Interests & Experiences

Statement of Interest

Like many in the community, I am saddened by the state of the environment and climate. As I write this, air quality in our area is not safe, due to wildfire smoke and overnight a strong hurricane caused severe floods in California. A few weeks ago, wildfires wreaked havoc on the island of Maui. Science and data supports that humans are making climate change worse and we are living the result today. We should be using this information to ACT now. I want to help work on policy that incentivizes business practices and behaviors that improve the environment/climate. I would like to help craft policy that de-incentivizes business practices and behaviors that harm the environment/climate. I think it is important to use the self reported CO2 emissions numbers that corporations provide along with scientific data to hold them accountable for the damage they have done and continue to do in Alexandria. They are trading the environment/climate for wealth, but it is not theirs to sacrifice IT BELONGS TO ALL OF US AND WE SAY NO.

EDUCATIONAL BACKGROUND

BS in Airport Management (focus in Air Traffic Control) BS in Sports Management

SUMMARY OF WORK AND PRACTICAL EXPERIENCE:

I have spent the last 10+ years working for the FAA (as a fed and contractor) crafting federal safety risk management policy and regulation. Before that I worked as an airport planner in NYC. Prior to that, I directed volleyball tournaments all over NYC and was a day habilitation instructor for developmentally disabled adults. I have many hours of volunteer work, as well. I write and speak clearly and with conviction - in debate, I am well reasoned and can form a well supported argument. I am a leader and can communicate information effectively to a diverse audience.
