

***Special Use Permit #2024-00011
4601 Eisenhower Avenue
Various Uses at Industrial Center***

Application	General Data	
Public hearing and consideration of a request to 1) allow various administrative special, special, and non-complying uses at an industrial center, and 2) to increase the square footage for non-complying uses	Planning Commission Hearing:	May 7, 2024
	City Council Hearing:	May 18, 2024
Address: 4601 Eisenhower Avenue	Zone:	OCM (100) Office commercial medium
Applicant: Boundary Investments, LLC, represented by Robert Brant, attorney	Small Area Plan:	Eisenhower West Small Area Plan

Staff Recommendation: Approval subject to compliance with all applicable codes and ordinances and the recommended conditions found in Section III of this report.

Staff Reviewers: Mavis Stanfield, mavis.stanfield@alexandriava.gov
Ann Horowitz, ann.horowitz@alexandriava.gov

PLANNING COMMISSION ACTION, MAY 7, 2024:

On a motion by Commissioner Lyle, seconded by Vice Chair McMahon, the Planning Commission voted to recommend approval of SUP #2024-00011, subject to all conditions, code requirements, ordinances, and amendments to Conditions #4, #5, #12 and #13. The motion carried on a vote of 7-0.

Reason:

The Planning Commission generally agreed with the staff analysis, with the commission recognizing that that area could be ready for redevelopment sooner than the proposed 15 year City Council review proposed in Condition #4.

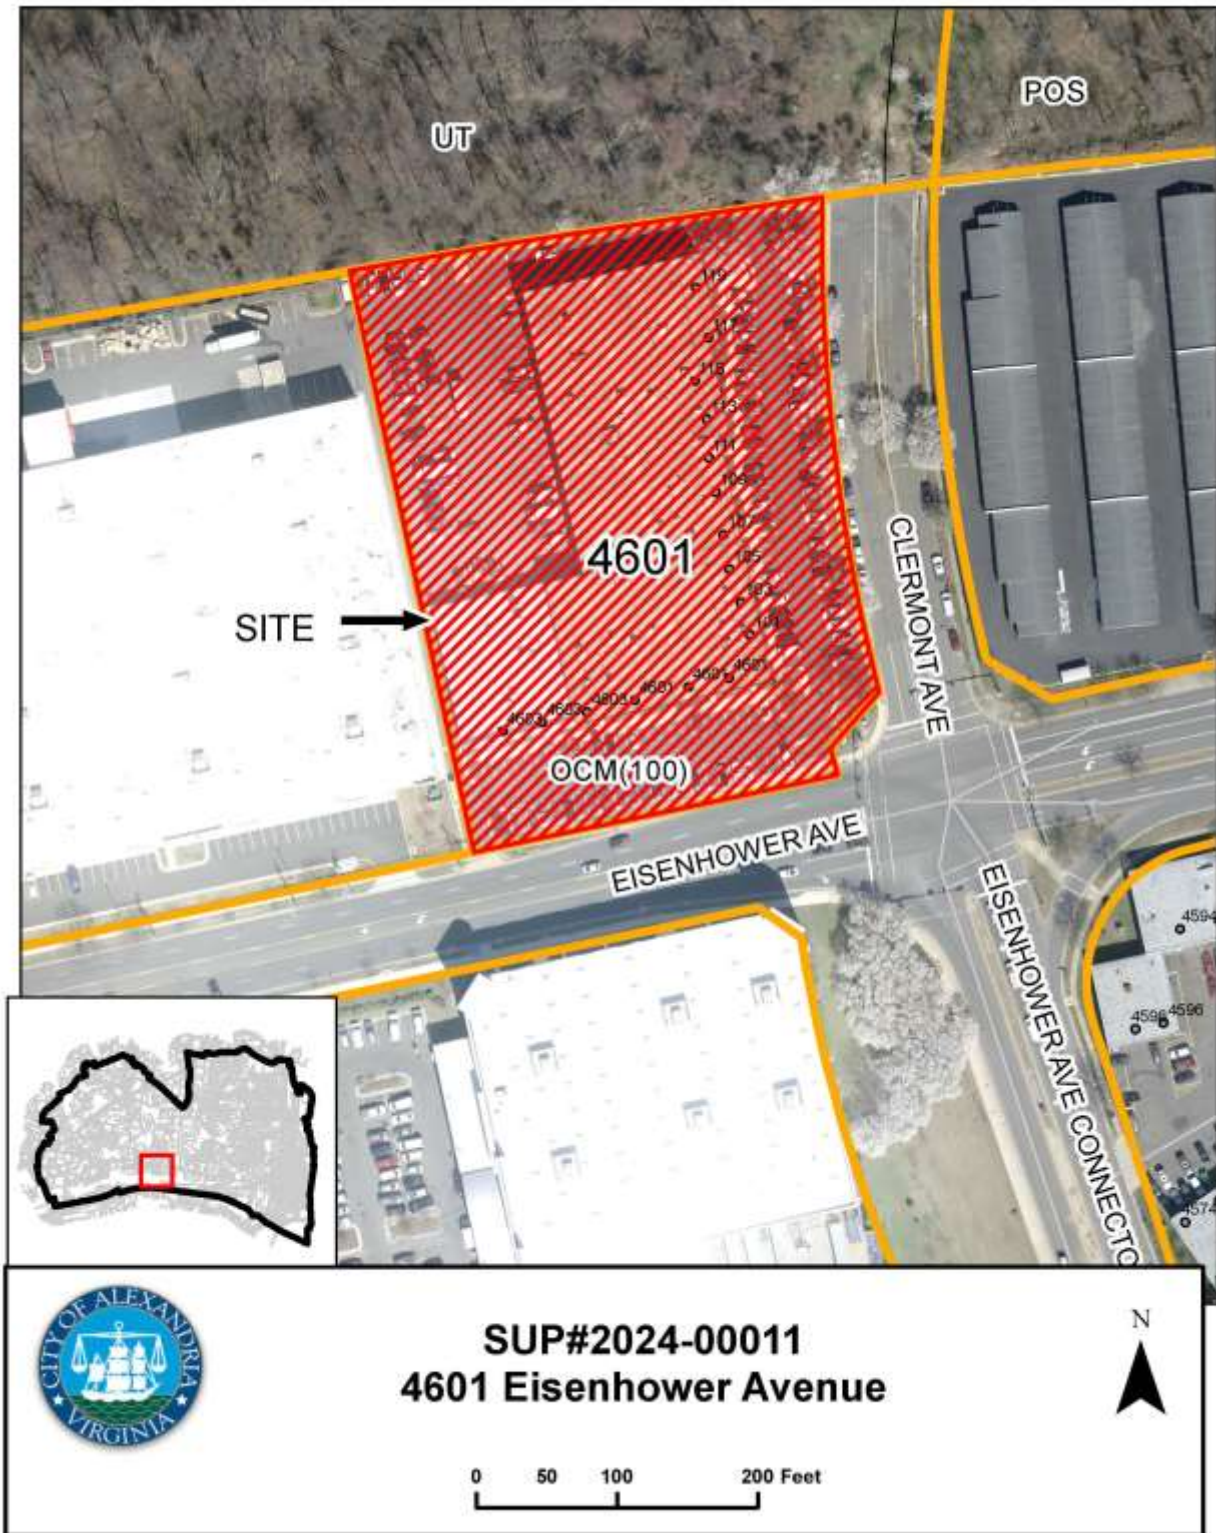

Discussion:

Commissioner Lyle noted that she would recommend adding a 10 year Planning Director administrative review in Condition #4 because she believes there may be development occurring sooner than the staff proposed 15 year City Council review. She also recommended removing the day labor agency from the list of proposed uses, citing the lack of public transportation.

Chair Macek noted that changes to Conditions #12 and #13 were warranted to clarify that these conditions should apply to all employees at the property and not just employees of the applicant.

Speaker:

Robert Brant, applicant's attorney, spoke in support of the application and the proposed changes to the conditions.

I. DISCUSSION

The applicant, Boundary Investments, LLC, represented by Robert Brant, attorney, requests Special Use Permit approval to 1) allow various administrative special, special, and non-complying uses at an industrial center, and 2) to increase the square footage for non-complying uses associated with property located at 4601 Eisenhower Avenue.

SITE DESCRIPTION

The subject property is a 2.94 acre lot located at the northwest corner of Eisenhower and Clermont Avenues and is developed with a 65,700 square foot, one and two story industrial center, where individual

Figure 1: 4601 Eisenhower Avenue

tenant spaces open directly to the public at the ground floor (Figure 1). The lot has 370 feet of frontage along Eisenhower Avenue and 370 feet of frontage along Clermont Avenue. The “L” shaped building is developed with parking along Eisenhower and Clermont Avenues and at the rear of the building (Figure 2).

Figure 2: Site layout

The industrial center is currently occupied by a mixture of retail, office, and storage/warehouse uses. Non-complying uses occupy 14,654 square feet.

The site is surrounded by industrial centers to the east and south. The Floor and Décor large format retail store is located to the west. The Norfolk Southern Railway and Backlick Run are located to the north. The Capital Beltway is located one block farther south.

Cameron Station is the closest residential development and to is located approximately 870 feet to the north. It is separated from the industrial center by the heavily wooded railroad property and tracks and Backlick Run. Another nearby residential property is the TriPointe townhouse development, formerly the Victory Center, currently under construction, which is 1,200 feet to the west, past several more industrial developments and an office building. The Clermont Woods single unit residential development in Fairfax County is located approximately 1,300 feet to the south, past the Capital Beltway and separated by sounds walls.

BACKGROUND

The property was developed in accordance with Site Plan 85-018, which was released on July 12, 1985, to construct a two-story industrial building attached to an existing one-story building, facing Eisenhower Avenue. When the Zoning Ordinance was rewritten in 1992, the zone, where the subject property is located, changed from I/Industrial zone to the OCM(100)/Office commercial medium. With the zoning change, many of the industrial-zoned uses occupying this property became legal non-complying uses.

In 1994 and 1995, City Council approved three special use permits, for catering, catering with a restaurant, and a private commercial school. These uses are no longer located at the property.

The property was cited for two City Code property maintenance violations in November and December of 2021 for overflowing trash in dumpsters. These violations were quickly resolved.

PROPOSAL

The applicant requests two Special Use Permit reviews. The first is to pre-approve, as an “umbrella” approval, various administrative special uses, special uses, and non-complying uses that the applicant would like to accommodate as future tenants. Pre-approval would allow the applicant flexibility to attract new businesses and sign leases without the need for separate special use permits for individual tenants. The applicant is interested in redevelopment when market conditions are appropriate. The applicant considers the following uses as compatible with the character of the surrounding area and the existing businesses at the site. It requests approval of:

Administrative Special Uses in OCM(100)

Animal care facility located in a commercial complex
Catering in an industrial center
Light assembly, service, and crafts in an industrial center
Light automobile repair in an industrial center

Special Uses in OCM(100)

Day labor agency
Fraternal or private club
Private school, academic
Public building
Recreation and entertainment use, outdoor
Retail shopping establishment, larger than 20,000 square feet
Research and testing
Wholesale business

Non-complying uses

Glass shop
Food and beverage production exceeding 5,000 square feet with a retail component
Parcel delivery
Storage building and warehouses, not to include freight distribution
Building material storage and sales
Laundry, dry cleaning operations
Printing and publishing facilities
General automobile repair

The second SUP request is to expand the square footage of the non-complying uses at the site from 14,654 square feet to 45,501 square feet. The expanded non-complying uses would locate on the industrial center's first floor.

PARKING

Parking for the property was approved per Site Plan #85-018, which required a total of 135 parking spaces. Since the site plan approval, 20 additional parking spaces were added at the rear parking area. The combination of higher parking ratios in 1985 and the more recent addition of spaces establishes that the number of parking spaces exceeds today's commercial parking requirements. Site visits conducted at 4 p.m. on March 20 and at 8 a.m. on March 29 confirmed adequate parking spaces exist to accommodate the proposed uses.

ZONING/MASTER PLAN DESIGNATION

The subject property is zoned OCM (100) Office commercial medium zone. Section 4-1002.1 of the Zoning Ordinance allows for the four proposed administrative SUP uses and Section 4-1003 provides that SUP approval is required for the eight SUP proposed uses. Although the administrative SUP uses could be separately approved by staff, all proposed uses have been included in this staff report to streamline approvals, saving the applicant and future tenants time and application fees.

Section 12-302(A) permits the expansion of non-complying uses through SUP approval. Section 12-302(B)(2) of the Zoning Ordinance states that a non-complying use may be changed, with a special use permit, to any use allowed in the zone in which the proposed non-complying use is first listed in the ordinance, interpreted as a less intense use than an OCM(100) use. Given that the

proposed eight non-complying uses appear in zones listed prior to the OCM(100) zone, the proposed non-complying uses are eligible for consideration through SUP.

The site is located in the Eisenhower West Small Area Plan (SAP) which envisions the eventual redevelopment of the parcel with ground floor retail uses and residential above. Although the SUP proposal represents a continuation of commercial use, staff acknowledges this as reasonable in the short to mid-term until area economic conditions favor redevelopment in line with the small area plan goals.

