I. DISCUSSION

The applicants, Jeffrey Adelman and Maria Campos, represented by Erin August, attorney, request approval to re-subdivide two existing lots. Staff recommends approval of the subdivision request.

SITE DESCRIPTION

The subject properties, featured in Figure 1, below, contain two irregular lots of record located at 6216 and 6238 North Morgan Street. The property addressed 6216 North Morgan Street has a lot size of 22,714 square feet, a lot width of 81.5 feet, and 79 feet of frontage. The boundary line between the City of Alexandria and Fairfax County runs through the subject property’s front yard. Approximately 2,071.5 square feet of the lot is located within City limits with the remainder in Fairfax County.

The property addressed 6238 North Morgan Street is a corner lot with 235.7 feet of frontage along North Morgan Street and 116.6 feet of frontage along North Chambliss Street. It has a lot size of 19,306 square feet and a lot width of 241.1 feet. Single-unit dwellings currently occupy each property.

Figure 1 – Subject properties (outlined in red and blue with City boundary shown in green)

SUBDIVISION BACKGROUND

The subject properties were created as part of the Lincolnia Hills Subdivision which was originally part of Fairfax County. The subdivision area was annexed by the City in 1952.

Figure 2, below, outlines the area of Lincolnia Hills Subdivision that is within the current City of Alexandria limits.

Figure 2 – Lincolnia Hills Subdivision (subject properties in red)

PROPOSAL

The applicant requests approval to re-subdivide Existing Lots 7 and 140 to adjust the shared lot line between the two properties. Proposed Lot 507 would have a lot size of 23,460 square feet, 96.9 feet of lot frontage, and 99.6 feet of lot width. Proposed Lot 5140 would have a lot size of

18,560 square feet, 217.87 feet of primary lot frontage, 116.58 feet of secondary lot frontage, and 223.66 feet of lot width. Both lots would remain irregular in shape. The existing and proposed lots are shown in Figures 3 and 4, below.

