6. In Text Amendment No. 2022-00001, the Planning Commission, having found that the public necessity, convenience, general welfare and good zoning practice so require, recommended approval to the City Council on March 1, 2022 of a text amendment to the City Code and Zoning Ordinance to address the extraordinary circumstances caused by the COVID 19 pandemic on local business, which recommendation was approved by the City Council at public hearing on March 12, 2022;

7. The City Council in adopting this ordinance expressly adopts, ratifies, affirms and concurs in the finding and action of the Planning Commission above stated;

8. All requirements of law precedent to the adoption of this ordinance have been complied with; now, therefore,