II. STAFF ANALYSIS

Staff supports the applicant's request to allow various administrative special, special, and non-complying uses at an industrial center, and to expand the non-complying uses permitted at the property. To allow the applicant leasing flexibility in terms of time efficiency and tenant location, Condition #5 includes uses recommended for pre-approval and standard SUP conditions are listed as Conditions #8 to #30.

Broadening the permitted types of non-complying uses (Condition #5) and expanding the area for non-complying uses to 45,501 square feet (Condition #7) is a reasonable interim-use request as the non-complying uses currently occupying the property would have a negligible neighborhood impact given that railroad land, parks, and commercial uses surround the industrial center and isolate it from residential properties. Industrial centers operating under similar "umbrella" SUPs along Eisenhower Avenue have successfully, and without complaints, accommodated low-impact industrial and commercial uses, uses that may be too large for many of the smaller available tenant spaces in the City or start-ups seeking convenient and affordable locations.

While no immediate redevelopment interest exists for the site, staff believes there is the potential for future redevelopment opportunities in the mid to long-term given the Victory Center residential development activity and the Landmark Mall and the Vulcan site redevelopments to the west. As such, staff recommends Condition #4, requiring a 15-year review of the Special Use Permit by May 2039 to assess the redevelopment potential and to determine if the use continues its compatibility with neighboring uses. The 15-year review aligns with the City Council approvals for the industrial center "umbrella" SUPs at 5150 and 5200 Eisenhower Avenue and 5380 Eisenhower Avenue, which also included 15 year SUP public hearing reviews.

Subject to the conditions stated in Section III of this report, staff recommends approval of the Special Use Permit request.

III. RECOMMENDED CONDITIONS

Staff recommends approval subject to compliance with all applicable codes and ordinances and the following conditions:

General site conditions:

1. The Special Use Permit shall be granted to the applicant only or to any business or entity in which the applicant has a controlling interest. (P&Z)
2. The applicant shall conduct employee training sessions on an ongoing basis, including as part of any employee orientation, discussing all SUP provisions and requirements. (P&Z)
3. The Director of Planning and Zoning shall review the Special Use Permit one year after approval and shall docket the matter for consideration by the Planning Commission and City Council if (a) there have been documented violations of the permit conditions which were not corrected immediately, constitute repeat violations or which create a direct and immediate adverse zoning impact on the surrounding community; (b) the Director has received a request from any person to docket the permit for review as a result of a complaint that rises to the level of a violation; or (c) the Director has determined that there are problems with the operation of the use and that new or revised conditions are needed. (P&Z)
4. **CONDITION AMENDED BY PLANNING COMMISSION:** The Special Use Permit shall be administratively reviewed by the Director of Planning & Zoning, with notice to the community, 10 years from approval (May 2034) in order to assess the redevelopment potential of the site and the compatibility of the uses with other uses in the area. If the Director determines the uses to be incompatible with surrounding uses or anticipates redevelopment, the Director shall docket the Special Use Permit for Planning Commission and City Council to take such action as they deem appropriate at the time. If the uses are permitted past May 2034, the Director of Planning & Zoning shall docket the Special Use Permit in 15 years (May 2039) for Planning Commission and City Council to assess the redevelopment potential of the site and the compatibility of the use with other uses in the area. (P&Z) (PC)
5. **CONDITION AMENDED BY THE PLANNING COMMISSION:** The following administrative special uses, special uses and non-complying uses are permitted with this Special Use Permit on the subject property ~~(P&Z)~~ (PC):

Administrative Special Uses in OCM (100)

Animal care facility located in a commercial complex
Catering in an industrial center
Light assembly, service, and crafts in an industrial center
Light automobile repair in an industrial center

Special Uses in OCM(100)

~~Day labor agency~~

Fraternal or private club

Private school, academic

Public building

Recreation and entertainment use, outdoor

Retail shopping establishment, larger than 20,000 square feet

Research and testing

Wholesale business

Non-complying uses

Glass shop

Food and beverage production exceeding 5,000 square feet with a retail component

Parcel delivery

Storage building and warehouses, not to include freight distribution

Building material storage and sales

Laundry, dry cleaning operations

Printing and publishing facilities

General automobile repair (~~P&Z~~) (PC)

6. The applicant shall file a minor site plan amendment to address the 20 additional parking spaces identified on the property in the survey provided to the Department of Planning and Zoning on March 27, 2024, within three months of SUP approval. (P&Z)
7. Non-complying uses are permissible on the first floor, comprising 45,501 square feet. (P&Z)

Conditions for all uses:

8. Exterior power washing of the building shall not be completed using any kind of detergents. (T&ES)
9. Chemicals, detergents or cleaners stored outside the building shall be kept in an enclosure with a roof. (T&ES)
10. Trash and garbage, except for bulk items or other dry material that is typically stored in open-air dumpsters, shall be stored inside or in sealed containers that do not allow odors to escape, invasion by animals, or leaking. No trash or debris shall be allowed to accumulate outside of those containers. Outdoor containers shall be maintained to the satisfaction of the Directors of Planning & Zoning and Transportation & Environmental Services, including replacing damaged lids and repairing/replacing damaged dumpsters. (T&ES)
11. All waste products including but not limited to organic compounds (solvents and cleaners) shall be disposed of in accordance with all local, state and federal ordinances or regulations. (T&ES)

12. **CONDITION AMENDED BY THE PLANNING COMMISSION:** The applicant shall require ~~its~~ employees who drive to use on-site parking. ~~(T&ES)~~ (PC)
13. **CONDITION AMENDED BY THE PLANNING COMMISSION:** The applicant shall encourage ~~its~~ employees to use public transportation to travel to and from work. The business shall contact Go Alex at goalex@alexandriava.gov for information on establishing an employee transportation benefits program. ~~(T&ES)~~ (PC)
14. The applicant shall provide information about alternative forms of transportation to access the site, including but not limited to printed and electronic business promotional material, posting on the business website, and other similar methods. Contact Go Alex at goalex@alexandriava.gov for more information about available resources. (T&ES)
15. The applicant is prohibited from storing and/or staging merchandise & materials in the public right-of-way. (T&ES)
16. The applicant is prohibited from loading/unloading activities on Eisenhower Avenue, a public right-of-way. (T&ES)
17. All loudspeakers shall be prohibited from the exterior of the building, and no amplified sounds shall be audible at the property line. (T&ES)
18. The applicant shall control odors, smoke and any other air pollutants from operations at the site and prevent them from leaving the property or becoming a nuisance to neighboring properties, as determined by the Department of Transportation & Environmental Services. (T&ES)
19. Equipment shall not be cleaned outside and residue washed into the streets, alleys or storm sewers. (T&ES)

