Dear Ms. Taylor –

I am writing in opposition to the special exception request for a non-complying fence at 1700 Dewitt Avenue, which will be heard by the BZA this evening in matter number BZA #2024-00005. I have resided in the vicinity of this home since 2008 and walk past it with my wife and kids several times per week. It's illegal construction has significantly reduced the walkability and character of the neighborhood.

Additionally, I note that the layout the petitioner circulated to his immediate neighbors and the BZA in support of his request for a non-complying fence was materially inaccurate and misleading. Specifically, his drawings showed a much smaller fence that ended at the back of his home. Instead, the actual fence constructed extends the full length of the property (and the secondary side yard) right on the edge of the sidewalk.

I respectfully submit that, consistent with the staff report, this request should be denied and the non-complying fence should be removed.

Best regards,

Bernardo Piereck