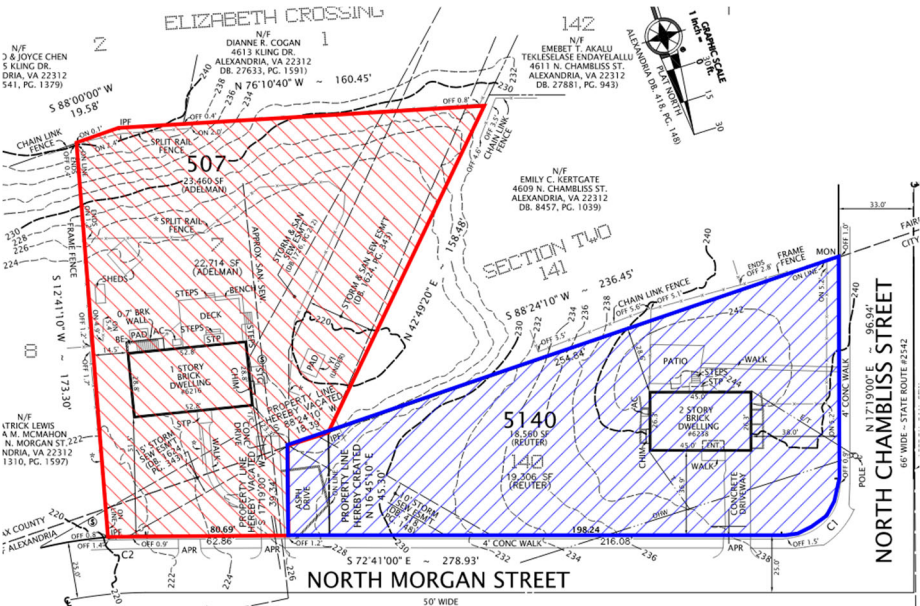

Figure 3 – Existing Lots 7 and 140

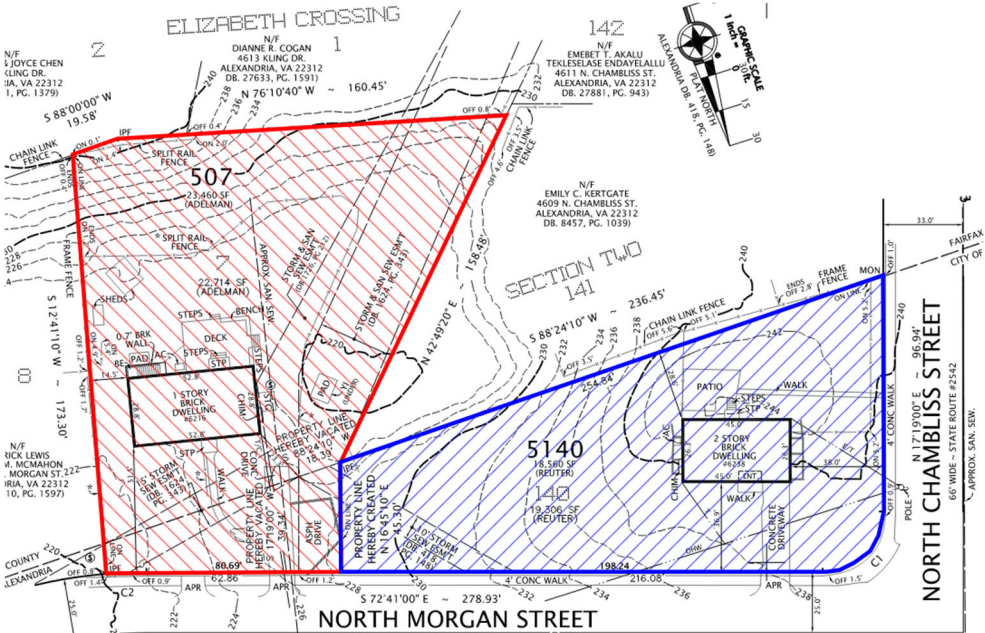

Figure 4 – Proposed Lots 507 and 5140

ZONING/ MASTER PLAN DESIGNATION

The subject properties are zoned R-12/Residential and both proposed lots would comply with all lot requirements as shown in Table 1. Any future development would be required to comply with all applicable provisions of the most current Zoning Ordinance.

Table 1 – R-12 Zoning Requirements

	Required/Permitted	Existing		Proposed	
		Lot 7	Lot 140	Lot 507	Lot 5140

The properties are located within the Alex West Small Area Plan Chapter of the Alexandria Master Plan, which designates the property for residential uses consistent with the R-12 zoning regulations. The proposed lots would comply with the Alex West Small Area Plan as they would be suitable for residential uses and would comply with all R-12 zoning requirements for residential dwellings.

II. STAFF ANALYSIS

Staff recommends approval of the applicant’s subdivision request. The proposal would maintain lot configurations suitable for continued residential uses permitted by the R-12 zone. The proposed lot configuration would be substantially the same character as the lots in the original subdivision area in terms of lot size, width, and frontage as required by Section 11-1710(B). Staff analysis follows.

COMPLIANCE WITH SUBDIVISION REQUIREMENTS GENERALLY

Staff determined that the proposed re-subdivision would meet all subdivision requirements established by [section 11-1710](#). Both lots would be suitable for residential uses and accessory structures permitted by the R-12 zone.

COMPLIANCE WITH SUBDIVISION CHARACTER REQUIREMENTS

Planning Commission has approved several re-subdivisions within the original subdivision area. Of note, in 1955 and 1958, Planning Commission approved the re-subdivision of Lots 9 and 10 and Lots 12 and 13, respectively; see Figures 5 and 6, below. These approvals allowed for the properties to adjust their shared lot lines.