Additional conditions for light assembly, service, and crafts

20. Materials shall be stored within an enclosed building. (T&ES)
21. The area around the building shall be kept free of debris and maintained in an orderly and clean condition. (T&ES)

Additional conditions for light and general automobile repair

22. All waste products including, but not limited to, organic compounds (solvents), motor oil, compressor lubricant and antifreeze shall be disposed of in accordance with all local, state and federal ordinances or regulations and not be discharged to the sanitary or storm sewers or be discharged onto the ground. (T&ES)
23. The Applicant must follow the City of Alexandria Best Management Practices manual for automotive related industries. Contact the T&ES Stormwater Management Division at

703-746-6499 to obtain a copy of the manual or online at [Environmental Quality Forms and Publications](#) website. (T&ES)

24. No paint or coatings shall be applied outside of a paint spray booth and no material shall be disposed of by venting into the atmosphere. (T&ES)
25. No repair work shall be done outside on the subject property. All repairs of motor vehicles at the site shall be conducted inside a building or structure. (P&Z) (T&ES)
26. Car wash discharges resulting from a commercial operation shall not be discharged into a storm sewer. This condition, if incorporated, will require a change in the operation from what is presented in the application. It is recommended that the car washes be done at a commercial car wash facility. (T&ES)

Additional conditions for catering operations, food and beverage production over 5,000 square feet, and fraternal or private clubs:

27. Kitchen equipment, including floor mats, shall not be cleaned outside, nor shall any cooking residue or wash water be washed into the streets, alleys or storm sewers. (T&ES)
28. If used cooking oil is stored outside, the drum shall be kept securely closed with a bung (a secure stopper that seals the drum) when not receiving used oil, it shall be placed on secondary containment, and it shall be kept under cover to prevent rainwater from falling on it. (T&ES)

Additional conditions for animal care facility with overnight pet boarding.

29. The applicant shall comply with the Virginia Department of Agriculture and Consumer Services Division of Animal Industry Services laws and Animal Care, Control, Property and Protection Laws of Virginia regarding Boarding Establishments. (P&Z)

Additional conditions for private schools and daycare establishments:

30. Administrative approval of a pick-up and drop off plan is required prior to commencing operation. The applicant shall submit an application to the Department of Planning & Zoning for review. (P&Z)

STAFF: Tony LaColla, Division Chief, Land Use Services,
Ann Horowitz, Principal Planner
Mavis Stanfield, Urban Planner

Staff Note: In accordance with section 11-506(c) of the zoning ordinance, construction or operation shall be commenced and diligently and substantially pursued within 18 months of the

date of granting of a special use permit by City Council or the special use permit shall become void.

IV. CITY DEPARTMENT COMMENTS

Legend: C - code requirement R - recommendation S - suggestion F - finding

Transportation & Environmental Services:

- F-1 Concern exists that outdoor events/entertainment will not comply with the noise code. T&ES/OEQ strongly recommends the incorporation of noise mitigation, such as sound walls and the location of sound systems if this use is implemented.
- R-1 Exterior power washing of the building shall not be completed using any kind of detergents. (T&ES)
- R-2 Chemicals, detergents or cleaners stored outside the building shall be kept in an enclosure with a roof. (T&ES)
- R-3 Trash and garbage shall be stored inside or in sealed containers that do not allow odors to escape, invasion by animals, or leaking. No trash or debris shall be allowed to accumulate outside of those containers. Outdoor containers shall be maintained to the satisfaction of the Directors of Planning & Zoning and Transportation & Environmental Services, including replacing damaged lids and repairing/replacing damaged dumpsters. (T&ES)
- R-4 All waste products including but not limited to organic compounds (solvents and cleaners) shall be disposed of in accordance with all local, state and federal ordinances or regulations. (T&ES)
- R-5 Supply deliveries, loading, and unloading activities shall not occur between the hours of 11:00pm and 7:00am. (T&ES)
- R-6 Litter on the site and on public rights-of-way and spaces adjacent to or within 75 feet of the premises shall be picked up at least once a day and at the close of business, and more often if necessary, to prevent an unsightly or unsanitary accumulation, on each day that the business is open to the public. (T&ES)
- R-7 The applicant shall require its employees who drive to use off-street parking. (T&ES)
- R-8 The applicant shall encourage its employees to use public transportation to travel to and from work. The business shall contact Go Alex at goalex@alexandriava.gov for information on establishing an employee transportation benefits program. (T&ES)
- R-9 The applicant shall provide information about alternative forms of transportation to access the site, including but not limited to printed and electronic business promotional material,

posting on the business website, and other similar methods. Contact Go Alex at goalex@alexandriava.gov for more information about available resources. (T&ES)

- R-10 The applicant is prohibited from storing and/or staging merchandise & materials in the public right-of-way. (T&ES)
- R-11 The applicant is prohibited from loading/unloading activities on Eisenhower Avenue, a public right-of-way. (T&ES)
- R-12 All loudspeakers shall be prohibited from the exterior of the building, and no amplified sounds shall be audible at the property line. (T&ES)
- R-13 The applicant shall control odors, smoke and any other air pollutants from operations at the site and prevent them from leaving the property or becoming a nuisance to neighboring properties, as determined by the Department of Transportation & Environmental Services. (T&ES)
- R-14 Materials shall be stored within an enclosed building. (T&ES)
- R-15 The area around the building shall be kept free of debris and maintained in an orderly and clean condition. (T&ES)
- R-15 The applicant shall control odors, smoke and any other air pollution from operations at the site and prevent them from leaving the property or becoming a nuisance to neighboring properties, as determined by the department of transportation and environmental services. (T&ES)
- R-16 Equipment shall not be cleaned outside and residue washed into the streets, alleys or storm sewers. (T&ES)
- R-17 All waste products including, but not limited to, organic compounds (solvents), motor oil, compressor lubricant and antifreeze shall be disposed of in accordance with all local, state and federal ordinances or regulations and not be discharged to the sanitary or storm sewers or be discharged onto the ground. (T&ES)
- R-18 The Applicant must follow the City of Alexandria Best Management Practices manual for automotive related industries. Contact the T&ES Stormwater Management Division at 703-746-6499 to obtain a copy of the manual or online at [Environmental Quality Forms and Publications](#) website. (T&ES)
- R-19 No paint or coatings shall be applied outside of a paint spray booth and no material shall be disposed of by venting into the atmosphere. (T&ES)
- R-20 No repair work shall be done outside on the subject property. All repairs of motor vehicles at the site shall be conducted inside a building or structure. (P&Z) (T&ES)

- R-21 Car wash discharges resulting from a commercial operation shall not be discharged into a storm sewer. This condition, if incorporated, will require a change in the operation from what is presented in the application. It is recommended that the car washes be done at a commercial car wash facility. (T&ES)
- R-22 Kitchen equipment, including floor mats, shall not be cleaned outside, nor shall any cooking residue or wash water be washed into the streets, alleys or storm sewers. (T&ES)
- R-23 All waste products including but not limited to organic compounds (solvents), shall be disposed of in accordance with all local, state and federal ordinances or regulations. (T&ES)
- R-24 If used cooking oil is stored outside, the drum shall be kept securely closed with a bung (a secure stopper that seals the drum) when not receiving used oil, it shall be placed on secondary containment, and it shall be kept under cover to prevent rainwater from falling on it. (T&ES)

Code Enforcement:

- C-1 A building permit is required.

