

ISSUE: Permit to Demolish/Capsulate (partial) and Certificate of Appropriateness for alterations and an addition

APPLICANT: Sharon Dow and Louis Alefantis

LOCATION: Old and Historic Alexandria District
114 Princess Street

ZONE: RM/Townhouse Zone

STAFF RECOMMENDATION

Staff recommends approval of the Permit to Demolish/Capsulate and Certificate of Appropriateness for alterations, with the condition that the applicant may choose to use either standing seam metal or shingles for the roof material. If shingles are used, they should be architectural grade and not three-tab composition shingles.

GENERAL NOTES TO THE APPLICANT

1. **APPEAL OF DECISION:** In accordance with the Zoning Ordinance, if the Board of Architectural Review denies or approves an application in whole or in part, the applicant or opponent may appeal the Board's decision to City Council on or before 14 days after the decision of the Board.
2. **COMPLIANCE WITH BAR POLICIES:** All materials must comply with the BAR's adopted policies unless otherwise specifically approved.
3. **BUILDING PERMITS:** Most projects approved by the Board of Architectural Review require the issuance of one or more construction permits by Department of Code Administration (including signs). The applicant is responsible for obtaining all necessary construction permits after receiving Board of Architectural Review approval. Contact Code Administration, 703-746-4200 for further information.
4. **ISSUANCE OF CERTIFICATES OF APPROPRIATENESS AND PERMITS TO DEMOLISH:** Applicants must obtain a copy of the Certificate of Appropriateness or Permit to Demolish PRIOR to applying for a building permit. Contact BAR Staff, Room 2100, City Hall, 703-746-3833, or preservation@alexandriava.gov for further information.
5. **EXPIRATION OF APPROVALS NOTE:** In accordance with Sections 10-106(B), 10-206(B) and 10-307 of the Zoning Ordinance, any Board of Architectural Review approval will expire 12 months from the date of issuance if the work is not commenced and diligently and substantially pursued by the end of that 12-month period.
6. **HISTORIC PROPERTY TAX CREDITS:** Applicants performing extensive, certified rehabilitations of historic properties may separately be eligible for state and/or federal tax credits. Consult with the Virginia Department of Historic Resources (VDHR) prior to initiating any work to determine whether the proposed project may qualify for such credits.

Minutes from the December 18, 2024 BAR Hearing:

BOARD ACTION: On a motion by Mr. Lyons, seconded by Mr. Scott, the Board of Architectural Review voted to accept the applicant's request to defer BAR#2024-00404 and BAR#2024-00405. The motion carried on a vote of 6-0.

REASON

The Board members wanted to see an updated east elevation that keeps some of the details of the existing entry door and creates a more organized window configuration.

SPEAKERS

Sharon Dow, the property owner, was available to answer questions.

DISCUSSION

Ms. Dow stated that her preference is to whitewash the brick, not paint it.

Mr. Lyons stated that it is a great project and that he supports it.

