Interests & Experiences

Statement of Interest/Why You Should Be Appointed

Dear Mayor Wilson and Members of City Council, This application is for reappointment to the Alexandria Transportation Commission as the continuing delegate from the Planning Commission. Although an important milestone for the City, the 2021 adoption of the Alexandria Mobility Plan is ultimately just one step in the continuous journey toward safer, more sustainable, more useful, and healthier mobility options for everyone in our community. The work progresses every day here in the City, and I would like to continue to support the planning necessary for project and service investments that will improve community quality of life for generations to come. Duke Street in Motion and the realization of three bus rapid transit corridors to serve the community, the ongoing re-envisioning of the transportation connections to the waterfront and the DASH transit network overall, curbspace management policy and parking requirements for new development, and the prioritization of projects for capital dollars are just some of the activities to which TC contributions offer critical guidance. I enjoy serving as a Transportation Commissioner with the talented and caring staff and community members who serve beside me. With your permission, I'd like to continue this work with you for another term. Thank you so much for your consideration and this opportunity to continue to serve my community. Sincerely, Melissa McMahon, AICP MPH

Interests & Experiences

Statement of Interest

I am a homeowner and resident of the Carlyle neighborhood; this is my home. I have served on the DRB for the past two years. In that time, I have helped approve projects that I have since seen construction begin on. I have also noticed the number of empty office space and empty ground-level storefronts in the area — and the news about the PTO not renewing its lease. These factors have the potential to damage the character of our neighborhood. I believe that new development has a role to play in keeping our community healthy & ready for the future.

I have only lived here for a short period of time, but I can already tell that a lot of my neighbors consist of women and children. I would really like to add a fresh perspective to the committee all while being a reliable resource for girls/women. I currently volunteer with my church twice a month, teaching pre-school. I would like to extend my volunteer work and help be a good role model for the young women around me just like I desired growing up. I believe that all of the women around me and even ones in passing have shaped me into who I am today. I'd love to be a part of that experience.

Interests & Experiences

Statement of Interest

Growing up, as a student, and throughout my adult life, I have had a strong personal and professional interest in history and the ways in which it continues to inform the present. As a lawyer, my areas of interest and expertise include the National Historic Preservation Act and Native American law and legal history. I am eager to serve on the Historic Alexandria Resources Commission and for the opportunity I believe it will offer to apply my professional skills and personal interests in the service of my community. Since my husband and I moved to the City of Alexandria from Fairfax County more than nine years ago, I have become aware of the many levels and eras, including the controversial aspects of history that are all part of Alexandria's past. I still enjoy walking around town and discovering historic buildings and areas about which I had somehow not previously known. Through my service on the City's Park and Recreation Commission for two terms from 2017 through 2023 and as its liaison to the Open Space Steering Committee, I have also become increasingly aware of the tensions between the desire to preserve Alexandria's history and the history of its beginning as a quaint colonial town, while also recognizing (particularly since the COVID pandemic) and allowing for the need for change and development to maintain the tourism industry and a sound and growing economy for the City. Serving on the Historic Alexandria Resources Commission would allow me to use apply my experience, interests, and dedication to the important work of the Commission, which I believe is vital to remembering the past, preserving the legacy, and ensuring the future vitality of the City of Alexandria.

Statement of Interest

ALEXANDRIA HISTORICAL RESTORATION AND PRESERVATION COMMISSION Applicant for Council Appointment Statement of Interest Nancy Ragland Perkins 9/29/2023 I am seeking an appointment on the Alexandria Historical Restoration and Preservation Commission to ensure the legacy of Alexandria's historic architecture endures, through the use of easements, for the enjoyment of future generations. As a 23-year-long owner of historic homes at 517 Queen St and 416 S Royal St, I adore the architecture and stories these very special homes possess. As a realtor, I love to research and share the unique features of historic homes, with their hand-plastered moldings, hand-hewn beams, old wells and privies, curved walls, exquisite millwork, and antique glass. When I sold 202 N Royal Street, I learned the Harlow brothers c. 1874 built 202, 204, and 206 North Royal Street to live next door to each other and connected the three homes via hidden doorways on the third floor. When I sold 207 S Lee Street, I learned the home was initially a store belonging to Colonel Robert Townsend Hooe, the first Mayor of Alexandria (The home has an intact, and now lit, dry well in the basement. I also sold the George Lewis Seaton house on 404 S Royal Street, purchased in 1866 by Mr. Seaton, a successful African-American entrepreneur, and elected the first African-American member of the Virginia General Assembly. On the Alexandria Historical Restoration and Preservation Commission, I would work to support the efforts of my fellow commissioners to seek new easements for the protection of the exterior, interior, and open space of special properties and enforce the terms of the existing easements. As a realtor, I am in a favorable position to help identify special historic properties, understand important and rare architectural features, and talk with homeowners about the tax implications of donating easements. I am regularly educating homeowners about their homes, home maintenance, finances, taxes, and insurance needs, and maintain strong relationships with these service providers in Alexandria. In addition to my real estate experience, I would utilize my background in public policy, environmental policy, land conservation, as well as my lifelong Alexandria network to serve the Commission with integrity and competency. I am very excited to devote my time, energy, and passion to serve on the City of Alexandria's Historical Restoration and Preservation Commission.

SUMMARY OF WORK AND PRACTICAL EXPERIENCE:

I am an award winning Realtor, ranked in the top 1.5% of agents nationwide, and Vice President for TTR Sotheby's International Realty in Alexandria. As a 23-year long owner of historic homes in Alexandria, I love to research and learn about historic homes, their architecture, and the stories of the folks who have lived there. Prior to my now 10-year long career in real estate, I pursued a career emblematic of the local Washington workforce, running my own consulting firm in Alexandria, working for the U.S. Senate, a federal agency and national non-profit. While in the US Senate, I worked on a federal, state, and private land conservation initiative to conserve 3% of the state of New Hampshire.

I took part in the Alexandria City academy in the spring and this made me appreciate the city and want to get involved further. I admit that I don't really know much about public health I am interested in getting involved and making a difference. - REAPPOINTMENT (Second Term, October 2023 to October 2025) Public Health Advisory Commission/PHAC - October 2021, the City Council of Alexandria, Virginia, honored me with an appointment, as a Commissioner to the Public Health Advisory Commission. These two years have afforded me the opportunity to: (1) become more involved with the healthcare and social determinant needs of my Alexandria community, (2) promote the "Community Health Improvement Plan 2025" by positioning the CHIP at PHAC meetings and my working on CHIP subgroups, and (3) meet formally and informally with members of City Council to learn how we can work together for the community we serve. My professional career in healthcare began in 1974 (BlueCross and BlueShield of Washington DC). October 2023, a REAPPOINTMENT to the Public Health Advisory Commission will afford me the opportunity to join you again on this healthcare journey.. (Thank you for considering my reappointment application).
