SEE ATTACHED DISCRIPTION OF WORK

SUBMITTAL REQUIREMENTS:

☐ Check this box if there is a homeowner's association for this property. If so, you must attach a copy of the letter approving the project.

Items listed below comprise the **minimum supporting materials** for BAR applications. Staff may request additional information during application review. Please refer to the relevant section of the *Design Guidelines* for further information on appropriate treatments.

Applicants must use the checklist below to ensure the application is complete. Include all information and material that are necessary to thoroughly describe the project. Incomplete applications will delay the docketing of the application for review. Pre-application meetings are required for all proposed additions. All applicants are encouraged to meet with staff prior to submission of a completed application.

Demolition/Encapsulation : *All applicants requesting 25 square feet or more of demolition/encapsulation must complete this section. Check N/A if an item in this section does not apply to your project.*

N/A

- ☐ ☒ Survey plat showing the extent of the proposed demolition/encapsulation.
- ☐ ☒ Existing elevation drawings clearly showing all elements proposed for demolition/encapsulation.
- ☐ ☒ Clear and labeled photographs of all elevations of the building if the entire structure is proposed to be demolished.
- ☐ ☒ Description of the reason for demolition/encapsulation.
- ☐ ☒ Description of the alternatives to demolition/encapsulation and why such alternatives are not considered feasible.

BAR - Description of Proposed Work for 910 King Street - Exterior December 3, 2025

1. Painting the existing exterior brick

The existing brick on the east, south and west elevations will be painted. The front elevation brick will be cleaned and re-stained as required. Detailed elements such as the inset panels below the windows on the bay, over the front door, above the third-floor window over the door, the panels over the third-floor windows and the three brick keystones over all the windows will be stained to accentuate their details.

2. New Front Door and Hand Railings

A new full-light wood front door painted with a wrought iron design will be installed in the existing opening at the face of the front elevation. Install new ornamental metal hand railings on both sides of the existing steps.

3. New metal ornamental roof feature on top of the existing knee wall on the roof at the north elevation.

The metal roof feature and the knee wall will be painted.

4. Replace existing cornice coping and repaint the wood coping at the north roof line.

5. Paint the Existing Brick wall and Railing at ground level at the northwest corner

The existing low brick wall and railing attached to the front northwest corner of the building at grade will remain and be cleaned and repainted.

6. Metal Gates

The existing metal gates, one to the left of the building and one in the back of the building that block off the alley will be repainted.

7. Signage

A new sign for the retail establishment will be installed on a new sign bracket in the location of the existing sign bracket for the proposed café.

Two new building signs will be installed on the north elevation. One will be on top of the existing brick knee wall and will be on a track and not attached to the brick to light the sign and the new roof feature. The other sign will be above the front door entablature and will be installed on a track and not attached to the face brick.

8. Steps at the Front Stoop

The slate steps at the front stoop are worn chipped on the treads and the sides have holes and unstable bricks. These steps will be repaired and smooth to avoid tripping hazards and the sides will be repaired and all will be stained to match the existing color.

9. Lighting

Front Elevation: new wall mounted lights will be installed on either side of the existing front door. Small goose neck lights on the café sign. Ground level spotlights will be installed on the front elevation at the base of the bay brick piers and at the piers flanking the front door. A new flood light will be installed on the brick ledge at grade in the middle of the bay to light the bay. At the base of the sign slightly in front of the existing knee wall at the roof 2 to 3 small flood lights will be installed to light the building sign and roof element. At the base of the east and west elevations there will be 5 to 6 flood lights to up light the wall. The new spot lights and flood lights may include light inserts.

Additions & New Construction: Drawings must be to scale and should not exceed 11" x 17" unless approved by staff. Check N/A if an item in this section does not apply to your project.

- ☐ ☒ N/A Scaled survey plat showing dimensions of lot and location of existing building and other structures on the lot, location of proposed structure or addition, dimensions of existing structure(s), proposed addition or new construction, and all exterior, ground and roof mounted equipment.
- ☐ ☒ FAR & Open Space calculation form.
- ☐ ☒ Clear and labeled photographs of the site, surrounding properties and existing structures, if applicable.
- ☐ ☒ Existing elevations must be scaled and include dimensions.
- ☐ ☒ Proposed elevations must be scaled and include dimensions. Include the relationship to adjacent structures in plan and elevations.
- ☐ ☒ Materials and colors to be used must be specified and delineated on the drawings. Actual samples may be provided or required.
- ☐ ☒ Manufacturer's specifications for materials to include, but not limited to: roofing, siding, windows, doors, lighting, fencing, HVAC equipment and walls.
- ☐ ☒ For development site plan projects, a model showing mass relationships to adjacent properties and structures.

