Yes

### Educational Background

Masters Degree - University of Virginia Graduate studies - University of Pennsylvania Bachelors Degree - University of Pennsylvania Certified Information Security Manager - ISACA

### Summary of Work and Experience

Mr. Altenburg brings over 30 years of experience in both the public and private sector addressing critical infrastructure protection and mission assurance missions at the national level. He currently serves as the Chief Information Officer for SC&A Inc, an energy and environmental consulting firm based in Arlington, Virginia. Larry has led corporate modernization and transformation efforts focused on their technology and information, to ensure high quality and compliant delivery and services, including the modernization of the U.S. Special Operations Command. He built and led Project Management Offices responsible for global technology delivery for two large US Government organizations and three government contractors. Larry led the development of ten-year enterprise IT strategy and transformation, sourcing strategy, and ten-year enterprise risk management plan for a major US defense agency. He developed and led holistic risk mitigation and security management programs for three cabinet-level agencies, a large energy regulatory organization, a large institution of higher-education, several independent government agencies, and several private sector firms. He has led the development of emergency preparedness and security programs for multiple federal agencies, including the Defense Intelligence Agency, the US Departments of Commerce, Education, and Energy, and the Federal Energy Regulatory Commission. He has extensive experience supporting and leading homeland security programs, including building state and local assistance programs for several DHS components, and supporting CBRN counter-terrorism programs for the U.S. Departments of Homeland Security, Energy, and the Department of Defense. Mr. Altenburg currently leads SC&A's support to the Department of Homeland Security focused on countering weapons of mass destruction.

## Statement of Interest

I am writing to express my strong interest in serving on The City of Alexandria Commission on the Information Technology Board. My extensive experience includes: Strong experience in managing enterprise IT operations, providing executive leadership, direction, coordination and control over IT programs, budget, services and resources for large, internationally dispersed organizations. Outstanding program management record from concept to disposition, formulating, implementing, and managing shared IT systems and services including network/telecom, systems integration, emerging technologies and technology architectures to support mission-critical systems. Extensive background in providing strategic direction for network modernization and information technology reform initiatives to facilitate seamless, secure information sharing, improve service delivery, and optimize customer experience. Broad emerging technology awareness I look to contribute strategically to the City of Alexandria in their quest for technological advancements and future growth. Kind regards, Daniel Rodríguez

## Statement of Interest

My reasons for wanting to service on the Information Technology Commission are simple: I love Alexandria, I want to make our city better, and I've made a career as an IT professional and software developer. I've already used my technical skills as a citizen to try to answer questions I've had about the city—from the time I scraped the real estate website to compare my tax assessment to my entire neighborhood, to the time I used GIS tools to figure out exactly where in Alexandria backyard chickens are allowed. Last year, I even had the pleasure of being able to present some of my projects to the IT Commission in person. I loved being able to meet so many of my fellow citizens who share passion for service and Alexandria through technology! Since that meeting, I've hoped to be able to join the Commission myself when a vacancy opened up. As a member of the IT Commission, I will use my decade and a half of professional experience to help and advise the city to best serve its citizens through technology. I'm excited for the chance to get more involved with our local government, and to help Alexandria to continue to be a better and better place to live.