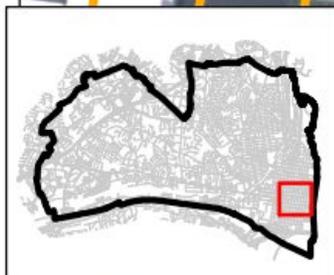

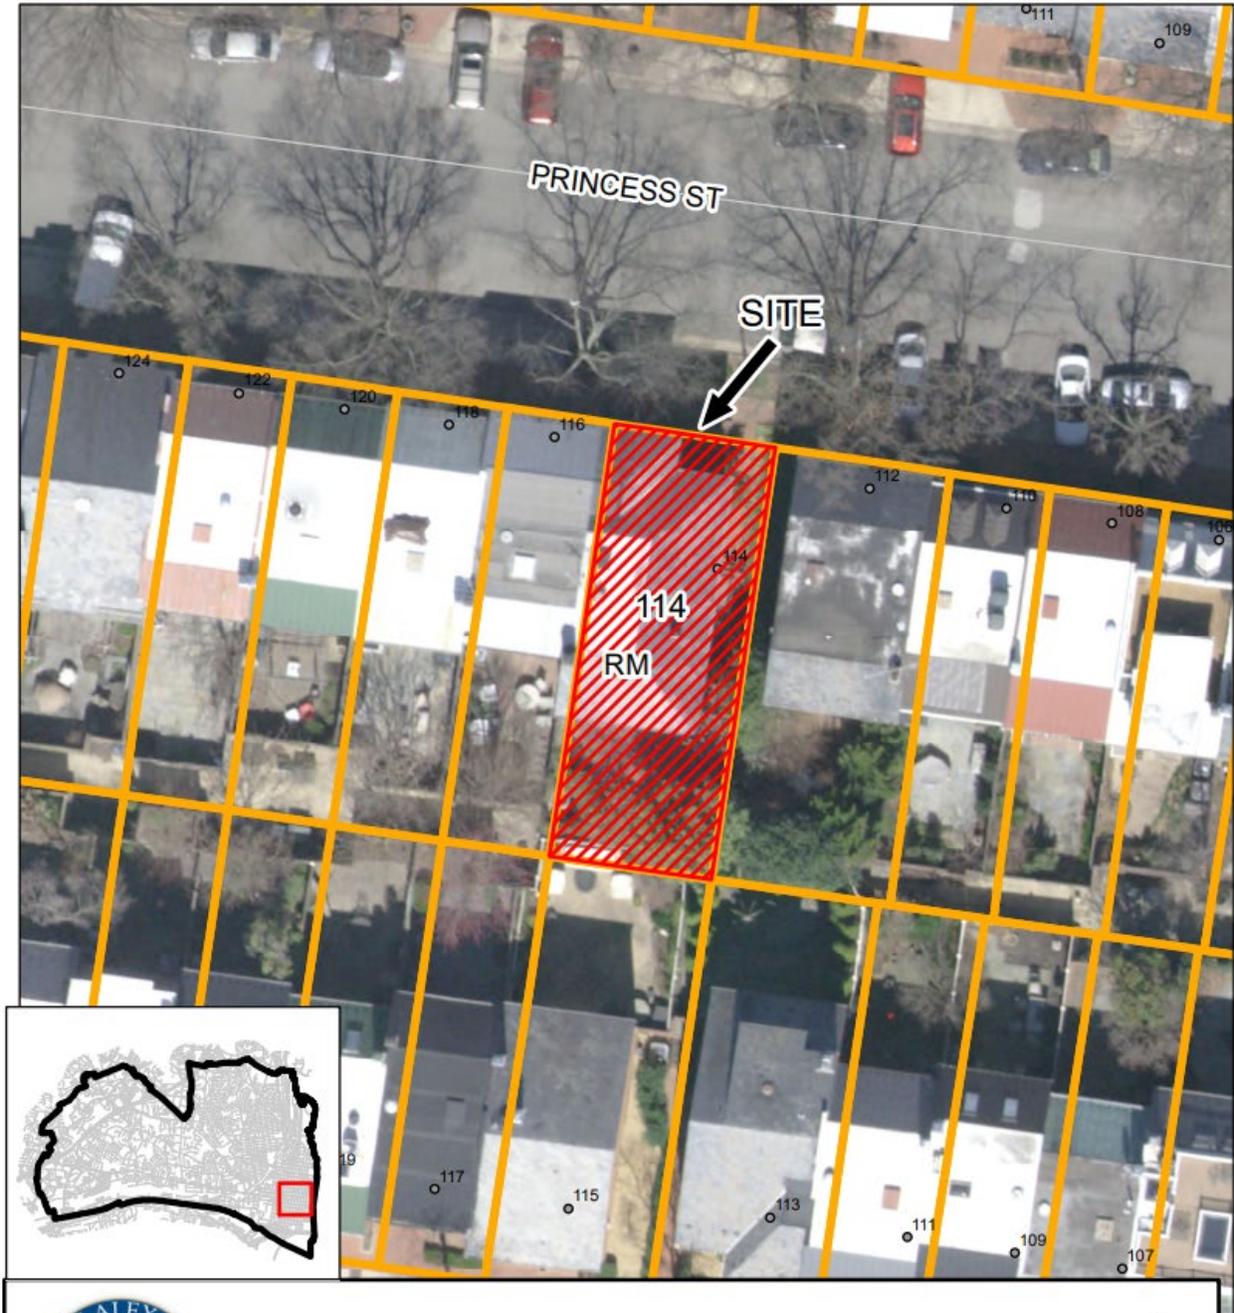

Mr. Scott said that the proposed east elevation has lost some of the house's regal presence as well as the focal point of the door. He recommended emphasizing the entry door more, and said that the window above the door should keep some of the details of the existing door. He also stated that because windows F, G, and H have different sill levels, the applicant should consider making window G shorter or putting a decorative element on top. He said that he believes the proposed window configuration looks too modern and the elevation needs a more classical window configuration.

Ms. Zandian said that window F on the east elevation should be lined up with the lower windows, and that the east elevation should be more symmetrical and organized.

Ms. Del Ninno said that the house currently blends in with the neighbors, and she prefers that the applicant match the existing brick and not paint it. She also recommended updating the east elevation, particularly by emphasizing the center door.

Ms. Miller said she believes a limewash would look good on this house.

Mr. Spencer said he would like to see a different roof material, such as faux slate, to show a different texture.

BAR#2024-00404 & BAR#2024-00405
114 Princess St

0 12.5 25 50 Feet

Update

This case was last heard at the Wednesday, December 18, 2024 BAR hearing. During that hearing, the Board members raised concerns about the proposed east elevation, and accepted the applicant's request for a deferral so that they could address those concerns. Since then, staff has discussed the Board's concerns with the applicant and the applicant has made several changes in response to the Board's feedback. Staff believes that the updated plans sufficiently address the Board's concerns.

Note: Staff coupled the applications for a Permit to Demolish (BAR #2024-00405B) and Certificate of Appropriateness (BAR #2024-00404B) for clarity and brevity. The Permit to Demolish requires a roll call vote.

