Statement of Interest (Do not include personal information such as phone numbers, addresses, emails, etc.)

My name is Marcos Bernier, and I am a part-time public policy graduate student and full-time management consultant who has been a resident of the Braddock Metro neighborhood for over two years. In this time, I have gone from being a lifelong car driver to becoming an alternative- transportation enthusiast; I walk, bike, or take public transit for every trip in the DC metro area. Since March 2024, I have also served on the DASH Advisory Committee where I collaborate with a diverse group of residents to represent the interests of riders by advocating for improvements in service, customer experience, and community outreach. Through this role, I work with DASH leadership and local and regional authorities on decisions that affect DASH and the regional transit ecosystem. As a prospective member of the Traffic and Parking Board, I bring to the table the perspective of an Alexandrian who lives, works, and moves through our streets without a car yet remains directly impacted by the city's traffic and parking policies. My experiences give me a firsthand view of how traffic-flow decisions, parking regulations, and emerging mobility options can affect safety, accessibility, and quality of life for many residents. I am eager for the opportunity to work with board members and city staff to gather input from the community and craft solutions to the most pressing problems regarding traffic and parking in our city. I look forward to contributing my own perspectives on how to best shape our traffic and parking policies to ensure the city's continued sustainability, livability, and mobility for residents and visitors alike. Thank you for your consideration. If you have questions or require more information, please feel free to contact me.

Yes

Educational Background

I am currently pursuing a Master's in Public Policy with a focus on Transportation & Urban Policy from George Mason University in Arlington. I expect to finish my studies in May 2027. I hold a Bachelor's of Science in Computer Science from the University of Oklahoma. I received my degree in May 2023.

Summary of Work and Experience

Over the past 2.5 years I have specialized in workforce planning and strategic development for both the government and nonprofit sectors—designing and executing talent-gap analyses, aligning workforce composition with organizational strategy, and crafting operational roadmaps to drive organizational transformation and capacity growth. Additionally, I serve as a member of the DASH Advisory Committee, where I advocate for rider interests to DASH and state/local leadership. Prior to these engagements, I spent 4 years in information technology at the University of Oklahoma, where I maintained classroom technology and served as a system administrator for the hundreds of computer lab machines distributed across the main campus.

Statement of Interest (Do not include personal information such as phone numbers, addresses, emails, etc.)

I am seeking a renewed appointment for a second term to the Traffic and Parking Board because I believe I would bring an important perspective to ensuring that the board continues to receive and consider input from all stakeholders, including diverse and underrepresented communities. I have been an Alexandria resident since 2014, and the many strengths of this community have made it an ideal place for my family to set down roots and raise our children. I have appreciated the opportunity to serve on the Traffic and Parking Board since 2024, weighing data, citizen and staff input and expertise to make important decisions that are improving the safety, reliability, and experience of Alexandrians and visitors as they navigate the city on multiple modes of transportation. Through my involvement as a board member and in other community involvement, I've learned that safe and reliable ways to move throughout our community—by car, bus, bike, scooter, or on foot—are important options that should be available to everyone. As a multimodal transit user who regularly drives, bikes, walks, and rides the bus, I experience the strengths and areas for improvement in Alexandria's transportation sector daily. As a mom to a young child and a teenager, I want our streets and sidewalks to be safe, not just for my children, but for all residents. I am seeking appointment to another term on the Traffic and Parking Board to further serve this community that I love, and to continue contribute to decisions regarding multimodal safety. My professional career has been almost entirely in public service, I also believe in the importance of public service outside of work. I currently serve as the vice president of the Wakefield-Tarleton Civic Association, am involved in the Patrick Henry K8 PTA, and serve on the DASH Board of Directors. In each of these roles, I take seriously the importance of listening to the questions and concerns of Alexandrians, asking questions that need to be asked, and making decisions that serve the common good. As a thriving and growing City, there are many important decisions that lay ahead regarding transportation, traffic, and safety. I know firsthand how important safe, reliable transportation—regardless of mode—is to everyone, and how important it is to ensure that as a community we approach decisions with an open ear to resident input, while also keeping a keen eye to who would be impacted and whose voices may not be heard. If appointed to a second term, it would be my honor to continue serve the community as a member of the Traffic and Parking Board.

Statement of Interest (Do not include personal information such as phone numbers, addresses, emails, etc.)

I am interested in this position to try and come up with solutions to our growing parking issues as more and more people are moving into our city. We are already seeing overflow parking that is going into our neighborhoods, and we need to find solutions to ease the congestion.
