6 INFORMATION ON PROPOSED ORDINANCE
7

8 Title
9

10 AN ORDINANCE to add a new Article C (STORMWATER UTILITY) to Chapter 6 (WATER
11 AND SEWER) of Title 5 (TRANSPORTATION AND ENVIRONMENTAL SERVICES)
12 of the Code of the City of Alexandria, Virginia, 1981, as amended.
13

14 Summary
15

16 The proposed ordinance adopts the framework of the stormwater utility and associated
17 stormwater management fee that is based on a property's impervious surface area, to fund costly
18 state and federal stormwater mandates.

28 Dori Martin, Assistant City Attorney
29

30 Authority
31

32 § 2.03(e) and (t), Alexandria City Charter
33 § 15.2-2114, Code of Virginia
34

35 Estimated Costs of Implementation
36

37 The approved FY2017 Stormwater Utility Study CIP includes approximately \$350,000
38 for the study and implementation of a stormwater utility. Approximately half of that has been
39 used to fund this phase of the study, which included the development of the proposed
40 framework. If the framework is adopted by City Council, then the next phase will include
41 creation of the billing structure and credit manuals to implement the stormwater utility. No
42 additional funding is anticipated.