I. APPLICANT'S PROPOSAL

Note: Several alterations included in the application, such as alterations to the rear (south) elevation and moving the AC units to the roof deck, will not be visible from a public right-of-way and thus are not discussed in this report.

Permit to Demolish/Capsulate

The applicant requests a Permit to Demolish/Capsulate to:

- Demolish 650 square feet of existing roofing material for the construction of a fourth-floor addition and roof deck
- Demolish a 33.9 square foot section of the northeast corner
- Demolish sections of masonry to create several new and enlarged window/door openings on the north and east elevations

Certificate of Appropriateness

The applicant requests a Certificate of Appropriateness to:

- Construct a new roof deck with a 42" tall black wrought-iron railing
- Construct a new black standing seam metal front roof
- Construct a fourth-floor addition
- Build out the northeast corner by 4'8" and re-brick
- Enlarge, add, and replace all windows on the north and east elevations
- Replace and add doors on the north and east elevations
- Add a Juliet balcony with 36" tall wrought iron railing to the second floor on the north elevation
- Whitewash the masonry on all elevations
- Install three coach lights on the north elevation, one adjacent to the garage door and two flanking the Juliet balcony doors on the second floor
- Replace the garage door with a black painted wood garage door, with no windows

The applicant has provided the following material specifications for the proposed windows/doors:

- All doors will be Anderson A Series wood doors, painted black

- The north and east elevation windows will be Anderson 100 Series Fibrex windows with a black exterior, full divided light, dual-pane, with clear Low-E glass and ¾” grilles.

The applicant has made the following changes/updates since the last submission:

- All windows will be full-frame replacements, rather than inserts.
- The proposed balcony on the third floor of the north elevation has been removed from the scope.
- The applicant is requesting to whitewash the brick, rather than paint or stain it.
- The entry door details and configuration of the top three windows on the east elevation have been updated.

Figure 1. Existing (left) and proposed (right) north elevation.

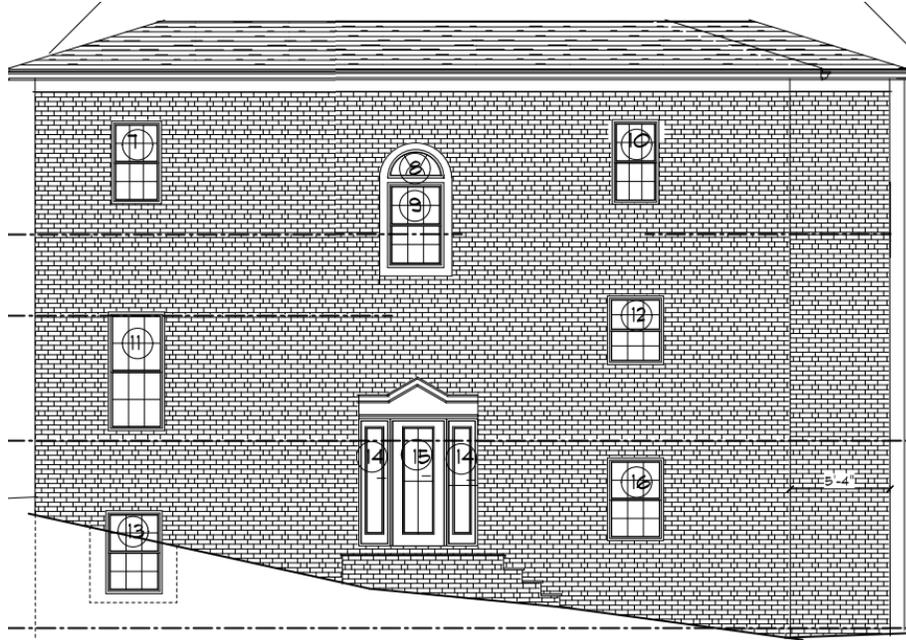

Figure 2. Existing east elevation.

Figure 3. Previously proposed (left) and currently proposed (right) east elevation.

Site context

The subject property is bound by Princess Street to the north and on all other sides by neighboring townhomes. The alterations will primarily be visible from Princess Street. Due to the property's mid-block location, it is likely that the alterations will be only minimally visible from both North Union Street and North Lee Street.

Figure 4. View of subject property from Princess Street.

II. HISTORY

The dwelling at 114 Princess Street is one of a group of 86 brick townhouses bounded by North Union, North Lee, Queen and Oronoco streets which was approved by City Council in 1968 (Special Use Permit #1084) and constructed in 1971. The attached brick townhouses are similar in design with a garage door and front entrance on the first floor and punched window openings or bay windows on the second floor, all with simple vernacular Colonial Revival detailing. This area was not included in the Old and Historic Alexandria District between the late 1960s and June of 1984 and, based on staff's research, was included in the district at that time, a little more than 10

years after these townhouses were built, at the request of the property owners who lived there at the time. The Board has reviewed and approved well over a hundred additions and/or alterations (bay windows, roof decks and dormers primarily) to houses in this development since 1984.

Previous BAR Approvals

None.

