Member At-large

Do you currently live in the City of Alexandria? NOTE: If your answer is no, a residency waiver is required for positions that are not specific to an organization or profession.
Yes (Enter How Long), 5 years

Statement of Interest
I am writing to express my strong interest in joining the Beauregard Design Advisory Committee. As an Alexandria resident, a first-time homeowner in the Beauregard area, and a local professional, I am deeply invested in the future of our community and passionate about contributing to its growth and development. I moved to Alexandria from Ohio in 2015 as an eager college intern, and the city has supported me as I've outgrown the "young professional" moniker. After renting my current townhouse off Beauregard Street for two years, I achieved my dream of purchasing it last June as my first home. After this personal milestone, I am more eager than ever to play an active role in shaping the neighborhood where I plan to raise a family and spend quality time with friends. In addition to my personal investment in the community, I bring relevant professional experience that I believe will be valuable to the committee. As a full-time AmeriCorps volunteer for the City of San Diego's Economic Development Department, I developed and presented grant and impact research that supported the city's nonprofits. This role honed my ability to analyze complex issues, work collaboratively with diverse stakeholders, and advocate for community-focused initiatives—skills that I believe align directly with the objectives of the committee. Furthermore, my experience as a product manager leading teams of up to 30 individuals to support the development of digital solutions for the Department of Defense (DoD) has equipped me with strong leadership and organizational skills. I have successfully developed and facilitated hundreds of meetings with DoD leaders, which required clear communication, strategic planning, and the ability to build consensus among various users. I am confident that these skills would enable me to contribute to the committee's mission of guiding development within the Beauregard Small Area Plan. A seat on the committee aligns with my desire to see our neighborhood thrive as a vibrant, welcoming, and sustainable environment for all residents. Additionally, I've always been interested in city planning and would enjoy learning more about the many processes that steward a neighborhood. I would be excited to represent Beauregard's renters and homeowners, and combined with my professional experience, I'm confident I could be a valuable asset to the committee. Thank you for considering my application. I look forward to the opportunity to contribute to the future of our neighborhood.

Do you currently live in the City of Alexandria? NOTE: If your answer is no, a residency waiver is required for positions that are not specific to an organization or profession.

Statement of Interest
Over the past 10+ years, I've been laser focused on helping communities make planning, development, and mitigation decisions that shape their physical and social environments and improve the quality of life for existing and future populations. I would be thrilled to be considered for the field of urban planning seat on the Environmental Policy Commission and for the opportunity to apply my planning, communications, and engagement expertise to shaping Alexandria's built and natural environments. Over the past five years working, living, and raising two kids in Del Ray, my passion for Alexandria continues to deepen. We all know that natural and public health hazards don't recognize boundaries. The increasing severity, intensity, and frequency of disaster events that are accelerated by climate change demands that communities take urgent action to reduce the financial and human costs of disasters - and to intentionally plan for healthy, vibrant, and livable built and natural environments for the next generation. Communities that plan, mitigate risk, and take actionable steps towards a healthier environment can lessen the financial and human impact of climate change. I'm interested in joining the commission so that I can - to the best of my ability - be part of Alexandria's efforts, as a leader in sustainability, to improve the quality of life for the next generation of Alexandrians. One that my kids will be part of. Any planning or policy position requires the right demeanor, inter-personal skills, and creative problem-solving ability to foster relationships and build consensus among a wide array of decision makers and end-users to successfully execute projects that benefit the whole community. I believe I've demonstrated that demeanor as I've sharpened my abilities and developed into a connector, problem solver, and project manager capable of excelling in any role. My professional experiences and passion to have a positive impact for our city and its residents would enable me to be an immediate asset to the commission.

Potomac West Area Resident

Do you currently live in the City of Alexandria? NOTE: If your answer is no, a residency waiver is required for positions that are not specific to an organization or profession.

Yes (Enter How Long), 10 Years

Statement of Interest

I want to become a member of the Potomac Yard Design Advisory Committee because I love living in the neighborhood and want to help ensure that the smart design fundamentals that made the Potomac Yard redevelopment such a successful livable walkable community continue with future development. I've been proud to live in Alexandria for over 10 years. I first lived near the Braddock Road metro station but moved to my current residence in 2021 because it was newly metro accessible with the imminent Potomac Yard station. I am quite literally a YIMBY - my fence line backyard neighbor is the Oakville Triangle. My family enjoys walking, biking and playing at the Potomac Yard Park and I look forward to helping enhance the community as the Virginia Tech project comes online and the other lots are developed. My interest in improving the area is not just shown through my interest in joining the Advisory Committee but also through working with 311 and the city to solve neighborhood nuisances. I noticed garbage littering the grassy area by the bus stop across from Giant and requested a garbage can be placed there. It was and now the area is much cleaner. Additionally, I observed that the light at the intersection of East Glebe and Potomac Avenue wasn't changing for bikes even though signage said bikes should follow the signal. This is also now fixed and makes bike commutes to metro much easier and safer for my entire family. I've worked to improve my neighborhood in small ways and now look forward to helping more officially as a member of the Potomac Yard Design Advisory Committee. Thank you for your consideration.

