Ms. Cooper,

I write in support of the referenced amendment. My home is at 3800 Seminary Road, immediately adjacent to the east of the Temple.

The proposed wrought iron fence will be much more attractive than the concrete planters presently existing. The location of the proposed fence will maximize the lawn area available for the Temple's use, especially for the children.

There currently exists in the same block at 3750 Seminary Road a 6-foot stockade fence build within a foot of the public sidewalk.

For the above reasons, I support the Congregation's request.

Sincerely,

Gant Redmon