III. ANALYSIS

Permit to Demolish/Capsulate

In considering a Permit to Demolish/Capsulate, the Board must consider the following criteria set forth in the Zoning Ordinance, §10-105(A) which relate only to the subject property and not to neighboring properties. The Board has purview of the proposed demolition/capsulation regardless of visibility.

Standard	Description of Standard	Standard Met?
(1)	Is the building or structure of such architectural or historical interest that its moving, removing, capsulating or razing would be to the detriment of the public interest?	No
(2)	Is the building or structure of such interest that it could be made into a historic shrine?	No
(3)	Is the building or structure of such old and unusual or uncommon design, texture and material that it could not be reproduced or be reproduced only with great difficulty?	No
(4)	Would retention of the building or structure help preserve the memorial character of the George Washington Memorial Parkway?	N/A
(5)	Would retention of the building or structure help preserve and protect an historic place or area of historic interest in the city?	No
(6)	Would retention of the building or structure promote the general welfare by maintaining and increasing real estate values, generating business, creating new positions, attracting tourists, students, writers, historians, artists and artisans, attracting new residents, encouraging study and interest in American history, stimulating interest and study in architecture and design, educating citizens in American culture and heritage, and making the city a more attractive and desirable place in which to live?	No

In the opinion of staff, none of the criteria for demolition and capsulation are met as the building was constructed in the early 1970s and has not achieved historic significance. The townhouse is typical of the types of vernacular townhomes constructed in Alexandria in the mid-to-late 20th

century. The demolition does not remove any portion of the building containing character-defining features of uncommon design or historic merit and does not compromise the integrity of the building. Staff therefore has no objection to the demolition/capsulation and recommends approval of the Permit to Demolish/Capsulate.

Certificate of Appropriateness

This townhome is part of a larger development of non-historic townhouses where the BAR has approved substantial alterations and redesigns since this development was included in the historic district in the 1980s. These townhouses lack historic significance or architectural distinction – they have a vaguely Colonial Revival character with the street level devoted to multiple curb cuts and garage doors – and in the opinion of staff, alterations to the building’s architectural style and character are appropriate.

The immediate context for this project is the other c. 1971 townhomes on the surrounding block. The townhomes on this block of Princess Street vary in height and scale. While most are three stories, several (such as 101, 112, and 119 Princess Street, and 401 North Lee Street) have received BAR approval to construct roof decks, and others (such as 118 and 119 Princess Street) have received BAR approval to add a fourth floor. The roof decks and additions that have been approved by the Board have incorporated various contemporary designs that are appropriate for these modern townhomes. Allowing the subject property to add a roof deck and additional story would not set any new precedents on the block and would be compatible with several projects that the Board has already approved in recent years.

Figure 5 below shows a more detailed view of the currently proposed east elevation. Staff has labeled the two main areas that have been updated from the previous plans in response to feedback from the Board.

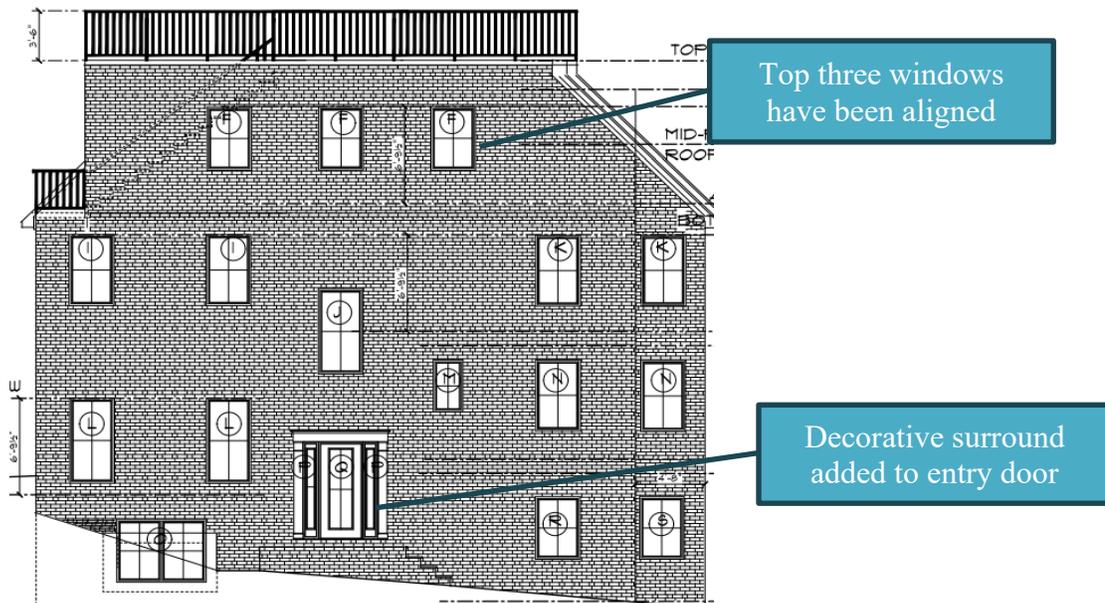

Figure 5. Currently proposed east elevation, with changes from previous proposal labeled.