Fire:

No comments received.

Health:

- C-1 An Alexandria Health Department Permit is required for all regulated facilities. A permit shall be obtained prior to operation, and is not transferable between one individual, corporation or location to another. Permit application and fee are required.
- C-2 Construction plans shall be submitted to the Health Department located at 4850 Mark Center Dr., 4th Floor and through the Multi-Agency Permit Center. Plans shall be submitted and approved by the Health Department prior to construction. There is a \$200.00 plan review fee payable to the City of Alexandria- fee must be paid separate from any other departmental fees.
- C-3 Construction plans shall comply with Alexandria City Code, Title 11, Chapter 2, The Food Safety Code of the City of Alexandria. Plans shall include a menu of food items to be offered for service at the facility and specification sheets for all equipment used in the facility, including the hot water heater.
- C-4 A Food Protection Manager shall be on-duty during all operating hours.

- C-5 The facility shall comply with the Virginia Indoor Clean Air Act and the Code of Alexandria, Title 11, Chapter 10, Smoking Prohibitions.
- C-6 In many cases, original wooden floors, ceilings and wall structures in historical structures may not be suitable for food service facilities. Wood materials shall be finished in a manner that is smooth, durable, easily-cleanable, and non-absorbent.
- C-7 Facilities engaging in the following processes may be required to submit a HACCP plan and/or obtain a variance: Smoking as a form of food preservation; curing/drying food; using food additives to render food not potentially-hazardous; vacuum packaging, cook-chill, or sous-vide; operating a molluscan shellfish life-support system; sprouting seeds or beans; and fermenting foods.
- C-8 Starting on 1/1/2023, The Virginia Department of Agriculture and Consumer Services (VDACS) is the point of contact for the following type of establishments: grocery stores, convenience stores, ice cream stores, wine shops, or bakeries. The divisions of Food Safety can offer further guidance. Please use the following contact information:

VDAC's Food Safety Program

804.786.3520

804.371.7792

foodsafety@vdacs.virginia.gov

- C-9 An Alexandria Health Department Permit is required for all regulated hotel facilities. A permit shall be obtained prior to operation, and is not transferable between one individual, corporation or location to another. Permit application and fee are required.
- C-10 Construction plans shall be submitted to the Health Department located at 4850 Mark Center Dr., 4th Floor and the Multi-Agency Permit Center. Construction plans shall be submitted and approved by the Health Department prior to construction. There is a \$40.00 plan review fee payable to the Alexandria Health Department and a Plan Review Application.
- C-11 Construction plans shall comply with State Code 35.1, Hotels, Restaurants, Summer Camps and Campgrounds. Construction plans shall include equipment specification sheets including hot water information.
- C-12 An Alexandria Health Department Permit is required for each regulated facility, including swimming pools, wading pools, spas, waterparks, interactive water features and water activity pools. A permit shall be obtained prior to operation, and is not transferable between one individual, corporation or location to another. Electrical inspection, Permit Application and Fee are required.
- C-13 Construction plans and Fee shall be submitted to the Health Department located at 4850 Mark Center Dr., 4th Floor =and through the Multi-Agency Permit Center. Plans shall be

submitted and approved by the Health Department prior to construction. There is a plan review fee per body of water payable to the City of Alexandria.

- C-14 Construction plans shall comply with Alexandria City Code, Title 11, Chapter 11, The Aquatic Health Ordinance. Pump curves, hydraulic calculations, equipment specifications, site plans, and piping plans shall be submitted.
- C-15 The filter room shall be located so that the pool operator does not have to leave the pool enclosure, it opens onto pool deck, and so pool operator has a full line of sight when inside room.
- C-16 The bathhouse shall be located to open onto the pool deck with patrons being required to enter and pass through bathhouse prior to accessing pool.
- C-17 A direct dial, hard-wired telephone shall be provided within the swimming pool area.
- C-18 All regulated aquatic facilities shall have a pool operator on-duty. Pool operators must be on-site during all operating hours except for spas and interactive water features. At least one certified lifeguard shall be on-duty during all operating hours for aquatic facilities with the exception of spas and interactive water features. Additional lifeguards may be required due to the configuration of the facility and/or use of the facility.
- C-19 An Alexandria Health Department Permit is required for all regulated facilities that are serving and/or preparing food. A permit shall be obtained prior to operation, and is not transferable between one individual, corporation or location to another.
- C-20 Construction plans shall be submitted to the Health Department located at 4850 Mark Center Dr., 4th Floor and through the Multi-Agency Permit Center. Construction plans shall be submitted and approved by the Health Department prior to construction. There is a \$200.00 plan review fee payable to the City of Alexandria.
- C-21 Construction plans shall comply with Alexandria City Code, Title 11, Chapter 2, The Food Safety Code of the City of Alexandria. Plans shall include a menu of food items to be offered for service at the facility and specification sheets for all equipment used in the facility, including the hot water heater.
- C-22 A Food Protection Manager shall be on duty during all operating hours.

City of Alexandria, Virginia

MEMORANDUM

DATE: MAY 3, 2024

TO: CHAIR NATHAN MACEK
AND MEMBERS OF THE PLANNING COMMISSION

FROM: KARL W. MORITZ, DIRECTOR
DEPARTMENT OF PLANNING & ZONING

SUBJECT: DOCKET ITEM #7 – SUP #2024-00011
4601 EISENHOWER AVENUE

This memorandum provides additional information for decision making purposes based on questions that were raised during briefings. It also outlines amendments to Conditions #12 and #13 that Chair Macek recommends and to Condition #5, as proposed by the applicant.

Urban Land Institute Technical Assistance Panel (TAP)

During one briefing, a question was raised regarding the relationship and timing of a proposed study for adjacent properties. The Department of Planning & Zoning has requested assistance from the Urban Land Institute for a Technical Assistance Panel (TAP) to explore the range of potential tools or approaches to maximize public benefits and support development in the Eisenhower Valley. This would potentially identify tools such as density transfers or land swaps, to enable redevelopment, provide open space, and meet the City's housing needs. The study will consider existing and potential improvements to properties near but not including the 4601 Eisenhower Avenue parcel, with a focus on the self-storage development to the east of the SUP site as well as the Clermont Natural Park to the north. It is expected that the results of the report could enhance the ability to redevelop 4601 Eisenhower Avenue. The applicant intends to eventually redevelop the property when market and economic conditions allow for a viable project. It considers the proposed uses as suitable for the interim until that time.

Eisenhower Avenue transportation enhancement plans

Staff was also asked about proposed transportation improvements along Eisenhower Avenue. The City and the Virginia Department of Transportation (VDOT) are [studying Eisenhower Avenue](#) to evaluate needs and opportunities for improving safety, mobility, and accessibility along the corridor. The study is exploring possible reductions in lanes to provide bicycle lanes and other improvements. As a design proposal could be available in summer or fall of 2025, no definitive plans exist for a lane reduction at the intersection of Eisenhower and Clermont Avenues.

Lease terms

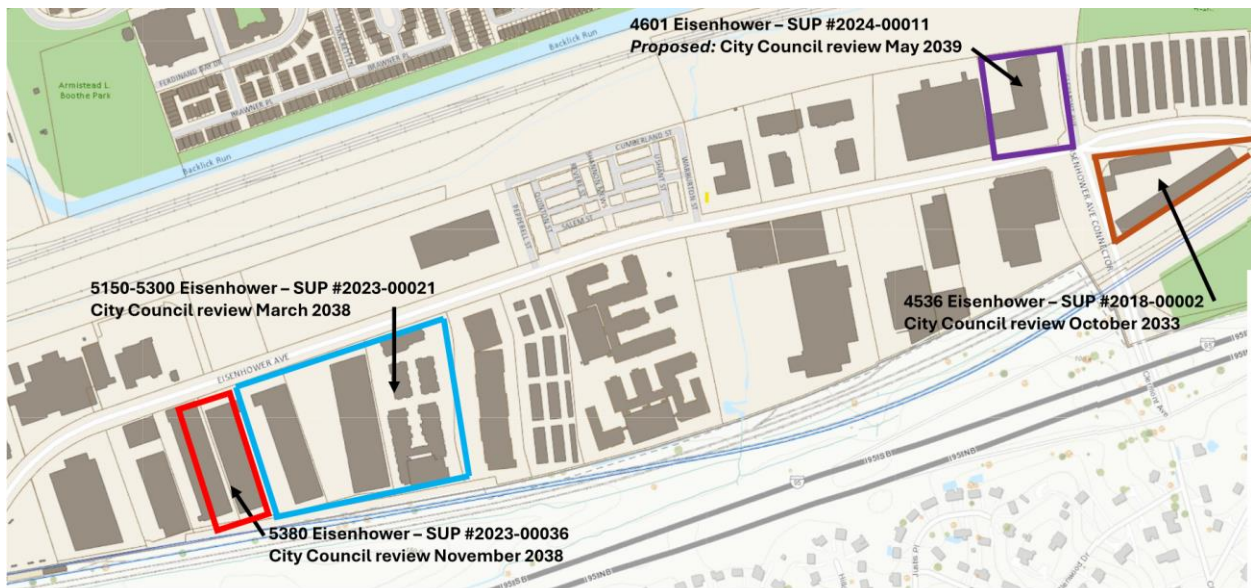

Staff asked the applicant’s attorney for the intended lease terms to understand if these would affect the redevelopment potential of the site. We have not received this information yet and will distribute it to you when we do.

Nearby mass transit options

With respect to public transportation, the property is located slightly less than a mile from the Van Dorn Metro Station and is served by the Dash 32 Line bus service, which runs every 30 minutes during rush hours.

City Council reviews for umbrella SUP sites on Eisenhower

For comparison purposes, this map identifies other umbrella SUPs for industrial centers on Eisenhower Avenue and the dates conditioned for City Council review for compatibility and redevelopment potential.

Staff report typographical error and correction

It is noted that in the first two paragraphs of the staff analysis in the staff report, reference is made to Condition #2 regarding the variety of requested uses. This should reference Condition #5. This typographical error will be corrected immediately after the Planning Commission hearing and prior to docket release for the City Council May 18 public hearing.

Proposed condition amendments

Chair Macek requested changes to Conditions #12 and #13 to highlight the responsibilities of both employees of the applicant and of the tenants. And the applicant proposes an amendment to Condition #5 to delete the day labor agency use.

5. **CONDITION AMENDED BY THE PLANNING COMMISSION:** The following administrative special uses, special uses and non-complying uses are permitted with this Special Use Permit on the subject property:

Animal care facility with overnight accommodation
Light assembly, service, and crafts
Catering operation
Light auto repair
~~Day labor agency~~
Fraternal or private club
Private school, academic
Public building
Recreation and entertainment use, outdoor
Retail shopping establishment, larger than 20,000 gross square feet
Research and testing
Wholesale business
Glass shop
Parcel delivery
Storage buildings and warehouse
Building materials storage and sales
Laundry, dry cleaning operations
Manufacturing
Printing and publishing facilities
General automobile repair
Food and beverage production exceeding 5,000 square feet, which includes a retail component. (PC)

Staff continues to recommend approval for SUP #2024-00011 with the recommended changes to Conditions #5, #12, and #13.

City of Alexandria, Virginia

MEMORANDUM

DATE: MAY 6, 2024

TO: CHAIR NATHAN MACEK
AND MEMBERS OF THE PLANNING COMMISSION

FROM: KARL W. MORITZ, DIRECTOR
DEPARTMENT OF PLANNING & ZONING

SUBJECT: DOCKET ITEM #7 – SUP #2024-00011
4601 EISENHOWER AVENUE

This memorandum reflects Commissioner Lyle’s recommendation to amend Condition #4. She asks that the commission consider the addition of an interim administrative review in May 2034, which would become a docketed review should the Director of Planning & Zoning find that the use is either no longer compatible with the neighborhood or has a potential for redevelopment.

Her proposed condition is:

4. **CONDITION AMENDED BY PLANNING COMMISSION:** The Special Use Permit shall be administratively reviewed by the Director of Planning & Zoning, with notice to the community, 10 years from approval (May 2034) in order to assess the redevelopment potential of the site and the compatibility of the uses with other uses in the area. If the Director determines the uses to be incompatible with surrounding uses or anticipates redevelopment, the Director shall docket the Special Use Permit for Planning Commission and City Council to take such action as they deem appropriate at the time. If the uses are permitted past May 2034, the Director of Planning & Zoning shall docket the Special Use Permit in 15 years (May 2039) for Planning Commission and City Council to assess the redevelopment potential of the site and the compatibility of the use with other uses in the area. (P&Z) (PC)

Staff continues to recommend approval of SUP #2024-00011 with the amendment to Condition #4 and with the amendments to Conditions #5, #12, and #13, as proposed on the memorandum dated May 3.

APPLICATION SPECIAL USE PERMIT

SPECIAL USE PERMIT # _____

PROPERTY LOCATION: 4601 Eisenhower Avenue

TAX MAP REFERENCE: 069.01-01-03 **ZONE:** OCM(100)

APPLICANT:

Name: Boundary Investments LLC

Address: 4800 Hampden Lane, Suite 800, Bethesda, Maryland 20814

PROPOSED USE: Umbrella Special Use Permit for a variety of uses

- THE UNDERSIGNED, hereby applies for a Special Use Permit in accordance with the provisions of Article XI, Section 4-11-500 of the 1992 Zoning Ordinance of the City of Alexandria, Virginia.
- THE UNDERSIGNED, having obtained permission from the property owner, hereby grants permission to the City of Alexandria staff and Commission Members to visit, inspect, and photograph the building premises, land etc., connected with the application.
- THE UNDERSIGNED, having obtained permission from the property owner, hereby grants permission to the City of Alexandria to post placard notice on the property for which this application is requested, pursuant to Article IV, Section 4-1404(D)(7) of the 1992 Zoning Ordinance of the City of Alexandria, Virginia.

Narrative Description
Boundary Investments LLC
4601 Eisenhower Avenue
Tax Map No. 069.01-01-03

Boundary Investments LLC (the “Applicant”) is the contract purchaser of property located at 4601 Eisenhower Avenue (the “Property”). The Applicant is seeking to establish an umbrella Special Use Permit (“SUP”) to permit various uses within the existing industrial building on the Property for a period of 15 years, through 2039.

In the way of Background, the Property is currently zoned to the Office Commercial Medium (100) Zone (“OCM(100)”), and is developed with an existing 65,699 square foot industrial building constructed in 1985, and an associated surface parking area that includes 139 spaces. The Property was previously zoned Industrial prior to the 1992 comprehensive City-wide rezoning, which rezoned the Property to the OCM(100) zone. The existing building has historically been, and is currently, occupied by a variety of light industrial uses for which it was originally constructed to accommodate.

The Property is also located within the Clermont Exchange Neighborhood in the 2015 Eisenhower West Small Area Plan (“SAP”). The Eisenhower West SAP recommends redevelopment of the Property with residential and retail uses. While the Applicant ultimately intends to redevelop the Property in conformance with the Eisenhower West SAP, based on current market conditions, the increasing demand for industrial space, and considering that the existing building is well-occupied by a number of tenants who wish to remain, the Applicant does not anticipate redevelopment occurring within the next 15 years. In the interim, the Applicant intends to continue to lease space in the existing building to a variety of light industrial and commercial uses which are compatible with the existing uses in the building and surrounding uses in the neighborhood. The proposed 15-year term of the umbrella SUP is consistent with the term of previously approved umbrella SUPs along this segment of Eisenhower Avenue, will provide current and future tenants with assurance, and will enable the Applicant to retain existing tenants and attract new businesses to the City until market conditions are appropriate for redevelopment.

Because the building and current uses (which include storage and warehouse, food and beverage production, and research and testing laboratory uses) existed prior to June 24, 1992, any existing uses not currently permitted in the OCM(100) zone are considered legally noncomplying uses pursuant to Section 12-300 of the Zoning Ordinance. Section 12-302(A) of the Zoning Ordinance allows the expansion or physical enlargement of noncomplying uses with SUP approval. Additionally, Section 12-302(B)(1) of the Zoning Ordinance allows noncomplying uses to continue to operate on the Property in the form of a different trade, business, or activity, provided that it is within the scope of the use listed In the Zoning Ordinance. Further, Section 12-302(B)(2) of the Zoning Ordinance, allows noncomplying uses to be changed to a use allowed in the zone which such non-complying use is first listed in the Zoning Ordinance (i.e. the Commercial Service Low (“CSL”) and Industrial (“I”) zones).

As identified on the floor plans and tabulations submitted with this application, current tenants within the building include storage and warehouse, manufacturing, research and testing laboratory, business and professional office, and retail uses. In addition to seeking umbrella SUP approval to permit a variety of uses, as part of this application the Applicant is seeking the option to expand the existing noncomplying storage and warehouse uses pursuant to Section 12-302(A), as identified in the enclosed tabulations and floor plans, in order to meet market demand for warehouse space and provide flexibility for existing and future tenants.

The Applicant has determined that the uses enumerated below are appropriate for the building and compatible with the character of the surrounding area. These uses will provide the Applicant with flexibility to lease space to industrial or commercial tenants without the need for separate SUPs for individual new tenants, thereby enhancing the Applicant's ability to attract new businesses to the Property. The proposed umbrella SUP further allows the Applicant to easily re-let vacant spaces on the Property in a timely manner and reduce the burden on small businesses seeking to locate in the City. The Applicant requests SUP approval for the following uses, in addition to those that are currently permitted by-right in the OCM(100) Zone:

- OCM(100) Administrative SUP and SUP Uses
 - Animal care facility with overnight accommodation if located in a commercial complex
 - Light assembly, service, and crafts in an industrial or flex space center
 - Catering operation in an industrial or flex space center
 - Light auto repair in an industrial or flex space center
 - Day labor agency
 - Fraternal or private club
 - Private school, academic
 - Public building
 - Recreation and entertainment use, outdoor
 - Retail shopping establishment, larger than 20,000 gross square feet
 - Research and testing
 - Wholesale business

- CSL and I Permitted and SUP Uses
 - Glass shop
 - Parcel delivery
 - Storage buildings and warehouses, not to include freight distribution centers
 - Building materials storage and sales
 - Laundry, dry cleaning operations
 - Manufacturing
 - Printing and publishing facilities
 - General automobile repair
 - Health and athletic club or fitness studio
 - Restaurant located within a commercial complex or hotel
 - Food and beverage production exceeding 5,000 square feet, which includes a retail component

The amount of parking currently provided on the Property exceeds the requirement for the existing uses and is more than adequate to serve the proposed uses. Although the precise future tenant mix is currently unknown, the requested mix of industrial and commercial uses would require parking at different times of day, which is conducive to a shared parking scenario that currently exists on the Property.

The proposed umbrella SUP will allow the Applicant to provide flexibility for existing and future tenants, as well as attract new businesses to the City. The Applicant's request is comparable to previously approved umbrella SUPs for similarly-situated industrial buildings in this area of the City, and will allow the Applicant to continue to fulfill market demand for industrial uses until such time as the Property is redeveloped in the future in accordance with the Eisenhower West SAP.

USE CHARACTERISTICS

4. The proposed special use permit request is for (*check one*):
- a new use requiring a special use permit,
 - an expansion or change to an existing use without a special use permit,
 - an expansion or change to an existing use with a special use permit,
 - other. Please describe: _____

5. Please describe the capacity of the proposed use:

A. How many patrons, clients, pupils and other such users do you expect?
Specify time period (i.e., day, hour, or shift).
Varies by tenant

B. How many employees, staff and other personnel do you expect?
Specify time period (i.e., day, hour, or shift).
Varies by tenant

6. Please describe the proposed hours and days of operation of the proposed use:

Day:
Varies by tenant

Hours:
Varies by tenant

7. Please describe any potential noise emanating from the proposed use.

A. Describe the noise levels anticipated from all mechanical equipment and patrons.
No unusual noise levels anticipated.

B. How will the noise be controlled?
Varies by tenant

8. Describe any potential odors emanating from the proposed use and plans to control them:

No unusual odors will be generated

9. Please provide information regarding trash and litter generated by the use.

A. What type of trash and garbage will be generated by the use? (i.e. office paper, food wrappers)
Varies by tenant. Trash is the responsibility of the tenant and will be contained in dumpsters.

B. How much trash and garbage will be generated by the use? (i.e. # of bags or pounds per day or per week)
Varies by tenant

C. How often will trash be collected?
Varies by tenant. Property manager will provide a common dumpster and trash will be removed on a scheduled and regular basis.

D. How will you prevent littering on the property, streets and nearby properties?
The property manager will provide service on an as-needed basis.

10. Will any hazardous materials, as defined by the state or federal government, be handled, stored, or generated on the property?

Yes. No.

If yes, provide the name, monthly quantity, and specific disposal method below:

Varies by tenant. Tenants will be responsible for legal disposition of hazardous materials, if any.

11. Will any organic compounds, for example paint, ink, lacquer thinner, or cleaning or degreasing solvent, be handled, stored, or generated on the property?

Yes. No.

If yes, provide the name, monthly quantity, and specific disposal method below:

Each tenant is responsible for the legal disposition of hazardous materials, if any.

12. What methods are proposed to ensure the safety of nearby residents, employees and patrons? Each tenant is responsible for the security of its spaces.

ALCOHOL SALES

13. A. Will the proposed use include the sale of beer, wine, or mixed drinks?

Yes No Unknown

If yes, describe existing (if applicable) and proposed alcohol sales below, including if the ABC license will include on-premises and/or off-premises sales.

If a tenant proposes to sell alcohol, they will be required to follow all regulations involving the sale of alcohol.

PARKING AND ACCESS REQUIREMENTS

14. A. How many parking spaces of each type are provided for the proposed use:

135 Standard spaces
 Compact spaces
4 Handicapped accessible spaces.
 Other.

Planning and Zoning Staff Only
Required number of spaces for use per Zoning Ordinance Section 8-200A <u> </u>
Does the application meet the requirement? <input type="checkbox"/> Yes <input type="checkbox"/> No

B. Where is required parking located? (*check one*)

on-site
 off-site

If the required parking will be located off-site, where will it be located?

N/A

PLEASE NOTE: Pursuant to Section 8-200 (C) of the Zoning Ordinance, commercial and industrial uses may provide off-site parking within 500 feet of the proposed use, provided that the off-site parking is located on land zoned for commercial or industrial uses. All other uses must provide parking on-site, except that off-street parking may be provided within 300 feet of the use with a special use permit.

C. If a reduction in the required parking is requested, pursuant to Section 8-100 (A) (4) or (5) of the Zoning Ordinance, complete the PARKING REDUCTION SUPPLEMENTAL APPLICATION.

Parking reduction requested; see attached supplemental form

15. Please provide information regarding loading and unloading facilities for the use:

A. How many loading spaces are available for the use? 6

Planning and Zoning Staff Only
Required number of loading spaces for use per Zoning Ordinance Section 8-200 <u> </u>
Does the application meet the requirement? <input type="checkbox"/> Yes <input type="checkbox"/> No

B. Where are off-street loading facilities located? N/A

C. During what hours of the day do you expect loading/unloading operations to occur?
Varies by tenant.

D. How frequently are loading/unloading operations expected to occur, per day or per week, as appropriate?
Varies by tenant.

16. Is street access to the subject property adequate or are any street improvements, such as a new turning lane, necessary to minimize impacts on traffic flow?

Street access is adequate.

SITE CHARACTERISTICS

17. Will the proposed uses be located in an existing building? Yes No

Do you propose to construct an addition to the building? Yes No

How large will the addition be? _____ square feet.

18. What will the total area occupied by the proposed use be?

65,699 sq. ft. (existing) + 0 sq. ft. (addition if any) = 65,699 sq. ft. (total)

19. The proposed use is located in: (*check one*)

a stand alone building

a house located in a residential zone

a warehouse

a shopping center. Please provide name of the center: _____

an office building. Please provide name of the building: _____

other. Please describe: _____

End of Application

Subject: RE: 4601 Eisenhower Ave

Hi Mavis –

Thanks for the follow up email, and for our discussion last week. I have been waiting on some information from my client, who met on site with a number of the tenants this week – including the Applied Research use we discussed on Thursday. The owner does not have any record of a use permit for this use. As it turns out, the use is primarily office, although they do some testing of small soil samples, and would like to continue doing so in the future, potentially expanding their testing operations. For this reason, my client would like to continue to include the research and testing use in the umbrella SUP application.

I also followed up on the square footage issue. Notwithstanding what was shown on the 2003 ALTA and the original site plan from 1985, my client has verified that the as-built conditions of the building only include 65,699 square feet of floor area, which is consistent with the submitted floor plans and the tax assessment records. My client also sent me a much more recent ALTA that they commissioned, which is dated February 2024. It might be helpful to use this ALTA in lieu of the one we submitted previously, since it is much more current.

Hopefully this information answers some questions. Let me know if you have any others, or feel free to give me a call. I am out of the office for the remainder of the day, but will be back in tomorrow.

Bob
