# Why we are here

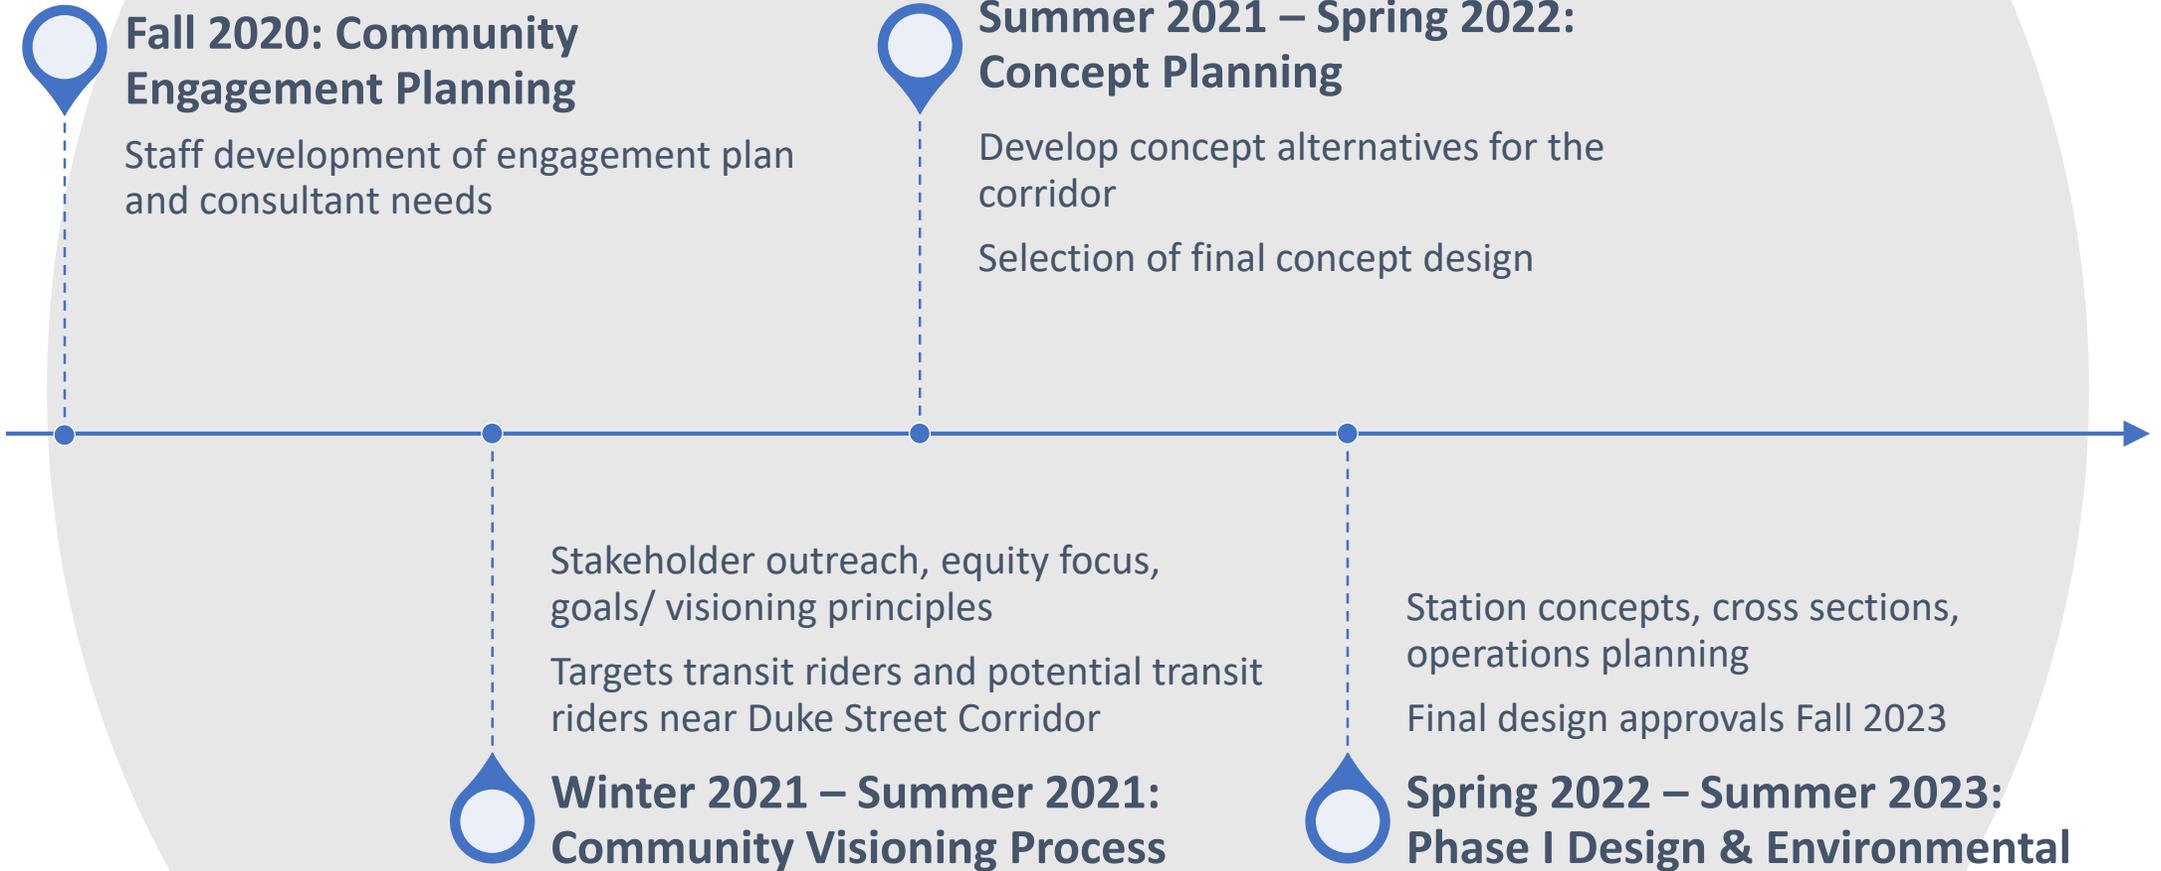

Consistent with the City's policies, goals and strategic direction over the past decades to move more people to access jobs

CONFIRM: Right investment in the Right Place

INPUT: Community Engagement Plan

# Community Engagement & Design

\*Transportation Commission and City Council updates (as needed)

\*Ongoing **community** engagement throughout design phase

# Who do we need to Engage?

Renters

Homeowners

Shift worker

Business owners

Civic associations

Faith based organization

Transit riders

People who might ride transit

Drivers

Walkers

Bikers

# Ad-Hoc Committee

Established after initial Community Visioning process and membership will be determine based on engagement and identification of needs

Stakeholder group will be involved during concept alternatives development

Advise on implementation plan and design elements to ensure design is aligned with the vision and values established by the community

Thank you