First, in response to Board feedback that the three windows on the top row were misaligned, the applicant has aligned them to create more symmetry. Second, in response to concerns that the previously proposed entry door had lost some of the original entry door's architectural character, the applicant has added a decorative door surround/molding to emphasize its status as the main entry of the home. Staff notes that the visibility of the east elevation is limited by the neighboring property to the east, and most of the southernmost half of the elevation will not be easily visible from the public right-of-way. Thus, staff believes that, when viewed from Princess Street, the proposal will appropriately blend in with the surrounding houses and not appear visually overwhelming.

In addition to these primary updates, the applicant has clarified their preference to use a black standing seam metal roof, with shingles as the second choice. Staff believes that both options are appropriate for a modern building such as this one and recommends that the applicant have the option to use either.

Lastly, the applicant has clarified that they intend to whitewash (limewash) the brick rather than paint or stain it. The *Design Guidelines* state that "painting a previously unpainted masonry surface, no matter what color, requires review and approval of a Certificate of Appropriateness by the Board. Additionally, the Board strongly discourages the painting of a previously unpainted masonry surface." The *Design Guidelines* have been designed in a way to distinguish what is appropriate in one part of the district or at one building from what may not be appropriate in other areas or on other buildings so each request is reviewed on a case-by-case basis. Notably, in 2013, 101 Princess Street received BAR approval to paint the unpainted red brick of that property white, due to a tied 3-3 vote in which the Board took no action, meaning the application was automatically approved (BAR #2013-00036). The Board also recently approved limewashing at 107 Princess Street (BAR #2023-00160). Limewashing is less damaging to brick than paint, and it is somewhat reversible, while painting is more permanent. Staff does not believe that limewashing this building would affect the historic character of this block, which contains no Early buildings. For these reasons, staff supports limewashing this building.

Therefore, staff recommends approval of the Certificate of Appropriateness for alterations, with the condition that the applicant may choose to use either standing seam metal or shingles for the roof material. If shingles are used, they should be architectural grade and not three-tab composition shingles.

IV. CITY DEPARTMENT COMMENTS

Legend: C- code requirement R- recommendation S- suggestion F- finding

Zoning

C-1 The proposed front addition, attic addition and roof deck addition will comply with Zoning.

- F-1 Properties within this development are subject to BZA-1084 for FAR compared to the RM district.
- F-2 Max FAR for this property is 1.21 instead of the 1.50 allowed by the RM zone.

Code Administration

- C-1 If the building is changed to a 4-story residential house, the occupancy classification will shift from R-5 to R-3. Consequently, the design code will transition from the Virginia Residential Code (VRC) to the Virginia Construction Code (VCC). A sprinkler system will be required to be installed per VCC Section 903.2.8.1, unless a code modification is obtained.

Transportation and Environmental Services

- R-1 The building permit must be approved and issued prior to the issuance of any permit for demolition, if a separate demolition permit is required. (T&ES)
- R-2 Applicant shall be responsible for repairs to the adjacent city right-of-way if damaged during construction activity. (T&ES)
- R-3 No permanent structure may be constructed over any existing private and/or public utility easements. It is the responsibility of the applicant to identify any and all existing easements on the plan. (T&ES)
- F-1 After review of the information provided, an approved grading plan is not required at this time. Please note that if any changes are made to the plan it is suggested that T&ES be included in the review. (T&ES)
- C-1 The applicant shall comply with the City of Alexandria's Solid Waste Control, Title 5, Chapter 1, which sets forth the requirements for the recycling of materials (Sec. 5-1-99). (T&ES)
- C-2 The applicant shall comply with the City of Alexandria's Noise Control Code, Title 11, Chapter 5, which sets the maximum permissible noise level as measured at the property line. (T&ES)
- C-3 Roof, surface and sub-surface drains be connected to the public storm sewer system, if available, by continuous underground pipe. Where storm sewer is not available applicant must provide a design to mitigate impact of stormwater drainage onto adjacent properties and to the satisfaction of the Director of Transportation & Environmental Services. (Sec.5-6-224) (T&ES)
- C-4 All secondary utilities serving this site shall be placed underground. (Sec. 5-3-3) (T&ES)
- C-5 Any work within the right-of-way requires a separate permit from T&ES. (Sec. 5-2) (T&ES)

- C-6 All improvements to the city right-of-way such as curbing, sidewalk, driveway aprons, etc. must be city standard design. (Sec. 5-2-1) (T&ES)

Alexandria Archaeology

- F-1 Although the proposed undertaking will have little if no impact on below-ground archaeological resources, it is notable that the property once functioned as a plaster and later as a fertilizer mill, part of an industrial complex on the block that was in operation after the Civil War until the mid-20th century.
- R-1 Call Alexandria Archaeology immediately (703-746-4399) if any buried structural remains (wall foundations, wells, privies, cisterns, etc.) or concentrations of artifacts are discovered during development. Work must cease temporarily in the area of the discovery until a City archaeologist comes to the site and records the finds. The language noted above shall be included on all final site plan sheets involving any ground disturbing activities.
- R-2 The applicant shall not allow any metal detection and/or artifact collection to be conducted on the property, unless authorized by Alexandria Archaeology. Failure to comply shall result in project delays. The language noted above shall be included on all final site plan sheets involving any ground disturbing activities.
- C-1 All required archaeological preservation measures shall be completed in compliance with Section 11-411 of the Zoning Ordinance.

- ADDITION
- DEMOLITION/ENCAPSULATION
- SIGNAGE

DESCRIPTION OF PROPOSED WORK: *Please describe the proposed work in detail (Additional pages may be attached).*

We will be conducting a full renovation of the 2500 square foot property to include all three floors with an addition of a Forth Floor and roof deck.
 Adding 4th floor with balcony and roof deck above with metal railing (similar to 112 Princess/119 Princess/111 Queen)
 Adding external stairs to access roof deck (same as 422 N. Union Street)
 Changing roof to metal roof material (similar to 107 Princess)
 Adding front balcony (similar to 112 Princess)
 Tint/whitewashing full house (same as 107 Princess)
 Adding gas line to house (for external front lantern, kitchen stove, back patio/grill)
 Moving 2 AC units to roof deck (center of roof, not visible from the front/back/side of the house)
 There will be 3 bedrooms, 1 kitchen and 4 and a half bathrooms when complete.

SUBMITTAL REQUIREMENTS:

Check this box if there is a homeowner’s association for this property. If so, you must attach a copy of the letter approving the project.

Items listed below comprise the **minimum supporting materials** for BAR applications. Staff may request additional information during application review. Please refer to the relevant section of the *Design Guidelines* for further information on appropriate treatments.

Applicants must use the checklist below to ensure the application is complete. Include all information and material that are necessary to thoroughly describe the project. Incomplete applications will delay the docketing of the application for review. Pre-application meetings are required for all proposed additions. All applicants are encouraged to meet with staff prior to submission of a completed application.

Demolition/Encapsulation : *All applicants requesting 25 square feet or more of demolition/encapsulation must complete this section. Check N/A if an item in this section does not apply to your project.*

- N/A
- Survey plat showing the extent of the proposed demolition/encapsulation.
 - Existing elevation drawings clearly showing all elements proposed for demolition/encapsulation.
 - Clear and labeled photographs of all elevations of the building if the entire structure is proposed to be demolished.
 - Description of the reason for demolition/encapsulation.
 - Description of the alternatives to demolition/encapsulation and why such alternatives are not considered feasible.

Additions & New Construction: Drawings must be to scale and should not exceed 11" x 17" unless approved by staff. Check N/A if an item in this section does not apply to your project.

- ^{N/A} Scaled survey plat showing dimensions of lot and location of existing building and other structures on the lot, location of proposed structure or addition, dimensions of existing structure(s), proposed addition or new construction, and all exterior, ground and roof mounted equipment.
- FAR & Open Space calculation form.
- Clear and labeled photographs of the site, surrounding properties and existing structures, if applicable.
- Existing elevations must be scaled and include dimensions.
- Proposed elevations must be scaled and include dimensions. Include the relationship to adjacent structures in plan and elevations.
- Materials and colors to be used must be specified and delineated on the drawings. Actual samples may be provided or required.
- Manufacturer's specifications for materials to include, but not limited to: roofing, siding, windows, doors, lighting, fencing, HVAC equipment and walls.
- For development site plan projects, a model showing mass relationships to adjacent properties and structures.

Signs & Awnings: One sign per building under one square foot does not require BAR approval unless illuminated. All other signs including window signs require BAR approval. Check N/A if an item in this section does not apply to your project.

- ^{N/A} Linear feet of building: Front: _____ Secondary front (if corner lot): _____.
- Square feet of existing signs to remain: _____.
- Photograph of building showing existing conditions.
- Dimensioned drawings of proposed sign identifying materials, color, lettering style and text.
- Location of sign (show exact location on building including the height above sidewalk).
- Means of attachment (drawing or manufacturer's cut sheet of bracket if applicable).
- Description of lighting (if applicable). Include manufacturer's cut sheet for any new lighting fixtures and information detailing how it will be attached to the building's facade.

Alterations: Check N/A if an item in this section does not apply to your project.

- ^{N/A} Clear and labeled photographs of the site, especially the area being impacted by the alterations, all sides of the building and any pertinent details.
- Manufacturer's specifications for materials to include, but not limited to: roofing, siding, windows, doors, lighting, fencing, HVAC equipment and walls.
- Drawings accurately representing the changes to the proposed structure, including materials and overall dimensions. Drawings must be to scale.
- An official survey plat showing the proposed locations of HVAC units, fences, and sheds.
- Historic elevations or photographs should accompany any request to return a structure to an earlier appearance.

ALL APPLICATIONS: *Please read and check that you have read and understand the following items:*

- I understand that after reviewing the proposed alterations, BAR staff will invoice the appropriate filing fee in APEX. The application will not be processed until the fee is paid online.
- I understand the notice requirements and will return a copy of the three respective notice forms to BAR staff at least five days prior to the hearing. If I am unsure to whom I should send notice I will contact Planning and Zoning staff for assistance in identifying adjacent parcels.
- I, the applicant, or an authorized representative will be present at the public hearing.
- I understand that any revisions to this initial application submission (including applications deferred for restudy) must be accompanied by the BAR Supplemental form and revised materials.

The undersigned hereby attests that all of the information herein provided including the site plan, building elevations, prospective drawings of the project, and written descriptive information are true, correct and accurate. The undersigned further understands that, should such information be found incorrect, any action taken by the Board based on such information may be invalidated. The undersigned also hereby grants the City of Alexandria permission to post placard notice as required by Article XI, Division A, Section 11-301(B) of the 1992 Alexandria City Zoning Ordinance, on the property which is the subject of this application. The undersigned also hereby authorizes the City staff and members of the BAR to inspect this site as necessary in the course of research and evaluating the application. The applicant, if other than the property owner, also attests that he/she has obtained permission from the property owner to make this application.

Proposed Open Space

Notes

*Gross floor area is the sum of all areas under roof of a lot, measured from the face of exterior walls, including basements, garages, sheds, gazebos, guest buildings and other accessory buildings.

** Refer to the Zoning Ordinance (Section 2-145(B)) and consult with Zoning Staff for information regarding allowable exclusions. Sections may also be required for some exclusions.

***Lavatories may be excluded up to a maximum of 50 square feet, per lavatory. The maximum total of excludable area for lavatories shall be no greater than 10% of gross floor area.

The undersigned hereby certifies and attests that, to the best of his/her knowledge, the above computations are true and correct.

A-SERIES

**ARCHITECTURAL AUTHENTICITY,
UNPARALLELED PERFORMANCE**

A-SERIES WINDOWS & PATIO DOORS

Designed in conjunction with leading architects to provide authentic architectural style, A-Series windows and patio doors offer all of the options you need to easily create the look you've been dreaming of. Beyond delivering the style you want, A-Series products are the best performing, most energy-efficient windows and patio doors Andersen offers for true peace of mind.

It has never been so easy to dream, easy to understand your options and easy to select the products that fit not just your home, but also your vision. And like all Andersen products, they are supported by over 115 years of commitment to quality and service that can only come from one of the most trusted names in the industry. For more information, visit andersenwindows.com/a-series.

ARCHITECTURAL STYLE MADE EASY

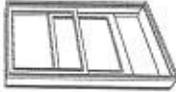

The Anderson Home Style library is an industry-leading, innovative approach based on the style of home you want to create rather than a type of window or door. The result is a series of windows and doors carefully designed with authentic architectural style in mind. Visit andersenwindows.com/stylelibrary to learn more.

A-SERIES WINDOWS

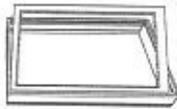

DOUBLE-HUNG WINDOWS

Double-hung windows have two operating sash (glass panels) that move up and down allowing for ventilation on the top, bottom or both. With a tilt-in feature for easy cleaning, these windows are ideal around patios, decks and walkways.

CASEMENT & AWNING WINDOWS

Casement windows are hinged on the side and crank open outward to the left or right allowing for full top to bottom ventilation. Awning windows are hinged on the top and open outward from the bottom, allowing for ventilation and protection from the rain. Both styles can be grouped in stunning combinations for a better view.

SPECIALTY WINDOWS

Specialty windows are stationary (non-operating) windows characterized by their special shapes, including curves and dramatic angles. They can make a signature statement in your home or provide a delicate lighting accent.

VENTING & STATIONARY TRANSOM WINDOWS

Transom windows can be used in window combinations or placed above doors to let in light and fresh air while adding style and curb appeal. Available as a venting window that is hinged at the top and opens outward or as a stationary (non-operating) window.

BUILT FOR YEARS TO COME*

A-Series windows and doors are built strong to last long. We use the right materials in the right places, including solid wood, fiberglass and our own Fibrex® composite material. These give A-Series products superior strength, stability and long-term beauty.

NEVER NEEDS PAINTING

Exteriors won't flake, rot, blister, peel, pit or corrode, so they're virtually maintenance free. Plus, they hold their original vibrant colors.

RIGOROUSLY TESTED

A-Series products have been exposed to extremes, going from temperatures duplicating the cold of Alaska winters to the heat of Death Valley summers, three times a day, day after day. They come through it all beautifully.

KEEPS THE WEATHER OUT

With their weather-resistant seals, A-Series windows and doors can stand up to eight inches of rain per hour and hurricane-force winds. Double-hung windows feature a dual-bulb seal, and casement windows use "refrigerator" style gaskets to help keep air and water out.

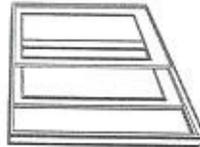

QUALITY SO SOLID, THE WARRANTY IS TRANSFERABLE**

Most other window and door warranties end when a home is sold, but our coverage — 20 years on glass, 10 years on non-glass parts — transfers from each owner to the next. And because it is not prorated, the coverage offers full benefits, year after year, owner after owner. So it adds real value when you decide to sell your home.

OWNER-OWNED LIMITED WARRANTY

**Available on A-Series double-hung windows and Frenchwood patio doors. For details, visit www.frenchwood.com/warranty. ©2015 Frenchwood Windows & Doors, LLC. All rights reserved.