Signs & Awnings: One sign per building under one square foot does not require BAR approval unless illuminated. All other signs including window signs require BAR approval. Check N/A if an item in this section does not apply to your project.

- ☐ ☒ N/A Linear feet of building: Front: _____ Secondary front (if corner lot): _____.
- ☐ ☒ Square feet of existing signs to remain: _____.
- ☐ ☐ Photograph of building showing existing conditions.
- ☐ ☒ Dimensioned drawings of proposed sign identifying materials, color, lettering style and text.
- ☒ ☐ Location of sign (show exact location on building including the height above sidewalk).
- ☐ ☒ Means of attachment (drawing or manufacturer's cut sheet of bracket if applicable).
- ☒ ☐ Description of lighting (if applicable). Include manufacturer's cut sheet for any new lighting fixtures and information detailing how it will be attached to the building's facade.

Alterations: Check N/A if an item in this section does not apply to your project.

- ☒ ☒ N/A Clear and labeled photographs of the site, especially the area being impacted by the alterations, all sides of the building and any pertinent details.
- ☐ ☒ Manufacturer's specifications for materials to include, but not limited to: roofing, siding, windows, doors, lighting, fencing, HVAC equipment and walls.
- ☐ ☒ Drawings accurately representing the changes to the proposed structure, including materials and overall dimensions. Drawings must be to scale.
- ☐ ☒ An official survey plat showing the proposed locations of HVAC units, fences, and sheds.
- ☐ ☒ Historic elevations or photographs should accompany any request to return a structure to an earlier appearance.

BAR CASE#

(OFFICE USE ONLY)

ALL APPLICATIONS: *Please read and check that you have read and understand the following items:*

- ☒ I understand that after reviewing the proposed alterations, BAR staff will invoice the appropriate filing fee in APEX. The application will not be processed until the fee is paid online.
- ☒ I understand the notice requirements and will return a copy of the three respective notice forms to BAR staff at least five days prior to the hearing. If I am unsure to whom I should send notice I will contact Planning and Zoning staff for assistance in identifying adjacent parcels.
- ☒ I, the applicant, or an authorized representative will be present at the public hearing.
- ☒ I understand that any revisions to this initial application submission (including applications deferred for restudy) must be accompanied by the BAR Supplemental form and revised materials.

The undersigned hereby attests that all of the information herein provided including the site plan, building elevations, prospective drawings of the project, and written descriptive information are true, correct and accurate. The undersigned further understands that, should such information be found incorrect, any action taken by the Board based on such information may be invalidated. The undersigned also hereby grants the City of Alexandria permission to post placard notice as required by Article XI, Division A, Section 11-301(B) of the 1992 Alexandria City Zoning Ordinance, on the property which is the subject of this application. The undersigned also hereby authorizes the City staff and members of the BAR to inspect this site as necessary in the course of research and evaluating the application. The applicant, if other than the property owner, also attests that he/she has obtained permission from the property owner to make this application.

About this item

- Multiple Colors and Music Sync: The LED strip has multiple RGB colors and can be adjusted for brightness. There are 29 dynamic modes that can be synchronized with your music and change with the rhythm to bring you rave enjoyment.
 - Easy Installation: Using fixing clips with screws, it can be firmly fixed on the surface of the house. The installation is very easy and can be used in outdoor scenes such as courtyards, roofs, and pool surfaces.
 - Intelligent APP Timing: Download the 'Lotus Lantern' application to preset the RGB LED to turn on and off at specific times and set the color at the same time. The LED strip also has an upgraded 44-key IR remote control and a three-button switch for several control options.
 - Quality Guarantee and Quick Customer Service: If you encounter any problems during the installation process, please contact us and we will solve the problem within 24 hours. If the product has quality problems, within 30 days we can give full refund.
 - Large LED Strip with DIY Design: With 100 feet of length, the LED strip can cover most areas of your home. The cuttable DIY design allows you to adjust the length of each section to decorate your living room, kitchen, bar, bedroom, garage and other places.
