June 21, 2018

Mayor Silberberg, Council Members and City Manager Jinks,

Virginia American Water (VAWC) appreciates the opportunity to present its comments about ordinance 18-7732, item number 19 on the June 23 City Council Public Hearing Final Docket. Notwithstanding any rights under its franchise in Alexandria, VAWC is supportive of the proposal as presented to permit Alexandria Renew to operate and maintain the City's combined sewer and stormwater control systems, including treatment and delivery of reclaimed water. The Company looks forward to partnering with the City and with Alexandria Renew in this endeavor in the future.

Sincerely,

Barry L. Suits

President, Virginia American Water