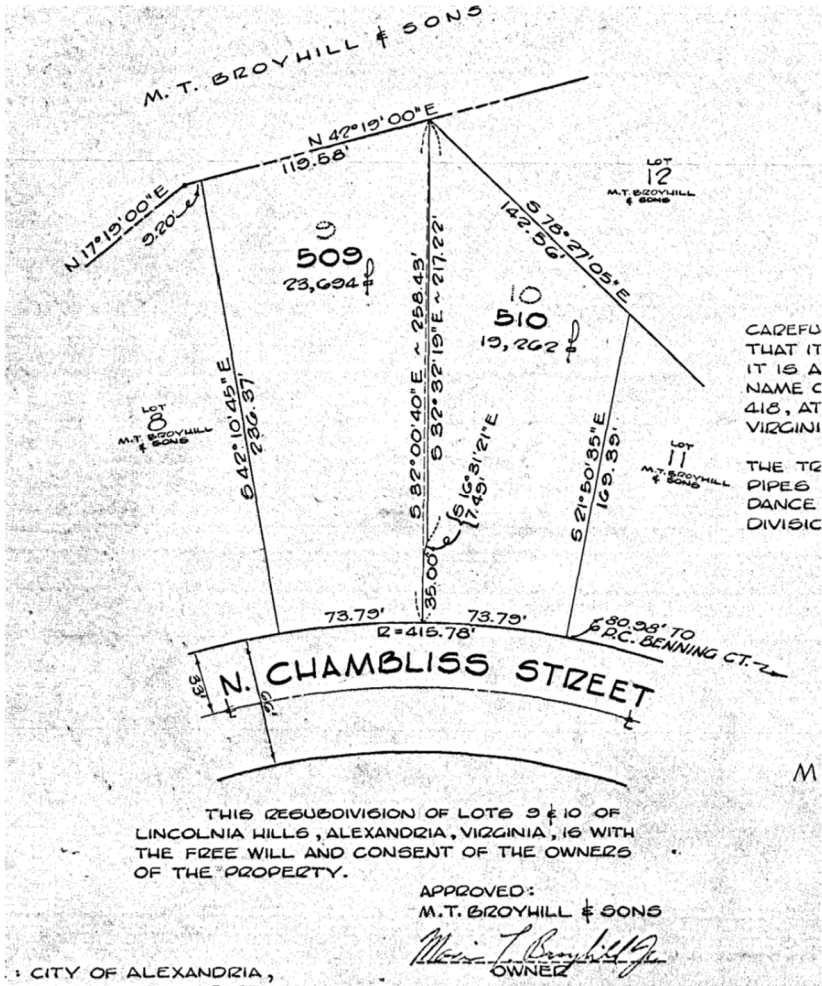

Figure 5 – 1955 Re-subdivision of lots 9 and 10

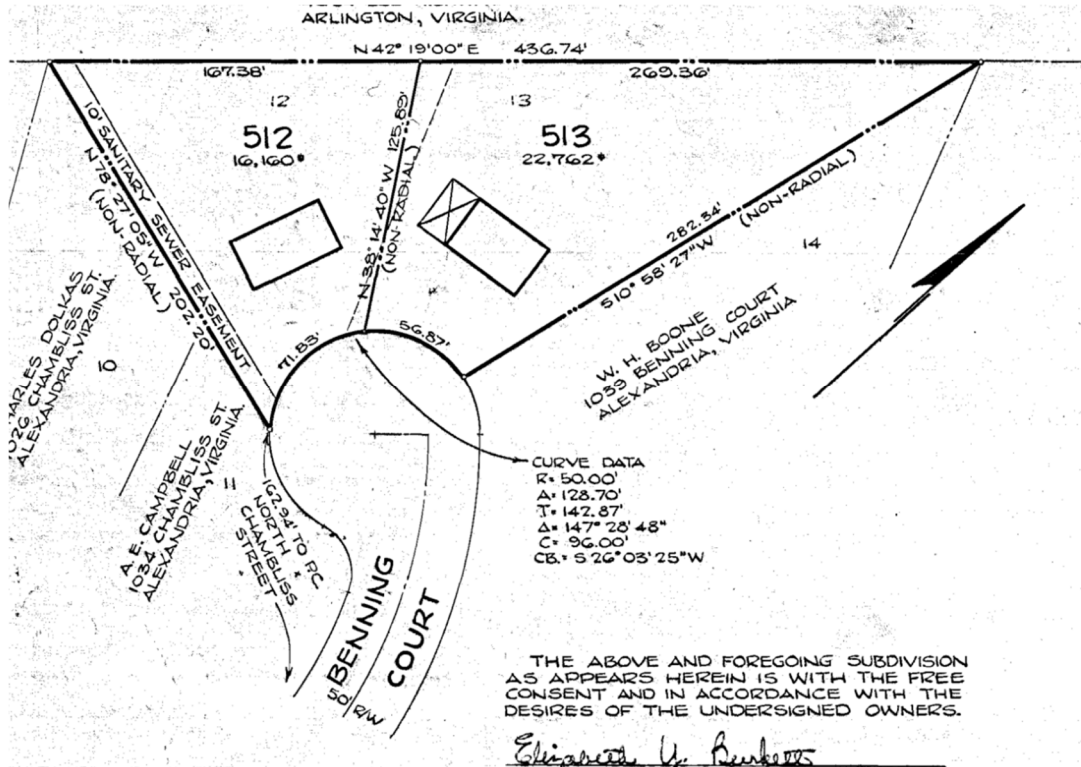

Figure 6 – 1958 Re-subdivision of lots 12 and 13

LOT ANALYSIS

Each lot has a different set of similarly situated lots within the original subdivision area because 6216 North Morgan Street is an interior lot and 6238 North Morgan Street is a corner lot. The lot analysis for 6216 North Morgan Street includes all interior lots on the 6100 and 6200 blocks of North Morgan Street. The lot analysis for 6238 North Morgan Street includes all the corner lots with frontage on North Morgan Street.

Additionally, because 6216 North Morgan Street is only partially within the City limits, staff limited the analysis to just lot frontage, as this is the only impacted lot dimension within the City. Figures 7 and 8, below, show the similarly situated lots for each address, respectively.

Address	Frontage	Width	Size
Existing Lot 140	235.72 Ft. (primary) 116.58 Ft. (secondary)	241 Ft.	19,306 Sq. Ft.
Proposed Lot 5140	217.88 Ft. (primary) 116.58 Ft. (secondary)	223.66 Ft.	18,560 Sq. Ft.

6140 N. Morgan St.*	87.89 ft. (primary) 149.93 Ft. (secondary)	93.5 Ft.	12,853 Sq. Ft.
6239 N. Morgan St.	145.72 Ft. (primary) 97.64 Ft. (secondary)	151.1 Ft.	15,427 Sq. Ft.

*Substandard lot

Because the proposed re-subdivision generally creates lots that have sizes, widths, and frontages within the range established by similarly situated lots, the proposed lots would be substantially compatible with established neighborhood character as required by 11-1710(B). The 6238 North Morgan Street property, in its existing configuration, is a bit of an outlier in terms of lot size, width, and frontage as compared to similarly situated lots. Because the proposed re-subdivision represents a modest lot line adjustment which makes the 6238 North Morgan Street property slightly closer in size, width, and frontage to similarly situated lots, staff finds that the proposal would have no effect on established neighborhood character.

The proposed lots and existing dwellings would also comply with the R-12 zone requirements for residential uses and structures. The R-12 zone requirements for residential dwellings ensure that properties within the same zone are suitable for residential uses as required by the Alex West Small Area Plan Chapter of the City's Master Plan.

NEIGHBORHOOD OUTREACH AND COMMENTS

Staff notified the Lincolnia Hills-Heywood Glen Civic Association on May 19, 2026. To date, staff has not received comments or questions from the association.

III. CONCLUSION

In summary, staff finds that the proposal would comply with all subdivision requirements. Subject to the conditions contained in Section IV of this report, staff recommends approval of the re-subdivision request.

IV. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes, ordinances, and the following conditions:
