height option would comply with the ordinance.

Table 1
Summary of Photometric Analysis

| | Ordinance | Option A (80'/70') | | Option B (60') | | % Change (A vs. B) | |
|---------------------------------------------------------------------------------------------------------|-----------|--------------------|---------|-------------------|----------|--------------------|--------|
| | Max | Avg | Max | Avg | Max | Avg | Max |
| REQUIREMENT | | | | | | | |
| Light spill 7' from property line (Horizontal Footcandles) | 0.25 | 0.002 | 0.026 | 0.002 | 0.026 | 0.0% | 0.0% |
| OTHER MEASURES | | | | | | | |
| Light spill at property line (Horizontal Footcandles) Glare 7' from property line (Candela per Fixture) | N/A | 0.003 | 0.053 | 0.004 | 0.055 | -25.0% | -3.6% |
| | N/A | 44.068 | 180.65 | 199.32 | 1888.758 | -77.9% | -90.4% |
| Glare at property line (Candela per Fixture) | N/A | 56.834 | 273.784 | 284.18 | 2554.188 | -80.0% | -89.3% |

Pole Height

Modern LED lighting technology allows for precise directional control compared to previous technologies. Taller poles allow for the light to be directed downward onto the playing field, whereas shorter poles require the light to be angled to direct more light horizontally across the playing field.

On the playing field, "Option A" for taller light poles maintains more consistent lighting across the playing surface. Lighting models of the use of the taller poles demonstrates a more pronounced reduction in light levels with further distance from the field as compared to shorter light poles. The taller poles also provide better lighting at the ends of the field and in the home team bleachers.

The common term "glare" describes the experience of excessive brightness when looking into or in the direction of a light source. Examples are looking into a flash light, a light fixture, or experiencing oncoming headlights from a vehicle. The *candela* is a measure of the intensity of a light source in a specific direction. While the candela is not a measure used or regulated in City ordinances, it is a contributing factor in the overall perception of lighting.

Similar to the modelling of footcandles per the requirements of the ordinance, measurements for candela were modelled at points along the property line, as well as seven (7) feet beyond the property line as shown in Table 1. The analysis provided in the application demonstrates that the additional height would be effective at reducing perceived glare as seen on surrounding properties as summarized in *Appendix* 7.

Staff has also included conditions pertaining to usage of the stadium lighting, particularly hours of operation. Refer to the Staff Recommendations and Conditions section of the Staff Report.

E. Noise

Noise from activities at the stadium site, including amplified loudspeakers, was a concern expressed by many during the Community Meetings. Following public input and inquiries, ACPS subsequently engaged a firm to perform an acoustic analysis to evaluate the existing public address system and develop recommendations for a new public address system to comply with existing City noise ordinances.

Noise Ordinance

The noise ordinance establishes maximum permissible sound levels for residential use areas as specified in Code of Ordinances Title 11 Chapter 5. These limits apply at the property line, and the ordinance specifies measurement and test criteria. Such limits apply between the hours of 7 a.m. and 11 p.m. Additionally, during the overnight hours between 11 p.m. and 7 a.m. daily, the maximum sound levels from the speakers cannot be "plainly audible at a distance of 50 feet from the source," effectively meaning that no public address system could realistically be used during those hours.

Existing Public Address System

The existing system consists of three (3) bullhorn loudspeakers mounted on the roof of the existing press box. Speakers mounted on poles to serve the visitor side bleachers were found during testing to no longer function. All speakers in the existing system project sounds towards the property lines. When set to an acceptable volume level at the home bleachers for speech intelligibility during a typical event, and with test sound measurements at ten (10) locations along the property line, the existing system was found to be out of compliance with the City's noise ordinance in all but two (2) measured positions. Both computer modelling and field testing confirmed the results. Tests also found that the existing system performed fair to poor in the side sections of the home bleachers in terms of speech intelligibility. The existing speakers are too closely spaced. To compensate for the poor placement, the speakers were aimed up and out, projecting more sound towards the property lines.

Proposed Public Address System

The design for the proposed public address system directs sound from all speakers away from adjacent property lines. On the home bleacher side, four (4) speakers are mounted on four (4) poles and aimed down towards spectators. On the visitor bleacher side, the speakers are mounted behind the spectators. Two (2) speakers on mounted on each end of the press box, and two (2) more mounted on poles each 25 feet from each side of the press box. Test results using the computer model showed that proposed sound system design complied with the noise ordinance for the same set of measured positions along the property lines, while delivering more consistent speech intelligibility at both sets of bleachers. The layout of the proposed sound system in shown in *Appendix 3*.

During hours when use of the sound system is restricted, non-amplified noise associated with typical recreation facilities is anticipated. Existing berms, existing landscaping, and new landscaping are expected to partially mitigate some of the noise generated. Additionally, the design process of the new concession buildings considered their arrangement as a means of providing

additional barriers between the residential properties and stadium activities. Staff has included conditions pertaining to usage of the public address system.

F. Conformance to the Small Area Plan

The site lies within the Taylor Run / Duke Street Small Area Plan (1992, as amended) and is in close proximity to other Small Area Plans, including the North Ridge / Rosemont Small Area Plan and the Fairlington / Bradlee Small Area Plan.

There is no section or language which addresses the football stadium and track specifically, except to note the existence of the facility as a part of T.C. Williams High School, which is among several land uses designated "institutional" in the small area plan. At the time of construction of the current high school, a portion of property within the T.C. Williams High School site was rezoned from POS/Public Open Space to R-20/Residential to allow the proposed high school to be built. A Master Plan Amendment was also made at the time to change the land use designation of a parcel from P/Parks to I/Institutional. The land use proposed within the current submission appears consistent with the Taylor Run / Duke Street Small Area Plan.

G. Sustainable Design

The sustainable design features of this project are primarily for stormwater management. The entire property currently discharges to a previously designed, approved, and constructed stormwater management facility. This project additionally proposes two (2) Level 1 bioretention facilities further described as part of the Landscape Plan. Permeable pavers are utilized for 2,778 square feet of paved area around the concession buildings. The proposed field and pedestrian lighting utilized LED technology which is noted for energy efficiency. Conditions of approval are included that relate to management of recycled building materials as well as provisions requiring low-flow plumbing fixtures that conserve water.

H. Open Space and Landscape

Open Space

The existing T. C. Williams campus provides a total of 595,676 square feet of open space, or 57.76% of the site area. The proposed construction on the stadium site would reduce the total open space area by 0.19%, resulting in a total of 593,698 square feet of open space, or 57.56%. The R-20 zone does not require a minimum amount of open space.

Tree Canopy

The zoning ordinance requires that trees must be planted or existing trees preserved to provide a minimum of 25 percent tree canopy cover on the total school site. The applicant has submitted the required plans and calculations indicating that the existing tree canopy is 26 percent and the proposed tree canopy is 27 percent. The plans indicate the removal of only one (1) tree, a large oak adjacent to the existing concession building. This tree is being removed so that the new concession buildings can be sited farther from the property lines. Thirty-one (31) new trees are being planted in addition to shrubs and perennials per the landscape plan.

Landscape Plan

Landscape plantings are proposed on and around the concession buildings and at points adjacent to the western property line. Tree plantings around the concession buildings include six (6) flowering and deciduous specimens for seasonal color and interest, in addition to numerous shrubs and perennials. Pine and spruce specimens are planned along the western property line behind Concession Building B and further south towards the visitor bleachers. These will supplement existing vegetation.

Two bioretention planting beds are proposed in conjunction with storm water management facilities. One is located northwest of Concession Building B to the right of the paved vehicular entrance gate and drive. Another is located farther south near the visitor bleachers and the earth mound in the corner of the lot behind the bleachers. These will contain ornamental trees, shrubs, and perennials.

I. Parking & Traffic

The proposal does not change the level of parking accommodated on site. Presently the School is required to provide 280 spaces and provides 444 spaces, 416 of which are provided at the garage adjacent to the stadium site. Events held at Parker-Gray Stadium would not typically take place during normal school hours, meaning ample on-site parking will be available during such events for participants and spectators. Buses or vans transporting opposing teams will utilize the existing bus loop for drop-off and for parking for the duration of the events. Spectators will have use of the school parking garage on site. Conditions are included pertaining to parking during construction work.

J. Pedestrian Improvements

All work associated with the project will take place on-site with no changes proposed in the public right of way. Pedestrian improvements begin with the entry canopy over the stadium entrance and surface improvements to the ramp and steps. An existing six (6) foot concrete walk leading to the visitor bleachers will be replaced by a ten (10) foot walk connecting the concession area plaza with the visitor bleachers. Pedestrian lighting will line the walkway and illuminate the plaza as described in the lighting section.

K. Public Art

ACPS is developing a concept for a work interpreting the history of the School and surrounding community. The design under consideration consists of panels featuring text and images arranged chronologically, in a vertical format that coordinates with the vertical panel pattern found on the concession buildings. The location under consideration is the north wall of concession Building B, where it would be afforded good visibility while protected under the projecting canopy of the building.

V. COMMUNITY

As the City's only public high school, T.C. Williams is large and active, with a student population that has experienced significant growth since the construction of the current school building. Seventeen (17) single family homes directly abut the School property on two sides, with additional residential development located across King Street. During a series of public meetings, the overarching theme expressed by attendees involved balancing the community interests of the needs of the School with the interests of nearby residents.

Community Meetings

ACPS conducted public outreach and gathered feedback through a number of avenues. The primary medium was through a series of seven (7) Community Meetings held throughout 2017 and 2018 as summarized in <u>Table 2</u>. These formed the core of the community engagement process for the stadium project. Community Meetings were announced on the ACPS calendar, through established ACPS email lists, and through contacts with numerous community groups and stakeholders. ACPS also set up a stadium modernization project website to announce meetings and archive presentation materials from previous meetings.

The meetings were held at either T.C. Williams High School or at the nearby Minnie Howard campus. Presentations were given by various ACPS staff as well as design professionals associated with the project. Attendance for some of the meetings was as much as 70 people or more. The following table briefly summarizes the topics of discussion for each of the meetings.

Table 2
Summary of ACPS Community Meetings

| Summary of ACI'S Community Meetings | | | | | |
|---------------------------------------------------------------------------------|------------------------------------------------------------------------|--|--|--|--|
| Date | Topics / Agenda | | | | |
| February 13, 2017 • Introduction of the project goals and scope. Presentation b | | | | | |
| | design team showing other athletic facility projects completed. | | | | |
| | Table exercises gathering feedback from attendees to form guiding | | | | |
| | principles for the design process. ("Hopes" and "Concerns") | | | | |
| | Design team discussion of preliminary ideas. | | | | |
| March 21, 2017 | • ACPS "What we heard" recap: summary of hopes and concerns. | | | | |
| | • Community aired concerns regarding sound system design, impact. | | | | |
| | Discussion of entry point and ticket sales booth concepts. | | | | |
| | • Concession area options and challenges. Overall, how to present a | | | | |
| | better sense of arrival and place. | | | | |
| May 22, 2017 | Summary of concession area layout options last presented. | | | | |
| | General concepts for field lighting, technology & measuring light. | | | | |
| September 25, 2017 | Overall facility design concept. (Near design as currently shown) | | | | |
| | • Field lighting concepts presented, description of other school sites | | | | |
| | where utilized. | | | | |
| | • Long Q&A: Community voiced property security and maintenance | | | | |
| | concerns, proximity of buildings, desires for a sound system study. | | | | |

| November 27, 2017 | Recap and presentation of building architecture/designs. Scope to include 8 th track lane. | | | |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|
| | • Parking, frequency of use, and pedestrian access were topics of community concern calling for additional future discussion. | | | |
| March 13, 2018 | Acoustical study results and proposed sound system. Existing system does not comply with noise ordinance. Budget can accommodate scoreboard relocation. | | | |
| June 20, 2018 | Group exercises to collect comments about users and uses. Discussion of proposed uses, users, hours, access control and programming for the site. | | | |

At the first meeting, group exercises were used to gather thoughts and feedback from attendees regarding project goals. Participants were asked to respond to the questions:

- "What are your greatest hopes for the project, and for the community?"
- "No matter what, the project must not _____"

Table 3
Community Meeting Hopes and Concerns

| Community Wicking Hopes and Concerns | | | | | |
|---------------------------------------------|-------------------------------------------------|--|--|--|--|
| "Greatest Hopes" | "Greatest Concerns" | | | | |
| • Serves the students first and community | Project should not divide the community or | | | | |
| with improved safety / access | neglect the interests of neighbors | | | | |
| • Stadium worthy of City, students and | Must not build a sub-standard facility with | | | | |
| School, but respects the community | a Band-Aid approach, make a facility that | | | | |
| Modernize facility: restrooms, water, press | meets standards for athletic competition | | | | |
| box, better stands & concessions | Must not communicate that the community | | | | |
| Use technology to address concerns: better | doesn't value investing in students | | | | |
| sound control, directional lights, etc. | Moderate the number of events throughout | | | | |
| • Enhance usability of site, but respect | the year | | | | |
| neighbors | Precedent and unintended consequences | | | | |
| • Expand track to 8 lanes | • Must not become an "all-city" stadium | | | | |
| • Honor past DSUP conditions but | with multiple groups using it | | | | |
| modernize the facility | • Use site to full potential given its central, | | | | |
| | convenient location | | | | |

The responses are summarized in <u>Table 3</u>. The meetings were respectful and engaging, but there were numerous concerns and differences. Some participants were insistent that there be no increase in the intensity of use of the facility, and that the proximity of the stadium site to nearby residences had already been a considerable burden, and that an alternative site for a lighted stadium should be sought. Many expressed frustrations at a long history of mistrust between ACPS, the City, and residents; not only in terms of operational nuisances, but historic decisions related to the acquisition of the T.C. Williams site in the 1960's. Of particular concern is the issue of stadium

lighting. Many insisted that the City honor past DSUP conditions, and warned of unintended consequences following any change in policy. There was concern over the number of events, and a perception that the facility was frequently used by out-of-city residents and groups not approved by ACPS.

Other participants stated that the current facility offered the most convenient location, and that investment in renovations should be used to extend the usability of the site to the benefit of the School and the public good. Many parents of students believed that the condition of the facility did not project a positive community image. Many believed that the prohibition on lighting put the School and students at a disadvantage, and that night time athletic events were part of a typical high school experience.

Responses to the exercises were used to formulate the guiding principles for the project design process, as well as staff's subsequent analysis:

- 1. Modernize the entire stadium facility without a piecemeal "Band-Aid" approach.
- 2. Create a welcoming venue that addresses all sports and levels of play.
- 3. Improve safety and accessibility for both the School and community.
- 4. Unify the School and neighboring community.
- 5. Establish an acceptable frequency of use.

The guiding principles informed the design process as the project progressed. As previously noted by staff, several changes were made in response to community concerns. These included the positioning of the buildings, the relocation of structures and activities further away from property lines, a sound system analysis, and City sponsorship of a zoning ordinance amendment to permit field lighting at a height which better controls the light. Staff has additionally proposed a series of conditions related to use of the facility, with specific conditions for use of the sound system and lights.

Community Advisory Committee

Created by Conditions of Approval for the School reconstruction, this committee is coordinated by ACPS and includes representatives of ACPS, T.C. Williams High School, Department of Recreation, Parks and Cultural Activities, and neighborhood stakeholders to discuss ongoing operational issues of the high school. The committee was reconstituted in 2017 and meets periodically as a forum to address neighborhood concerns and foster better communication between ACPS and the surrounding neighborhoods. The Committee reports to the Superintendent.

Other ACPS Outreach

After the first several Community Meetings, ACPS met with several stakeholder groups to communicate project information and solicit feedback. Groups include student/parent athletic groups, neighborhood associations and groups of neighbors, and a citizen stadium initiative group supporting the stadium modernization project.

City Outreach

Since the project was of great interest to the community, the Department of Planning and Zoning also set up a section on the Development Division web page that summarized the project's progress

through various stages of the submission and development review process. Copies of the plan submissions and comment letters from staff to the applicant were also made available to the public online. These include the Concept 1, Concept 2, and Preliminary Plan submissions.

Planning and Zoning Staff attended all Community Meetings and regularly attended Community Advisory Committee meetings. The Department of Planning and Zoning held a project Open House on September 5, 2018. The purpose was to answer questions about the development and progress of the project and to provide an additional opportunity to gather input not heard through other venues. Comments received mirrored those provided at preceding ACPS outreach events. The project is scheduled for presentation before the City's Parks and Recreation Commission in September 2018.

VI. <u>CONCLUSION</u>

Based on the compliance with the Small Area Plan and Zoning Ordinance and the anticipated benefits to the School and the City's residents, staff recommends **approval** of the amendment to the Development Special Use Permit with Site Plan to construct the improvements associated with the Parker-Gray Stadium Modernization project, and the Special Use Permit to construct light poles for athletic field lighting utilizing to a maximum height of 80 feet as proposed subject to compliance with all applicable codes and the following recommended conditions.

A series of conditions has been proposed limiting the hours and usage of the facilities, including operating conditions of the lights and sound system. These conditions were formulated to address community concerns and mitigate impacts of the facility to adjacent residents while allowing the facility to continue to provide a City-wide community benefit.

Activities associated with ACPS academic and athletic programs, such as practices and recreation activities, have proposed end times. ACPS athletic events and other ACPS-approved events and uses are similarly limited, with extended hours of use on Friday and Saturday evenings only. These types of uses include athletic competitions that students participate in, as well as ACPS-approved events in accordance with existing ACPS Policy KG "Community Use of School Facilities." <u>Table 4</u> that follows summarizes the days and times of use as stipulated by the conditions.

Table 4
Time of Use Conditions Summary

| Day | Hours for Facility | Tennis | ACPS Academic & | | ACPS Athletic Events | |
|-----------|--------------------|----------|-------------------|-------|----------------------|----------|
| | Rentals (1) | Courts | Athletic Programs | | and Community Use | |
| | | | | | | |
| | | Lights | Lights Off | Sound | Lights | Sound |
| | | Off (2) | (3) | Off | Off(4) | Off(5) |
| Monday | 8AM-10:30 PM | 10:00 PM | 8:30 PM | | 8:30 PM | 8:00 PM |
| Tuesday | 8AM-10:30 PM | 10:00 PM | 8:30 PM | | 8:30 PM | 8:00 PM |
| Wednesday | 8AM-10:30 PM | 10:00 PM | 8:30 PM | | 8:30 PM | 8:00 PM |
| Thursday | 8AM-10:30 PM | 10:00 PM | 8:30 PM | | 8:30 PM | 8:00 PM |
| Friday | 8AM-10:30 PM | 10:00 PM | 8:30 PM | | 10:15 PM | 10:00 PM |
| Saturday | 8AM-10:30 PM | 10:00 PM | 8:30 PM | | 10:15 PM | 10:00 PM |
| Sunday | 8AM-10:30 PM | 10:00 PM | 8:30 PM | | 8:30 PM | 8:00 PM |

- (1) Per ACPS Policy KG "Community Use of School Facilities"
- (2) By timer, per DSUP2013-0014 Condition #1G
- (3) Proposed Condition #126
- (4) Proposed Condition #127

The proposed conditions stipulate that lighting and sound systems may be operated only by ACPS staff or authorized persons, and use of the systems is limited to certain events only. Per existing policy, ACPS has priority over the use of Parker-Gray Stadium, with priority given to other organizations and groups in accordance with ACPS policy and schedule of fees. The facility has been open for recreational use by residents and the community during non-school hours when the facility is not used by ACPS or approved groups. There is no proposed change to that policy.

Staff: Karl Moritz, Director of Planning and Zoning Robert Kerns, Division Chief, Development Nathan Imm, Principal Planner Bill Cook, Urban Planner

VII. GRAPHICS and APPENDICES

Appendix 1: Proposed Site Plan

Appendix 2: Light Pole Locations

Appendix 3: Speaker Locations

Appendix 4: Existing Conditions Photos

Existing scoreboard located along west side property line. Existing landscape screening also shown.

Existing press box located behind home bleachers. Existing speakers also shown.

Existing concession and storage building.

Portable toilets located approx. 50 feet northeast of existing concession building.

Existing ticket booth, entry stairs, and ramp.

Vehicle / service entry near existing concession building. Landscape screening also shown along western property line.

Appendix 5: New Buildings and Structures

New Entry Canopy and Ticket Booth. Graphics and signage on buildings are heavy-duty aluminum.

Viewed facing west: Building B (Restrooms and Storage) is gray brick. The sliding door on the left encloses the restroom entry area when not in use. The vertical panels in red and blue are painted fiber cement. The end of Building A (Concessions) is on the right.

Viewed facing south: Building B (Restrooms and Storage). The overhang allows a patio for seating. ACPS is considering a mural or public art installation on the end wall of Building B under the overhang.

View facing North: Building B (Restrooms and Storage), in foreground, Building A (Concessions), in background, plaza and walkway. Restroom building windows will be opaque on all sides except plaza side.

Rear wall of Building B (Restrooms and Storage).

Scoreboard concept. 18'H x 25'W

Press Box. Representative photo of modular structure. Total 28'H.

Entry area and ticket booth looking southeast.

Appendix 6: Proposed Athletic Field Lighting

Pole Assembly (Typical)

Luminaire (Typical)

Field Lighting System Configuration:

- 4 poles
- 10 luminaires per pole mounted at the top
- 2 luminaires per pole mounted at 15' H. These provide uplighting to give contrast between the ball and the sky and reduce glare from the player's perspective, while still reducing sky glow compared to conventional floodlighting.

Appendix 7: Glare Impact

Option A:

- (2) 80 Foot Poles North
- (2) 70 Foot Poles South

Compared to Option B, the overall light pattern is tighter and more precisely aimed. Glare impact is less along the west and south property lines.

Option B: (4) 60 Foot Poles

Map indicates the maximum candela an observer would see when facing the brightest light source from any direction.

- High Glare: 150,000 or more candelas. Should only occur on or very near the lit area where the light source is in direct view.
- Significant Glare: 25,000 to 75,000 candelas. Equivalent to the high beam headlights of a car.
- Minimal to No Glare: 500 or less candelas. Equivalent to 100w incandescent light bulb.

VIII. STAFF RECOMMENDATIONS

Staff recommends **approval** of the development special use permit, subject to compliance with all applicable codes and ordinances and the following conditions.

The following conditions include those from the school's original DSUP approval (DSUP2002-0044), and subsequent tennis courts DSUP application (DSUP2013-0014) which shall remain in effect unless amended or deleted accordingly. All new or amended conditions relating to the Parker-Gray Stadium Modernization application (DSUP2017-0016) are listed below with **BOLD TYPE**, <u>underline</u> and <u>strikethrough</u> identifiers. Each condition also includes a suffix (DSUP2002-0044, DSUP2013-0014, or DSUP2017-0016) further identifying their source DSUP.

I. SITE PLANNING

- 1. <u>CONDITION AMENDED BY STAFF:</u> The Final Site shall be in substantial conformance with the preliminary plan dated 10/01/13 8/06/18 (with updates 10/24/13 and 11/01/13) and comply with the following conditions of approval. All previous conditions from DSUP2002-0044 and DSUP2013-0014 are listed below and shall remain in effect, to the satisfaction of the Director of P&Z: (DSUP2002-0044, DSUP2013-0014, <u>DSUP2017-0016</u>)
 - a. The emergency vehicle easement area on the southeast portion of the site between the gymnasium and the property line shall be designed to provide decorative paving, landscaping (shrubs and trees), and pedestrian scale lighting to provide a pedestrian connection from the fields and Chinquapin Park as generally depicted in *Figure No.1*. The retaining wall for this area shall be masonry (brick, stone or precast concrete) and shall be the minimum height necessary.
 - b. The area between King Street and the new tennis courts shall include a continuous natural feature, such as a berm with increased vegetation and adjusted as necessary, to prevent balls and athletic equipment from leaving the field area.
 - c. The sidewalk adjacent to the right turn lane on King Street shall be relocated to provide a 10 ft. landscape strip between the curb and the sidewalk to provide additional area for the proposed street trees. Refinements to the sidewalk dimension may be permitted in order to save existing trees by the entrance.
 - d. The southern portion of the bus loop area shall be revised to enhance the proposed pedestrian-student crosswalk to the sports field and parking structure by reducing the length of the crossing, widening the sidewalk and increasing the amount of open space and landscaping as generally depicted in *Figure 2*.
 - e. The eastern building frontage and sidewalk along Chinquapin Drive shall be revised to provide enhanced pedestrian circulation and access points that should at a minimum include the following:
 - i. At-grade access directly to the curb from the fire stair exit leading to stairs across landscaped area.

- ii. Revised design of the entry to the daycare area including paved areas, areas of landscape, stairs, retaining walls, etc
- f. Refine the drive aisle widths and sidewalks to reduce the paved areas to the extent possible including at a minimum the following:
 - i. Reduce 34' width of bus/service entry road, drive aisle and bus loop to 24 ft. and 30 ft. for the western drive aisle where on-street parking may be provided.
 - ii. The setback area in front of the school building shall be planted with natural materials, except to the extent that the area is required for emergency vehicle easement, in which case it shall be planted with a structured turf product suitable to the area to the satisfaction of the Director of P&Z and Code. The sidewalk on King Street shall be 10 ft. wide and where shared with an emergency vehicle easement, the remaining 12 feet shall be reinforced turf. The proposed north-south emergency vehicle easement adjacent to the administration wing shall be an 8 ft. wide sidewalk north of the drop-off area, and the remaining 14 ft. of the EVE in that area shall be reinforced turf. All remaining emergency vehicle areas in this location shall be reinforced turf.
 - iii. Revise handicap ramps to provide City standard access ramps to reduce the amount of paving where possible to the satisfaction of T&ES and P&Z.
 - iv. Reduce the sidewalk width along the south side of the parking structure garage to 8 ft. wide if feasible, and if consistent with other sidewalk widths.
 - v. Increase the depth of the landscaped area adjacent to the west face of the school between the visitor and student entries to 30 feet.
 - vi. Reduce the width of the lay-by on Chinquapin Drive from 15 ft. to 10-12 ft. wide.
 - vii. All curb returns shall be a minimum of 25 ft. radius unless otherwise necessary for vehicles, emergency vehicles or bus turning movements to the satisfaction of the Directors of T&ES, Code and P&Z. (P&Z)
- g. Provide an actuated timer for the court lights which does not allow the lights to operate beyond 10pm. (RPCA) (DSUP2013-0014)
- h. Provide details related to court wind screen fabric. (RPCA) (DSUP2013-0014)
- i. Provide adequate spacing at main court entrance to enable double gates to fully open outward. Eliminate conflicts with site furnishings. Provide magnetic locks for court gates. (RPCA) (DSUP2013-0014)

II. LANDSCAPING/OPEN SPACE

- 2. Develop, provide, install and maintain an integrated Landscape Plan with the final site plan that is coordinated with other associated site conditions to the satisfaction of the Directors of P&Z and RP&CA. At a minimum the Landscape Plan shall include: (DSUP2002-0044 & DSUP2013-0014)
 - a. enlarging the size of the tree wells to 8 ft. x 8 ft., or the closest smaller standard size, between the school and the parking garage within the internal courtyard. The tree wells shall include decorative tree grates.
 - b. Provide three (3) Willow Oak street trees on the western portion of the site adjacent to the church.
 - c. The triangular green area at the western portion of the site along King Street and adjacent to the Oakland Baptist Church should include landscaping, to include 10-15 additional deciduous, evergreen and flowering trees, evergreen hedges to screen the parking lot, and additional shrubbery to provide a useable open space area with amenities such as benches, trash receptacles, etc. to encourage use of this area.
 - d. additional evergreen and deciduous trees at the north west portion of the parking structure to provide additional screening of the parking structure.
 - e. additional landscaping at the west edge and southwest corner of the parking garage with a reduction of the sidewalk at that location.
 - f. Continuous row of evergreen shrubs within the median at Kenwood Avenue, which shall be a minimum 6' width for planting.
 - g. Additional 10-15 evergreen trees on the eastern portion of the north face of the parking garage near the vehicular entrance.
 - h. A continuous row of dense evergreen and flowering foundation shrubs between the proposed building and Chinquapin Drive.
 - i. A landscaping bed at the new proposed sign location.
 - j. Provide a sculpture, focal element or public art within the central entry plaza, with budget approval.
 - k. Revise the plantings in the area of the southeastern portion of the building to be a landscaped buffer of mixed evergreens and flowering trees on the sloped area between the rear EVE area and the residential property to the south. The species for this area shall be of a size and type well suited to the soil conditions, and light level of this area. Additional landscaping, in the areas shown on Figure 1 shall be added.
 - 1. Condition deleted.
 - m. Relocate storm sewer on northern portion of the parking structure to minimize impact on the proposed landscape screening for the parking structure.
 - n. Landscaping shall not conflict with existing or proposed utilities. Depict all utility structures, including transformers, on the final development plan. All utility structures (except fire hydrants) shall be clustered where possible and located so as not to be visible from a public right-of-way or property. When such a location is not feasible, such structures shall be located behind the front building line and screened with landscaping. (P&Z)
 - o. Provide an enhanced level of detail for plantings throughout the site (in addition to street trees). Plantings shall include a simple mixture of seasonally variable, evergreen