Statement of Interest
My name is Carter Rice, and I have been a proud Alexandria City resident since October 2015. I have devoted my career to building connections and understanding between the United States and other nations, and I would be thrilled to contribute my experiences to the Alexandria community as a Citizen Member of the Sister Cities Committee. From my firsthand experiences as both a participant and a facilitator of cultural exchange, I know how rewarding citizen exchanges can be. I am eager to plan and support similar exchange opportunities for the community. From 2013 to 2015, before I moved to Alexandria, I was a participant in the Japan Exchange and Teaching (JET) Program, a program sponsored by the Japanese government which promotes international exchange between Japan and other nations. As part of the exchange, I taught English in elementary and junior high schools in Shizuoka City, Japan. Shizuoka City was very engaged in its Sister City exchanges with Stockton, CA, Omaha, NE, and Shelbyville, IN. I had the joy of helping Japanese students prepare for their exchange experiences through English language lessons and presentations on American culture. I earned my master’s degree in Public Diplomacy from the USC Annenberg School for Communication and Journalism in 2021, where I studied city diplomacy, as well as citizen and cultural exchanges. I now work as a Communications Specialist for the District Communications Group, where I conduct evaluations of the State Department’s exchange programs and events. Throughout my career, I have conceptualized cultural events and discussions for a variety of audiences, including a Japanese cultural festival for Wellesley College and a panel discussion between Swedish and Mexican diplomats for the Center on Public Diplomacy. As an attendee of Sister City lectures and events, I was excited to learn about the recent coordination between the Alexandria and Helsingborg libraries, and I am looking forward to the upcoming Trans-Atlantic Book Club events. I am enthusiastic about contributing to Alexandria’s Sister City traditions and exploring new ways in which Alexandrians can connect with Dundee, Scotland, and Helsingborg, Sweden. Some of my initial event proposals that I can contribute include: -An event to introduce Fika, a Swedish coffee break tradition that encourages connecting with friends and colleagues over pastries and coffee. -A watch party for the Eurovision Song Contest, an annual international song competition organized by the European Broadcasting Union, in which Sweden regularly competes (and shares the record with Ireland for most victories!). I would be proud to serve as a Citizen Member of the Sister Cities Committee. Thank you for your consideration, Carter Rice

Statement of Interest

I have served as Chair of the Social Services Advisory Board for almost two years, and as an active member of the Board for a year before that. I would like to continue my service to the City of Alexandria and to the work of this Board. The Social Services Advisory Board helps give a voice to those throughout our community who need it most, and supports the work of the amazing City employees (primarily at DCHS, but located throughout City government and beyond) who are on the frontlines of delivering for many of those Alexandrians most in need. These selfless individuals work hard without much recognition, and we want to ensure they receive the support and resources they need to keep doing their jobs. I believe there is more SSAB can do as a group, and we are lucky to have an influx of new members who bring energy and enthusiasm. I am excited to see what we continue to do!

Summary of Work and Experience

I have spent the past two decades working in Democratic politics, both helping to elect candidates and later serving them once in office. I began my career as a field organizer in House, Senate, gubernatorial and presidential campaigns, then went on to manage competitive House and statewide races for several years. I eventually landed in the DC region as my home base, and spent a few years overseeing all House races across a certain swath of the country on behalf of the national party committee. I served as Congresswoman Annie Kuster's chief of staff for over six years, managing both her DC and New Hampshire operations and overseeing her entire legislative and political portfolio. For the past several years I've served as executive director for HMP, the largest outside spender on behalf of House Democrats. We spend our money wisely and invest in the closest races when they need it most, and have a terrific track record of success in securing victory even in challenging times.

Statement of Interest
As the owner of She’s Unique, a thriving jewelry boutique located at 205 King Street, I have dedicated the past twelve years to the growth and innovation of retail in Alexandria. Since acquiring the business in 2012, I have strategically expanded its reach and sales tenfold, achieving an annual revenue of over \$1.2 million. This growth has been significantly fueled by leveraging advanced technology and digital platforms, including early adoption of social media, Shopify, and a successful rewards program, which have enhanced our customer engagement and satisfaction. My experience also extends to collaborative community involvement, having served on the Board of the Old Town Boutique District during two distinct terms over the last twelve years. In these roles, I have spearheaded initiatives and formed partnerships that underline the strength and potential of local enterprises. This involvement has given me a deep appreciation and understanding of the unique challenges and opportunities facing retail businesses in our community. I am particularly passionate about the “Love Local” campaigns, aiming to invigorate our retail sector by emphasizing and supporting locally owned businesses. My vision for the Board includes not only continuing these efforts but also introducing innovative strategies to enhance the visibility and success of Alexandria’s retail landscape. In addition to my professional pursuits, my interests in health, wellness, and travel also inform my approach to retail, bringing a holistic perspective to business development and community engagement. I am excited about the opportunity to contribute my experience and passion to the Board of Visit Alexandria VA, and I am eager to work alongside other members to re-energize and reshape the retail environment of Old Town.