- and deciduous shrubs, ornamental and shade trees, groundcovers and perennials that are horticulturally acclimatized to the Mid-Atlantic and Washington, DC National Capital Region.
- p. Ensure positive drainage in all planted areas.
- q. Provide planting details for all proposed conditions including street trees, multi-trunk trees, shrubs, perennials, and groundcovers.
- r. Provide the following modifications to the landscape plan and supporting drawings:
 - i. Provide 25% of the number of proposed sapling plantings as 2-2.5" caliper specimen trees, and generally in conformance with the planting plan provided 11/1/13 to P&Z. (P&Z)
 - ii. Provide additional trees at 2 2.5" caliper on site to the satisfaction of the Directors of P&Z and RP&CA in order to meet the City's crown coverage requirement. (P&Z & RP&CA)
 - iii. Consistent with City of Alexandria Landscape Guidelines, grass area slopes shall not exceed 4:1 slope. (RP&CA)
 - iv. Remove and replace two existing shade trees west of the main school entrance drive and one existing shade tree east of the main school entrance drive. The trees are terminally damaged. Modify the landscape plans for adjacent plantings accordingly. (RP&CA)
 - v. Replace missing and/or terminally damaged street trees on south frontage of King Street. Modify landscape plan accordingly. (RP&CA)
 - vi. All landscape irrigation systems impacted by construction shall be relocated/replaced in a manner that accommodates the proposed work-including coverage, precipitation rates, installation and materials-shall be approved by to satisfaction of the Director of RPCA. (RP&CA)
 - vii. Work with City Arts staff to develop a public art program related to installation of the plant saplings. A program and implementation plan shall be approved by the RPCA Office of the Arts prior to release of Final Site Plan Mylars. (RP&CA)
- 3. The landscape plan shall meet the requirements in the City's *Landscape Guidelines*. (P&Z & RP&CA) (DSUP2013-0014)
- Prior to release of Final Site Plan Mylars, amend the City/ACPS Facilities Use Agreement to include access to the courts for recreation programs and public use in coordination with ACPS-similar to other facilities in the City. Coordinate programs currently using the site and displaced by the proposed to other location(s) in the City. Future comments will include request for accommodation and/or remuneration for loss of previously agreed upon programmable space/time. Requirements will include days/times, scheduling procedures, program-use and priority of use. (RPCA) (DSUP2013-0014)
- Program support storage units, or other similar uses will be limited only to those facilities identified in the Preliminary Plan. No storage units, sea containers or other temporary facilities are permitted on site. (RPCA) (DSUP2013-0014)
- Prior to release of Final Site Plan Mylars, meet with RPCA Park Operations and agree upon amendments to the City/ACPS maintenance agreement to satisfaction of RPCA. All future

operational and maintenance costs for the work shall be borne by ACPS-including regular or unscheduled maintenance such as court cleaning, winterization, acrylic surface coatings, practice backboards, windscreens, fences, BMPs, court surfaces, nets, fences, signs, lights, etc.., unless any such operational and/or maintenance costs are allocated differently in future maintenance agreements between the City and the ACPS. Replacement of equipment, nets, fences, lights, etc. and operations costs shall be the responsibility of ACPS. (RPCA) (DSUP2013-0014)

- Prior to commencing use of the tennis courts, provide updated as-built drawings for the TC Williams campus. All punch list items shall be addressed to the satisfaction of the directors of T&ES, RP&CA and P&Z within one year of commencing use if the tennis courts. Demonstrate that the proposed plantings are consistent with City of Alexandria Landscape Guidelines in relationship to the project proposal as an amendment to the DSUP of the entirety of TC Williams site. (RPCA/TES/PZ) (DSUP2013-0014)
- As-built documents for all landscape and irrigation installations proposed under this submission are required to be submitted with the Site as-built prior to use of the tennis courts. Refer to City of Alexandria Landscape Guidelines, Section III A & B. **** (P&Z) (T&ES) (DSUP2013-0014)
- The landscape elements of this proposal shall be subject to inspections for compliance by City staff. Further inspections for landscape compliance are also required one and three years after project completion. **** (P&Z) (T&ES) (DSUP2013-0014)
- 4. All landscaping shall be maintained in good condition and replaced as needed. (P&Z, RP&CA) (DSUP2002-0044)
- 5. The applicant shall design and install irrigation for all areas between King Street and the proposed parking structure and proposed school building and for areas with reinforced turf areas, all with non-potable water to the extent possible. (P&Z) (RP&CA)
- 6. Tree protection shall be installed, and approved by the City Arborist prior to beginning any demolition, clearing, or construction. As many of the existing mature trees on the site as possible shall be saved and must be protected, including but not limited to the following to the satisfaction of the Director of P&Z and RP&CA. (DSUP2002-0044 & DSUP2013-0014)
 - i. Show the Sycamore at the end of Woods Avenue to be saved and relocate the landscaping accordingly.
 - ii. Relocate the landscaping from the existing trees to remain at the edge of the neighboring houses and track, including next to Lots 1, 2, 3, 15A and the Oakland Baptist Church.
 - iii. All proposed tree protection details shall be depicted on the final site plan and be provided throughout the construction process to the satisfaction of the City Arborist and Director of P&Z.
 - iv. Show tree protection for existing trees to be saved at the main entrance.
 - v. The additional tree protection for both existing trees and the proposed

sapling planting areas shall be per the Preliminary Plan sheets submitted to the City 11/01/13. (RP&CA) (P&Z)

- 7. Proposed trees should be moved: relocate trees farther from the proposed 72" pipe on Chinquapin Drive; shift tree locations at the corner of the playing field where tree is located over yard inlet (sheet C-25). (RP&CA) (DSUP2002-0044)
- 8. Landscaping shall be provided of sufficient depth and character, to include evergreen plantings, to buffer neighboring residential property from the visual impact of the school buildings, athletic fields and activities without infringing on the existing athletic fields. (P&Z) (DSUP2002-0044)
- 9. Artificial turf shall be provided on the stadium field, as requested by RP&CA, with budget approval. (RP&CA) (DSUP2002-0044)
- 10. <u>CONDITION ADDED BY STAFF:</u> The location of all pole-mounted lights shall be coordinated with all trees. Light poles shall be located a minimum of ten (10) feet from the base of all trees, and the placement and height of light poles shall take into account the mature size and crown shape of all nearby trees. (DSUP2017-0016)
- 11. CONDITION ADDED BY STAFF: Provide a site irrigation and/or water management plan developed installed and maintained to the satisfaction of the Directors of P&Z and Code Administration. (DSUP2017-0016)
 - a. <u>Provide an exhibit that demonstrates that all parts of the site can be accessed by a combination of building mounted hose bibs and ground set hose connections.</u>
 - b. Provide external water hose bibs continuous at perimeter of buildings. Provide at least one (1) accessible, external water hose bib on all building sides at a maximum spacing of 90 feet apart.
 - c. <u>Hose bibs, ground set water connections and FDCs must be fully accessible and not blocked by plantings, site utilities or other obstructions.</u>
 - d. Install all lines beneath paved surfaces as sleeved connections.
 - e. Locate water sources and hose bibs in coordination with City Staff. (P&Z)
- 12. CONDITION ADDED BY PLANNING COMMISSION: In conjunction with the T. C. Williams Neighborhood Forum (Condition 106), ACPS shall develop, implement, and maintain a comprehensive landscape and fence improvement plan for the western and southern property lines between Parker-Gray Stadium and adjacent residences. The landscape and fence plan will strengthen the visual buffer between the stadium and residences and provide a physical deterrent to scaling. The current condition of the fence, presence of debris and landscape plantings including where such plantings have encroached shall be addressed within six (6) months of DSUP approval by City Council, and the improvement plan shall be implemented within one (1) year from release of the Final Site Plan. (P&Z) (DSUP2017-0016)

III. TREE PROTECTION AND PRESERVATION

- 13. CONDITION ADDED BY STAFF: Provide, implement and follow a tree conservation and protection program that is developed per the City of Alexandria Landscape Guidelines and to the satisfaction of the Directors of P&Z and RP&CA. A Tree Conservation and Protection Plan shall be approved by the City Arborist prior to Final Site Plan release. (P&Z) (RP&CA) (DSUP2017-0016)
- 14. CONDITION ADDED BY STAFF: A fine shall be paid by the applicant in an amount not to exceed \$10,000 for each destroyed tree with at least a 10-inch caliper that is not identified "to be removed" (TBR) on the Preliminary Plan, and/or the City may request that replacement trees of similar caliper and species be provided for damaged trees if the approved tree protection methods have not been followed. The replacement trees shall be installed and if applicable the fine shall be paid prior to the issuance of the last certificate of occupancy permit. *** (P&Z)(RP&CA) (DSUP2017-0016)
- 15. <u>CONDITION ADDED BY STAFF:</u> The area of the limits of disturbance and clearing for the site shall be limited to the areas as generally depicted on the preliminary site plan dated 8/06/2018 and reduced if possible to retain existing trees and grades. (P&Z)(RP&CA) (DSUP2017-0016)

IV. BUILDING DESIGN

- 16. <u>CONDITION AMENDED BY STAFF:</u> The massing, articulation and general design of the <u>office building buildings</u> shall be generally consistent with the drawings and renderings submitted with this application dated November 7, 2003 <u>and August 6, 2018</u>. The final design of the building shall be revised to incorporate the following to the satisfaction of the Director of P&Z. (DSUP2002-0044) (DSUP2017-0016)
 - a. entirely masonry (brick, precast, or stone) materials for the facade with painted metal accents limited to those elements as depicted, except for screening of the mechanical equipment;
 - b. The angled elevation of the performing arts wing facing the entry court shall be treated with recesses, piers, and/or horizontal accents to add relief to the 35-foot expanse of blank wall
 - c. Rooftop mechanical equipment shall be screened from view. If rooftop equipment will be visible from King Street within a reasonable distance, as indicated by sightlines calculated by ACPS, screening may require providing a masonry parapet at the perimeter of the building. Details on the screening methods shall be indicated on the final site plan.
 - d. Enclosures providing rooftop access from the stairs flanking the library shall be designed to harmonize with the adjacent roof forms and minimize their visual impact.
 - e. Precast masonry trim shall be used as depicted, including tops of masonry piers and bases under the windows shall be provided as shown.
 - f. Spandrel glass shall be provided under the 2nd floor windows on the north side of the west pavilion facing King Street to match the east pavilion. The vertical divisions of

- these windows shall match those in the same position on the east pavilion
- g. Detail at the tops and bases of the metal columns at the library exterior shall be similar to the typical metal columns on the perimeter of the building and at the athletic wing entrance.
- h. The wall adjacent to the student commons courtyard shall be limited to a maximum height of 2'. The walls shall be a combination of brick and precast masonry. (P&Z)
- 17. Architectural elevations (front, side and rear) and floor plans of ground levels shall be submitted with the submission of the final site plan. Elevations shall indicate material treatment and color which will be accompanied by materials sample board for review. Each elevation shall indicate the average finished grade line. All refinements to the design and materials shall be revised prior to the release of a building permit for any above grade construction. A material board shall be constructed on-site prior for the review and approval of all exterior materials in consultation with the Department of P&Z, to occur timely, prior to the final selection of materials for the building. (P&Z) (DSUP2002-0044)
- 18. **CONDITION AMENDED BY STAFF:** Provide detailed drawings showing all proposed fences and walls, including structural details, identifying all materials and dimensions to the satisfaction of the Director of Planning and Zoning and Transportation and Environmental Services. All faces of retaining walls shall be entirely brick, stone or other similarly high-quality material to the satisfaction of the Director of P&Z. (P&Z) (T&ES) (DSUP2002-0044)
 - a. <u>Indicate methods for grade transitions, handrails if required by code, directional changes, above and below grade conditions.</u> Coordinate with adjacent conditions. <u>Design and construction of all walls shall be to the satisfaction of the Directors of P&Z and T&ES.* (P&Z)(T&ES) (DSUP2017-0016)</u>
- 19. Provide decorative metal picket fencing on the top of retaining walls adjacent to the retaining walls along Chinquapin Drive overlooking the daycare play area and pedestrian egress areas. (DSUP2002-0044)
- 20. For firefighting reasons all stairs should extend through the roof. Two stairs noted on sheet A2.17, which shall contain roof doorways; the remaining rated stair enclosures shall include mechanisms for easy access to the roof, with such mechanisms to be to the satisfaction of the Directors Code Enforcement and Planning and Zoning. (Code) (DSUP2002-0044)
- A maximum of one freestanding monument sign is permitted. The proposed freestanding sign for the King Street frontage shall be designed to be compatible with the building design, but should be reduced in height to 6 ft. and shall not be internally illuminated. (P&Z) (DSUP2002-0044)
- 22. The applicant shall prepare design plans for all signage, including pedestrian and traffic signage, on the high school site for approval by P&Z and T&ES. (P&Z, T&ES) (DSUP2002-0044)

- 23. The building shall be designed to minimize sound from mechanical equipment (i.e., cooling towers, condensers, refrigeration equipment, exhaust fans, and generators) being projected into the adjoining neighborhoods. (P&Z) (DSUP2002-0044)
- 24. The athletic wing and gymnasium, exits, exterior walkways, windows, HVAC equipment, exhaust fans, etc. shall be designed and constructed (including sufficient screening and sound attenuation) in a manner to minimize the sound levels that will be generated by such a large facility, its mechanical systems, and its patrons. (P&Z) (DSUP2002-0044)
- 25. The school building shall be designed to allow a possible future pedestrian bridge connection between the athletic wing of the high school and Chinquapin Center in the future to promote the joint use of both facilities. The design shall take into consideration that at least 14 feet of clearance is required from the lowest point of the future structure for fire apparatus to pass under the pedestrian bridge on Chinquapin Drive. (RP&CA) (Code) (DSUP2002-0044)
- 26. The applicant shall revise the materials and design of the freestanding parking structure to the satisfaction of the Director of P&Z. The revisions shall at a minimum include the following: (DSUP2002-0044)
 - a. The use of freestanding light poles on the top level shall be minimized and the height shall be the minimum necessary. The use of bollard lighting or similar light sources other than freestanding poles shall be encouraged.
 - b. The entire exterior of the parking structure shall be brick and precast concrete as generally depicted on the preliminary elevations.
 - c. The window openings for the stair towers of the parking structure shall be as generally represented on the preliminary architectural elevations.
 - d. The height of the parking structure shall not be increased above what is generally represented on the preliminary plans. (P&Z)
- 27. CONDITION ADDED BY STAFF: Building materials, finishes, and relationships shall be subject to review and approval by the Department of Planning and Zoning for substantial conformance to the Preliminary Plan and as set forth in the associated Guidelines for Preparations of Mock-Up Panels Memo to Industry, effective May 16, 2013. The following submissions shall be provided to review the materials, finishes and architectural details, prior to selection of final building materials: (DSUP2017-0016)
 - a. <u>Provide a materials board that includes all proposed materials and finishes at first Final Site Plan. *</u>
 - b. The materials board shall remain with the Department of Planning and Zoning until the final certificate of occupancy, upon which all samples shall be returned to the applicant.***
 - c. <u>Provide drawings of a mock-up panel that depict all proposed materials, finishes, and relationships as part of the first Final Site Plan.</u>*
 - d. <u>Construct an on-site, mock-up panel of proposed materials, finishes, and relationships for review and approval prior to final selection of building materials.</u>

 The mock-up panel shall be constructed and approved prior to vertical (abovegrade) construction and prior to ordering final building materials. **

- e. The mock-up panel shall be located such that it shall remain on-site in the same location through the duration of construction until the first certificate of occupancy.

 *** (P&Z)
- 28. <u>CONDITION ADDED BY STAFF:</u> The applicant shall work with the City for recycling and/or reuse of the existing building materials as part of the demolition process, including leftover, unused, and/or discarded building materials. (T&ES)(P&Z) (DSUP2017-0016)
- 29. CONDITION ADDED BY STAFF: In order to provide a more sustainable use of natural resources, the applicant shall use EPA-labeled WaterSense or equivalent low flow fixtures. In addition, the applicant is encouraged to explore the possibilities of adopting water reduction strategies (i.e., use of gray water system on-site) and other measures that could reduce the consumption of potable water on this site. A list of applicable mechanisms can be found at http://www.epa.gov/WaterSense. (T&ES) (DSUP2017-0016)

V. PEDESTRIAN CIRCULATION AND ACCESS

- 30. The concrete sidewalks shall continue over all three curb cuts on King Street to provide an uninterrupted sidewalk. Provide stamped and colored bomanite paver crosswalks at these locations. All sidewalks within the site shall be connected to the public sidewalks to the satisfaction of the Directors of P&Z and T&ES. (P&Z)(T&ES) (DSUP2002-0044)
- 31. Provide a hardscape and courtyard plan to the satisfaction of the Director of P&Z that at a minimum includes the following: (DSUP2002-0044)
 - a. Extension of the center median at the Kenwood Avenue to create a pedestrian refuge
 - b. Improved pedestrian access from the main student entrance and from the garage to the stadium/fields with functional pedestrian access and wheelchair access between the parking garage and the main school building, track, playing fields and stadium, generally consistent with *Figure 2*.
 - c. Provide an additional pedestrian entrance/exit at the southeast corner of the garage.
 - d. Revised design for the stairs from the athletic wing to the stadium to maximize the open area around the track.
 - i. Special pavement materials and accents shall be used to distinguish and emphasize pedestrian areas.
 - ii. Stamped pavement or contrasting pavers on all pedestrian crossings of internal vehicular ways.
 - iii. A 10'-wide stair from the rear EVE area to the stadium field located so as to be centered on the EVE for pedestrian convenience.
 - iv. The material for the student drop-offs, main entrance area, student commons and the western end of the new playing field shall include decorative pavers, seating areas, landscaping and other amenities to encourage its use to the satisfaction of the Director of P&Z. (P&Z)

- 32. Provide the following pedestrian improvements to allow for the lighted tennis courts proposed under the DSUP2013-0014 submission to the satisfaction of the Directors of P&Z, RP&CA and T&ES: (DSUP2013-0014)
 - a. Complete all pedestrian improvements prior to the issuance of a certificate of occupancy permit.
 - b. Construct all concrete sidewalks to City standards.

VI. TRAFFIC AND TRANSPORTATION MANAGEMENT

- 33. CONDITION ADDED BY STAFF: A Maintenance of Traffic Plan shall be provided within the Construction Management Plan and replicate the existing vehicular and pedestrian routes as nearly as practical and the pedestrian pathway shall not be severed or moved for non-construction activities such as parking for vehicles or the storage of materials or equipment. Proposed traffic control plans shall provide continual, safe and accessible pedestrian pathways for the duration of the project. These sheets are to be provided as "Information Only." (T&ES) (DSUP2017-0016)
- 34. <u>CONDITION ADDED BY STAFF:</u> The following notes shall be included on all Maintenance of Traffic Plan Sheets: (T&ES) (DSUP2017-0016)
 - a. The prepared drawings shall include a statement "FOR INFORMATION ONLY" on all MOT Sheets.
 - b. The sidewalks shall remain open during construction. If sidewalks must be closed, pedestrian access shall be maintained adjacent to the site per memo to industry No. 04-18, or to the satisfaction of the Director of T&ES throughout the construction of the project. The maintenance of pedestrian access shall be included in the Construction Management Plan and will be approved by T&ES. (T&ES)
 - c. Any bicycle facilities adjacent to the site shall remain open during construction. If a bicycle facility cannot be maintained on the street adjacent to the site, access shall be maintained by diverting the cyclists into a travel lane through the implementation of appropriate signage, by shifting existing lanes, or through the creation of an off-street diversion directly adjacent to the travel path. Access shall be maintained to the satisfaction of the Director of T&ES throughout the construction of the project. (T&ES)
- 35. <u>CONDITION ADDED BY STAFF:</u> Add complete streets tabulation to the cover sheet with the Final 1 submission. (T&ES) (DSUP2017-0016)
- 36. CONDITION ADDED BY STAFF: All pedestrian, traffic, and way finding signage shall be provided in accordance with the Manual of Uniform Traffic Control Devices (MUTCD), latest edition to the satisfaction of the Director of T&ES. (T&ES) (DSUP2017-0016)
- 37. Provide a detailed operating plan for the main entrance at Kenwood Avenue to ensure safe access for vehicles and pedestrians, to avoid traffic conflicts, and to prevent queuing back ups onto King Street. Provide enhancements as necessary for the drop-off/pick up loop and parking garage entrance, including signage details, lane marking, a traffic

- channelization island, and on site personnel to direct traffic at peak times. (P&Z) (T&ES) (DSUP2002-0044)
- 38. Extend the median at the main entrance at Kenwood Avenue rearward (south) to prohibit cars leaving the garage from making a left turn and crossing traffic to exit the area. The extended median is to include a mountable curb for emergency vehicles and landscaping to the satisfaction of P&Z and RP&CA. (P&Z) (DSUP2002-0044)
- 39. Maintain the alignment of the school's main entrance/exit lining up with Kenwood Avenue at King Street to the satisfaction of the Director of T&ES. (T&ES) (DSUP2002-0044)
- 40. Provide a detailed operating plan for the pick up/drop off entrance on Chinquapin Drive to ensure safe access for vehicles and pedestrians, to maintain access to Chinquapin Center and Chinquapin Park, to minimize traffic conflicts, and to prevent queuing back ups onto King Street. Provide enhancements as necessary, including signage, parking restrictions, location of the drop off layby, and on site personnel to direct traffic at peak times. (P&Z) (T&ES) (DSUP2002-0044)
- 41. The bus entrance at Radford Street will not be signalized. Provide a detailed operating plan for the bus egress during morning and afternoon exits. If operational plan includes use of personnel to control or assist traffic movement, provide assurance that personnel can safely perform this function. (T&ES) (DSUP2002-0044)
- 42. The bus shelter to be provided at the existing bus stop on King Street at the western service drive shall provide seating and shelter integrated into a structure with a design that complements the design of the new school building to the satisfaction of the Directors of P&Z, TES. (P&Z) (T&ES) (DSUP2002-0044)
- 43. Prior to the start of construction of any traffic equipment or structures, the applicant shall submit shop drawings to T&ES for approval for the following equipment: traffic signal poles/masts, LED traffic signals, pedestrian signals, backlit street signs, and traffic and pedestrian signage/poles. (T&ES) (DSUP2002-0044)
- 44. All Traffic Control Device design plans, Work Zone Traffic Control plans, and Traffic Studies shall be sealed by a professional engineer, registered in the Commonwealth of Virginia. (T&ES) (DSUP2002-0044)
- 45. All traffic signal poles and mast arms shall be black matte finish. (P&Z) (DSUP2002-0044)
- 46. The applicant shall provide a traffic signal plan with final site plan detailing the proposed signal modifications at the Kenwood Avenue/ King Street intersection. Provide pedestrian countdown heads at the intersection of King Street and Kenwood Ave. (T&ES) (DSUP2002-0044)
- 47. All driveway entrances and sidewalks in public ROW or abutting public ROW shall meet City standards. (T&ES) (DSUP2002-0044)

- 48. A decorative metal gate with locked entrance shall be installed at the Woods Avenue entrance to the school site to preclude vehicular traffic, except for emergency and police vehicles. (P&Z) (DSUP2002-0044)
- 49. Replace existing curb and gutter, sidewalks, and handicap ramps that are in disrepair or broken along King Street frontage. (T&ES) (DSUP2002-0044)
- 50. Street trees and landscaping to be trimmed and maintained as necessary to avoid blocking visibility of traffic control devices in public right of way. (T&ES) (DSUP2002-0044)
- 50A. If the City's existing public infrastructure is damaged during construction, or patch work required for utility installation then the applicant shall be responsible for construction/installation or repair of the same as per the City of Alexandria standards and specifications and to the satisfaction of Director, Transportation and Environmental Services. (T&ES) (DSUP2013-0014)
- 50B. A pre-construction walk/survey of the site shall occur with Transportation and Environmental Services Construction Management & Inspection staff to document existing conditions prior to any land disturbing activities. (T&ES) (DSUP2013-0014)
- 50C. Submit a Traffic Control Plan as part of the final site plan, for construction detailing proposed controls to traffic movement, lane closures, construction entrances, haul routes, and storage and staging shall be provided for informational purposes. In addition, the Traffic Control Plan shall be amended as necessary and submitted to the Director of T&ES along with the Building and other Permit Applications as required. The Final Site Plan shall include a statement "FOR INFORMATION ONLY" on the Traffic Control Plan Sheets. (T&ES) (DSUP2013-0014)
- 51. CONDITION ADDED BY STAFF: Preferably a separation of 150', with a minimum of 100' between the beginning of street corner radius and any driveway apron radius shall be maintained on arterial and collector roadways; however, a minimum of 30 feet separation between beginning of street corner radius and any driveway apron radius shall be maintained on residential streets. Additional curb cuts are not recommended since these will impede traffic flow. (T&ES) (DSUP2017-0016)
- 52. CONDITION ADDED BY STAFF: If the City's existing public infrastructure is damaged during construction, or patch work required for utility installation then the applicant shall be responsible for construction/installation or repair of the same as per the City of Alexandria standards and specifications and to the satisfaction of Director, Transportation and Environmental Services. (T&ES) (DSUP2017-0016)
- 53. <u>CONDITION ADDED BY STAFF:</u> A pre-construction walk/survey of the site shall occur with Transportation and Environmental Services Construction Management & <u>Inspection staff to document existing conditions prior to any land disturbing activities.</u> (T&ES) (DSUP2017-0016)

- 54. <u>CONDITION ADDED BY STAFF:</u> Mark all private street signs that intersect a public street with a fluorescent green strip to notify the plowing crews, both City and contractor, that they are not to plow those streets. (T&ES) (DSUP2017-0016)
- 55. <u>CONDITION ADDED BY STAFF:</u> Traffic Studies and Multi-modal Transportation studies shall be signed and sealed by a professional engineer, registered in the Commonwealth of Virginia. (T&ES) (DSUP2017-0016)
- 56. CONDITION ADDED BY STAFF: Show turning movements of standard vehicles in the parking structure and/or parking lots. Show turning movements of the largest delivery vehicle projected to use the loading dock. Turning movements shall meet AASHTO vehicular guidelines and shall be to the satisfaction of the Director of T&ES. (T&ES) (DSUP2017-0016)
- 57. <u>CONDITION ADDED BY STAFF:</u> All 90 degree vehicle parking spaces adjacent to a sidewalk less than seven feet shall have wheel stops. (T&ES) (DSUP2017-0016)
- 58. <u>CONDITION ADDED BY STAFF:</u> The shared public / private alley providing access to abutting property owners shall be jointly managed and maintained to the satisfaction of the Director of T&ES. A maintenance agreement shall be approved and recorded prior to release of the Site Plan.* (T&ES) (DSUP2017-0016)

VII. PARKING

- 59. CONDITION AMENDED BY STAFF: The applicant shall provide an updated follow the Parking Management Plan with the first final site plan submitted which includes details about the parking available at the school and how it will be managed, and methods to minimize the number of vehicles parking on the high school/Chinquapin site, including: (DSUP2002-0044) (DSUP2017-0016)
 - a. <u>Administering ereating</u> a student parking permit system to limit the number of students who park on site;
 - b. relocating and scheduling adult education classes so that parking can be accommodated on site;
 - c. scheduling special events to the extent possible so as not to conflict with other on site parking demands and establishing a special events parking management plan to be implemented;
 - d. providing overflow parking at neighboring lots;
 - e. continuing to collaborate with the RP&CA to create opportunities for programs on both sites to share parking facilities as needed; and
 - f. providing incentives to encourage employees to use public transportation such as DASH passes and Metro Check which allows employees to purchase Metro and DASH fare cards. (P&Z) (T&ES)
- 60. The applicant shall ensure that the parking spaces in the garage and on the site are built to standard dimensions. The conflicts among the various site plan and architectural drawings with varying numbers of parking spaces shall be revised and made consistent. Compact,

- handicapped and visitor parking spaces shall be labeled on the drawings and signed. (P&Z). (DSUP2002-0044)
- The applicant shall provide 20 bicycle parking spaces to the satisfaction of the Director of T&ES for construction of the high school. For the proposed tennis courts, provide 4 bicycle parking space(s) per Alexandria's current Bicycle Parking Standards. Bicycle parking standards, acceptable rack types for short- and long-term parking and details for allowable locations are available at: www.alexandriava.gov/bicycleparking. (T&ES) (DSUP2002-0044 & DSUP2013-0014)
- 62. <u>CONDITION ADDED BY STAFF:</u> Construct the 6-space bike rack shown on LS plan section 1 page L1.0. (P&Z) (Transportation Planning) (DSUP2017-0016)
- 63. Provide wheel stops at the visitor parking lot.
- 64. CONDITION ADDED BY STAFF: Bicycle parking standards, acceptable rack types for short- and long-term parking and details for allowable locations are available at: www.alexandriava.gov/bicycleparking. Details on location and type of bicycle parking shall be provided on the Final Site Plan. Bicycle parking must be installed and operational prior to first CO. *** (T&ES) (DSUP2017-0016)

VIII. ENVIRONMENTAL

- 65. CONDITION ADDED BY STAFF: All stormwater Best Management Practices (BMPs) must be designed to comply with the most recent standards and specifications published in the Virginia Stormwater BMP Clearinghouse. Provide complete design details for all BMPs. This includes site specific plan views, cross sections, planting plans, and complete design calculations for each BMP. (T&ES) (DSUP2017-0016)
- 66. CONDITION ADDED BY STAFF: Provide a BMP table with a separate listing for each individual BMP that includes the name of the practice, total area treated (acres), pervious area treated (acres), impervious area treated (acres), phosphorous removal efficiency (percentage), phosphorous removed by the practice (lbs), and latitude and longitude in decimal degrees (NAD83). (T&ES) (DSUP2017-0016)
- 67. CONDITION ADDED BY STAFF: No later than the final as-built submittal, the existing stormwater Best Management Practices (BMPs) used to meet stormwater compliance for this plan must be maintained and functioning as designed. An inspection form signed by a qualified professional noting the existing BMPs are in compliance with the City's BMP operation and maintenance guidelines must be submitted to the City. (T&ES) (DSUP2017-0016)
- 68. <u>CONDITION ADDED BY STAFF:</u> With the final as built submittal, the Applicant is required to submit construction record drawings for permanent stormwater management facilities to the City. The drawings must be appropriately signed and sealed by a

- professional registered in the Commonwealth of Virginia and certify that the stormwater management facilities have been constructed in accordance with the approved plan. (T&ES) (DSUP2017-0016)
- 69. The applicant is advised that all stormwater designs that require analysis of pressure hydraulic systems and/or inclusion and design of flow control structures must be sealed by a professional engineer, registered in the Commonwealth of Virginia. If applicable, the Director of T&ES may require resubmission of all plans that do not meet this standard. (T&ES) (DSUP2002-0044)
- 70. Plan must demonstrate to the satisfaction of the Director of T&ES that adequate stormwater outfall is available to the site or else developer is to design and build any on or off site improvements to discharge to an adequate outfall. (T&ES) (DSUP2002-0044)
- 71. Provide proposed elevations (contours and spot elevations) in sufficient details on grading plan to clearly show the drainage patterns. (T&ES) (DSUP2002-0044)
- 72. Indicate the pipe sizes and add flow arrows for storm and sanitary sewer lines. (T&ES) (DSUP2002-0044)
- 73. Provide pre and post storm water runoff computations for the two- and ten-year storms. (T&ES) (DSUP2002-0044)
- 74. The stormwater collection system is part of the Taylor Run/Cameron Run watershed. All on-site stormwater curb inlets and public curb inlets within 50 feet of the property line shall be duly marked to the satisfaction of the Director of T&ES. (T&ES) (DSUP2002-0044)
- 75. The stormwater Best Management Practices (BMPs) required for this project and the cistern shall be constructed and installed under the direct supervision of the design professional or his designated representative. Prior to issuance of the certificate of occupancy, the design professional shall submit a written certification to the Director of T&ES that the BMPs and cistern are:
 - a. Constructed and installed as designed and in accordance with the approved Final Site Plan.
 - b. Clean and free of debris, soil and litter by either having been installed or brought into service after site was stabilized. (T&ES) (DSUP2002-0044)
- 76. The surface appurtenances associated with the on-site structural stormwater Best Management Practices (BMPs) shall be marked to the satisfaction of the Director of T&ES to identify them as part of a structural BMP system. (T&ES) (DSUP2002-0044)
- 77. For any surface-installed stormwater Best Management Practice (BMP), i.e. Bio-Retention Filters, Vegetated Swales, etc. that are employed for this site, descriptive signage for the BMPs is required to be installed to the satisfaction of the Director of T&ES. (T&ES) (DSUP2002-0044)

- 78. Prior to the release of the final site plan, the applicant shall execute and submit two originals of a revised maintenance agreement with the City for the stormwater quality Best Management Practices (BMPs) and stormwater quantity (detention) facilities being added as part of DSP2013-00014. The applicant shall be responsible for maintenance of all BMP's and detention facilities_associated with the parcel, including those located within the public right-of-way. For BMPs that are located off of the school property and within City right-of-way, the maintenance agreements shall address the additional levels of maintenance to adjacent appurtenances that are affected by the BMPs (ie. sidewalks, landscaping, streets, storm sewers, storm sewer inlets). It must be executed and recorded with the Land Records Division of Alexandria Circuit Court prior to approval of the final site plan. (T&ES) (DSUP2002-0044 & DSUP2013-0014)
- 79. The applicant shall execute a maintenance service contract with a private contractor for a minimum of three years. A copy of the contract shall be placed in the BMP Operation and Maintenance Manual. Prior to issuance of the certificate of occupancy, a copy of the contract shall be submitted to the City. (T&ES) (DSUP2002-0044)
- 80. The applicant shall prepare an Owner's Operation and Maintenance Manual for all the Best Management Practices (BMPs) used on site. The manual shall include at a minimum: an explanation of the functions and operations of the BMP(s); drawings and diagrams of the BMP(s) and any supporting utilities; catalog cuts on maintenance requirements; manufacturer contact names and phone numbers; a copy of the executed maintenance service contract; and a copy of the maintenance agreement with the City. Prior to issuance of the certificate of occupancy, a copy of the Operation and Maintenance Manual shall be submitted to the City on a digital media. (T&ES) (DSUP2002-0044)
- 81. Stormwater quality and quantity management must be addressed for temporary impervious areas that are proposed to be in place and functioning (i.e. temporary parking lots) for a significant period of time. Proposed temporary BMPs if required by T&ES must be included on the final site plans. (T&ES) (DSUP2002-0044)
- 82. Proposed synthetic surfaces (i.e. playing field) require stormwater management treatment in an appropriate fashion, including, if necessary, with a BMP. (T&ES) (DSUP2002-0044)
- 83. Solid waste services are provided by the City. The development must meet all the minimum street standards, including all standards for turnaround movements. (T&ES) (DSUP2002-0044)
- 83A. The City of Alexandria's storm water management regulations regarding water quality are two-fold: first, phosphorus removal requirement and second, water quality volume default. Compliance with the phosphorus requirement does not relieve the applicant from the water quality default requirement. The water quality volume determined by the site's proposed impervious area shall be treated in a Best Management Practice (BMP) facility. (T&ES) (DSUP2013-0014)
- 83B. Provide a BMP narrative and complete pre and post development drainage maps that

include areas outside that contribute surface runoff from beyond project boundaries to include adequate topographic information, locations of existing and proposed storm drainage systems affected by the development, all proposed BMP's and a completed Worksheet A or B and Worksheet C, as applicable. (T&ES) (DSUP2013-0014)

- 83C. Prior to commencing use of the tennis courts, the Applicant is required to submit a certification by a qualified professional to the satisfaction of the Director of T&ES that any existing storm water management facilities adjacent to the project and associated conveyance systems were not adversely affected by construction operations. If maintenance of the facility or systems were required in order to make this certification, provide a description of the maintenance measures performed. (T&ES) (DSUP2013-0014)
- 83D. Indicate whether or not there is any known soil and groundwater contamination present as required with all preliminary submissions. Should any unanticipated contamination, underground storage tanks, drums or containers be encountered at the site, the Applicant must immediately notify the City of Alexandria Department of Transportation and Environmental Services, Division of Environmental Quality. (T&ES) (DSUP2013-0014)
- 83E. As part of DSP2013-00014, exterior building mounted loudspeakers are prohibited and no amplified sound should be audible at the property line. (T&ES) (DSUP2013-0014)

IX. CONSTRUCTION AND UTILITIES

- 84. The City Attorney has determined that the City lacks the authority to approve the gravity fed sanitary sewer systems which serve over 400 persons. Accordingly, the overall sanitary sewer system for the proposed development must be submitted for approval by the Virginia Department of Health (VDH). Both City and VDH approval are required, though City approval may be given conditioned upon the subsequent issuance of VDH approval. Should state agencies require changes in the sewer design, these must be accomplished by the developer prior to the release of a certificate of occupancy for the units served by this system. Prior to the acceptance of dedications of the sewers by the city or release of any construction bonds, the developer must demonstrate that all necessary state agency permits have been obtained and as-built drawings submitted to the City that reflect all changes required by the state. (T&ES) (DSUP2002-0044)
- 85. The site is located on marine clay areas as delineated on City map of marine clay areas. Provide geotechnical report including recommendations from a geotechnical professional for proposed cut slopes and embankments. (T&ES) (DSUP2002-0044)
- 86. Provide a demolition plan that indicates which existing utilities are to be removed and which are to remain. (T&ES) (DSUP2002-0044)
- 87. During the construction phase of this development, the site developer, its contractor, certified land disturber, or owner's other agents shall implement a waste and refuse control

program. This program shall control wastes such as discarded building materials, concrete truck washout, chemicals, litter or trash, trash generated by construction workers or mobile food vendor businesses serving them and sanitary waste at the construction site and prevent its off-site migration that may cause adverse impacts to the neighboring properties or the environment to the satisfaction of Directors of T&ES and Code Enforcement. All wastes shall be disposed off-site properly in accordance with all applicable federal, state and local laws. (T&ES) (DSUP2002-0044)

- 88A. A "Certified Land Disturber" (CLD) shall be named in a letter to the Division Chief of Construction Management & Inspection (CM&I) prior to any land disturbing activities. If the CLD changes during the project, that change must be noted in a letter to the Division Chief. A note to this effect shall be placed on the Phase I Erosion and Sediment Control sheets on the site plan. (T&ES) (DSUP2013-0014)
- 88B. The sidewalks shall remain open during construction or pedestrian access shall be maintained to the satisfaction of the Director of T&ES throughout the construction of the project. (T&ES) (DSUP2013-0014)
- 88C. No major construction staging shall be allowed within the public right-of-way on King Street. The applicant shall meet with T&ES to discuss construction staging activities prior to release of any permits for ground disturbing activities. ** (T&ES) (DSUP2013-0014)
- 88D. <u>CONDITION AMENDED BY STAFF:</u> Prior to commencing clearing and grading of the site, the applicant shall hold a meeting with notice to all adjoining property owners and civic associations to review the location of construction worker parking, plan for temporary pedestrian and vehicular circulation, and hours and overall schedule for construction. The Departments of P&Z and T&ES shall be notified a minimum of 14 calendar days prior to of the date of the meeting, and the meeting must be held before any the permits is are issued. (P&Z)(T&ES) (DSUP2013-0014) (DSUP207-0016)
- 88E. Identify a person who will serve as a liaison to the community throughout the duration of construction. The name and telephone number, including an emergency contact number, of this individual shall be provided in writing to residents, property managers and business owners whose property abuts the site and shall be placed on the project sign, to the satisfaction of the Directors of P&Z, and/or and T&ES. (P&Z)(T&ES) (DSUP2013-0014)
- 88F. Contractors shall not cause or permit vehicles to idle for more than 10 minutes when parked. (T&ES) (DSUP2013-0014)
- 88G. Locate all private utilities without a franchise agreement outside of the public right-of-way and public utility easements. (T&ES) (DSUP2013-0014)
- 89. <u>CONDITION ADDED BY STAFF:</u> Provide off-street parking for all construction workers without charge to the construction workers. Construction workers shall not be permitted to park on-street, and the applicant shall be responsible for ensuring that all contractors use the off-street parking provided. For the construction workers who use

Metro, DASH, or another form of mass transit to the site, the applicant shall subsidize a minimum of 50% of the fees for mass transit. Compliance with this condition shall be a component of the construction management plan, which shall be submitted to the Department of P&Z and T&ES prior to Final Site Plan release. This plan shall: (DSUP2017-0016)

- a. <u>Establish the location of the parking to be provided at various stages of construction, how many spaces will be provided, how many construction workers will be assigned to the work site, and mechanisms which will be used to encourage the use of mass transit.</u>
- b. <u>Provide for the location on the construction site at which information will be posted regarding Metro schedules and routes, bus schedules and routes.</u>
- c. If the off-street construction workers parking plan is found to be violated during the course of construction, a correction notice will be issued to the developer. If the violation is not corrected within five (5) days, a "stop work order" will be issued, with construction halted until the violation has been corrected. * (P&Z)(T&ES)
- 90. CONDITION ADDED BY STAFF: Prior to commencement of landscape installation/planting operations, a pre-installation/construction meeting will be scheduled with the project planner in the Department of Planning & Zoning to review the scope of installation procedures and processes. This is in addition to the pre-construction meeting required above. (P&Z) (DSUP2017-0016)
- 91. CONDITION ADDED BY STAFF: Temporary construction and/or on-site sales trailer(s) shall be permitted and be subject to the approval of the Director of P&Z. The trailer(s) shall be removed prior to the issuance of a final certificate of occupancy permit.

 *** (P&Z) (Code) (DSUP2017-0016)
- 92. CONDITION ADDED BY STAFF: Submit a wall check prior to the commencement of construction of the first floor above grade framing for the building(s). The wall check shall include the building footprint, as depicted in the released Final Site Plan, the top-of-slab elevation and the first floor elevation. The wall check shall be prepared and sealed by a registered engineer or surveyor, and submitted to Planning & Zoning. Approval of the wall check by Planning & Zoning is required prior to commencement of framing. (P&Z) (DSUP2017-0016)
- 93. CONDITION ADDED BY STAFF: Submit an as-built development site plan survey, pursuant to the requirements outlined in the initial as-built submission for occupancy portion of the as-built development site plan survey checklist to the Department of Transportation and Environmental Services Site Plan Coordinator prior to requesting a certificate of occupancy permit. The as-built development site plan survey shall be prepared and sealed by a registered architect, engineer, or surveyor. Include a note which states that the height was calculated based on all applicable provisions of the Zoning Ordinance. *** (P&Z) (T&ES) (DSUP2017-0016)

X. GENERAL SITE PLAN REQUIREMENTS

- 94. Any inconsistencies among the various drawings submitted by the applicant shall be reconciled to the satisfaction of the Directors of P&Z and T&ES. (P&Z) (DSUP2002-0044)
- 95. The applicant shall be allowed to make minor adjustments to the building if the changes do not result in a loss of parking or open space, impact on the Emergency Vehicle Easement, or an increase in building height or floor area ratio. (P&Z) (DSUP2002-0044)
- 96. The limits of disturbance on the proposed site plan shall be revised to include all land area within the phasing plan, to include for example the temporary parking area, the construction staging area and the area for classroom trailers. The limits of disturbance shall be adjusted so as not to include tree save areas on the western perimeter near Woods Avenue. (P&Z) (DSUP2002-0044)
- 97. Clarify the location of the cistern. The cover sheet states that it is under the parking structure, sheet 7 indicates that is under the practice field, and sheet 22 indicates that it is under the parking structure. (T&ES) (DSUP2002-0044)
- 98. Applicant shall provide three (3) City standard trash receptacles, Iron Site Bethesda Series Model #SD-42, with spun steel dome and side door access, manufactured by Victor Stanley, Inc. of Dunkirk, MD, or provide \$850 each to the Director of T&ES for the purchase and installation of three (3) City standard street cans, two along King Street at both the existing and proposed bus stops and one on Chinquapin Drive at the layby area. (T&ES) (DSUP2002-0044)
- 99. Show all existing and proposed easements, both public and private. (T&ES) (DSUP2002-0044)
- 100. Provide City standard pavement details or alternative pavement details on the plan for emergency vehicle easements, sealed by a professional engineer registered in the Commonwealth of Virginia, designed to the satisfaction of the Director of T&ES. (T&ES) (DSUP2002-0044)
- 101. Prior to the issuance of a demolition permit or land disturbance permit, a rodent abatement plan shall be submitted to Code Administration that will outline the steps that will be taken to prevent the spread of rodents from the construction site to the surrounding community and sewers. (Code) (DSUP2002-0044 & DSUP2013-0014)
- 101A. Submit the plat with all applicable easements or vacations prior to the final site plan submission. The plat(s) shall be approved and recorded prior to the release of the final site plan.* (P&Z)(T&ES) (DSUP2013-0014)
- 102. <u>CONDITION ADDED BY STAFF:</u> Design and develop a sign plan for wayfinding and directional signage. The plan shall be included as part of the Final Site Plan and shall coordinate the location, scale, massing and character of all proposed signage to the

- satisfaction of the Director of T&ES. Installation of building mounted signage shall not damage the building and signage shall comply with all applicable codes and ordinances * (T&ES) (DSUP2017-0016)
- 103. CONDITION ADDED BY STAFF: Signs indicating the operating hours, rules, and regulations for athletic fields and courts shall be placed at facility access points to the satisfaction of the Director of Planning and Zoning. (P&Z) (DSUP2017-0016)

XI. NEIGHBORHOOD COMMITTEES AND COMMUNICATIONS

- 104. To provide a forum for the discussion and resolution of neighborhood issues that arise during the construction of the new school, ACPS shall create and coordinate a Community Advisory Committee, to include ACPS officials; T.C. Williams officials; Department of Recreation, Parks and Cultural Activities officials; representatives of the adjoining neighborhoods; and representatives of the entities involved in the construction project, such as the general contractor. The Advisory Committee shall meet periodically as conditions dictate throughout the period of construction. (P&Z) (DSUP2002-0044)
- 105. CONDITION DELETED BY PLANNING COMMISSION: To provide a permanent forum for the discussion and resolution of neighborhood issues that arise as a result of the ongoing operation of the new high school, ACPS shall create and coordinate a Community Advisory Committee to include representatives of ACPS, TC Williams High School, the Department of Recreation, Parks and Cultural Activities, and the adjoining neighborhoods. The Advisory Committee shall determine its meeting schedule, which may be either on a regular basis or as conditions require. Use of the stadium speaker system by RPCA shall not be increased beyond historical levels (last two years) without agreement by this Committee or by the Planning Commission and City Council. (P&Z) (PC) (DSUP2002-0044)
- CONDITION ADDED BY PLANNING COMMISSION: To provide a permanent 106. forum for the discussion and resolution of neighborhood issues that arise as a result of the impacts on the adjacent neighborhood from the ongoing operation of the high school and stadium, ACPS shall establish and coordinate a T.C. Williams Neighborhood Forum. The members of the Forum from ACPS will include the Principal, Athletic Director, Director of Facilities and Operations for T.C. Williams, and the ACPS Chief Operating Officer or designee. The Forum shall include up to four residents of the adjacent neighborhoods, including at least one on Bishops Lane and one on Woods Place, each of which will jointly serve, for a term not to exceed two years, to assist in the coordination of meetings and topics for discussion. The adjacent neighborhood representatives to the Forum will select a chair from the neighbors of the school, for a term not to exceed two years, to assist in the coordination of meetings and topics for discussion. The Forum will meet quarterly to include a walking tour of the school site at each meeting with the above-stated representatives in attendance. The Forum will provide a report of the quarterly meetings and walking tours to the School Board and to Planning and Zoning staff no later than two weeks following the meetings. (P&Z) (PC) (DSUP2017-0016)

- 107. CONDITION ADDED BY PLANNING COMMISSION: ACPS shall provide a mailed schedule of events and or programming requiring lighting to residents of Woods Lane, Woods Place, Bishop Lane and Vicar Lane prior to the start of each athletic season. (P&Z) (PC) (DSUP2017-0016)
- 108. CONDITION ADDED BY PLANNING COMMISSION: ACPS shall designate a community liaison or liaisons to be accessible 24 hours a day to address community concerns. The contact information for the liaison(s) shall be made available to the adjacent properties on Woods Lane, Woods Place, Bishop Lane and Vicar Lane. (P&Z) (PC) (DSUP2017-0016).

XII. SECURITY

- 109. The applicant is to consult with the Crime Prevention Unit of the Alexandria Police Department regarding the layout of the building as well as security hardware, and alarms for the building. The number for the Crime Prevention Unit is 703-838-4520. (DSUP2002-0044)
- 110. A security survey for any on site construction trailer(s) shall be completed as soon as the trailers are located on the site. (Police) (DSUP2002-0044)
- 111. The proposed shrubbery is to have a maximum height of 36 inches when it matures, unless required for screening and not located within six feet of walkways. (Police) (DSUP2002-0044)
- 112. All trees, except evergreens for screening, are to be limbed up a minimum of six feet as they mature to allow for natural surveillance. (Police) (DSUP2002-0044)
- 113. Trees are not to be planted under or near light poles. (Police) (DSUP2002-0044)
- 114. The parking garage shall include security systems, including an alarm system if appropriate and cameras placed throughout the garages and monitored by the staff at the main school alarm headquarters, all to the satisfaction of the Chief of Police. (Police) (DSUP2002-0044)
- 115. The interior walls, ceilings, and pillars in the garage are to be painted white. (Police) (DSUP2002-0044)
- 116. Gates installed to restrict vehicular access at the rear and side of the building and at Woods Avenue shall be accessible to both emergency vehicles and the Police, and shall be equipped with the following measures to the satisfaction of the director of Code Enforcement: (DSUP2002-0044)
 - i. A siren activation system which will unlock and open the security gates upon initiation of a yelp signal from the fire apparatus siren.

- ii. A key override system keyed to the Knox Box system for the City of Alexandria which will unlock and open the security gates upon insertion of a Knox Box Key approved by the City of Alexandria.
- iii. Gates shall open upon activation of the school's fire alarm system. (P&Z) (Police) (Code)
- 117. <u>CONDITION ADDED BY PLANNING COMMISSION</u>: <u>ACPS shall establish comprehensive security monitoring measures along the perimeter of the stadium area that abuts residential properties. Measures may include but are not limited to increased patrolling, addition of security cameras, or other security measures. (P&Z) (PC) (DSUP2017-0016).</u>

XIII. EMERGENCY ACCESS

- 118. All structures shall be required to have an approved automatic fire detection and suppression system in accordance with the Uniform Statewide Building Code. (Code) (DSUP2002-0044)
- 119. All Emergency Vehicle Easement (EVE) areas shall be maintained at a minimum of 22 feet in width, a minimum of R-25 turning radii, vehicle loading conforming to AAHSTO Loading Standard H-20, and shall be recorded in the land records. (P&Z) (DSUP2002-0044)
- 120. Detailed information shall be provided to the Director of Code Enforcement regarding the proposed reinforced turf product(s) to be used to demonstrate sufficiently that the product chosen will withstand the proposed installation, grade, location, and use. (Code) (DSUP2002-0044)
- 121. All fire hydrants shall conform to the City of Alexandria specifications for fire hydrants as detailed in the *Water and Fire Requirements for Site Plans and New Construction*. (Code) (DSUP2002-0044)
- 122. All hydrants shall be located so the distance measured from the hydrant to the most remote point of vehicular access on the site is 300 feet (Code). Also, there shall be at most 600' between hydrants and at least one hydrant within 100' of each FDC. (Code) (DSUP2002-0044)
- 123. Parallel and perpendicular parking shall be prohibited on all paved areas located next to the school structure (Code) (DSUP2002-0044)

XIV. LIGHTING

124. The applicant shall submit a detailed lighting plan, to include all existing and proposed street lights and site lights, indicating the types of fixture, mounting heights and strength of fixture in Lumens or Watts and providing manufacturers' specifications for the fixtures

and lighting analysis to verify that lighting is consistent with city standards for illumination level and uniformity and acceptable to the Departments of T&ES and P&Z, in consultation with the Police. Particular attention must be paid with regard to the lighting for the parking garage to achieve the goals of security and aesthetics, and to minimize impact to neighboring properties. Pole mounted lights shall be minimized on the garage upper level; rooftop lighting in bollards or roof mounted fixtures shall be the preferred option. (P&Z) (T&ES) (DSUP2002-0044)

- 125. CONDITION DELETED BY STAFF: No permanent stadium lighting shall be installed at the School stadium or on any other athletic fields, except as to allow for the lighted tennis courts proposed under the DSUP2013-0014 submission. For the courts, the number of poles, mounting heights and the light types shall be consistent with the Preliminary Plan dated 10/01/13 for DSUP2013-0014. (P&Z) (DSUP2002-0044 & DSUP2013-0014) (City Council) (DSUP2017-0016)
- 126. Site lighting (e.g., parking garage lighting, parking lot lighting, and perimeter security lighting) shall be directed to the school property and away from residential neighborhoods to the maximum extent possible. Representatives of adjacent neighborhoods will have an opportunity to review the proposed lighting plan prior to release of the final site plan. (P&Z) (DSUP2002-0044)
- 122A. Provide a lighting plan with the final site plan to verify that lighting meets City standards. The plan shall be to the satisfaction of the Directors of T&ES, P&Z, and/or RP&CA in consultation with the Chief of Police and shall include the following: (DSUP2013-0014)
 - a. Clearly show location of all existing and proposed street lights and site lights, shading back less relevant information.
 - b. A lighting schedule that identifies each type and number of all fixtures, mounting height, and strength of fixture in Lumens or Watts.
 - c. Manufacturer's specifications and details for all proposed fixtures including site, landscape, pedestrian, sign(s) and security lighting.
 - d. A photometric plan with lighting calculations that include all existing and proposed light fixtures, including any existing street lights located on the opposite side(s) of all adjacent streets. Photometric calculations must extend from proposed building face(s) to property line and from property line to the opposite side(s) of all adjacent streets and/or 20 feet beyond the property line on all adjacent properties and rights-of-way. Show existing and proposed street lights and site lights.
 - e. Photometric site lighting plan shall be coordinated with architectural/building mounted lights, site lighting, street trees and street lights to minimize light spill into adjacent residential areas.
 - f. Provide location of conduit routing between site lighting fixtures so as to avoid conflicts with street trees.
 - g. Detail information indicating proposed light pole and footing in relationship to adjacent grade or pavement. All light pole foundations shall be concealed from view.
 - h. The lighting for the areas not covered by the City of Alexandria' standards shall be designed to the satisfaction of Directors of T&ES and P&Z.

- i. Provide numeric summary for various areas (i.e., roadway, walkway/ sidewalk, alley, and parking lot, etc.) in the proposed development.
- j. Upon installation of all exterior light fixtures for the site, the applicant shall provide photographs of the site demonstrating compliance with this condition.
- k. Full cut-off lighting shall be used at the development site to prevent light spill onto adjacent properties. (P&Z)(T&ES)(RP&CA)(Police)(BAR)(City Council)
- 127. CONDITION ADDED BY STAFF: The applicant shall perform a lighting test and provide test results to verify compliance with Code of Ordinances Section 13-1-3 as a condition of issuance of a certificate of occupancy. *** (DSUP2017-0016)
- 128. CONDITION ADDED BY STAFF: If the City of Alexandria receives complaints on lighting levels after the commissioning of the lights and prior to the release of the performance bond then the applicant shall make additional improvements to adjust lighting levels to the satisfaction of the Director of T&ES to comply with Section 13-1-3 of the City Code. (DSUP2017-0016)
- 129. <u>CONDITION ADDED BY STAFF:</u> Athletic field lighting shall be operated only by ACPS staff or ACPS-authorized persons. (DSUP2017-0016)
- 130. CONDITION DELETED BY PLANNING COMMISSION: CONDITION ADDED

 BY STAFF: Athletic field lighting used for ACPS academic and athletic programs, such as practices, shall be turned off no later than one half-hour after the activity ends. In no case shall athletic field lighting for this use be turned off later than 8:30 PM. (DSUP2017-0016)
- 131. CONDITION ADDED BY STAFF: Athletic field lighting used for ACPS athletic events, academic and athletic programs such as practices, and other ACPS-approved events shall be turned off no later than 15 minutes after the activity ends. In no case shall athletic field lighting be turned off later than 10:15 PM Monday through Saturday, and 8:30 PM on Sunday. Events held Monday through Thursday will be restricted to ACPS interscholastic sports team games and practices. A schedule for events requiring lighting will be provided and posted publicly by ACPS prior to the start of each athletic season. (DSUP2017-0016)

XV. NOISE

132. CONDITION ADDED BY STAFF: Athletic field sound system(s) shall be operated only by ACPS staff or other ACPS-authorized persons during scheduled ACPS athletic events or ACPS-approved events, in accordance with the times stated in Condition 131 above. Team practices and training that occur Monday through Thursday during times when use of the lighting system is necessary shall not utilize the public address (amplification) system, nor broadcast music through the public address or other portable amplification system. (DSUP2017-0016)

- 133. CONDITION ADDED BY PLANNING COMMISSION: ACPS shall engage an outside consultant to measure noise generated by representative athletic events a minimum of once per athletic season and provide the results of each test, in comparison to the noise ordinance of the City, to the T.C. Williams Neighborhood Forum, Department of Planning and Zoning, and Department of Transportation and Environmental Services. (P&Z) (PC) (DSUP2017-0016)
- 134. CONDITION ADDED BY STAFF: The applicant shall perform a sound system test and provide test results to verify compliance with the residential standards of the Code of Ordinances Title 11 Chapter 5 as a condition of issuance of a certificate of occupancy and must conform with the sound study provided with the DSUP application which shows conformance with maximum residential use area decibel limits. *** (DSUP2017-0016)
- 135. CONDITION ADDED BY STAFF: Athletic field sound system(s) shall be operated only by ACPS staff or authorized persons during scheduled ACPS athletic events or ACPS-approved events, in accordance with the times stated in Condition 131 above. (DSUP2017-0016)

XVI. PHASING

- 136. The applicant shall prepare and submit with the final site plan a detailed phasing plan and construction management plan for the entire project for review and approval by the Directors of P&Z, T&ES RP&CA and Code Enforcement, whose approval is required prior to approval and partial release of Erosion and Sediment Control for the final site plan. In addition, building and construction permits required for site preconstruction shall be permitted prior to release of the final site plan to the satisfaction of the Director of T&ES. At a minimum, the plan shall include the following: (DSUP2002-0044 & DSUP2013-0014)
 - a. Phasing for each portion of the project and for each required public service, installation or improvement (streets, traffic signals, vehicular traffic circulation, including service vehicles, student pick-up and drop-off sidewalks, etc.).
 - b. A Traffic Control Plan detailing proposed controls to traffic movement, lane closures, construction entrances, haul routes, and storage and staging.
 - c. A plan for temporary pedestrian and vehicular circulation during construction. The plan shall identify temporary sidewalks, fencing around the site and any other features necessary to ensure safe pedestrian and vehicular travel around the site during construction, (including temporary sidewalks), including methods for constructing the parking garage without disturbing pedestrian access from completed portions of the project, and a plan for school bus loading and unloading.
 - d. A plan for parking for students, teachers, staff and visitors, with signage, pedestrian access, and proper installation.
 - e. A plan for parking for construction workers. The developer shall secure off-street locations for all construction workers to park without charge and shall provide a minimum transit subsidy of 50% of the fees_to workers for utilizing Metro, DASH, or another form of mass transit to the site. Van pools or other methods of providing for

construction workers to arrive at the site should also be encouraged. This plan shall set forth, for example, the location of the parking to be provided at various stages of construction, the number of spaces will be provided, the estimated number of construction workers to be assigned to the work site, and mechanisms which will be used to encourage the use of Metro, carpooling, vanpooling, and other similar efforts.

- f. Provisions for the following:
 - i. Temporary utility plan
 - ii. Temporary stormwater management facilities
 - iii. Safety and security issues
 - iv. Noise, and impacts on neighbors
 - v. Emergency vehicle access and fire department water supply
 - vi. Tree protection
- g. All other phasing details deemed necessary by the Directors of P&Z, T&ES RP&CA and Code Enforcement.
- h. Include analysis as to whether temporary street lighting is needed on the site and how it is to be installed.
- i. Include the overall schedule for construction and the hauling route;
- j. Copies of the plan shall be posted in the construction trailer and given to each subcontractor before they commence work;
- k. Provide for the location on the construction site at which information will be posted regarding Metro schedules and routes, bus schedules and routes;
- 1. If the plan is found to be violated during the course of construction, citations will be issued for each infraction and a correction notice will be forwarded to the applicant. If the violation is not corrected within five (5) calendar days, a "stop work order" will be issued, with construction halted until the violation has been corrected. .* (P&Z) (T&ES)
- 137. Before commencing any clearing or grading of the site, the applicant shall hold a meeting with members of the Construction Advisory Committee to review the hauling route, location of construction worker parking, plan for temporary pedestrian and vehicular circulation, and hours and overall schedule for construction. The Departments of P&Z, RP&CA and T&ES shall be notified of the date of the meeting upon issuance of the permit. Copies of plans showing the hauling route, construction worker parking and temporary pedestrian and vehicular circulation shall be posted in the construction trailer and given to each subcontractor before they commence work on the project. (P&Z) (RP&CA) (T&ES) (DSUP2002-0044)
- 138. A temporary informational sign shall be installed on the site prior to approval of the final site plan for the project and shall be displayed until construction is complete; the sign shall notify the public of the nature of the upcoming project and shall provide a phone number for public questions regarding the project. (P&Z) (DSUP2002-0044)
- 139. Temporary construction trailer(s) or modular buildings shall be permitted and be subject to the approval of the Director of P&Z, RP&CA and Code Enforcement. (P&Z) (Code) (DSUP2002-0044)

XVII. ARCHAEOLOGY

- 140. CONDITION ADDED BY STAFF: Call Alexandria Archaeology immediately (703-746-4399) if any buried structural remains (wall foundations, wells, privies, cisterns, etc.) or concentrations of artifacts are discovered during development. Work must cease in the area of the discovery until a City archaeologist comes to the site and records the finds. The language noted above shall be included on all final site plan sheets involving any ground disturbing activities. (Archaeology) (DSUP2017-0016)
- 141. CONDITION ADDED BY STAFF: The applicant shall not allow any metal detection and/or artifact collection to be conducted on the property, unless authorized by Alexandria Archaeology. Failure to comply shall result in project delays. The language noted above shall be included on all final site plan sheets involving any ground disturbing activities. (Archaeology) (DSUP2017-0016)

CITY DEPARTMENT COMMENTS

Legend: C - code requirement R - recommendation S - suggestion F - finding

<u>Transportation and Environmental Services</u>

- C- 1 Bond for the public improvements must be posted prior to release of the plan, if applicable.
- C- 2 All downspouts must be connected to a storm sewer by continuous underground pipe.
- C- 3 Plans and profiles of utilities and roads in public easements and/or public right-of-way must be approved prior to release of the plan.
- C- 4 All drainage facilities must be designed to the satisfaction of T&ES. Drainage divide maps and computations must be provided for approval.
- C- 5 (a) Per the requirements of Section 5-3-2, Article A, Chapter 3 of the City of Alexandria Code, all new customer utility services, extensions of existing customer utility services and existing overhead customer utility services supplied by any existing overhead facilities which are relocated underground shall, after October 15, 1971 be installed below the surface of the ground except otherwise exempted by the City Code and to the satisfaction of the Director, Department of Transportation and Environmental Services. (b) Per the requirements of Section 5-3-3, Article A, Chapter 3 of the City of Alexandria Code, all new installation or relocation of poles, towers, wires, lines, cables, conduits, pipes, mains, and appurtenances used or intended to be used to transmit or distribute any service such as electric current, telephone, telegraph, cable television, traffic control, fire alarm, police communication, gas, water, steam or petroleum, whether or not on the streets, alleys, or other public places of the City shall, after October 15, 1971, be installed below the surface of the ground or below the surface in the case of bridges and elevated highways except otherwise exempted by the City Code and to the satisfaction of Director, Department of Transportation and Environmental Services. (T&ES)
- C- 6 Provide site lighting plan to meet minimum city standards.
- C- 7 The applicant must comply with the Article XIII of the City of Alexandria Zoning Ordinance, which includes requirements for storm water pollutant load reduction, treatment of the water quality volume default, and storm water quantity management.
- C- 8 The applicant shall comply with the City of Alexandria's Noise Control Code, Title 11, Chapter 5, which sets the maximum permissible noise levels as measured at the property line.
- C- 9 <u>COMMENT ADDED BY STAFF:</u> The Applicant shall install the proposed loudspeaker system identified in the January 22, 2018 report. (DSUP2017-0016)

- C- 10 **COMMENT ADDED BY STAFF:** The Applicant shall hold a meeting with the community and the Community Advisory Committee to present the findings of this noise study and the proposed loudspeaker system prior to its installation. (DSUP2017-0016)
- C- 11 The applicant must comply with the City of Alexandria, Erosion and Sediment Control Code, Section 5, Chapter 4.
- C- 12 All required permits from Virginia Department of Environmental Quality, Environmental Protection Agency, Army Corps of Engineers, Virginia Marine Resources must be in place for all project construction and mitigation work prior to release of the final site plan. This includes the state requirement for a VSMP permit for all construction activities greater than 2500 SF.
- C- 13 Per the requirements of the City of Alexandria Zoning Ordinance Article XI, the applicant shall complete a drainage study and adequate outfall analysis for the total drainage area to the receiving sewer that serves the site. If the existing storm system is determined to be inadequate then the applicant shall design and build on-site or off-site improvements to discharge to an adequate outfall; even if the post development storm water flow from the site is reduced from the pre-development flow. The Plan shall demonstrate to the satisfaction of the Director of T&ES that a non-erosive stormwater outfall is present. (T&ES)
- C- 14 Per the requirements of the City of Alexandria Zoning Ordinance (AZO) Article XIII, the applicant shall comply with the peak flow requirements and prepare a Stormwater Management Plan so that from the site, the post-development peak runoff rate form a two-year storm and a ten-year storm, considered individually, shall not exceed their respective predevelopment rates. If combined uncontrolled and controlled stormwater outfall is proposed, the peak flow requirements of the Zoning Ordinance shall be met. If the project site lies within the Braddock-West watershed then the applicant shall provide an additional 10% storage of the pre-development flows in this watershed to meet detention requirements. (T&ES)
- C- 15 Per the requirements of Article 13-113 (d) of the AZO, all stormwater designs that require analysis of pressure hydraulic systems, including but not limited to the design of flow control structures and storm water flow conveyance systems shall be signed and sealed by a professional engineer, registered in the Commonwealth of Virginia. The design of storm sewer shall include the adequate outfall, inlet, and hydraulic grade line (HGL) analyses that shall be completed to the satisfaction of the Director of T&ES. Provide appropriate reference and/or source used to complete these analyses. (T&ES)
- C- 16 Location of customer utility services and installation of transmission, distribution and main lines in the public rights of way by any public service company shall be governed by franchise agreement with the City in accordance with Title 5, Chapter 3, Section 5-3-2 and Section 5-3-3, respectively. The transformers, switch gears, and boxes shall be located outside of the public right of way. (T&ES)

- C- 17 The applicant shall be responsible to deliver all solid waste, as defined by the City Charter and Code of the City of Alexandria, to the Covanta Energy Waste Facility located at 5301 Eisenhower Avenue. A note to that effect shall be included on the plan. The developer further agrees to stipulate in any future lease or property sales agreement that all tenants and/or property owners shall also comply with this requirement. (T&ES)
- C- 18 All easements and/or dedications must be recorded prior to release of the site plan.* (T&ES)
- C- 19 Provide a phased erosion and sediment control plan consistent with grading and construction plan. (T&ES)
- C- 20 Per the Memorandum to Industry, dated July 20, 2005, the applicant is advised regarding a requirement that applicants provide as-built sewer data as part of the final as-built process. Upon consultation with engineering firms, it has been determined that initial site survey work and plans will need to be prepared using Virginia State Plane (North Zone) coordinates based on NAD 83 and NAVD 88. Control points/Benchmarks which were used to establish these coordinates should be referenced on the plans. To insure that this requirement is achieved, the applicant is requested to prepare plans in this format including initial site survey work if necessary. (T&ES)
- C- 21 The thickness of sub-base, base, and wearing course shall be designed using "California Method" as set forth on page 3-76 of the second edition of a book entitled, "Data Book for Civil Engineers, Volume One, Design" written by Elwyn E. Seelye. Values of California Bearing Ratios used in the design shall be determined by field and/or laboratory tests. An alternate pavement section for Emergency Vehicle Easements (EVE) to support H-20 loading designed using California Bearing Ratio (CBR) determined through geotechnical investigation and using Virginia Department of Transportation (VDOT) method (Vaswani Method) and standard material specifications designed to the satisfaction of the Director of Transportation and Environmental Services (T&ES) will be acceptable. (T&ES)
- C- 22 All pedestrian, traffic, and way finding signage shall be provided in accordance with the Manual of Uniform Traffic Control Devices (MUTCD), latest edition to the satisfaction of the Director of T&ES. (T&ES)
- C- 23 All sanitary laterals and/or sewers not shown in the easements shall be owned and maintained privately. (T&ES)
- F-1 Indicate pipe sizes and add flow arrows for storm and sanitary sewer lines.
- F-2 Indicate horizontal clearances between utilities in rear of building. Provide minimum 5' clearances between utilities to adequately construct and maintain each utility.
- F-3 Since the record drawings, maps, and other documents of the City of Alexandria, State, and Federal agencies show the true north pointing upwards, therefore, the Site Plan shall

show the true north arrow pointing upward as is customary; however, for the sake of putting the plan together and/or ease of understanding, the project north arrow pointing upward, preferably east, or west may be shown provided it is consistently shown in the same direction on all the sheets with no exception at all. The north arrow shall show the source of meridian. The project north arrow pointing downward will not be acceptable even if, it is shown consistently on all the sheets. (T&ES)

F-4 The Final Site Plan must be prepared per the requirements of Memorandum to Industry 02-09 dated December 3, 2009, Design Guidelines for Site Plan Preparation, which is available at the City's following web address:

http://alexandriava.gov/uploadedFiles/tes/info/Memo%20to%20Industry%20No.%2002-09%20December%203,%202009.pdf

- F-5 The plan shall show sanitary and storm sewer, and water line in plan and profile in the first final submission and cross reference the sheets on which the plan and profile is shown, if plan and profile is not shown on the same sheet. Clearly label the sanitary and storm sewer, or water line plans and profiles. Provide existing and proposed grade elevations along with the rim and invert elevations of all the existing and proposed sanitary and storm sewer at manholes, and water line piping at gate wells on the respective profiles. Use distinctive stationing for various sanitary and storm sewers (if applicable or required by the plan), and water line in plan and use the corresponding stationing in respective profiles. (T&ES)
- F-6 The Plan shall include a dimension plan with all proposed features fully dimensioned and the property line clearly shown. (T&ES)
- F-7 Include all symbols, abbreviations, and line types in the legend. (T&ES)
- F-8 All storm sewers shall be constructed to the City of Alexandria standards and specifications. Minimum diameter for storm sewers shall be 18" in the public Right of Way (ROW) and the minimum size storm sewer catch basin lead is 15". The acceptable pipe materials will be Reinforced Concrete Pipe (RCP) ASTM C-76 Class IV. Alternatively, AWWA C-151 (ANSI A21.51) Class 52 may be used if approved by the Director of T&ES. For roof drainage system, Polyvinyl Chloride (PVC) ASTM D-3034-77 SDR 26 and ASTM 1785-76 Schedule 40 pipes will be acceptable. The acceptable minimum and maximum velocities will be 2.0 fps and 15 fps, respectively. The storm sewers immediately upstream of the first manhole in the public Right of Way shall be owned and maintained privately (i.e., all storm drains not shown within an easement or in a public Right of Way shall be owned and maintained privately). (T&ES)
- F-9 All sanitary sewers shall be constructed to the City of Alexandria standards and specifications. Minimum diameter of sanitary sewers shall be 10" in the public Right of Way and sanitary lateral 6" for all commercial and institutional developments; however, a 4" sanitary lateral will be acceptable for single family residences. The acceptable pipe materials will be Polyvinyl Chloride (PVC) ASTM D-3034-77 SDR 26, ASTM 1785-76 Schedule 40, Ductile Iron Pipe (DIP) AWWA C-151 (ANSI A21.51) Class 52, or

reinforced concrete pipe ASTM C-76 Class IV (For 12" or larger diameters); Class III may be acceptable on private properties. The acceptable minimum and maximum velocities will be 2.5 fps and 10 fps, respectively. Laterals shall be connected to the sanitary sewer through a manufactured "Y" or "T" or approved sewer saddle. Where the laterals are being connected to existing Terracotta pipes, replace the section of main and provide manufactured "Y" or "T", or else install a manhole.

- F-10 Lateral Separation of Sewers and Water Mains: A horizontal separation of 10' (edge to edge) shall be provided between a storm or sanitary sewer and a water line; however, if this horizontal separation cannot be achieved then the sewer and water main shall be installed in separate trenches and the bottom of the water main shall be at least 18" above of the top of the sewer. If both the horizontal and vertical separations cannot be achieved then the sewer pipe material shall be Ductile Iron Pipe (DIP) AWWA C-151 (ANSI A21.51) Class 52 and pressure tested in place without leakage prior to installation.(T&ES)
- F-11 Crossing Water Main Over and Under a Sanitary or Storm Sewer: When a water main over crosses or under crosses a sanitary / storm sewer then the vertical separation between the bottom of one (i.e., sanitary / storm sewer or water main) to the top of the other (water main or sanitary / storm sewer) shall be at least 18" for sanitary sewer and 12" for storm sewer; however, if this cannot be achieved then both the water main and the sanitary / storm sewer shall be constructed of Ductile Iron Pipe (DIP) AWWA C-151 (ANSI A21.51) Class 52 with joints that are equivalent to water main standards for a distance of 10 feet on each side of the point of crossing. A section of water main pipe shall be centered at the point of crossing and the pipes shall be pressure tested in place without leakage prior to installation. Sewers crossing over the water main shall have adequate structural support (concrete pier support and/or concrete encasement) to prevent damage to the water main. Sanitary sewers under creeks and storm sewer pipe crossings with less than 6" clearance shall be encased in concrete. (T&ES)
- F-12 No water main pipe shall pass through or come in contact with any part of sanitary / storm sewer manhole. Manholes shall be placed at least 10 feet horizontally from the water main whenever possible. When local conditions prohibit this horizontal separation, the manhole shall be of watertight construction and tested in place. (T&ES)
- F-13 Crossing Existing or Proposed Utilities: Underground telephone, cable T.V., gas, and electrical duct banks shall be crossed maintaining a minimum of 12" of separation or clearance with water main, sanitary, or storm sewers. If this separation cannot be achieved then the sewer pipe material shall be Ductile Iron Pipe (DIP) AWWA C-151 (ANSI A21.51) Class 52 for a distance of 10 feet on each side of the point of crossing and pressure tested in place without leakage prior to installation. Sanitary/storm sewers and water main crossing over the utilities shall have adequate structural support (pier support and/or concrete encasement) to prevent damage to the utilities. (T&ES)
- F-14 Show the drainage divide areas on the grading plan or on a sheet showing reasonable information on topography along with the structures where each sub-area drains. (T&ES)

- F-15 Provide proposed elevations (contours and spot shots) in sufficient details on grading plan to clearly show the drainage patterns. (T&ES)
- F-16 All the existing and proposed public and private utilities and easements shall be shown on the plan and a descriptive narration of various utilities shall be provided. (T&ES)
- F-17 The Traffic Control Plan shall replicate the existing vehicular and pedestrian routes as nearly as practical and the pedestrian pathway shall not be severed or moved for non-construction activities such as parking for vehicles or the storage of materials or equipment. Proposed traffic control plans shall provide continual, safe and accessible pedestrian pathways for the duration of the project. (T&ES)
- F-18 **FINDING ADDED BY STAFF:** T&ES/OEQ reviewed the noise study conducted by Acoustical Design Collaborative, Ltd. that was dated January 8, 2018 and the report on the proposed loudspeaker system dated January 22, 2018 by the same company. (T&ES) (DSUP2017-0016)
- F-19 FINDING ADDED BY STAFF: Overall, the noise study appeared to be conducted rigorously and the results showed deficiencies in the existing loudspeaker system. The proposed loudspeaker system appeared to be significantly better than the existing counterpart in terms of conforming to the City's noise code and providing less impacts to the neighboring residential properties. (T&ES) (DSUP2017-0016)

AlexRenew

- F-1 AlexRenew has no comments on the major amendment DSUP2013-00014.
- C-1 <u>COMMENT ADDED BY STAFF:</u> Ensure all discharges are in accordance with City of Alexandria Code Title 5, Chapter 6, Article B. (DSUP2017-0016)
- C-2 <u>COMMENT ADDED BY STAFF:</u> The Applicant shall coordinate with the City of Alexandria T&ES to ensure that planned flow capacity does not exceed City of Alexandria allotted AlexRenew plant capacity, nor exceed capacity in AlexRenew Holmes Run Trunk Sewer during wet and average flow conditions. (DSUP2017-0016)
- C-3 <u>COMMENT ADDED BY STAFF:</u> Dewatering and other construction related discharge limits could be regulated by AlexRenew Pretreatment. Engineer/Owner is required to contact Alexandria Renew Enterprises (AlexRenew) Pre-Treatment Coordinator at (703) 549-3382. (DSUP2017-0016)

VAWC

F-1 The existing 8" main on drive way is private (special connection agreement #1541 provided to applicant for reference). If connected to this main, the proposed 1.5" domestic service line will be private too. Developer may install this service line (copper, Type L). VAW will only own and install a 36" meter box and 1.5" meter (& setting). Please send us "Application for Estimate" form before construction. Resubmission of plan to VAWC is not required.

Code Enforcement

- C-1 A comprehensive geological study is required to determine site appropriateness for the proposed structure. Acknowledged by applicant. Study is underway. Plan should be submitted as part of preliminary site plan submittal. Report submitted to Code Enforcement Engineering. Report will be reviewed at time of submission of building plans. (DSUP2002-0044)
- C-2 All independent automatic sprinkler systems shall be equipped with two independent fire department connections (FDC). Each FDC shall be located on an opposite side of the structure where appropriate and to the satisfaction of the fire department. Acknowledged by applicant. Plans do not show locations of fire department connections (FDC) for garage and high school. FDC locations shall be shown on plans. See C-2 above. Fire line for garage sprinkler system is not shown. Show fire line on plans. Condition met, fire line shown on plans. (DSUP2002-0044)
- C-3 Fire flow data for the affected area will need to be provided at the time of plan submittal Acknowledged by applicant. The applicant should provide the required fire flow data as early as possible in order to identify and address any potential fire flow issues that may arise Not submitted. A Fire Flow Analysis shall not consist solely of information provided by Virginia American Water Company. See attached specifications for what information is required for a Fire Flow Analysis. (DSUP2002-0044)
- C-4 Fire Hydrants shall be located at least 40 feet from all buildings serviced by the hydrant. Agreed by applicant. Site requires additional hydrants and relocation of several proposed hydrants. See attached plan. Revised hydrant distribution is acceptable. However, revised plan show extended median for bus loop which now obstructs hydrant accessibility. Applicant shall clarify how extended median and traffic pattern is to work. The new configuration may require an additional fire hydrant to provide proper coverage as a result of this change. Relocate fire hyrant by bleachers as shown on attached plan. Hydrant should be located next to school building by corner entering bus loop. Revised bus loop plan is acceptable for fire apparatus access. (DSUP2002-0044)
- C-5 Hydrants shall be located within 100 feet of each FDC. FDCs are not shown on plan. FDCs shall be shown on plan for proper review. **Condition met.** (DSUP2002-0044)

- C-6 Revised EVE plan provides 360 degree EVE access. Extend transition area at rear corner of school by shops to provide a more entrance and recovery into corner turn. Revised rear turning easement by shop area is acceptable. The proposed gates along the rear E.V.E. shall be equipped with the following measures subject to approval by the Director of Code Enforcement:
 - A siren activation system which will unlock and open the security gates upon initiation of a yelp signal from the fire apparatus siren.
 - A key override system keyed to the Knox Box system for the City of Alexandria which will unlock and open the security gates upon insertion of a Know Box Key approved by the City of Alexandria.
 - Gates shall open upon activation of the school's fire alarm system. (DSUP2002-0044)
- C-7 Construction phasing of this project shall incorporate the highest safety provisions for the safeguarding of the student and adult population of the existing facility during the construction of the new structure. Acknowledged by applicant. The preliminary phasing plan does not address emergency vehicle access to the sites. The applicant shall address fire access to both the proposed structure, existing structure and proposed trailers. Sufficient fire access shall be provided not only to access these areas but to turnaround and depart these areas. Fire access areas shall conform to H-20 vehicle rating standards. Phasing plan submitted does not address H20 loading concerns. Plan should also show hydrant accessibility to meet 300 ft. maximum travel distance to effected structures and trailers. The proposed plans PH1-4 and C-19 are inconsistent with each other. Sheet C-19 showsthe use of the track as an E.V.E. PH-1 through 4 show differing routes used as a E.V.E. The plans shall complement each other in order to conduct a proper review. The proposed plan (C-19) requires an additional hydrant to be installed beyond the proposed hydrant to meet the proper hydrant coverage criteria. See attached drawings. The hydrant shall be installed near the south bleachers. Verify the track meets H-20 loading for fire apparatus. Ghosted drawings obstruct the proposed E.V.E. in the track. No trailers shall obstruct the track area. The proposed use of the shop hydrant as part of the hydrant coverage is not acceptable. The hydrant will be obstructed by fencing and is not readily accessible to fire apparatus. The applicant shall look at alternative means to meet the hydrant coverage issues in this area. The temporary E.V.E. at the rear of the existing school shall be extended as noted on plans PH-1 and PH-2. (DSUP2002-0044)
- C-8 Section B-B shows a pedestrian bridge from the parking structure to the main school building. This bridge is not shown on any other sheets in the submitted plans. Reflect all overhead structures in submitted drawings. Applicant states there will be no pedestrian bridge in this area. **Condition met.** (DSUP2002-0044)
- C-9 A separate tap is required for the building fire service connection. Show fire tap on plans. Fire tap shown for high school. No fire tap shown for garage. Show tap for garage fire line. **Condition met. Fire tap shown on plans.** (DSUP2002-0044)

- C-10 New construction must comply with the current edition of the Uniform Statewide Building Code (USBC). Show note on plans. Note not shown on plans. **Show note on site plan in addition to sheet LS1.01.** (DSUP2002-0044)
- C-11 The developer shall provide a building code analysis with the following building code data on the plan: a) use group; b) number of stories; c) type of construction; d) floor area per floor; e) fire protection plan. Provide analysis on plans. Analysis provided. **Condition met.** (DSUP2002-0044)
- C-12 The developer shall provide a separate Fire Service Plan which illustrates: a) emergency ingress/egress routes to the site; b) two fire department connections (FDC) to the building, one on each side/end of the building; c) fire hydrants located within on hundred (100) feet of each FDC; d) on site fire hydrants spaced with a maximum distance of three hundred (300) feet between hydrants and the most remote point of vehicular access on site; e) emergency vehicle easements (EVE) around the building with a twenty-two (22) foot minimum width; f) all Fire Service Plan elements are subject to the approval of the Director of Code Enforcement. Include fire service plans as part of complete plan set. Fire Service plan provided. Condition met. (DSUP2002-0044)
- C-13 The final site plans shall show placement of fire easement signs. **Not Shown to date.** (DSUP2002-0044)
- C-14 A Certificate of occupancy shall be obtained prior to any occupancy of the building or portion thereof, in accordance with USBC 118.0. (DSUP2002-0044)
- C-15 A fire prevention code permit is required for the proposed operation. **Agreed by applicant.** (DSUP2002-0044)
- C-16 This structure contains mixed use groups and is subject to the mixed use and occupancy requirements of USBC. **Agreed by applicant.** (DSUP2002-0044)
- C-17 Required exits, parking, and accessibility within the building for persons with disabilities must comply with USBC Chapter 11. Handicapped accessible bathrooms shall also be provided. Show accessibility items on plan. Indicate if handicap parking in garage is for staff and visitors. If provided for staff only, additional handicap parking will be required. Handicap accessible restroom facilities will be required for temporary trailers. Condition met. Handicap parking in garage serves both staff and visitors per applicant. Applicant acknowledges provision for handicap facilities for temporary trailers. (DSUP2002-0044)
- C-18 The public parking garage floor must comply with USBC and drain through oil separators or traps to avoid accumulation of explosive vapors in building drains or sewers as provided for in the plumbing code. Floors of public garages must be graded to drain through oil separators or traps to avoid accumulation of explosive vapors in building drains or sewers.

 Agreed by applicant. (DSUP2002-0044)

- C-19 Prior to the issuance of a demolition permit or land disturbance permit, a rodent abatement plan shall be submitted to Code Enforcement that will outline the steps that will taken to prevent the spread of rodents from the construction site to the surrounding community and sewers. Show note on plans. Note not shown on plans. **Condition Met, Shown as note on sheets C-03 through C-05.** (DSUP2002-0044)
- C-20 Roof drainage systems must be installed so as neither to impact upon, nor cause erosion/damage to adjacent property. **Agreed by applicant.** (DSUP2002-0044)
- C-21 Sheeting and shoring shall not extend beyond the property line; except when the developer has obtained a written release from adjacent property owners which has been recorded in the land records; or through an approved encroachment process. **Agreed by applicant.** (DSUP2002-0044)
- C-22 A soils report must be submitted with the building permit application. **Agreed by applicant.** (DSUP2002-0044)
- C-23 The applicant shall provide a continuous Emergency Vehicle Easement (EVE) around the entire building, including the rear and sides. **This has been met.** (DSUP2002-0044)
- C-24 Roadways and paved areas located next to the school structure shall be deemed emergency vehicle easements. **This has been met.** (DSUP2002-0044)

Fire Department

- F-1 FINDING ADDED BY STAFF: The following comments are for preliminary review only. Additional comments may be forthcoming once the Applicant provides supplemental information for review. Please direct any questions to Maurice Jones at 703-746-4256 or maurice.jones@alexandriava.gov. Previously acknowledged by applicant. (DSUP2017-0016)
- C-1 COMMENT ADDED BY STAFF: The Applicant shall provide two wet stamped copies of the fire flow analysis performed by a certified licensed fire protection engineer to assure adequate water supply for the structure being considered. The two copies shall be submitted to Alexandria Fire Department, Fire Prevention, C/O A. Maurice Jones, Jr. 900 Second Street, Alexandria, Va. 22314. Applicant will provide at final site plan. (DSUP2017-0016)

Police

F-1 No lighting plan submitted.

The following recommendation related to site lighting has not been included as a condition; rather, staff has recommended that the applicant prepare a lighting plan

- to the satisfaction of the Director of T&ES in consultation with the Chief of Police, which will likely result in lower lighting levels than recommended by the Police. (DSUP2002-0044)
- R-3 The lighting for sidewalks, parking lots, and all common areas is to be a minimum of 2.0 foot candles minimum maintained. Lighting for the garage is to be a minimum of 2.0 foot candles minimum maintained. These lights are to be controlled by timers to go off at a time decided by school officials, depending on activities on any given night.
 - The following recommendation related to trees and shrubs has been included as conditions, but modified to allow for evergreen trees not to be limbed, and for shrubs used for screening, for example, adjacent to neighboring homes, to be taller than 36 inches. (DSUP2002-0044)
- R-7 Shrubbery is to have a maximum of 36 inches when it matures. Trees planted on the site in most cases are to be limbed up a minimum of six feet as they mature. This will allow for the optimum level of natural surveillance. (DSUP2002-0044)

Recreation, Parks and Cultural Activities

F-1 The outdoor play area for the day care facility should be reviewed, including the 95 grade spot at the entrance stairs. (DSUP2002-0044)

Archaeology

- F-1 FINDING ADDED BY STAFF: According to historic maps and documentary information, the proposed project area was once part of an African-American community known as Macedonia that developed in the immediate vicinity of the project area after the Civil War. With Oakland Baptist Church located on the adjacent property to the northwest, and Donaldson's Store across the street from the church, the project area is situated within the hub of a once thriving community. A 1927 aerial map depicts at least four main dwellings and a host of outbuildings on the project area, two fronting on King Street and two others set off from the street. Therefore, the project area may contain archaeological evidence of the development of post-Civil War Alexandria, particularly pertaining to African-American history. (DSUP2017-0016)
- F-2 **FINDING ADDED BY STAFF:** The original T.C. Williams School was built in the 1960s. The main building once stood where parking garage is now located, and a parking lot covered much of the proposed project area. When the new school was built a few years ago the project area was transformed into a playing field. Given its uses as a parking lot and playing field, the project area may retain a high level of archaeological integrity. (DSUP2017-0016)

- F-3 FINDING ADDED BY STAFF: Although the proposed project area is located in what was once a significant African-American neighborhood in the late nineteenth and early twentieth century, the proposed plan for a stadium renovation will involve little to no grading since it as we understand the plans for the stadium renovation, there will be negligible ground disturbance for this project and the current elevations will be largely retained. If so, there will be minimal impact to the underlying soils, and thereby no adverse effect to any potential archaeological remains that may exist underneath. (DSUP2017-0016)
- F-4 **FINDING ADDED BY STAFF:** If this project is a federal undertaking or involves the use of any federal funding, the applicant shall comply with federal preservation laws, in particular Section 106 of the National Historic Preservation Act of 1966. The applicant will coordinate with the Virginia Department of Historic Resources and the federal agency involved in the project, as well as with Alexandria Archaeology. (DSUP2017-0016)
- C-1 <u>COMMENT ADDED BY STAFF:</u> All required archaeological preservation measures shall be completed in compliance with Section 11-411 of the Zoning Ordinance. (DSUP2017-0016)

Asterisks denote the following:

- * Condition must be fulfilled prior to release of the Final Site Plan
- ** Condition must be fulfilled prior to release of the building permit
- *** Condition must be fulfilled prior to release of the certificate of occupancy
- **** Condition must be fulfilled prior to release of the bond

SUBJECT: Alexandria City Public Schools – Parker-Gray Stadium

Acoustic and Sound System Report

REVISION: 0

On 15 December 2017 Acoustical Design Collaborative, Ltd examined the site conditions and performed acoustic measurements in Parker-Gray Stadium at T.C. Williams High School in Alexandria, Virginia.

This memorandum summarizes the results of the site inspection and acoustic measurements and compares the results to the City of Alexandria Noise Ordinance. The results of the site inspection and acoustic measurements will be used to develop recommendations for a new sound system.

Description of Problems

Alexandria City Public Schools is concerned that a new sound system with the Press Box on the 'Visitor' side of the athletic field will subject adjacent residential properties to increased sound levels during athletic events.

Site Observations

Parker-Gray Stadium is located at the southwest corner of the T.C. Williams High School property. The athletic field's long dimension is oriented southeast-northwest, with the southmost edge of the running track approximately 22 feet from the south property line and the westmost edge of the running track approximately 47 feet from the west property line. The south and west property lines are shared with approximately twelve (12) residential properties. Bleacher seating for the athletic field includes one (1) large 'Home' seating area on the northeast side of the field and one (1) smaller 'Visitor' seating area on the southwest side of the field. The existing Press Box is located atop the 'Home' bleachers on the northeast side of the field and measures 12'-9" deep by 18'-3" wide.

The existing loudspeaker system consists of three (3) Community Professional 'R2' large format horn loudspeakers mounted to the roof of the Press Box, one (1) located at each end of the Press Box and one (1) located in the center of the Press Box. As the Press Box is not nearly as wide as the bleacher seating, the loudspeakers mounted on the ends are installed aimed outward to attempt to provide sound coverage to the outside ends of the 'Home' bleachers. See Image 1. Loudspeakers serving the 'Visitor' bleacher seats are annunciation horns and were not functional during the site inspection. See Image 2.

Image 1: Existing Press Box and loudspeakers at 'Home' bleachers. Note poor aiming of the loudspeakers

Image 2: Existing 'Visitor' seating and associated loudspeakers (loudspeakers not functional)

Existing sound system equipment is installed in an equipment rack in the existing Press Box. The existing sound system components are of good quality and from reputable manufacturers, but are a bit old. The Community 'R2' loudspeakers are good quality, but they are available in a variety of coverage patterns and the specific coverage patterns are unknown. The installation of the existing Community 'R2' loudspeakers above the Press Box is not ideal regardless of coverage pattern. The loudspeakers are located too low and too close together, requiring aiming up and out towards the property lines for better coverage.

Acoustic Measurements and Results

A Norsonic NOR-118 sound analyzer with a Norsonic Type 1206 preamplifier and Type 1225 free-field microphone were used to collect the acoustic data. The sound analyzer and microphone were calibrated with a Norsonic Type 1251 acoustic calibrator prior to and after performing the acoustical measurements. For all measurements, the microphone was positioned 4 ft above the ground. The outdoor temperature was approximately 31 degrees Fahrenheit with a relative humidity of about 50 percent. Weather conditions were overcast with a light wind speed of approximately 5-6 miles per hour.

Acoustic measurements included octave band sound levels and speech intelligibility (STI). Pink noise was injected directly into the sound system to measure sound levels from the loudspeaker system. One (1) reference sound level measurement was performed in the center of the 'Home' bleachers seating area with the sound system gain setting (volume) adjusted to a 'typical' level for athletic events. This was used as the 'Source' sound level. While the pink noise was still being emitted from the loudspeaker system, and without adjusting the sound system gain, sound level measurements were repeated at ten (10) positions along the property line. One (1) sound level measurement was performed without the sound system operating to establish an ambient noise level reference. See the enclosed, marked-up site plan indicating measurement positions. Finally, a special STI signal was injected directly into the sound system at the same gain setting and radiated by the 'Home' loudspeakers. The speech intelligibility was measured at twelve (12) locations in the 'Home' bleachers.

Sound Levels

Figure 1 shows the sound levels of the loudspeaker system measured at property line locations compared to the 'Source' measurement in the 'Home' bleachers (red line at top) and the City of Alexandria Noise Ordinance maximum sound level exposure for residential properties (black line). The ambient noise level measured in the 'Home' bleachers with the loudspeaker system off is the blue line at the bottom.

Measurements indicate that the existing loudspeaker system exceeds the residential noise ordinance from approximately 500 Hz to 4,000 Hz for nearly all positions with exception of positions 9 and 10. Note that all sound levels were measured without functioning loudspeakers at the 'Visitor' side of the field.

Conditions affecting the measurement results are indicated for measurement positions 8, 9, and 10. Two (2) measurements were taken at position 8, one (1) in front of the trees along the property line and one (1) behind the trees. The results indicate that while the trees affect the measured frequency response, there is little effect on the overall sound level. The single-number A-weighted sound levels measured at position 8 in front of the trees and behind the trees were 57.2 dB(A) and 55.7 dB(A), respectively, indicating that the trees provided less than 2 dB of attenuation. Positions 9 and 10 are located behind the scoreboard and the existing concessions building, respectively. These noted obstacles interfere with the loudspeaker system radiation path and explain the lower sound levels measured at mid-frequency octave bands at these positions.

Figure 1. Octave Band Property Line Sound Levels

Speech Intelligibility

Figure 2 shows the measured speech intelligibility of the existing loudspeaker system in terms of the STI metric, mapped to the bleacher seating areas. While the average speech intelligibility is 0.60 STI, corresponding to a subjectively 'good' rating, Figure 2 shows that speech intelligibility is inconsistent throughout the bleacher seating sections. The speech intelligibility in the center seating sections is rated as subjectively 'excellent' while seating sections on the sides of the Press Box are subjectively 'fair' and 'poor' based on the STI scoring.

Figure 2. 'Home' Bleachers Loudspeaker System Speech Intelligibility - Individual Values

Speech intelligibility in the 'Home' bleachers is inconsistent because all loudspeakers for the bleachers are installed to the Press Box roof. This location may be adequate for the center seating sections, but the Press Box roof is too low and too far away from the side seating sections to serve them well. Despite aiming the left/right loudspeakers at the side seating sections, the majority of seats in the side seating sections are too far and too far off-axis to receive direct sound from their respective loudspeakers.

Note that while the speech intelligibility provided by the 'Home' side center loudspeaker for the center seating sections is more than adequate, the low elevation of the loudspeaker and subsequent aiming directs too much sound across the field toward adjacent residential properties.

Loudspeaker System Concepts

Locating loudspeakers serving the 'Home' bleachers at higher elevations and located distributed evenly across the front or back of the bleachers is expected to improve speech intelligibility in the seating areas and lower sound levels at the property lines. This is because the new locations would permit the loudspeakers to be aimed down at their respective seating sections as opposed to the existing system, which has the loudspeakers aimed out across the field toward the adjacent residential properties. Ideally, the loudspeakers would be located in front of the bleachers so that aiming them at the bleachers would also aim them away from the adjacent residential properties. Regardless of the location (front or back of bleachers) the loudspeakers will require dedicated mounting poles to accommodate their installation.

Loudspeakers for the 'Visitor' bleachers will need to be carefully located at the rear of the existing bleachers and aimed down and away from the adjacent residential properties. Based on our acoustic measurements and the location of the new Press Box, calculations suggest an increase in sound levels of 10 dB if the existing loudspeakers were to be relocated to the 'Visitor' side. A 10 dB increase in sound levels will subjectively sound twice as loud as the existing sound system. As low frequency propagation from loudspeakers is typically omnidirectional and mostly dependent on level, loudspeakers on the 'Visitor' side may have to be processed to reduce low frequency output. Loudspeakers with cardioid low frequency coverage patterns may also be suitable for reducing sound levels at the property lines. As with the 'Home' loudspeaker system, the 'Visitor' loudspeaker system will require dedicated poles for mounting the loudspeakers. As noted in earlier discussions, we can try to integrate a centrally-located loudspeaker into/onto the new Press Box assuming the elevation is appropriate for good sound system coverage. This may require poles mounted to the Press Box Roof.

Conclusion

The above represents our acoustic measurements and analysis of the Parker-Gray Stadium existing loudspeaker system property line sound levels. Included are initial concepts to improve the sound system and comply with the City of Alexandria Noise Ordinance.

Please contact me at 410.821.5930 or <u>pal@akustx.com</u> if you have any questions.

SUBJECT: Alexandria City Public Schools – Parker-Gray Stadium

Proposed Loudspeaker System Report

REVISION: 0

Acoustical Design Collaborative, Ltd has completed an acoustic analysis of existing and proposed loudspeaker systems for the Parker-Gray Stadium at T.C. Williams High School in Alexandria, Virginia.

This memorandum summarizes the results of our analysis and provides recommendations for a new loudspeaker system designed to meet the City of Alexandria Noise Ordinance.

Description of the Acoustic Analysis

Our report issued 08 January 2018 describes the acoustic performance of the existing loudspeaker system measured at the site compared to the Alexandria City Noise Ordinance. A computer model of the existing loudspeaker system was built as a reference with which to compare calculated results to measured results. New loudspeaker system concepts were then implemented in the computer model to determine optimum loudspeaker models, locations, and aiming angles to provide similar sound levels in the 'Home' and 'Visitor' bleachers as the existing loudspeaker system, but with improved coverage and speech intelligibility in the bleachers and lower sound levels at the property line.

The principle objective was for calculated property line sound levels to meet the City of Alexandria Noise Ordinance. Secondary to meeting the City Noise Ordinance was the goal of providing optimum sound coverage in both bleachers at the same sound level as the existing loudspeaker system currently provides in the Home bleachers.

As the City of Alexandria Noise Ordinance is critical to our analysis, we contacted the City of Alexandria's Office of Environmental Quality to verify our understanding of the City of Alexandria Noise Control Code. On

January 18th, 2018, we spoke with Lisa Goldberg from the City of Alexandria Office of Environmental Quality. Lisa confirmed that between the hours of 7am and 11pm octave band sound levels from the loudspeakers cannot exceed those listed in Table 1 at neighboring residential property lines. Outside of these hours the maximum permissible sound levels from the loudspeaker system cannot be "plainly audible at a distance of 50 feet from the source" according to Noise Code Sec. 11-5-4 (b)2. We interpret this to mean the loudspeaker system at Parker-Gray Stadium cannot be used between the hours of 11pm and 7am daily.

| Table 1. City of Alexandria Noise Code (Table III): Maximum Permissible Sound Levels - Residential | | | | |
|----------------------------------------------------------------------------------------------------|-----------------------------------|---------------------------------------|--|--|
| Maximum dB(A) | Octave Band Center Frequency (Hz) | Octave Band Sound Pressure Level (dB) | | |
| 55 | 31.5 | 70 | | |
| | 63 | 69 | | |
| | 125 | 64 | | |
| | 250 | 59 | | |
| | 500 | 53 | | |
| | 1,000 | 47 | | |
| | 2,000 | 42 | | |
| | 4,000 | 38 | | |
| | 8,000 | 35 | | |

Note that the computer modeling software we are using for our analysis cannot calculate frequencies below 100 Hz, so 31.5 Hz and 63 Hz are not reflected in this report. Our analysis is not concerned about these very low frequencies for two reasons. One, the loudspeakers associated with this analysis do not provide significant output at these frequencies as compared to higher frequencies, and, two, the lower frequencies can be attenuated with little affect on the quality of the sound system if they exceed the Noise Ordinance after installation.

Calculation Results – Existing Loudspeaker System

The existing loudspeaker system sound levels calculated at the property lines using the computer model were consistently higher than sound levels measured at the project site, particularly at higher frequencies. Table 2 lists the A-weighted sound levels, measured and calculated, for the existing loudspeaker system. Figures A1 through A11 in Appendix A compare the measured and calculated octave band sound levels for the existing loudspeaker system at the Home bleachers and all measurement locations.

| Table 2. Existing Loudspeaker System Sound Levels, Measured vs. Calculated | | | | | |
|----------------------------------------------------------------------------|---------------------|-----------------------|-----------------------|--|--|
| Location | Measured (SPL, dBA) | Calculated (SPL, dBA) | Difference (SPL, dBA) | | |
| Home Bleachers (Source) | 82.10 | 82.14 | 0.04 | | |
| Position 1 | 54.60 | 61.10 | 6.50 | | |
| Position 2 | 57.70 | 60.83 | 3.13 | | |
| Position 3 | 53.50 | 58.93 | 5.43 | | |
| Position 4 | 55.00 | 58.43 | 3.43 | | |
| Position 5 | 55.20 | 59.29 | 4.09 | | |
| Position 6 | 57.40 | 59.93 | 2.53 | | |
| Position 7 | 57.40 | 60.41 | 3.01 | | |
| Position 8 | 57.20 | 60.54 | 3.34 | | |
| Position 9 | 49.80 | 60.22 | 10.42 | | |
| Position 10 | 49.50 | 59.50 | 10.00 | | |

There are several reasons why the computer model of the existing loudspeaker system returns consistently higher sound levels at the property lines. One reason is that the exact coverage patterns of the existing loudspeakers are not known and affect the directivity of sound propagation from the Home bleachers at mid-to-high frequencies. Another factor is air absorption, which can affect sound levels at mid-to-high frequencies at large distances.

Modeling the existing loudspeaker system and comparing the results with the measured values helps to identify error in the computer model and calculated results. Modeling the existing loudspeaker system and comparing the calculated results with the measured sound levels indicates that sound levels calculated for the proposed loudspeaker system may be higher than actual sound levels measured at the site after the proposed sound system is installed.

Description of Proposed Loudspeaker System

Several different loudspeaker concepts were examined and modeled, described below for the Home and Visitor bleacher areas.

Home Bleachers

Home loudspeakers were initially modeled at the rear of the bleachers, elevated on poles at various heights, and aimed down from above to improve acoustic performance without obstructing the view of the field. Multiple iterations of this concept with two, three, four, and five loudspeakers were analyzed. Unfortunately, while the acoustic performance was consistently better than the existing loudspeaker system, software calculations for the best of these iterations indicated that the property line sound levels would have been at the Noise Ordinance limits without considering the contribution of sound levels from the Visitor loudspeaker system. This is because locating the loudspeakers behind the Home bleachers means that the loudspeakers must be aimed toward the residential property lines. As elevation is increased in an attempt to aim the loudspeakers down more, the sound level of the loudspeakers must increase to provide adequate seating sound levels. The increased output of the elevated loudspeakers increased property line sound levels at mid and low frequencies regardless of loudspeaker model or coverage pattern. For these reasons, locating Home side loudspeakers behind the bleachers is not recommended.

The proposed loudspeaker system for the Home bleachers consists of four (4) Community WX-1500 series loudspeakers mounted on poles at the front of the bleachers. Two of the loudspeaker poles are located at the front corners of the bleachers, with the other two poles spaced 56 feet on center along the front edge of the bleacher platform. The loudspeakers are elevated 28 feet above the field elevation and aimed 30 degrees down. The 'outside' loudspeakers at the corners are 90° horizontal by 60° vertical Community model WX-1596. The two 'inside' loudspeakers are 120° horizontal by 60° vertical Community model WX-1526. See attached cut sheets for more information on the recommended loudspeakers.

If loudspeaker poles are not possible on the field side of the Home bleachers, another option may be to cantilever loudspeakers over the bleachers from poles at the back of bleachers. The cantilever concept can be explored further should the loudspeaker concept in this report be rejected, and will require further computer modeling.

Visitor Bleachers

The Visitor bleachers are very close to adjacent residential properties. As such, all loudspeaker system concepts for the Visitor bleachers consisted of loudspeakers mounted behind the bleachers and aimed away from the property lines. As with the Home side analysis, many different iterations of loudspeaker model, loudspeaker coverage pattern, and mounting elevation were explored. Loudspeakers mounted higher and aimed down at the seating area provided much more even sound coverage to the bleachers, but also produced higher property line sound levels relative to the sound levels in the seating area. Locating the loudspeakers lower and closer to the seating provided higher sound levels at the seating relative to property line noise levels, but at the expense of even sound coverage in the seating area. Due to the proximity of the loudspeakers to the property line, even slight variations in loudspeaker coverage pattern and aiming affected the calculated property line noise levels.

The proposed loudspeaker system for the Visitor bleachers consists of four (4) Community WX-1500 series

loudspeakers mounted at Press Box Rooftop Deck elevation distributed across the back of the bleachers/front of the Press Box. The center two loudspeakers can be mounted directly to the outside corners of the Press Box. The other two loudspeakers will require poles approximately 25 feet high (over Press Box T.O. Pier elevation) and approximately 25 feet to either side of the Press Box. The loudspeakers are aimed 30 degrees down. All Visitor side loudspeakers are 60° horizontal by 40° vertical Community model WX-1564. See attached cut sheets for more information on the recommended loudspeakers.

Note that the Visitor side loudspeaker system with the proposed loudspeaker concept requires the loudspeakers to be attenuated by 7 dB relative to the Home loudspeakers. The Visitor loudspeakers also require specific equalization between 400 Hz and 2500 Hz to maximize sound levels in the seating without exceeding the Noise Ordinance. These adjustments will be part of the system commissioning process.

Calculation Results – Proposed Loudspeaker System

Figure 1 shows the calculated octave band property line sound levels of the proposed loudspeaker system with all Home and Visitor loudspeakers functioning, and with the Visitor loudspeakers attenuated and equalized as described above. Sound levels are shown in the Home and Visitor bleachers at the top of the graph in blue and red, respectively and at the neighboring property lines. The computer model calculations indicate that the proposed loudspeaker system will provide the same sound level as the existing Home loudspeaker system in the Home bleachers, but more consistently across the entire seating area. The existing sound system at Parker-Gray Stadium does not currently have functioning loudspeakers for the Visitor bleachers. The proposed loudspeaker system will provide coverage in the Visitor bleachers, albeit slightly lower in level than the Home side. The proposed loudspeaker system also meets the Noise Ordinance at all measurement positions.

Figure 1. Octave Band Property Line Sound Levels for the proposed loudspeaker system

Table 3 below compares the measured sound levels of the existing loudspeaker system to the calculated

sound levels of the proposed loudspeaker system in the Home and Visitor bleachers, and at all property line measurement positions. Figures B1-B12 in Appendix B compare the octave band sound levels of existing and proposed loudspeaker systems at each location. Note that calculated sound levels do not exceed the Noise Ordinance at any octave band at any measurement position. Considering that the calculated sound levels of the existing loudspeaker system were higher than the measured sound levels, it is possible the actual, measured sound levels of the proposed loudspeaker system could be lower than indicated in this report.

| Table 3. Property Line Sound Levels, Existing vs. Proposed | | | | |
|------------------------------------------------------------|---------------------|-----------------------|--|--|
| Location | Measured (SPL, dBA) | Calculated (SPL, dBA) | | |
| Home Bleachers (Source) | 82.10 | 82.11 | | |
| Visitor Bleachers (Source) | NA | 76.93 | | |
| Position 1 | 54.60 | 52.34 | | |
| Position 2 | 57.70 | 54.03 | | |
| Position 3 | 53.50 | 50.93 | | |
| Position 4 | 55.00 | 49.88 | | |
| Position 5 | 55.20 | 50.87 | | |
| Position 6 | 57.40 | 51.36 | | |
| Position 7 | 57.40 | 51.59 | | |
| Position 8 | 57.20 | 51.6 | | |
| Position 9 | 49.80 | 51.57 | | |
| Position 10 | 49.50 | 51.46 | | |

Appendix C provides information on the computer model of the proposed loudspeaker system. Sound coverage plots from this model are provided for the overall athletic field site, the Home bleachers, and the Visitor bleachers. The site plot shows sound from the loudspeaker systems for Home and Visitor bleachers propagating toward the property lines. The plots of sound coverage at Home and Visitor bleacher seating areas indicate more consistent sound levels for all spectators.

Speech Intelligibility - Existing vs. Proposed

Figure 2 shows the measured speech intelligibility of the existing loudspeaker system in terms of the STI metric, mapped to the bleacher seating areas. While the average speech intelligibility is 0.60 STI, corresponding to a subjectively 'good' rating, Figure 2 shows that speech intelligibility is inconsistent throughout the bleacher seating sections. The speech intelligibility in the center seating sections is rated as subjectively 'excellent' while seating sections on the sides of the Press Box are subjectively 'fair' and 'poor' based on the STI scoring.

Figure 2. Existing Loudspeaker System Speech Intelligibility - 'Home' Bleachers

The calculated average speech intelligibility in the Home and Visitor bleachers with the proposed loudspeaker system is approximately 0.90 STI. Unlike the existing loudspeaker system, which varied by \pm 0.22 STI in the Home bleachers, the calculated STI values for the proposed loudspeaker system vary by \pm 0.07 STI in the Home bleachers and \pm 0.09 STI in the Visitor bleachers. The calculated results indicate consistently 'excellent' speech intelligibility.

Conclusion

The above represents our acoustic analysis of the Parker-Gray Stadium existing and proposed loudspeaker system property line sound levels. Included are recommendations to improve the sound system and comply with the City of Alexandria Noise Ordinance.

Please contact me at 410.821.5930 or <u>pal@akustx.com</u> if you have any questions.

WX-1526 WET X FULL-RANGE TWO-WAY 15-INCH LOUDSPEAKER (120° X 60°)

TECHNICAL SPECIFICATIONS

SYSTEM

Loudspeaker Type: Full-range, two-way, weather-resistant

Operating Range: 40 Hz to 22 kHz (-10 dB) Frequency Response: 50 Hz to 18 kHz (-3 dB)

Max Input Ratings: 600W RMS, 1200W Program 69 volts RMS, 138 volts momentary peak

Maximum Output: 127 dB SPL / 133 dB SPL (peak) **Sensitivity (1W / 1m)** 99 dB (63 Hz - 16 kHz 1/3 octave bands)

Free Space SPL: 98 dB (250 Hz - 4 kHz speech range) Nominal Impedance: 8 ohms, 6.3 ohms @ 9 kHz minimum

Coverage Pattern: 120° H x 60° V

Axial Q / DI: 7.67 / 8.85, 2 kHz to 16 kHz

Crossover Frequency: 1.5 kHz

Recommended High Pass: 50 Hz 24 dB / Octave

TRANSDUCERS

LOW FREQUENCY

Driver: 1 x 15" cone, 3" voice coil, weather-treated

Sensitivity (1W / 1m): 96 dB (60 Hz - 1.1 kHz)

Power Capacity (Cont/Peak): 600W / 2400W

Nominal Impedance: 8 ohms

HIGH FREQUENCY

Driver: 1 x 2.87" voice coil / 1.4" exit

Sensitivity (1W / 1m): 106 dB (1 kHz - 20 kHz)

Power Capacity (Cont/Peak): 90W / 360W

Nominal Impedance: 8 ohms

PHYSICAL

Input Connection: 12' (4m) SJOW #16-gauge cable with stripped ends

Trapezoidal fiberglass outer shell and face lined and **Enclosure:** reinforced with 18mm (7-layer) marine grade plywood

Finish: Black or White gel coat fiberglass

Two 1/2"-13 rigging points; 304SS zinc-rich dual-laver Mounting/Rigging powder-coated bracket included; Integral 1/2"-13

Provisions: safety cable mounting point

3-Layer Weather-Stop™ backing, 304SS zinc-rich

dual-layer powder-coated

Environmental: IP56 per IEC 529

Dimensions - H x W x D: 19.5" x 33.63" x 20.5" (horizontal orientation) (495.3 x 854.1 x 520.7 mm)

Loudspeaker / Unit Weight: 115 lbs (52.3 kg) / 133 lbs (60.3 kg) with bracket

Shipping Weight: 162 lbs (73.5 kg)

CONFIGURE-TO-ORDER (CTO) OPTIONS

Custom Colors: Custom color exterior-grade paint finish, RAL or custom color matching available

Extra Hang Points: 2 or 3 additional per side (several options available)

Bi-amp: Includes 4-conductor, 4-color SJOW cable

Transformer: 70V: 400W / 200W / 100W 100V: 400W / 200W

Cable: Custom length

NOTE: All wattage figures are calculated using the rated impedance.

APPLICATIONS

- · Theme and Amusement Parks
- · Outdoor Entertainment Centers
- · Cruise Ships
- Multipurpose outdoor and indoor venues
- · Stadiums
- · Music Pavilions
- · Musical Fountains
- · Water Parks

FEATURES

- 120° x 60° rotatable horn pattern
- · Large format waveguide delivers excellent pattern control
- 1.4" (36mm) exit / 2.87" (72.2mm) VC HF transducer
- 15" (381mm) / 3" VC LF weather-treated transducer
- · Passive operating mode standard
- · All-weather, multi-layer glass composite shell over 18mm 7-layer marine grade plywood interior
- Dual-layer powder-coated 304 stainless steel mounting bracket included
- · Stainless steel hardware
- Available with optional built-in 400W transformer for 70V / 100V applications

DESCRIPTION

The WX-1526 is a premium quality, large format, full-range loudspeaker system. The driver complement consists of a 15" (381mm) high power low frequency driver and a 1.4" (36mm) exit / 2.87" (72.9mm) edgewound voice coil compression driver. The large format rotatable horn flare delivers well controlled 120° x 60° dispersion, and utilizes high order crossovers to minimize band overlap.

The WX-1526 is used in passive operating mode. The passive mode is designed to deliver outstanding performance without the use of a processor. A custom bi-amp option can allow greater system flexibility allowing a compatible processor to enhance the LF response.

The WET X Series is designed to provide high quality music and voice reproduction in applications requiring extreme weather-resistance. The WET X enclosure features unmatched durability and ruggedness and is engineered for use in permanent installations.

The loudspeaker enclosure and faceplate are constructed of multi-layer glass composite lined with 18mm (7-layer) marine grade plywood, resulting in extreme structural strength. All exposed hardware is stainless steel or powder-coated aluminum extrusion. A weather-resistant 304SS, dual-layer powder-coated horizontal bracket is included for mounting.

Community strives to improve its products on a continual basis. Specifications are therefore subject to change without notice.

ARCHITECTURAL SPECIFICATIONS

The loudspeaker system shall be a two-way, full-range bass reflex trapezoid-shaped design with one 15 in. (381 mm) LF driver and one 1.4 in. exit HF driver with a titanium diaphragm mounted to a 120° x 60° HF fiberglass horn. Drivers shall be connected to an integral crossover with a crossover frequency of 1.5 kHz. The input connection shall be one 12' (4m) SJOW #16-gauge cable with stripped ends. The loudspeaker enclosure shall be a multi-layer glass composite with a 16-gauge perforated stainless steel grille backed by open cell foam and a high density polyester mesh cloth. There shall be two 1/2"-13 rigging points. 95% of the shell interior shall be lined with wood, with 18mm 7-layer cross-laminated marine grade plywood on all interior flat surfaces. All wood shall be sealed with fiberglass resin. The system shall have a frequency response of 50 Hz to 18 kHz (-3 dB SPL), an input capability of 69V RMS, 99 dB sensitivity at 1W / 1m at 8 ohms nominal impedance. The nominal dispersion shall be 120° H x 60° V from 2 kHz to 16 kHz. The loudspeaker shall be 19.5" (495.3 mm) H x 33.63" (854.1 mm) W (front) x 20.5" (520.7 mm) deep and shall weigh 115 lbs (52.3 kg).

> CAUTION: Installation of loudspeakers should only be performed by trained and qualified personnel. It is strongly recommended that a licensed and certified professional structural engineer approve the mounting design.

INSTRUCTIONS DEVELOPMENT SPECIAL USE PERMIT WITH SITE PLAN APPLICATION

APPLICATIONS FOR DEVELOPMENT SPECIAL USE PERMIT, WITH SITE PLAN. A Development Special Use Permit, with Site Plan, for new construction in the City of Alexandria is permitted in accordance with Sections 11-400 and 11-503 (A) (5) of the Alexandria Zoning Ordinance. Such Development Site Plan, with Special Use Permit, must be approved by the Alexandria Planning Commission and City Council after public hearings. Complete all parts of the application form using black ink or type. Sign the form, and include a daytime telephone number.

FILING FEE. Applicants must submit a filing fee with the application. Consult the latest fee schedule to determine fee amount. The fee schedule can be found at www.alexandriava.gov/planning

PROPERTY OWNER NOTIFICATION. Applicants must send written notice by certified mail to all adjoining and facing property owners at least 10 days prior to the Planning Commission public hearing and not more than 30 days prior to the City Council public hearing meeting. Applicants may use the notice forms supplied with the application forms. In the event the application is deferred, notification shall be given again. The following must be submitted to the Department of Planning and Zoning no later than five days prior to the meeting: (a) a copy of the notice letter sent, (b) a copy of the list of the names and addresses of persons to whom notice was sent, (c) a certification of notice statement that notice was sent to those required, (d) a copy of the date-stamped post office receipts.

Failure to send accurate or correct notices will result in deferral of the application to a later hearing date. Property ownership information is to be obtained from the City Office of Real Estate Assessments, Room 2600, City Hall, 301 King Street.

STAFF REPORT. A staff report and recommendation will be prepared and made available in the Department of Planning and Zoning office. The report is typically available 11 days prior to the PC public hearing.

For assistance with any of these procedures, please call the Department of Planning & Zoning at 703.746.4666

2. Narrative description. The applicant shall describe below the nature of the request in detail so that the Planning Commission and City Council can understand the nature of the operation and the use, including such items as the nature of the activity, the number and type of patrons, the number of employees, the hours, how parking is to be provided for employees and patrons, and whether the use will generate any noise. If not appropriate to the request, delete pages 6-9. (Attach additional sheets if necessary.) The Alexandria City School Board ("ACSB") is requesting approval to demolish the existing track, synthetic turf field, press box and concession buildings at TC Williams Parker Gray Stadium at the rear of 3330 King Street to permit the renovation of the stadium. The renovation will include a new rubberized track with an 8th lane, a new synthetic turf field, new press box, new concession and restroom buildings. The renovation will also incorporate a new plaza area, a new ticket booth, relocated scoreboard and field lighting. A high school is required to have 1 space per 10 students of design capacity (250 spaces). 428 spaces were recommended by a parking study. TC Williams currently has 444 parking spaces. The required approvals are a Development Special Use Permit and modification to DSUP 2002-0044 to allow stadium lighting and an amendment to the Zoning Ordinance to allow the height of the light poles to be over 60 feet.

Invitation to come to Woods Avenue and Bishop Lane

Carter Flemming < carterflemming@gmail.com>

Mon 9/17/2018 12:29 PM

To:PlanComm < PlanComm@alexandriava.gov >;

As you prepare for your October 2nd meeting, we, the neighbors of TC Williams High School, would like to invite you to come spend a few minutes in our neighborhoods on this Saturday, September 22nd, between 1:00 and 3:00. We would like you to see the location of our properties and experience a football game from our perspective. We believe this is something that would be informative to you as you debate the issue of adding lights to Parker Gray Stadium. Representatives of the neighborhoods will be available to meet with you and allow you access into various yards adjoining the stadium. In order to have central meeting locations, we would ask that you come to 1033 Woods Place and 1313 Bishop Lane to see each neighborhood. We would appreciate your joining us on Saturday. If you are not able to come at this time, please let us know another day and time that would be convenient for you to come by.

Finally, we would also encourage you to drive into our neighborhoods one night and experience the atmosphere that we have at night with virtually total darkness. Some of the lighting studies that were done characterize our neighborhood as urban, based upon our proximity to Bradlee Shopping Center. We think it is important for you to actually see what we currently see from our 2 neighborhoods at night as we look toward Parker Gray Stadium. We assure you that it is not something that anyone familiar with the area would call an urban setting.

Thank you very much for your consideration of our invitation. We are aware of the provisions of the sunshine laws and will make certain that no more than 2 of you are together as you tour. Sincerely, Carter Flemming and the residents of the neighborhoods adjacent to TC Williams

School lights

corabeebe@aol.com

Tue 9/18/2018 1:19 PM

To:PlanComm <PlanComm@alexandriava.gov>;

There was an agreement not to put lights at TC Williams. Can we no longer trust what our City government agrees to. I oppose the lights. The money can be better spent on academic efforts. Alexandra has tight budget and this is one of the nice to have but not necessary items.

Support for Lights!

Emily Bryan <emilyrbryan@gmail.com>

Tue 9/18/2018 9:56 AM

To:PlanComm <PlanComm@alexandriava.gov>;

Dear Planning Commission,

I am writing to thank you for reviewing the current prohibition on stadium lights. Having to stop all outdoor events at city parks as the sun sets at 4:30p in winter is ridiculous. Evening activities and events are important to our city, as they build character, empower our children, provide wellness options for adults, and build community.

Thanks for your leadership,

Emily

Athletic Field Monster Lights (Oct. 2nd Meeting)

jrayraylaw@aol.com

Tue 9/18/2018 4:10 PM

To:PlanComm <PlanComm@alexandriava.gov>;

Cc:Thecat751@aol.com <Thecat751@aol.com>;

To All Members of the Planning Commission:

My wife and I have lived in Alexandria for 44 years, and have operated a business in the City for 18 years. We were shocked to receive the notice below from our civic association.

We wish to go on record as strongly objecting to the attempt by the City staff to circumvent the current zoning code with a text amendment in an effort to defy neighborhood opposition to monster lights on T.C. Williams' field and other fields and parks throughout the City.

I recently stated to Mayor Silberberg that our level of trust in the City government has never been lower...and after more than 4 decades, that is saying a lot. We have a sense that many among the City staff and Council disrespect and disregard the citizens; tolerating citizen input for appearances sake, but doing what the staff wants to do anyway because they know best what the City needs. The acts and omissions that have eroded trust range from the "Death Star" DOD building on Seminary to the Potomac Yards Metro debacle to the repeated attempts to renege on promises not to put lights on T.C. Williams field, and beyond. Whenever a neighborhood hears from City staff that no decisions have been made yet on this project or that (e.g. narrowing Seminary Road), we can assume that a decision has been made and the staff is looking for a way to circumvent or steamroll neighborhood objections.

Once lost, trust is very hard to re-establish. City officials need to be much better stewards of that precious asset.

ALERT: City plan to put lighting on ALL athletic fields is now on fast-track

A sweeping change that will impact the entire City goes to Planning Commission--2 Oct

Seminary Hill Association, Inc. (SHA), wishes to bring to your attention a sweeping change to the zoning code that, if passed, would impact EVERY neighborhood in the City of Alexandria. City staff has decided to circumvent current zoning ordinances with a text amendment to the zoning code, which is being fast-tracked and goes to the Planning Commission on October 2. It will allow 80-foot stadium lights at ALL athletic fields in the City. Yes, in every school field—public and private, elementary, middle and high—and in all parks.

The City is moving to permit these 80-foot lighting structures via a text amendment to the Zoning Code (in lieu of a map amendment or variance). On October 2, the Planning Commission will hold a hearing on an application to install 80-foot lighting facilities at the TC Williams stadium. If approved, this permit will change the current maximum height in a residential zone to 80 feet; which is now 40 feet except for a school that is 60 feet.

When asked, staff declined to release either the staff report or the wording of the text amendment, which is odd for a change of this magnitude. All that is available is the Planning Commission docket item, which states that the amendment takes out the current definition that requires a SUP for athletic facilities and defers to normal height requirements. It then recommends "add a new subsection 6-403(F) to add lighting for congregate recreational facilities as a special use in height districts."

This is a sweeping change that would impact the entire City. Lighting playing fields with 80-foot structures would be considered a special use in-and-of itself and there would be little or no opportunity for public input before installation of stadium lighting structures. Stadium lighting has negative impacts on adjacent properties—usually a 15% reduction in value—and on the quality of life of nearby residents—fields are used daily until 10 pm (weekends until 11 pm) with accompanying traffic, parking, noise, and trash.

Please contact members of the Planning Commission and/or plan to speak about this change and the lack of transparency on October 2. Members of the Planning Commission (Mary Lyman, Nathan Macek, Maria Wasowski, Mindy lyle, DavidBrown, StephenKonig, and Melissa McMahon) can all be contacted at Plancomm@alexandriava.gov. Director of Planning and Zoning is Karl Moritz Karl.Mritz@alexandriava.gov.

Light Towers

robertsjim@aol.com

Wed 9/19/2018 9:10 PM

To:PlanComm < PlanComm@alexandriava.gov >;

Planning Commission Members

I am writing to register my strong objection to altering zoning restrictions to allow 80' light towers in Alexandria

There is no established need for these costly, massive, intrusive, scenic-disfiguring structures

Moreover, there has been no outreach to assess whether the public you serve is clamoring for 80' light towers

This topic came out of left field

It did not come from an informed and persuaded citizenry

More: If this is a tactic by a city official to mute the complaint a marginalized African American community has lodged against the city for reneging on a long ago promise never to install stadium night lights at T C Williams athletic field, then it makes this agenda item odious, smacking of racism and therefore all the more unworthy.

Regardless, tax dollars allocated to our city schools are to educate our children, something the schools are not doing well. These scarce dollars should not be siphoned away to pay for stadium lights of any height at public schools, especially at TC Williams high school

Jimm Roberts Alexandria 703-625-0095

Stadium lighting

Kenneth Kalan <kenkalan@hotmail.com>

Tue 9/18/2018 11:21 AM

To:PlanComm <PlanComm@alexandriava.gov>;

Awesome work! Lighting is very important. Great way to keep the kids at schools playing sports than out getting in trouble. This is well worth the grief people will give you.

Thank you, Kenny Kalan Sent from my iPhone

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | It's time. We are so so behind our surrounding schools. School moral will be lifted These kids need to feel proud of our school and proud to have visiting teams |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | The current state of the stadium is an embarrassment to the school and the community .Were being held hostage by the 6 houses beyond the fence . it has to stop . Please have the balls to do what we all know is right and needs to be done .DO NOT let a few people ruin it for the rest of us . Many schools TC plays have houses near there stadiums . we have no restrooms ,no press box no running water . and saturday games in the heat are just unsafe for the players and older fans . please vote yes |

|----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | It's time to modernize our stadium. I support TCW football and attend many away games- it's downright sad that we have such an amazing rich school history, but we don't have bathrooms for use. Our concession stand is falling down around us, we can't plan any night games (football or any other outdoor sport). Go see some of these other schools and their facilities and you'd be ashamed of what our children have to work with. We ask these kids to take pride in their school- now it's time our community does to! |

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; lfarmer29@yahoo.com <lfarmer29@yahoo.com>;

Dear Members of the Alexandria City Council, Alexandria School Board, and Alexandria Planning Commission. Please see my response and thoughts about the TC Stadium Project.

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | This is the only high school in the City of Alexandria. We have a movie about our football team starring an academy award winning actor and we don't even have a decent football stadium to allow our children to have home field sports games when the sun starts to go down. |

Fri 9/21/2018 3:05 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; mrose@curranmoher.com <mrose@curranmoher.com>;

Dear Members of the Alexandria City Council, Alexandria School Board, and Alexandria Planning Commission. Please see my response and thoughts about the TC Stadium Project.

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I grew up in Alexandria and my brother and I both attended TC Williams along with my husband (both of whom played football). I was in marching band as well as sports at TC. We have always wanted lights at the stadium and I would still like to see them. My brother still lives in the City and I live right outside of City but I still am a supporter and still attend TC Williams sporting events. Once a Titan, Always a Titan!!!!! TC Titans Express All-Aboard!!! |

TC Stadium Petition <contact@tcwstadium.com>

Fri 9/21/2018 3:47 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; natoaso@yahoo.com <natoaso@yahoo.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | This upgrade is badly needed to not only modernize with the rest of the DMV area high schools, but to also gain full return on the investment for use outside of daylight hours. Our players are also disadvantaged when playing other teams under lights as they are unable to acclimate to play with different lighting conditions and it affects their gameplay. |

TC Stadium Petition <contact@tcwstadium.com>

Fri 9/21/2018 3:47 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; ryan.ringel@outlook.com <ryan.ringel@outlook.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | Things have changed since the stadium was originally built. The needs of thousands of students and the entire community far outweigh the objections of the few neighbors who oppose the upgrade. No decision is ever going to make everyone happy. Upgrading Parker Gray will benefit the entire community. |

To: Members of the Planning Commission

Re: T.C. Williams lights

Greetings.

There were several predominately African American neighborhoods throughout Alexandria dating back to the 1800s, that have now gentrified.

The **Bottoms**, in the Southwest Quadrant/Dip, long ago the object of gentrification, is about to redevelop to a higher affordability level.

Cross Canal, at the north end of town along the waterfront, is now Canal Center and includes much commerce and the Watergate townhomes.

South of that area was another large African American neighborhood on the **then**, undesirable waterfront, alternately called Fishtown, Grantsville, Petersburg later shortened to **the Berg**. It was the first African American neighborhood destroyed by the city to build public housing. But then, the city had to come back and destroy most of **that** to build Chatham Square.

John Roberts Homes were built for whites, but they eventually integrated. And what did the city destroy to facilitate Metro? **John Roberts.** And in the same area we now have upscale Colecroft.

Across the street from John Roberts was **Colored Rosemont**, which included the second **Parker-Gray High School**. The city destroyed that community to build more public housing, **Andrew Adkins**.

Those two areas are now part of the **Braddock East Planning Area**, with its 'new neighbors' who want to quote "follow an open, fair, and inclusive process to de-concentrate public housing" end quote. We know that it is coming. **Adkins** redevelopment has just been delayed.

In the **Uptown** neighborhood, the several blocks surrounding the first Parker-Gray/Charles Houston School, African American homes were again destroyed to build public housing. Then in comes development, the public housing is destroyed, and in its place are houses costing nearly a million dollars.

Don't forget **On the Hill** where the African American businesses were destroyed to build a new Lyles-Crouch School to replace the old silk factory Lyles-Crouch School that I went to.

And last but not least, **Seminary neighborhood**, where I live now, about the geographic center of Alexandria; where in the 1960s, when the city was **had** to desegregate, it couldn't find anywhere else to build its new public high school, **T.C. Williams**, except in **another** African American community.

The Seminary Civic Association fought back. As a result the residents got near market value for their homes and a verbal promise to **not light the fields at the TC**. <u>The promise was kept</u>. When the old T.C. Williams was torn down and a new T.C. Williams was built, a new promise was made in the form of a DSUP.

You are now in the process of trying to do to **this** community what you have done to **every** African American community in Alexandria, **come back and do some more damage**, in this case, add lights when you promised **not to**. Where is your honor? Today it is light up our area, but I am reading that the plan is to light all of the fields. Does that mean the ones near your houses also?

Lillian S. Patterson 1034 Woods Place

Docket #7, DSUP 2017-2016 TC Williams Athletic Fields

Jane Foote < janefoote@aol.com>

Tue 10/2/2018 2:42 PM

To:PlanComm <PlanComm@alexandriava.gov>;

To whom it may concern:

I am writing to express my opposition to the text amendment being proposed in docket number 7, DSUP 2017-2016. This amendment would radically intensify the use of T.C. Williams athletic fields and would be a breach of trust by our city government.

I have lived at 910 Vicar Lane, in the shadow of the TC Williams athletic fields, for the past 29 years. When we purchased this property we did so with the understanding that the City had promised the residents nearby T C Williams that the athletic fields would never be lighted permanently. That promise provided nearby homeowners comfort in knowing that they could live in harmony with the TCW athletic events. Later the City reaffirmed that commitment with Condition #85 of the DSUP that allowed the "new" TCW to be built in 2004. That Condition prohibits all permanent lighting on athletic fields at TCW.

To change the DSUP and permit permanent lighting on TCW athletic fields will create a circus-like atmosphere on those fields and on the streets and in the neighborhoods surrounding the fields. The intention if the DSUP is changed is to permit lighted fields for use beyond the high school community seven days a week. That will result in excessive bright lights glaring into the neighborhood, and loud, amplified noise blaring into the neighborhoods. It will also generate automobile congestion and parking issues in the surrounding neighborhoods. For many years the City has permitted those using the fields to blast sound into our neighborhood on a regular basis. Week after week this continues despite complaints by citizens and meetings with city officials and school staff. Already the situation without the lights is disruptive and disrespectful of taxpaying citizens living nearby. We can only imagine what will happen once the fields are lighted and in use seven days a week, well into the evening.

The inherent problem is that the TCW Athletic field, Parker Gray Stadium, is too close to a residential area. It literally abuts residential property. There is no buffer. That is why the condition not to permit permanent lighting of the field was agreed to in the first place. Nothing has changed. While it might be nice to have a lighted, community stadium in the City the location at TCW is an inappropriate location. In addition, once permanent lighting is permitted on the TCW fields, such lighting will surely follow on the athletic fields of the other schools in Alexandria. Permanent lighting of Parker Gray Stadium is an affront to the community, a breach of trust by our City and a dangerous precedent to establish.

Thank you.

Jane A. Foote 910 Vicar Lane Alexandria, Virginia 22302

TC Williams Stadium

Anna Jaeger <ajaeger@axcedesolutions.com>

Fri 9/21/2018 8:12 PM

I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track.

Athletics are a very important part of the high school experience and help create well-rounded students. A quality sports program can add that little boost to a student's college application and make a real difference in their higher education trajectory. I feel strongly that we need to invest in our athletic programs and especially our embarrassing stadium.

- Anna Jaeger

TC athletic updates

Nell Mercer <nsmercer@gmail.com>

Sun 9/23/2018 5:17 PM

I am writing concerning your consideration of the proposal for updated athletic facilities at TC Williams High School. I live at 818 Marshall Lane adjacent to Chinquapin Park. Our home is a short walk through the park to the school.My perspective on this issue may be a little different from others in my neighborhood. I first moved into this house in 1953 at age five. We lived "next door" to Chinquapin Village, a group of homes full of playmates, noise, and a street that connected our neighborhood directly to King Street. In 1979 my husband and I bought this house from my parents. In the interim, Chinquapin Village had been dismantled and our neighborhood was the beneficiary of a twenty-eight acre city park right next door. Key Drive was closed to traffic at the park, eliminating cut through traffic to and from King Street. We also are home to TC Williams, our city's public high school. My family has been active in support of the school, our three children are graduates and all participated in sports, two having been inducted into the athletic hall of fame. The city has provided a first rate school for our students. I hope that you will carefully consider providing first rate athletic facilities for them, as well, with adequate stadium lighting to allow full use of the playing field and track. Sound and lighting systems have been vastly improved since TC's construction and such modern advances are in use throughout the DC area in renovated stadiums. Living in a city such as ours requires making compromises. We have all benefited from changes in our neighborhood, now we need to accommodate upgrades for the high school that shares this space with us. Thank-you for your consideration. Nell Mercer

TC William Stadium Lights

Luan Tran < lhtran@gmail.com>

Tue 9/25/2018 9:12 AM

I think it is absolutely ridiculous that there are no lights at the stadium and that the stadium is in the condition it's in. A stadium upgrade would boost school pride an immeasurable amount.

TC's soccer team is one of the best in the state, night games would give the soccer happy Alexandria community an opportunity to support the team.

I grew up on PA blocks from my high school. for those who say that it will reduce their quality of life, I say that is a first world problem. My immigrant family embraced living by the school and loved hearing the chatter of kids and crowds during games.

Imagine if the wealthy living in urban areas around the country had the ability to restrict lights at high schools?

Resolution of the Board of Directors of Seminary Hill Association, Inc.

Re: DSUP #2017-0016, Parker Gray Stadium Modernization

Be it resolved: The Board of Directors of the Seminary Hill Association, Inc., a civic association representing more than 2,000 homes, strongly supports the residents of the Woods neighborhood and other neighbors in opposing the repeal of Condition #85 of the DSUP for T.C. Williams High School, that bans permanent lights at Parker-Gray Stadium. Given the hours of operation proposed by the ACPS for the stadium, if lighting is approved, it is clear that homeowners adjacent to or near the stadium will have their quality of life and their enjoyment of property affected adversely and massively. The pledge by the ACPS that is expressed in Condition #85 must be respected and sustained.

Adopted by the Board of Directors on September 23, 2018.

In support of the TC Stadium Project

Christy Counts Finn <ccfinn@gmail.com>

Tue 9/25/2018 5:26 PM

I am writing in support the comprehensive upgrade for the TC Williams Stadium Project, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf and track.

I have two students currently enrolled at TC Williams -- one in 9th and one in 11th. While it is unlikely the renovation will be done in time for my children to appreciate it, I feel these students and this city deserve a complete stadium. One that allows them to fully experience night games in their home stadium -- for many of their sports.

I spent some of my elementary years in Alexandria, VA (the Fairfax County one). Both of my siblings graduated from Hayfield High School. I remember, even back then, the talk that TC Williams couldn't have night games due to the fights that broke out. We all know that is not true, but that reputation/story still persists almost 40 years later.

I have attended at least three of the planning meetings and heard from those that are against the process of adding the lights and upgrading the restrooms and concessions area. While I do feel for the impact this will have on those neighbors, the planning board has addressed many of the issues that concern them regarding the noise and light pollution. It is up to ACPS/the city to set appropriate limits on the use of the field during the hours that lights are required and limit it to to just ACPS events in order to limit the impact on those neighbors.

When this process began four years ago, I hoped that my children would be able to enjoy the benefits. That time looks like it has passed, but in the interest of all the upcoming students and the city, I ask that you support the comprehensive upgrade of the stadium. It addresses a number of issues Alexandria faces. It helps with the current crowding of Alexandria fields, it builds school and community spirit, it accurately represents the many fantastic things about ACPS and Alexandria.

Thank you,

Christy Finn 604 Malcolm Place Alexandria, VA 22302 Nate,

I hope you are well. Thanks for all your continued efforts on the Planning Commission!

I am writing to ask if you would consider meeting with residents who live near the T.C. Williams High School football field, in advance of the October Planning Commission hearing on Stadium lights. I have been told that residents have invited Planning Commission members to meet with them between 1 and 3 pm on this Saturday, to observe conditions during a TC Williams home football game; The next home game occurs on 10/27 - after the Planning Commission hearing. If you can meet with residents this Saturday, that would be ideal. That said, if Saturday does not work for you, I would ask that you try to meet with Fran Terrell, and perhaps Carter Flemming, another time before the October hearing. Fran's story is compelling; here is a short summary: Letter to the Editor: Alexandria, Don't Break This Promise, and Carter has been engaged on this issue for many years. You can reach them directly at fterrell56@msn.com and carterflemming@gmail.com.

As a grandparent of six grandchildren in Alexandria (ages 4 to 11), I appreciate the high demand for playing fields in Alexandria, and hence the compelling City interest in lighting more playing fields. That said, the T.C. Williams High School stadium situation warrants special consideration because of its history. ACPS had opportunities to make provisions for a lighted field when the current TC Williams High School was built but opted instead to place the field adjacent to displaced residents, promising never to permanently light the field. Now ACPS and City Staff want to break that promise.

I respectfully ask that you meet with Fran Terrell, and perhaps Carter Flemming, to learn more about the history of the City's actions from their perspectives. If you can talk with them on Saturday, that might be best, but if not, I would greatly appreciate your finding another time that will work.

Thanks so much.

Just to add to my note below, my wife is a 2nd year administrator at TC and from listening to her experience with those children the past 14-15 months, I truly believe that a Friday Night lights atmosphere for football and soccer could change some of the lives of the kids at that school. Nothing like having something to work for (earning the right to play any sport in the stadium) to get someone to work harder.

Just a thought.

Planning Commission of Alexandria, Virginia October 2, 2018

Docket Item #7 DSUP #2017-0016, Parker Gray Stadium Modernization

Good Evening,

My name is Nancy Jennings and I live at 2115 Marlboro Drive. I am president of the Seminary Hill Association, Inc., and will speak tonight on its behalf in opposition to changes to the DSUP for T.C. Williams High School.

On September 23rd, Seminary Hill passed a resolution in opposition to the repeal of Condition 85 of the DSUP that bans permanent lights at Parker-Gray Stadium.

As many of you know, SHA is an umbrella organization that represents nine neighborhoods on Seminary Hill. Seminary Civic Association is one of these nine—we know as Area 1—and you will hear from their members tonight.

As a former history teacher, I must note that the Seminary Civic Association represents an historic community with families that settled near Fort Ward during the Civil War and were moved in the 1960s to make way for a park and then moved again in the 1970s to make way for T. C. Williams High School. The agreement to not put lights on the school's playing field is decades old. When the school was rebuilt in 2004, citizens suggested relocating the football stadium to King Street, but the City did not wish to do so. Instead, all agreed to formalize the long-standing agreement prohibiting lights on the stadium field and thus protect the quality of life in the single-family residential neighborhood adjacent to the school that had gone through so many upheavals since being annexed by the City of Alexandria in 1952.

This proposal before you to amend the DSUP and allow lights on the stadium field will betray an agreement made with a community that has suffered enough. In the more than 40 years since TC was created, this agreement has been reaffirmed twice. If you want to remember the Titans accurately, a lighted stadium would be built where they played back in the 1970s.

While the lights in themselves would be ugly and intrusive, the main concern about them is the increase in usage of the field which severely detracts from the quality of life of nearby residents. The noise from the field is often unbearable, such as the whistles during all-day track meets and whenever the sound system is used. The sound system was not properly placed and blasts into not only the neighboring homes but also those of the faculty across Quaker Lane and up the hill on the Episcopal High School campus. Other problems related to the field include trash, students climbing over the fence and cutting through private property, drinking, and couples having sex within view of the neighbors, some of whom have young children. Putting lights on this field would destroy any quality of life now enjoyed by the neighbors because their problems with this field would extend past sunset on a nightly basis until 8:30 pm and on the weekends until 10 pm.

Thank you.

Resolution of the Board of Directors of Seminary Hill Association, Inc.

Re: DSUP #2017-0016, Parker Gray Stadium Modernization

Be it resolved: The Board of Directors of the Seminary Hill Association, Inc., a civic association representing more than 2,000 homes, strongly supports the residents of the Woods neighborhood and other neighbors in opposing the repeal of Condition #85 of the DSUP for T.C. Fwd: Tonight's vote on lighting at Alexandria's schools and parks

Kathleen Burns <burnskathy1036@gmail.com>

Tue 10/2/2018 6:52 PM

To:PlanComm <PlanComm@alexandriava.gov>;

Dear Chairman and members of the Planning Commission,

My apologies for overlooking to send this to you prior to tonight's controversial meeting. I meant to include Commission members, who have the initial vote on the lighting at school facilities, and then the Council takes a look at it.

As cited in my note to the Commission, I had hoped to attend in person and read my statement, but I just got out of the hospital in Australia, where I had a medical emergency, 10,000 miles from home.

But as a civic-minded person, I wanted to make public my comments.

For the hearing record, I would ask that the City Clerk be allowed to include my remarks. And I will correct the initial draft to eliminate any confusion that tonight's hearing was before the Planning Commission, and not before the Council, but I wanted them to be aware that many residents do not support this poorly thought-out proposal in its current form.

Sincerely, Kathleen M. Burns 1036 N. Pelham St. Alexandria, VA 22304

Dear members of the current Council and to the 4 Democratic candidates who will be involved in this volatile issue in the near future.

Regrettably, this is a staff-driven issue, rather than one that reflects the thinking and priorities of Alexandria residents---both those with schoolage children and those that don't.

The initial proposal was for lights at TC Williams at an estimated cost of \$500,000. It has now morphed into a massive plan to put lights in all the major parks and recreation areas at an estimated cost of millions of dollars, according to Mayor Silberberg.

In an average football season, this use of lights would involve six games. But the proposal has bloomed way beyond the use of this space for Alexandria's TC Williams students and their parents and guests.

Staff and supporters of this proposal has circulated marketing ideas throughout Northern Virginia, salivating at the prospect of renting out this space throughout the year.

Gone would be the guiet neighborhood that surrounds this stadium, along with the mad rush for finding parking spaces.

Given the many needs of the burgeoning school district, lights are NOT an academic priority. Yes, let's hear it for physical fitness but this would apply to only the 11 members of the football team, their substitutes and coaches, plus the rival teams.

I am from the Chicago area, which has many, many high schools, and the majority of games are played on Saturday and Sunday afternoons, with no loss of attendees. And no massive costs for lighting.

The main issue that the 7 members of Council should focus on is not the athletic accourrements, but the value of written and spoken promises made to the residents who were initially displaced for the construction of this statement.

The City's word, and that of the staff, will count for nothing, if the spoken and written promises are violated. Once that wall is breached, what comes next? I understand some on the City's legal staff are looking for ways out of this commitment on when and when not you have to adhere to such written and spoken promises.

This is an ethical and legal issue and one that is not receiving the attention it deserves. It is an athletic issue and not an academic issue. First we fight about lights for the tennis courts, then we move to TC Williams, and then we move into the "bate and switch mode" and expand the unpopular plan for TC lights to spreading it to the entire city and its athletic fields.

In some ways, it seems this battle reflects the national one involving Judge Brett Kavanaugh and the false perception by Congressional Republicans that they must put him on the Supreme Court IMMEDIATELY. Ironically, these are the same politicians who refused to even the minimal courtesy of a public hearing to Judge Merrick Garland, who sits on the very same Appeals Court as does Kavanugh.

This should not be rushed through, with tonight only the first public hearing, being held tonight. We need to hear more about the funding for this "wish list" of lights, and where this will come from with an already limited Alexandria budget.

And we need to rein in an overly ambitious group of staff for the Planning Committee that wishes to turn their not-well documented plans into policies. I urge our elected leaders---both current and those who will assume office in January---to take back the leadership reins.

They have a record of missteps already from the behind-the-scenes actions for the two METRO stops and the Kerig Estates.

I would ask my comments be given to the City Clerk as part of the hearing record since I am not able to attend in person. I recently returned from Australia, 10,000 miles away, where I had a major medical emergency, involving unexpected surgery, transfusions, a hospital stay and a host of unusual medical issues. Thus, I don't have the stamina to spend hours at a Council hearing. I wish I could say it was something exotic, like being bitten by a snake or a crocodile or a shark or a poisonous spider---but then I'd probably be dead. Nor did I look the wrong way on a street corner and get hit by a bus which seemed to be on the wrong side of the road. No, it was something more mundane, but it could have had the same deadly consequences----and fortunately it didn't. So I'm back in time to pay the real estate taxes in Alexandria and to savor the joys of my town.

But as a committed citizen, I wish to submit my input to the Council members and I'd ask that it is also filed with the City Clerk as part of the hearing record. (I do not have her email.) I urge all parties in this debate NOT to rush ahead with a proposal tonight that does not have overwhelming support from the community's tax payers who would be forced to add this to an every growing list of financial demands. And none of these people should be painted as anti-schools. Quite the contrary. They want clearly defined priorities among budget items for education versus those solely for recreation and entertainment.

I ask the voting Council members to focus first and foremost on the academics and the tutoring and the support systems instead of spending this enormous chunk of money for a small number of students, and a huge number of Northern Virginia marketers and entrepreneurs, looking for space for their loud, crowded and boisterous events in our backyards.

Such controversial proposals should be decided by citywide referendums, not by just seven Council votes, and the behind-the-scenes actions of the staff, who are not held accountable at the polling places for their actions.

Sincerely,

Kathleen M. Burns 1036 N. Pelham St., Alexandria, VA 22304 Immediate Past President, DC Chapter Society of Professional Journalists Ph: 703-824-1799

City of Alexandria, Virginia

MEMORANDUM

DATE: OCTOBER 2, 2018

TO: CHAIRWOMAN MARY LYMAN AND MEMBERS OF THE PLANNING

COMMISSION

FROM: KARL MORITZ, DIRECTOR

DEPARTMENT OF PLANNING AND ZONING

SUBJECT: REVISION TO DEVELOPMENT SPECIAL USE PERMIT #2017-0016: Parker-

Gray Stadium Modernization at T.C. Williams High School

<u>SUMMARY</u>: ACPS is requesting a change the permitted hours of the proposed lights at Parker-Gray Stadium in order to allow the stadium to be used for athletic events that occur during the week, when women's/girl's athletic events are routinely scheduled. Title IX requires equal treatment of male and female athletes in the scheduling of games and practice times. ACPS's proposal (attached) would allow lighted evening athletic events until 10:00 PM (or up to 30 minutes after the activity ends) Monday through Saturday for scheduling events; during Monday through Thursday, the events would be limited to competition events with other schools and for high school team practices. ACPS would post a schedule of these athletic events prior to the start of each athletic season.

STAFF RECOMMENDATION: Staff recommends approval of the revised condition. Staff's improved understanding of the athletic schedule and the requirements of Title IX weigh in favor of the revised condition. The new agreement to set and post the schedule for lighted athletic events at the start of the season helps mitigate the impact of these events on the neighbors.

Current Proposed Condition 127. **CONDITION ADDED BY STAFF:** Athletic field lighting used for ACPS athletic events and other ACPS approved events shall be turned off no later than 15 minutes after the activity ends. In no case shall athletic field lighting for this use be turned off later than 10:15 PM. Events requiring lighting per this condition may only be held on Fridays and Saturdays. (DSUP2017-0016)

New Proposed Condition 127. **CONDITION ADDED BY STAFF:** Athletic field lighting used for ACPS athletic events and other ACPS- approved events shall be turned off no later than 10:00 PM or up to 30 minutes after the activity ends. Events requiring lighting per this condition may be scheduled Monday through Saturday; with events on Monday through Thursday restricted to ACPS interscholastic sports teams and practices. A schedule for events requiring lighting will be provided and posted publicly by ACPS prior to the start of each athletic season. (DSUP2017-0016),

STAFF:

Karl Moritz; Director, Planning & Zoning karl.moritz@alexandriava.gov
Rob Kerns; Development Division Chief, Planning & Zoning robert.kerns@alexandriava.gov
Nathan Imm; Principal Planner, Planning & Zoning nathan.imm@alexandriava.gov
William Cook; Urban Planner II, Planning & Zoning william.cook@alexandriava.gov

October 2, 2018

TO: Karl Moritz, Director of Planning and Zoning, City of Alexandria

FROM: Mignon R Anthony, Chief Operating Officer, ACPS

SUBJECT: October 2, 2018 Planning Commission Hearing, Docket Item #7

Request for a Change to Condition 127

Amended Change Request Language:

ACPS is requesting that the lights off time proposed under this condition (10:15 PM) be extended to include Monday through Thursday and be restricted to ACPS interscholastic sports teams and practices, with a schedule provided and posted publicly prior to the start of each athletic season.

The ACPS request for an Amendment to Staff Condition 127 centers around two primary issues:

- a. Equal access If only Friday nights are available for lighted high school athletic events and they are taken up with varsity football, it creates an equity issue vis-à-vis girls' athletic contests, since there is no practical opportunity to hold varsity games and limits practices which are primarily held during weekdays. It means that other sports, participated in by females, do not have equal access to a lighted field to schedule, practice or play their games on other nights. This was an issue a number of years ago when girls' softball did not have the ability to play varsity games under lights, while boys' baseball did, and which became the subject of a Title IX complaint against ACPS.
- b. Operational Sufficiency and Impact on other ACPS and City Resources TC Williams' athletic programs which would benefit from increased accessibility of the field at Parker-Gray Stadium include Freshman, Junior Varsity and Varsity in Football, Soccer, Lacrosse, Field Hockey and Track and Field, including girls and boys teams in most of these categories. ACPS agrees with the October 1, 2018 memorandum from the Director of Planning and Zoning to the Planning Commission regarding the Existing and Potential Uses of Parker-Gray Stadium.

Particular emphasis should be placed on the fact that ACPS fields should operate under the same rules for lights extended to Recreation, Parks and Cultural Affairs (RCPA) and that reducing the use of other recreational fields throughout the City is another goal of this action which increasing use opportunities at Parker-Gray Stadium will provide.

ACPS request that this request be considered as an amendment to the conditions and the chart on Page 21 of the Staff Report be revised.

City of Alexandria, Virginia

MEMORANDUM

DATE: OCTOBER 4, 2018

TO: CHAIRWOMAN MARY LYMAN AND MEMBERS OF THE PLANNING

COMMISSION

FROM: KARL MORITZ, DIRECTOR OF PLANNING AND ZONING

SUBJECT: REVISED AND ADDITIONAL CONDITIONS DEVELOPMENT SPECIAL

USE PERMIT #2017-0016: Parker-Gray Stadium Modernization at T.C.

Williams High School

SUMMARY: Staff is providing you with the language of the conditions for you to confirm that we have appropriately characterized the conditions Planning Commission voted on October 2, 2018 to recommend to City Council. Please let us know if you have any concerns.

II. LANDSCAPING/OPEN SPACE

12. CONDITION ADDED BY PLANNING COMMISSION: ACPS shall develop, implement, and maintain a comprehensive landscape and fence improvement plan for the western and southern property lines between Parker-Gray Stadium and adjacent residences. The landscape and fence plan will strengthen the visual buffer between the stadium and residences and provide a physical deterrent to scaling. The improvement plan should also address the current condition of the landscape plantings including where such plantings have encroached. (P&Z) (PC) (DSUP2017-0016)

XI. NEIGHBORHOOD COMMITTEES AND COMMUNICATIONS

CONDITION DELETED BY PLANNING COMMISSION: To provide a permanent forum for the discussion and resolution of neighborhood issues that arise as a result of the ongoing operation of the new high school, ACPS shall create and coordinate a Community Advisory Committee to include representatives of ACPS, TC Williams High School, the Department of Recreation, Parks and Cultural Activities, and the adjoining neighborhoods. The Advisory Committee shall determine its meeting schedule, which may be either on a regular basis or as conditions require. Use of the stadium speaker system by RPCA shall not be increased beyond historical levels (last two years) without agreement by this Committee or by the Planning Commission and City Council. (P&Z) (PC) (DSUP2002-0044)

- forum for the discussion and resolution of neighborhood issues that arise as a result of the impacts on the adjacent neighborhood from the ongoing operation of the high school and stadium, ACPS shall establish and coordinate a T.C. Williams Neighborhood Forum. The members of the Forum from ACPS will include the Principal, Athletic Director, Director of Facilities and Operations for T.C. Williams, and the ACPS Chief Operating Officer or designee. The adjacent neighborhood representatives to the Forum will select a chair from the neighbors of the school, for a term not to exceed two years, to assist in the coordination of meetings and topics for discussion. The Forum will meet quarterly to include a walking tour of the school site at each meeting with the above-stated representatives in attendance. The Forum will provide a report of the quarterly meetings and walking tours to the School Board, no later than two weeks following the meetings. (P&Z) (PC) (DSUP2017-0016)
- 107. CONDITION ADDED BY PLANNING COMMISSION: ACPS shall provide a mailed schedule of events and or programming requiring lighting to residents of Woods Lane, Woods Place, Bishop Lane and Vicar Lane prior to the start of each athletic season. (P&Z) (PC) (DSUP2017-0016)
- 108. CONDITION ADDED BY PLANNING COMMISSION: ACPS shall designate a community liaison or liaisons to be accessible 24 hours a day to address community concerns. The contact information for the liaison(s) shall be made available to the adjacent properties on Woods Lane, Woods Place, Bishop Lane and Vicar Lane. (P&Z) (PC) (DSUP2017-0016).

XII. SECURITY

117. <u>CONDITION ADDED BY PLANNING COMMISSION</u>: <u>ACPS shall establish comprehensive security monitoring measures along the perimeter of the stadium area that abuts residential properties. Measures may include but are not limited to increased patrolling, addition of security cameras, or other security measures. (P&Z) (PC) (DSUP2017-0016).</u>

XV. NOISE

- 132. CONDITION ADDED BY STAFF: Athletic field sound system(s) shall be operated only by ACPS staff or other ACPS-authorized persons during scheduled ACPS athletic events or ACPS-approved events, in accordance with the times stated in Condition 127 above. Fort Ward-Seminary African American Descendants Society

Good evening, our names are Adrienne Terrell Washington and I am Carol Johnson. We are representatives from the Fort Ward-Seminary African American Descendant Society, an organization devoted to remembering our ancestors and telling Alexandria's west end African American story from the Civil War to the 1960's and beyond.

As you may have heard from others, Seminary (aka Woods Subdivision), is a community formed by African Americans after the Civil War - many from this Northern VA area - that lived independently, worked, and provided for their families with the skills acquired from forced servitude and slavery. We, along with others here are the descendants who still remain in the community after 150 years. After the Civil War our ancestors were self sufficient and earnestly believed in education and building a thriving community. Our community built Churches and even had a Rosenwald (sponsored) school built on the same land (donated by my Great Grandfather) where the TC Williams campus now occupies. Ms Washington's former home address became the address for the original TC Williams High School. Since the *seizure* of our land, the Seminary residents have been affected with family displacement, financial losses (due to originally de-valued land and the high price for new homes), the school encroachments, student/gang trespassing, rodents' infestations, noise and increased traffic.

When TC Williams was reconstructed there was a continuing agreement (a development special use permit (DSUP)) made with the neighboring communities that stadium lights would NOT be installed. And therefore, we the Descendants Society also expect the <u>DSUP agreement be honored and respected</u>. The community has continuously made concessions with the ACPS and the city. We are adamantly opposed to the installations of lights at TC Williams Parker-Gray Stadium.

The Fort Ward-Seminary African American Descendants Society strongly stresses that the city agreements made must be adhered to with the Seminary community and the other neighboring communities on Bishop & beyond. Allowing lights elsewhere (outside of Seminary) has always been an option and should be considered where communities are not affected. It is well known that there are other sufficient areas where lighted games can be played while not impacting any community especially one that sits next to and less than 8 feet from the school stadium area. As a final note, stadium lights should not be on any list for a school addition that is overcrowded - needs additional space and maintains non-competitive test scores.

In closing, we thank you for your time and attention. (Ms Washington is a direct descendent of the Terrell family and I am a direct descendant of the Wood family.)

Fort Ward-African American Descendants Society to Alexandria's Planning Commission 10-02-2018

SCHOOLHOUSE, **CHAPEL AND HOME**

Descendant Voices-"We're Still Here."

Clara Shorts Adams and Robert Adams conveyed a quarter-acre to the Falls Church School District of Fairfax County in 1898 for the purpose of educating African American children. The oneroom "Colored School Building at Seminary" served as a public schoolhouse for African Americans living in this community, replacing the earlier Oak Hill School south of Braddock Road. The school closed in 1925, yet School House Lane can still be discerned in the park's landscape. The building became an African American Episcopal chapel, St. Cyprian's, with students from the Virginia Theological Seminary leading services and teaching children. Its members joined Meade Memorial Episcopal Church when the chapel closed. Renovated for residential use, the chapel became the home of the Young family, who lived there from 1947 until the City of Alexandria's purchase and demolition of the building in the 1960s. Sgt. Lee Thomas Young remembers that his bedroom was located in the chapel's pulpit, and the kitchen was in the "Amen Corner."

Education-Initiative & Excellence

Few African Americans were educated in Virginia before the Civil War. While some individuals gained literacy, the almost 550,000 African American Virginiansabout 90 percent of whom were enslaved—did not have access to education. Even after the war, when public education was established in

Virginia, black schools were segregated with unequal funding, facilities, and supplies. African Americans continually took measures to secure education for their children by donating land, building schools and raising funds. The school that once stood at The Fort and its successor, the Seminary School, were such community initiatives. Douglass Wood donated the land and the community raised \$1000 to ensure construction of the Seminary School, which was located where T.C. Williams High School

56. Through sheer strength of will, determination, fortitude, guts, and against all odds, our ancestors fashioned a life here at Fort Ward, an abandoned Union fort. Then, out of necessity, they developed an entire viable, self-sustaining community that is still very much in existence today. It's undergone many changes, but we're still here.

In the 1950s and 1960s, the City moved the residents out of Fort Ward to establish the Park and Museum, which disrupted their tranquility. In 1962, the City displaced our community once again to build T.C. Williams High School. But, we're still here.

Frances (Johnson) Colbert Terrell, great-great-granddaughter of Seminary community founders, Wallace and Virginia Roy Wans(z)er

The African American Descendants of The Fort and Seminary communities have only one dutiful and determined goal, the restoration and preservation of our sacred heritage. Where others view deeds, cannons, and picnic pavilions, we see people buried on this hallowed ground whose blood runs through our veins and four generations of our families' veins.

Countless unmarked graves of our ancestors are buried under the very soil that joggers, dog walkers and Civil War buffs unknowingly tread today. Where others see "open space," we see familiar faces, family memories and challenges on land that our ancestors-from slavery to freedom to Jim Crow to urban renewal—toiled, bought and successively seeded to grow a sustainable community through self-sufficiency, small farms, churches, schools and community values that have contributed to the prosperity of this city and nation for 150 years.

What does Fort Ward mean to us? It means blood, land and life. It models faith and morality. It conveys endurance and excellence. It speaks of our struggle but trumpets our survival. ??

Adrienne Terrell Washington, great-great-granddaughter of "The Fort" founder, Harriett Stuart McKnight Shorts

AN ENDURING AFRICAN **AMERICAN COMMUNITY**

"The Fort" community began in large part from the results of the Civil War—freedom, rights, and opportunities for enslaved African Americans. Ironically, The Fort ended almost a century later as civil rights expanded. The City of Alexandria dedicated this park and museum for the Civil War Centennial in 1964. People were displaced, buildings demolished, graves lost as the African American presence faded from view.

Yet, The Fort endures. The remains of its homes and school/ chapel, fragments of household items, and numerous graves survive underground. The Fort's descendants retain memories, images and traditions. New generations of those who founded The Fort and larger "Seminary" community still live nearby. The Oakland Baptist Church stands on King Street as a landmark to the community's founders and members. Oakland's cemetery is surrounded on three sides by Fort Ward Park. The Virginia Theological Seminary and Episcopal High School remain as testimony to African American craftsmanship and care, and to the service of those who once worked there.

"THE FORT" HERITAGE TRAIL

An Enduring African American Community Fort Ward Park & Historic Site . 4301 West Braddock Road

The City of Alexandria, Virginia Office of Historic Alexandria

Seminary School Graduating Class of 1932. Courtesy Elizabeth Henry Douglas.

African Americans established "The Fort," a community that continued here for nearly a century after the Civil War (1861-1865) and into the Civil Rights Era of the 1960s. The place received its name from The Fort's location on and around the remnants of Fort Ward, one of the fortifications that were built as part of the Defenses of Washington. In the late 19th and first half of the 20th centuries, families living at The Fort and in the larger "Seminary" communitylocated around the Virginia Theological Seminary and Episcopal High School on Braddock, Howard, King and Quaker streets—were connected through shared kinship, marriage, church, and work, particularly at the two Episcopal educational institutions. Four generations of families (including the Adams, Ashby, Craven, Casey, Henry, Hall, Jackson, Javins, Johnson, Lewis, McKnight, Miller, Peters, Randall, Roy, Shorts, Simms, Terrell, Wans(z)er, Wood and Young families) sustained The Fort through these associations, faith, adherence to a strict moral code, and emphasis on education.

OAKLAND

BAPTIST CHURCH

Several residents of "The Fort" community were founders of the Oakland Baptist Church, which is located at the intersection of King Street and Braddock Road. The congregation started worshiping in a bush arbor as Oak Hill Baptist Mission in 1888, established the church in 1891, and moved to the current location at 3408 King Street two years later. Despite the hardships associated with the community's displacement and the development of Fort Ward into a historical park, the Oakland Baptist Church and Cemetery survive as symbols of the self-sufficiency, integrity, and longevity of this distinctive African American community.

In 1939, the Oakland Baptist Church acquired a lot from Samuel Javins after the death of his wife, Florence McKnight Javins. She inherited the property from her mother, Harriett Stuart McKnight Shorts, one of the founders of the church. Family ownership of the land started in 1879, when Burr Shorts, Harriett's husband, began purchasing 10 acres. The Shorts-McKnight family was one of the principal founding families of "The Fort" and continued living here until the 1960s. Three McKnight family graves are the earliest known in the cemetery and pre-date church ownership of the land: James W. Terrell and Maria McKnight (1925) and Burney McKnight Terrell, wife of James and sister of Maria (1930).

Church Founders: Clara Shorts Adams, William Carpenter, John Wesley Casey, Maggie Hall, Brooks Johnson, Mollie Nelson, Nancy Shepherd, Harriet McKnight Shorts, Daniel Simms Sr., James William Terrell, Smith Wanzer, Matilda Woods.

Burney Terrell. Courtesy Adrienne Terrell Washington, greatgranddaughter.

AFRICAN AMERICANS AND THE CIVIL WAR

The Civil War opened the door for opportunity and civil rights for African American Virginians, about 90 percent of whom were enslaved in 1860. The mayhem caused by the war provided an opening to escape slavery, while the federal presence in Alexandria and eastern Fairfax County offered a destination for thousands to seek refuge and jobs behind Union lines, and create new lives. These "contrabands" and freed people aided the Union cause by working as hospital attendants, gravediggers, stevedores, teamsters, cooks, and laundresses, and in labor gangs to build roads, construct fortifications and trenches, and maintain rail lines. More than 200,000 men enlisted in the United States

residents at "The Fort" and "Seminary" community.

Colored Troops (USCT). Many African American soldiers escaped

slavery before enlistment, such as the fathers of two long-time

Employment-Continuity and Self-sufficiency

Before the Civil War, enslaved African Americans worked as domestics and laborers at the Virginia Theological Seminary and Episcopal High School. Change occurred in June 1861 when Union troops occupied the closed schools and established a military hospital. The Fairfax Seminary Hospital provided employment and support for some freed people. After the war, African Americans settled in the areas surrounding the Episcopal complex, where they worked as carpenters, cooks, waiters, drivers and maintenance staff. By the end of the 19th century, many of these families had bought land and established their homes in "The Fort" and "Seminary" community. Some families retained their connection to these educational institutions for nearly a century.

Fairfax Seminary Flospital, Aspinwall Hall at Virginia Theological Seminary.

JACKSON CEMETERY

In 1884, James F. Jackson purchased the largest of "The Fort" parcels with 11.5 acres and the "western slope of a bank of Fort Ward." Over 40 years, James farmed and worked as a driver at the Episcopal High School. His wife, Katie, was a laundress. The Jacksons established a burial ground on the fort's slope (glacis). "Uncle Jim" dug graves with "Uncle Fred" Rust and "Uncle Simon" Reed. In 1926, investors intending to build Eagle Crest development purchased most of the land, and the City of Alexandria acquired it 30 years later for the park. Only a few names of those buried are known, and none of the grave markers survived. Elizabeth Henry Douglas, whose two brothers' graves are here, remembers that the disappearance of the markers "made our hearts sad, and we never did know what happened to them." Archaeological investigations have identified grave locations for positioning new markers.

From left, Simon Reed, Fred Rust and James F. Jackson. Courtesy Dorothy Hall Smith.

I don't know how they made it. You didn't have a credit card back then, and you just dropped in and the people gave you a little share of molasses and a hoecake and what they called 'soft fish,' which was salt fish. ">>

Dorothy Hall Smith as told to Adrienne Terrell Washington.

Wed 10/3/2018 2:59 PM

To:PlanComm <PlanComm@alexandriava.gov>;

Madam Chairman and Members of the Commission,

I just wanted to take a minute and thank you for your many hours of volunteer service for the betterment of the City of Alexandria and its residents. As part of my job requirements, I have attended and participated in many Planning Commissions and Council Hearings in Alexandria and other jurisdictions in the DMV. Last night was the first time I stood up as a resident and spoke on behalf of a cause I feel strongly about and one that directly impacts my two student athletes attending TCW.

I support your decision and I further agree ACPS needs to be held accountable for being better neighbors. As the current president of the TCW Lacrosse Boosters, I will do what I can to help hold ACPS accountable for the conditions you approved last night, or rather this morning. To the extent I can be of help in that regard please let me know. Maybe a volunteer day or series of days the TCW Lacrosse Boosters and student athletes can sponsor where trash is picked up or some other service project is performed to benefit the adjacent property owners. It would be a great cause and a great teaching moment for the students. I'll get some feedback from the other Board members at our meeting later this month.

Kind regards,

Adam Hayes

Adam D. Hayes I Sr. Director of Engineering

Wed 10/3/2018 3:10 PM

To:PlanComm <PlanComm@alexandriava.gov>;

Thank you for your thoughtful patience with all the speakers last night and considering all the facts in your final recommendation. Pushing through to 2 AM is indicative of your commitment and balanced approach to the lighting issue. Thank you again for a "now" solution to a very hard problem. Also thank you to the planning commission staff and their very very thorough work. The science and methodical detailed analysis by all involved was extremely impressive.

Thanks

Thomas Murphy

Marylynn Saunders <marysaunders@msn.com>

Wed 10/3/2018 3:01 PM

To:PlanComm <PlanComm@alexandriava.gov>;

I was there last night in support of the lights for the students of TC Williams but I had to leave around 11 - dogs needing walking - but thank you so much for saying yes to the lights.

When we moved across the street from TC Williams so that my granddaughter would be close to her high school six years ago, I had looked forward to watching Friday night football - I was taken aback when I found out nope - no lights - no football at night. While I have tried to see the other side of this argument, all I see is hate, hate of change, hate of maybe some crime that the lights might bring. I see the lights promoting school spirit, community spirit and finally lights make any thing better.

Thank you again for a forward view of how our city should be going into the light.

Marylynn Saunders 2734 Franklin Court Alex., VA 22302

BTW- I live so close to this school I hear the announcements in the morning, something my granddaughter sometimes managed to miss - LOL

Impact of lights at TC on parking in and around the TC field

carolyn griglione <carolyn.griglione@gmail.com>

Thu 10/4/2018 11:09 AM

To:PlanComm <PlanComm@alexandriava.gov>;

10.4.18

Dear Planning Commissioners,

I watched the proceedings for approval for the lights at the TC field from home. I don't remember hearing any discussion about the impact on parking in and around the TC field.

Will there be impact and what is the TMP for parking/traffic in the area?

My major concern is how this might impact parking for patrons of Chinquapin Aquatic and Recreation Center. The Chinquapin Circle parking is managed by the Recreation Department. Do they have a plan for additional parking that may happen with more use of the TC field? Currently the after school parking around the circle is used by patrons of the Chinquapin facilities and the park and gardens and citizens. Will the one entrance in and out of the park, Chinquapin Drive, be able to handle additional traffic? It is already very busy. There are current problems with students and parents of TC students violating the posted signs indicating the spaces are for Chinquapin patrons at the three reserved parking lots. Has thought been given to how the additional usage of the TC field might further impact these parking lots?

I have no problem with additional use of the TC field but I think there needs to be discussion about the traffic and parking impact this might cause for those using Chinquapin Center. I did not hear any discussion on this topic during the Planning Commission meeting.

The Chinquapin Center is open until 9pm Monday - Thursday and 6pm on Friday, Saturday and Sunday.

This topic may have been discussed prior to the meeting and just not mentioned during the meeting.

There is always the possibility that there will be no impact.

Thanks, Carolyn Griglione 1416 N. Ivanhoe St. Alexandria, VA 22304 703 370-0653

To:PlanComm <PlanComm@alexandriava.gov>;

Dear Planning Commission Members-

I am thrilled to learn the Commission has approved the recommendation for stadium upgrades w/lighting at T.C.Williams HS. The stigma & disadvantages our students have had to bear may be lifted. Thank you.

If the City Council likewise approves, the upgrades will benefit thousands of students, & by association, our city over the years.

Go Titans!

-Margaret Williams

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

| I support a comprehensive | | |
|---------------------------------|--|--|
| upgrade for the TC Williams | | |
| Stadium, which includes | | |
| concessions, lights, bleachers, | | |
| restrooms, press box, and | | |
| upgraded turf & track. | | |

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

This is long overdue. There are literally thousands of students, athletes, alumni, parents and other citizens who enjoy or support youth sports -- black, white, hispanic and others who support this. We have been waiting five years for the TC stadium upgrade, including the lights. There is not another large public high school in Virginia that has no lights or bathrooms at its football/soccer field, not to mention a usable press box. Time for the community to be able to come together on Friday nights for the 4-5 home football games as well as big soccer and lacrosse games (that fans often can't attend in the afternoons) and track meets (which can be suspended due to darkness before some athletes have been able to compete). A handful of folks who decided to live next to a school have been resisting the will of the many. The City and School Board have bent over backwards to hear their concerns and design the new facilities to be as unobtrusive as possible. Time for you all to

| | favor the many over the few. |

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; jockmystyle24@hotmail.com <jockmystyle24@hotmail.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | It's time . The stadium is embarrassing. And to have a few bitter people that haven't gotten over something that happened 50 years hold up progress is not right . Do the right thing |
| First Name | Bob |
| Last Name | Kahn |
| Email Address | Jockmystyle24@hotmail.com |
| Street Address | 4 south van dorn street |
| City | Alexandria |
| State | Virginia |
| Zip Code | 22304 |
| Are you a T.C. Williams alum? | Yes |
| If yes, what year? | 1999 |
| Do you live in the A, B, or C school district in Alexandria? | В |
| I want a yard sign. | No 264 |

Sun 9/23/2018 4:35 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; bradley.martsching@gmail.com
bradley.martsching@gmail.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | These upgrades will update the stadium and make it more conducive to evening events, particularly Friday evening. Such events have far less conflicts than Saturday afternoon and promote community during a time where community is being challenged at every level. |

No

TC Stadium Petition <contact@tcwstadium.com>

Sat 9/22/2018 3:09 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; cym109@gmail.com <cym109@gmail.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | It is a travesty and, frankly, embarrassing that one of the largest high schools in Virginia has a condemned press box, rotting turf, porta-pottiesand no lights. It's not just about "Friday Night Lights" and fall football gamesit's about all of the other school sports that miss out on the benefit of being able to practice and play at home like other public high schools, particularly in the winter months, when the sun goes down at 5 pm. It is a shame that a select few in the vicinity of the school could protest so vehemently against the progress of a school, its young people (also the future of our city, state, and country), and the community as a whole. That a few could—and would—hold hostage the enrichment of several thousand students and members of the surrounding community for what amounts to money (the neighbors' poor property values!) is tragic. |

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | As a parent of a student in the TCWilliams marching band, I would fully support the ability to host Friday night home games in order to allow the band to perform both at our home games as well as in competitions, which are typically held on Saturdays and conflict with day games. Since we have no lights, we can only host games on Saturdays during the day. The full sun is not the healthiest environment for athletes, band members, or spectators. Games are relatively short and bring the whole community together. | |

|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | With almost 4000 students (and more on the way!) at TC Williams, we just physically need more time to use the one onsite sport field! When it gets dark, the space is rendered useless. We have teams of kids being bussed across the city, and we have band practicing in a lit parking lot. For our students, we must create a safe and usable space that makes Alexandria proud of its high school and that supports our students. High tech lighting and sound will reduce the impact to neighbors in a way that was not available when promises about "no lights" were made. The space is more unsafe now without lights and bathrooms than it would be if the stadium were fixed and lit. |

|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | It has a lot of memories for me. It's not to many titans, who can say they attended TCW for 4 years. After the changes in the 1970's. To know your school has a movie about them and a group players who still goes around and keeps the Titan spirit alive. We need this makeover. If not for school and students. We just need to support them #HTCW |

TC Stadium Petition <contact@tcwstadium.com>

Sun 9/23/2018 4:34 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; erin.hudson@acps.k12.va.us <erin.hudson@acps.k12.va.us>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | For a school so rich in history, not having a stadium where the football players, cheerleaders, alumni, and community come together for Friday night football game underneath the lights is counterintuitive and has been incredibly detrimental to school spirit. For sports like field hockey and lacrosse -who still have evening games but play at Minnie Howard -it makes the games lack homefield advantage and again the school spirit that comes with an evening game underneath the lights. |

TC Stadium Petition <contact@tcwstadium.com>

Sat 9/22/2018 4:30 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; klsokolove1@fcps.edu <klsokolove1@fcps.edu>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | It is time. Facilities are run down. To students and the Alexandria community deserve to be able to gather on Friday nights and watch football or other sporting events. It will also allow practices and residents to be able to utilize fields in am or pm after sun goes down. Technology has improved so lights would only light the field, not surrounding properties. To is a community treasure - not a burden to be borne. Let it be the evening gathering place it should be for our most precious resource - our kids. |

|----------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | We are simply doing a disservice to our children by not providing them educational facilities, including athletic facilities that are current and up-to-date with today's standards. It is part of the reason why so many friends and neighbors we know have decide to leave Alexandria for Arlington or Fairfax County, because we don't have adequate facilities to ensure their children will get the very best education and high-school experience. Let's not remain stuck in 1965. |

TC Stadium Petition <contact@tcwstadium.com>

Sun 9/23/2018 4:36 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; lukeryanwilson@gmail.com <lukeryanwilson@gmail.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I play football and recently I went to the south county hayfield game at south county and it was Friday night and they had lights. The turnout was tremendous. Then, the afternoon after, we, TC, had a game in which we playe Patriot high school, where their stands had more people than our stands. I believe we are missing a major part of our ticket sales because we don't have any Friday night games, rather we have Saturday afternoon games, which is a terrible idea, nobody wants to play on Saturday, we want to play on Friday night, at home, under the lights. |

TC Stadium Petition <contact@tcwstadium.com>

Sat 9/22/2018 2:52 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; maggiemeytran@gmail.com <maggiemeytran@gmail.com>;

| concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | |
|-------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | The students of TCW deserve to have a stadium that they feel proud of. Our current stadium and facilities are embarrassingly decrepit. The fact that there is not a restroom is disgusting and embarrassing. The citizens of Alexandria deserve to have a sports facility that is state of the art. The fact that our stadium is what it is projects a perception that public schools are not important. Tow is too good of a school - the largest high school in the state- to be treated this way. The fact that alexandrians have so much wealth makes it even worse. |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| |

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

We need lights because as a TC track and Field athlete we can never hold track meets such as regionals or other invitationals that may last long, we have to wake up at like 6am and that is when everybody is tired we can not wake up at like 8am and end a little later because their is no lights on the field. Lights will help benefit every sport such as football, soccer, etc so we can play long lasting games we as a whole will never forget because if it is about to get dark and we are in the middle of the game we are all suppose to depart the field because it turns pitch black. If you see other high schools they have lights and the games are so much fun. They have nice a big bleachers, good concessions stands, etc. we should also have bathrooms because it can be a little gross to go to a potterpottty and then we have to eat with our nasty hands. Please upgrade our field to make it a hetter rest of the school year for all of us

| | better rest of the school year for all of us. |

Do you live in the A, B, or C school C district in Alexandria? I want a yard sign. Yes - and I would like someone to drop off the yard sign

TC Stadium Petition <contact@tcwstadium.com>

Fri 9/21/2018 4:55 PM

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I respect the validity of the agreement that was made with residents, and later upheld, by City Council, but the harm being inflicted on the community at large now is much greater than the harm that would be inflicted on this very small group of homeowners during evening events at T.C. Williams. It is time to come to a compromise solution that allows use of the stadium after sundown. |

| I want a yard sign. | Yes - and I would like someone to drop off the yard sign |

TC Stadium Petition <contact@tcwstadium.com>

Sat 9/22/2018 3:31 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; wilkhub.va@gmail.com <wilkhub.va@gmail.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | We had lights at my high school in Alabamain 1979! And the high school was in the middle of a wealthy, residential neighborhood. With regard to the promise made 50 years ago, should we honor all promises forever, even as the future brings change? Along with a chance to re-evaluate in light of growth and new opportunities? I can think of many promises made in the City Of Alexandria since it was founded that proved to be detrimental as the city moved forward. And these were either fixed or discarded. Time to do the same here. |
| First Name | Mary |
| Last Name | Huber |
| Email Address | wilkhub.va@gmail.com |
| Street Address | 2904 Landover Stret |
| City | Alexandria |
| State | VA |
| Zip Code | 22305 |
| Are you a T.C. Williams alum? | No |
| If yes, what year? | I'm not an alum but I have a current 8th grader at GW, a senior at TC and my oldest graduated from TC in 2014 |
| Do you live in the A, B, or C school | A 452 |

| district in Alexandria? | | |
|-------------------------|---------------------|----------------------------------------------------------|
| | I want a yard sign. | Yes - and I would like someone to drop off the yard sign |

TC Stadium Petition <contact@tcwstadium.com>

Fri 9/21/2018 4:25 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; megancrowe12@hotmail.com <megancrowe12@hotmail.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | It is time for the TC Williams Stadium to have lights! There have been numerous planning meetings and accommodations to make the lights the least intrusive possible for neighboring areas and years and years of discussion on efficient planning. Our TC students deserve to have a lighted field like every other highschool. Let's support our kids and move forward. |

TC Stadium Petition <contact@tcwstadium.com>

Sat 9/22/2018 4:22 PM

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | Alexandria is an international city where we represent many cultures and where we host people from all over the world. We need top notch and world class facilities to show visitors, tourists and ourselves our strength and beauty. In addition, to move forward in the modern world where more time is spent in a digital realm, we still need public and in person gathering places to establish, build and unify a community. A stadium with lights and other upgrades is essential in these ways- for a world class city and for our local community. |

TC Stadium Petition <contact@tcwstadium.com>

Fri 9/21/2018 6:59 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; pcornelio@comcast.net cornelio@comcast.net;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | It is time and has been for a long time for TC to join the rest of the schools to have lights for games. Many parents could not attend games that were held at TC because they had to be held an an early hour and parents were working. Letting a few decide and dictate what is good for TC just isn't right. Good schools create good communities. Sports games are a community event. |

|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I am an Alumni of TC Williams and I have been a part of the student section for all of my years at T.C. As a fan it honestly was horrible being one of the only highschools in VA without lights. As an alumni I can garuntee you that we will have a greater fan base which equals more revenue for the school. T.C. Is one of the most famous high schools for football and we don't even have lights which is absolutely absurd. I will continue to withhold my donations until the athletics department makes upgrades including lights. |

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | Students at Alexandria's only public high school deserve the full high school experience. They deserve quality facilities across the board, including a more modern stadium with lights for evening events, including Friday Night Football. As the parent of two TC Williams Marching Titans alums (one a drum major), it saddened me that they could only participate in the Friday night football experience by traveling to away games and watch the home team marching band perform under the lights. Opposing marching bands do not come to TC Williams on Saturdays for games. They are off at Marching Band competitions, performing before appreciative audiences and receiving valuable feedback to improve their performance prior to the State Marching Assessment. TC's marching band has a much more difficult time getting to very many marching competitions because of Saturday football games. Excellence in marching and in the seated band are both required to earn the Honor Band designation. Surely, a reasonable accommodation can be made with the neighbors that would allow this modernization initiative. Thank you for your consideration of this issue. Please do "Remember the Titans" and bring back Friday night lights. (And all the other positive impacts of a modern stadium) | |

|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I went to high school in the 80's and we had lights. Most every other high school in the area has lights. Why in the year 2018 can't our high school have lights? It not like they will be on every night. Its only a few nights a year for three hours. I think the neighbors can manage even if 40 years ago they were promised no lights. Please modernize and lets not make us wait another four years. We just want to be able to come together as a community on a Friday or Saturday night to support our team. There is enough division at TC. This is a way to bring everyone together. Justin Wilson, I don't support most (any?) of your initiatives. Can you please support just this one for me so I won't be bitter for another four years? |

TC Stadium Petition <contact@tcwstadium.com>

Sat 9/22/2018 3:07 PM

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I am a TCW '76 grad and both my kids went to TCW, classes of '13 and '17. We all were in the Marching Titans. Saturday football pales in comparison to Friday night football. It's not even close. |

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I am a fellow cheerleader for T.C. and on the days that we have home games (Saturday), I have to put homework to the side and get prepared for my game. Or, i'm out late nights at away games, due to us not having lights. Instead, I should be able to cheer at home games and have time to be a scholar as well. Also, our stadium looks very old & not proactive. A stadium upgrade could be a valuable asset to our school spirit! |

| I want a yard sign. | Yes - and I will pick up my yard sign |

TC Stadium Petition <contact@tcwstadium.com>

Mon 9/24/2018 6:06 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; kevin.francis.dunne.1993@gmail.com <kevin.francis.dunne.1993@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; trinidon@gmail.com <trinidon@gmail.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | My home turf needs to be featured under lights. It's been too long. TC Williams High School has been featured as a place of progress. Let's progress towards what all the Titans that have stepped foot in that stadium have said time and time again. We need to be under the lights! Go Titans! |

TC Stadium Petition <contact@tcwstadium.com>

Tue 9/25/2018 4:43 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; kevin.francis.dunne.1993@gmail.com <kevin.francis.dunne.1993@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; mjmcco@gmail.com <mjmcco@gmail.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | Athletics are integral to a student's development, instilling discipline and confidence, and leads to a lifetime of exercise. TC needs to have world class athletic facilities to support that mission. These need to be next to the school and not spread out around the community. Furthermore, I would support developing Chinquapin park into a viable athletic facility. |

|----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | There is no feeling playing in the Friday night lights, we as young athletes shouldn't pay for something people who came before us did. And playing on Saturdays interrupts whole lotta stuff like homework, catching up whether I'm specific classes and or even with your friends and also resting or just normal sleeping. Oh my goodness, waking up early on a Saturday is no where close to normal. | |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track.

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

Sports are an important aspect of high school experience. The social aspect of sports events is a positive one in our community. There are few opportunities outside of the classroom where students can come together to support one another. Our students are very proud of their school and it is important for them to be able to host evening track and field and other games or event at home. Our community deserves a chance to participate in home events in the evening. The current conditions prohibit this experience. The stadium lighting available today is a huge improvement over what may have been availablele in the past. It is possible to light the stadium with fixtures that cut off any light from spilling on to adjacent properties. Folks who purchased homes next to a high

| | school cannot have expected the school grounds to remain the same for years to come. |

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | Technology has come along way in stadium lighting, all you need to do is visit Wakefield HS to see the the latest in efficient direct lighting. As a football referee it used to be difficult to work a game with the old lights they had, but now with the new lights that shine directly on the feild, its no problem seeing and when they come on its instant, no waiting to warm up. The hoods over the lights keep the light pointing only on the field. If anything I hope more schools move to this type of lighting. If you do approve the lights I just hope we can find enough refs to work your night games, but that's our problem not yours. I love working Friday nights under the lights and look forward to doing it at TC one night. It's time, Bret Wolford class of 79 |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track.

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

I grew up in a home right next to TC Williams, and I know own a home about a mile from the school (that I currently rent). My family attended ACPS public schools from K-12 (my parents, and my two sisters). We were all student-athletes, and my sisters and I all went on to play college sports. After college, I returned home and coached the TC soccer team for six seasons. My oldest sister and I were honored to be inducted into the ACPS sports hall of fame last year. I would also note that my family is one of the only families to live next to TC before the high school was ever built.

I have heard for many years representations made to me and my classmates, as well as the students I coached, that TC Williams cannot have lights on its game field because of the types of students who attend school and how they behave. Unfortunately, this is a gross and false stereotype that is widespread. I am passionate about this issue because I believe our student athletes, and their families, deserve the same experience as their counterparts throughout northern Virginia and the rest of the state. There are schools throughout northern Virginia that coexist with the neighborhoods around them with fully functioning athletic facilities (this is a long list that includes schools like McLean, Langley, West Potomac and Annandale). TC should be no different.

Without lights at TC, games are cut short or cancelled, or moved up early in the afternoon. This means parents must take leave to come watch their children play. Many of our parents do not have the luxury to take off for a few hours to come watch an athletic event. I walked many of my seniors out to midfield when I was a coach to celebrate "Senior Day" because their parents were unable to take off of work and attend a game that started during work hours. This is obviously even more of an issue for our JV teams that typically have 3pm start times, and for visiting teams from further out in Fairfax County, etc.

As a former member of the Parks and Recreation Commission, I worked through the issue of having Council approve lights at Hammond Middle School. We made many compromises with the local civic association- the field is under lock and key and only permitted teams can play on it. This was a compromise in order to get lights on the field. That said, it has kept many neighbors from playing pick up soccer on that field- folks who work and pay taxes in our community, and traditionally have

always been able to play there. Unfortunately, after both planning approval and Council approval, the funding for lights was shifted away from Hammond. Now, we have a beautiful turf field, under lock and key, with no lights. I would suggest this turned out to be a bad deal for the city because we don't get the use out of the field that we could and neighbors no longer can access it as they have for decades prior. I would ask that lights for TC's game field are approved and be weary of restrictions that are placed on this condition that restrict the full use of the field and track- both by students and by community members. Note that the new Hammond field now lacks a track- another resource that had been used by the community at large. TC now has the only standard track in the city, and is used by students and residents alike. Being able to jog in the evening, in a safe and lit environment, is important- unfortunately you need only look at recent incidents in the DC area to underscore this. Imagine for a moment what a nice resource the TC track will be once it has lights.

Lastly, I would like to address the issue of a "promise" for no lights to be put at TC. My family has asked about this promise for years- we have never seen it in writing, and it only worked its way into this conversation when the idea of having lights at the school started to gain traction. It is true that when TC was rebuilt in the 2000s, that the SUP included such language- and to my understanding, this was included because there was concern that the school would not be opened on time due to numerous concerns from neighbors about operations at the high school, and that if lights were included, it would drag the process out to the point of not being able to open on time. This puts the "promise" into context- i.e. being from the 2000's and not from decades and decades ago, and certainly a past Council's actions cannot bind the current Council.

I am passionate about this and could go on, but won't. I'll end with one short story that is similar to many conversations I have had over the years. When I arrived at college my freshman year, one of the first individuals I met was a student who had gone to school in northern Virginia. When I introduced myself and said where I had gone to school, the reply was that she was surprised to meet me, that she didn't know students like me went to TC, that she was always told TC students carried knives and guns and that's why they she never came to a game at TC and why we weren't allowed to play games at night. This is not a unique story- it is one our students hear throughout their high schools years. It isn't fair and it isn't right. And they deserve the same high school experience as their counterparts through the region.

| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | Our students and community deserve a stadium that is at least commensurate with others in the region. Currently and sadly, we don't have anything approaching that norm. Additionally, the wide variety and scope of activities that are a part of the educational experience at TC Williams require a facility that is available for more hours than daylight can provide, making lighting a de facto requirement, as all other jurisdictions in the region have always realized without question, and have automatically provided. |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| |

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

district in Alexandria?

As a parent of a current and graduate TC student, I believe it is time to bring the community together with the opportunity for night-time games. It has been an embarrassment to our big, beautiful school to have teams play Varsity Lacrosse and Field Hockey the MH field when most other schools have accommodations-such as restroom facilities and a concession stand-and we do not have that to offer them in return. I can see that it is demeaning to our students and I have heard many comments regarding that from both students and parents, and even parents of other schools, over the past 5 years as a TC parent. The addition of lights at the stadium would be a welcome boost for the spirit of our teams and the neighborhood.

| | boost for the spirit of our teams and the heighborhood. |

|----------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | TC is the only public high school in the region without lights, other school groups, including marching band, suffer because they can't get precious field time, and as a result while representing our school, haven't scored as well in competitions and assessments as they could have - because they can't get time on the field. If we want kids to compete, and represent our school and our community, let's give them all the tools they need to actually do so! |

TC Stadium Petition <contact@tcwstadium.com>

Wed 9/26/2018 8:09 AM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; kevin.francis.dunne.1993@gmail.com <kevin.francis.dunne.1993@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; julia.m.kent@gmail.com <julia.m.kent@gmail.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | When I went to T.C. I ran track, played soccer, and worked as an athletic trainer for the football team. We always had to travel away for night games/meets, meaning we never had many fans in attendance, and often got home late. This impacted our performance both athletically and academically (less time to study when you are always on the road). |

| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I graduated from TCW in 1992 and played sports year round with a focus on track. I was honored to be inducted into the TCW athletic hall of fame along with my brother two years ago. TCW is an amazing school with fabulous opportunities for all students in both academics and sports. Upgrading the facilities to include lights at the stadium is essential to support the mission of excellence at the only public high school in Alexandria. I grew up on the other side of Chinquapin Park- and my parents still live there. We are lifelong supporters of TCW and would love to see these improvements. Thank you for supporting our school! |
| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track.

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

Having lights isn't just about Friday Night Lights for the football games. Not having lights trickles down to other sports such as soccer. I have two daughters who play TC soccer. One varsity and one JV the last two years, and we have had to choose which game to see since they play at different fields (Witter for JV; TC stadium for Varsity) at the same exact time (4:30pm) for home games. All other schools have back-to-back games on one field, JV first, then varsity starting around 7:15pm. Parents and student fans can attend these games (and even JV will get to see Varsity) because of the convenient time due to lights. When it comes to Districts and Regionals for both the boys and girls teams, our players have to miss part of the school day in order to get back-to-back games done in time before it gets dark since they have home field advantage when they have done well in District rankings. Even their opponents have to miss classes and leave even earlier to get transported to our field for such an early game time (school is still going on many times!). And for senior night, the game is usually played at Minnie Howard under the lights so that girls can finally have some friends who play other sports come to the later time and cheer them on ... finally. (This is technically not a regulation size soccer field.)And one year, the Minnie Howard lights didn't work, and the Senior Night was cut in half, a big disappointment for these senior girls who worked hard during their high school years as part of the soccer team. TC needs lights and should be able to work something out that will make players, parents, and surrounding neighborhoods happy.

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track.

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

It is unreasonable for a few people to hold tens of thousands of students & TC families hostage to their will. It is unreasonable to live adjacent to a high school in an urban environment & expect the tranquility of rural Virginia. TCW is the only public HS in Virginia w/o stadium lights. Athletics are fundamental to a holistic high school education & are students are being cheated. Students have had to bear a stigma propagated by this no-lights policy. Other school districts believe it is because our student body is inherently dangerous & our campus too dangerous to visit after dark. They don't understand it is because of a few neighbors wielding their influence to the detriment of our school family. Let there be LIGHT at Parker-Gray Stadium! Also let there be toilets, concessions stand, safe bleachers, & an announcer's box.

|----------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | The TC Marching Titans can only perform/attend a single game this year because of daytime competitions. The football team needs the band for support and enthusiasm. There are many other reasons why we need lights in our only stadium. Surely a compromise can be reached by limiting how many nights there are games and how late the lights can be on for other purposes, such as lighting the track or soccer games or whatever. Set a limit and stick to it. |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

| | I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|--|----------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | Why is this so hard? We go to other schools and see their fantastic facilities. When we host other schools, it is so embarrassing. My kids have been playing lacrosse for TC for 8 years and we have never had a chance to play on our stadium field like we do at EVERY other school. The field we do play on at least has lights, but it is not regulation size. This has caused other schools to refuse to play district or regional games on our field even when we earn the home field advantage. It's always a struggle. Again, Why is it so hard? A lot has changed with lighting and sound since the stadium was built. My family lived close to my high school football field and we loved Friday night when we could see lights, heard the fans & listen to the bands. I feel sad my kids have not grown up with the ability to enjoy Friday Night gamesreally builds a lot of comradare not only for the students, but for the community as well. |

|----------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | Alexandria City students are the future leaders of our community and nation. They deserve facilities that are safe, well maintained, and functional so they can focus on developing well-rounded qualities such as accountability, dedication, and leadership in both the classroom and through athletic performance. As a community we have an opportunity to grow in unity as we support our student athletes. By neglecting the upgrade, we limit their options to gain experience and demonstrate a indifferent attitude toward their future. |

TC Stadium Petition <contact@tcwstadium.com>

Thu 9/27/2018 11:54 AM

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | This is way overdue and does not impact the neighborhood but for a few hours a few nights out of the year. Residents are blowing this way out of proportion. Students are getting squeezed out of parking at the school, charged by the city to park on the Chinquapin circle with 40 less spots for permits than capacity, being squeezed out of the neighborhoods with restricted parkingquit making the kids suffer |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

| I support a comprehensive |
|---------------------------------|
| upgrade for the TC Williams |
| Stadium, which includes |
| concessions, lights, bleachers, |
| restrooms, press box, and |
| upgraded turf & track. |

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

My son and daughter both currently attend TC Williams High School and both play sports. My son has played football since being in the 8th grade, he is now a senior player. Both my wife and I volunteer for the TC Williams football team in various capacities. The condition of the TC Williams stadium is in my opinion truly disgraceful for school with this much pride and spirit, not to mention history. The fact that there has been so much opposition to lights does not make sense. If folks are so concerned about crime that lights will bring, then I would propose putting in lights for predetermined amount of time, lets say one school year - and then do a study to show if crime and complaints actually risen. As for the stadium enhancement, press box and bathrooms- this is absolute must. We have been working in snack shack- and have witnessed folks making fun and mocking. This needs to happen to enhance the students experience and for those who attend the events. As Alexandria's only public high school and one of the largest high schools in the state of VA- our stadium should reflect TCW pride and community.

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; kevin.francis.dunne.1993@gmail.com <kevin.francis.dunne.1993@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; as41228@students.acps.k12.va.us <as41228@students.acps.k12.va.us>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I have had 2 science fair projects on the effects of lighting on the neighbors. My findings were that with an average high school stadium light, the neighbors will not be effected. My project did not focus so much on noise, and although that will affect them more that light will, they made a concious decision to live near a high school. |

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; kevin.francis.dunne.1993@gmail.com <kevin.francis.dunne.1993@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; mh17683@students.acps.k12.va.us < mh17683@students.acps.k12.va.us >;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I run cross country and track for tc and it is very difficult to do long workouts on the track, especially in the winter, because it is already dark outside. Also, it is very difficult for me to be able to support the tc football team because all of the home games are on saturday mornings when I have cross country meets. Adding lights to the tc field would allow there to be friday night games. |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track.

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

I support lights at TC Williams Stadium.

The city needs to weigh the benefit to over 3500 students versus 6 residents.

The neighborhood response to exhaustive efforts by the school and ACPS is continuously and unapologetically no by a very small number of reticent and embittered residents for actions 50 years ago. None of the students and almost none of the parents were born then.

The suit reflects the narrow wishes of 6 residents.

Instead of blind resistance let's solve real problems with a school that has grown beyond its capacity.

- let's stop saying no to the kids, let's have the small number of neighbors stop discriminating and targeting the students with selfish agendas.
- let's reflect the yard signs of the neighborhood of "kindness" and "reject hate" and say yes to the school, to the diverse student body and their needs
- stop the self focused policies of a small number of neighbors that despise the school no matter what and say yes to renovating the stadium including lights
- say yes to student parking in the neighborhood until extra parking is available in campus, why do four residents get to restrict hard working students that need to get to practices at distant facilities and to work by inflicting 2 hr parking on Scroggins?
- Parks and Rec needs to say yes to accommodating all the needed car permits in Chinquapin circle.

district in Alexandria?

I want a yard sign.

Mail - PlanComm@alexandriava.gov

- and the city needs to say yes to the neighbors by extending some sort of property tax exemption to compensate them Let's be positive and say yes, stop saying no to our kids and let's make the biggest high school in Virginia the best and help the kids of Alexandria. The school is special, let's hope the neighbors stop targeting, stop discriminating against the students and stop making the students suffer for the self fixated desires of a very few. First Name **Thomas** Last Name Murphy murphytfm@gmail.com **Email Address** Street Address 2909 Maplewood Place, City Alexandria VA State Zip Code 22302 Are you a T.C. Williams alum? |----------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I have two student athletes at TCW. I have coached youth sports in Alexandria, sat on the Youth Sport Advisory Board, the Alexandria Lacrosse Club Board and am the current President of the TC Williams Lacrosse Boosters. I strongly support the the improvements proposed. The benefits to the students, the community and future student athletes is at risk. The current condition of our facilities is an embarrassment and its time the School Board, City Council and Planning Commission did something about it. | |

Dear Members of the Alexandria City Council, Alexandria School Board, Alexandria Planning Commission, and 2018 School Board and Council Candidates. Please see my response and thoughts about the TC Stadium Project.

I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track.

Yes

Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade:

Dear City Planning Commission members, City Council members & Alexandria School Board Members:

My name is Luke Wilson and I am a junior at T.C. Williams High School. My parents moved to Alexandria in 1997 and my brother and I were born here at Alexandria Hospital. We have lived in Alexandria and we have both attended school in ACPS all our lives. My brother Ben graduated last year from TC and is now studying physics and playing baseball at Rhodes College in Memphis, Tennessee.

I have played football in the city of Alexandria since I was in 2nd grade at Charles Barrett, and I've played baseball since I was in first grade. Football has always been my passion and it is my hope to play football in college. I am working hard to be a strong student, a good citizen of Alexandria and a contributing member of my teams. Honestly, it can be a struggle to play these particular sports at TC. The baseball field isn't located at our school like every other high school in our district, and our football field is in disrepair, doesn't have lights or bathrooms and doesn't have a press box or a concession stand in working order. I'm not proud of it and I am sort of embarrassed. There is such a difference between our stadium and those of our opponents. It is very discouraging to see every one of the teams we play draw huge numbers of fans from their school and their community in their beautiful stadiums come to cheer on their home team. They have huge booster programs where every parent and the entire community wants to be involved. Every local business wants their banner hung, and they are all so proud. It just seems like so much fun and they have so much school spirit. I think it seems really good for the community. Just take a trip out to Robinson or to South County or West Potomac on a Friday night, then join us on a Saturday for a game at home and compare for yourself. The excitement at their stadiums is infectious. It's so amazing to see the events under the lights on Friday nights, and they are so positive for the morale of the school and the community. Every other team has a fan base three times the size of ours. We don't have this here in Alexandria and we lose a lot of great athletes I've played with in Little Titans football and Little League baseball to the local private schools because of these reasons. It's not just about the lights, we need all of the upgrades the committee is proposing, but the idea of playing a football game

under the lights is the stuff of dreams for every Little Titan football player in this city. I know the dream of playing in my city at my school under the lights is not attainable for me because of my age, but I hope by writing to you, I can do my small part to help some other Little Titans see their dreams become a reality. T.C. Williams is a great school and our football team means everything to me. I have so much pride in my school, but the stadium is something that makes us look so bad to the rest of the schools we play. We already have great football coaches who really care about the players. I am very proud to attend TC Williams High School. Please help us be proud of our stadium. I am asking you to please approve the stadium improvement plan as outlined by the Stadium Modernization Committee. Thank you for your time.

Sincerely,

Luke Wilson - T.C. Williams Class of 2020

| Do you live in the A, B, or C school district in Alexandria? | В |
| l want a yard sign. | Yes - and I will pick up my yard sign |

TC Stadium Petition <contact@tcwstadium.com>

Tue 10/2/2018 7:52 AM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; kevin.francis.dunne.1993@gmail.com <kevin.francis.dunne.1993@gmail.com>; campaign@voteheatherthornton.com <campaign@voteheatherthornton.com>; marc@votesolomon.org <marc@votesolomon.org>; lynn.hershey@verizon.net <lynn.hershey@verizon.net>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | I believe upgrading the facilities at TC is a win for the whole city. My kids have not gone to TC however, I grew up going to Friday night games and they brought our community together. Also, with daylight savings times, it makes it hard for teams to practice past 6 pm and in order to accommodate more children on the field, lights are important. |

| Are you a T.C. Williams alum? | No |
| Do you live in the A, B, or C school district in Alexandria? | I don't live in the City of Alexandria |
| I want a yard sign. | Yes - and I will pick up my yard sign |

TC Stadium Petition <contact@tcwstadium.com>

Wed 10/3/2018 3:18 PM

To:board@acps.k12.va.us <board@acps.k12.va.us>; City Council <CityCouncil@alexandriava.gov>; PlanComm <PlanComm@alexandriava.gov>; contact@tcwstadium.com <contact@tcwstadium.com>; elizabethforalx@gmail.com <elizabethforalx@gmail.com>; amy@amyjacksonva.com <amy@amyjacksonva.com>; info@canekforcouncil.com <info@canekforcouncil.com>; mseifava@gmail.com <mseifava@gmail.com>; mark@markshiffer.info <mark@markshiffer.info>; chrisharris4acps@gmail.com <chrisharris4acps@gmail.com>; greenejacinta@gmail.com <greenejacinta@gmail.com>; chris@suarezforschoolboard.com <chris@suarezforschoolboard.com>; cosgroveforschoolboard@gmail.com <cosgroveforschoolboard@gmail.com>; kevin.francis.dunne.1993@gmail.com <kevin.francis.dunne.1993@gmail.com>; campaign@voteheatherthornton.com < campaign@voteheatherthornton.com >; marc@votesolomon.org < marc@votesolomon.org >; marc@votesolomonclarebearcolburn@yahoo.com <clarebearcolburn@yahoo.com>;

| I support a comprehensive upgrade for the TC Williams Stadium, which includes concessions, lights, bleachers, restrooms, press box, and upgraded turf & track. | Yes |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | As the only HS in Alexandria, we need stadium lights and we need to support our students on an equal playing field to our area HS. Lighting technology has come a long way since TC was built and the inconvenience to the neighbors will not have a de minimus impact compared to the gross disadvantage our students face by not having lights! |

|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional comments to share with the School Board, City Council, and Planning Commission on why you support this upgrade: | As the only high school for the city, we need to have a modern and competitive infrastructure. So many kids us the field, not just football, and timing usage around natural daylight w/o lights is simply not feasible given the aiming of activities that require access. I feel that a compromise that doesn't provide significant impact to the homes backing to the field can be achieved. |