A-SERIES FRENCHWOOD® PATIO DOORS

FRENCHWOOD GLIDING PATIO DOORS

Gliding patio doors have at least one door panel that glides horizontally past another door panel. They fit into tighter spaces than hinged doors because their panels don't interfere with your route or patio.

FRENCHWOOD HINGED PATIO DOORS

Hinged patio doors open into the interior of your home, saving room for smaller exterior areas such as balconies or patios. Only hinged patio doors open outward, giving you more space inside your home. Both doors feature traditional French styling that goes well with any home style.

FRENCHWOOD TRANSOMS & SIDELIGHTS

Transoms go above a door while sidelights flank one or both sides of the door. Alone or combined, they can turn your doorway into a focal point while letting more natural light into your home's entryway.

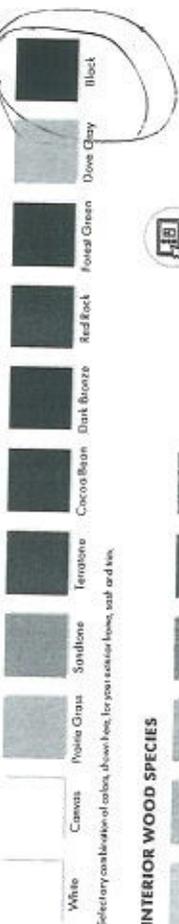

All windows and patio doors are available in custom sizes.

OPTIONS TO FIT ANY HOME

A-Series windows and doors provide you with a wide palette of exterior colors, wood species and interior finishes to help you bring your personality and taste to your home.

EXTERIOR COLORS

Select any combination of colors, shown here, for your exterior frame, sash and grille.

INTERIOR WOOD SPECIES

FACTORY-FINISHED INTERIORS**

Show us your Clear Coat available on all interior wood species. Other finishes are available on pine, maple and oak only.

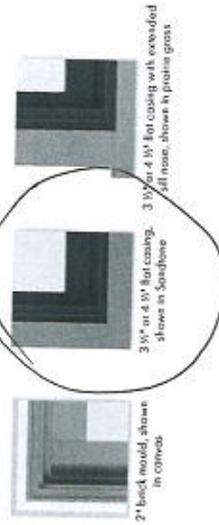

INTERIOR PAINTED OPTIONS**

Available on pine and maple. Select any combination of colors for your interior frame, sash and grille.

EXTERIOR TRIM

Exterior trim adds a finishing touch to your windows and is often essential in achieving authentic architectural style. To see more trim options and to design your window, visit andersonwindows.com/design-tool.

**Actual wood species may vary. Septic or Sycamore, both non-endangered species grown in Africa, with colors and characteristics similar to Central American mahogany.
 ***Patio door interior colors and finishes are available on select wood species. See your Anderson supplier for details.
 ****Exterior window colors are available on select window species. See your Anderson supplier for details.
 *****Exterior window colors are available on select window species. See your Anderson supplier for details.

HARDWARE FINISHES

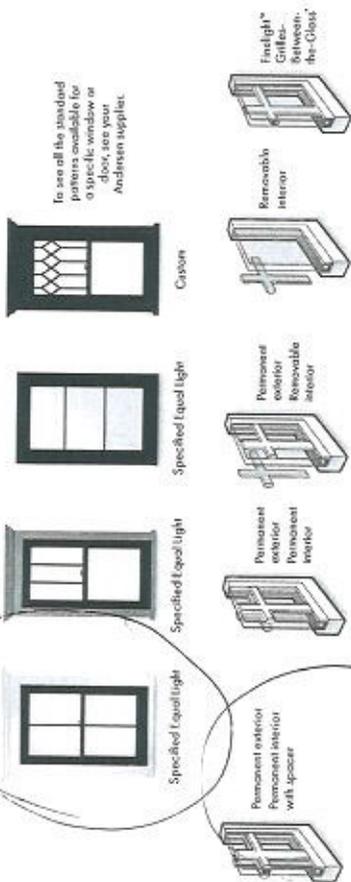

*Hardware sold separately except double-hung lock and keeper.
 Distressed Nickel and oil rubbed bronze are "living" finishes that will change with use and age.
 Pricing includes primer coat and topcoat. See your distributor for actual finish samples.

ARCHITECTURALLY AUTHENTIC GRILLES

Anderson® A-Series windows and patio doors offer a variety of grille types and grille patterns, making it easy to fit both your style and your home's. For a signature look, we'll also work with you to create custom grille designs.

FULL DIVIDED LIGHT

Permanently applied to the interior and exterior of your window with a spacer between the glass.

SIMULATED DIVIDED LIGHT

Permanent grilles on the exterior and interior with no spacer between the glass. We also offer permanent exterior grilles with removable interior grilles.

CONVENIENT CLEANING OPTIONS

Removable interior grilles come off for easy cleaning. Finelight grilles-between-the-glass are installed between the glass panes and feature a contoured 3/8" or 1" profile.

Grille Bar Weights

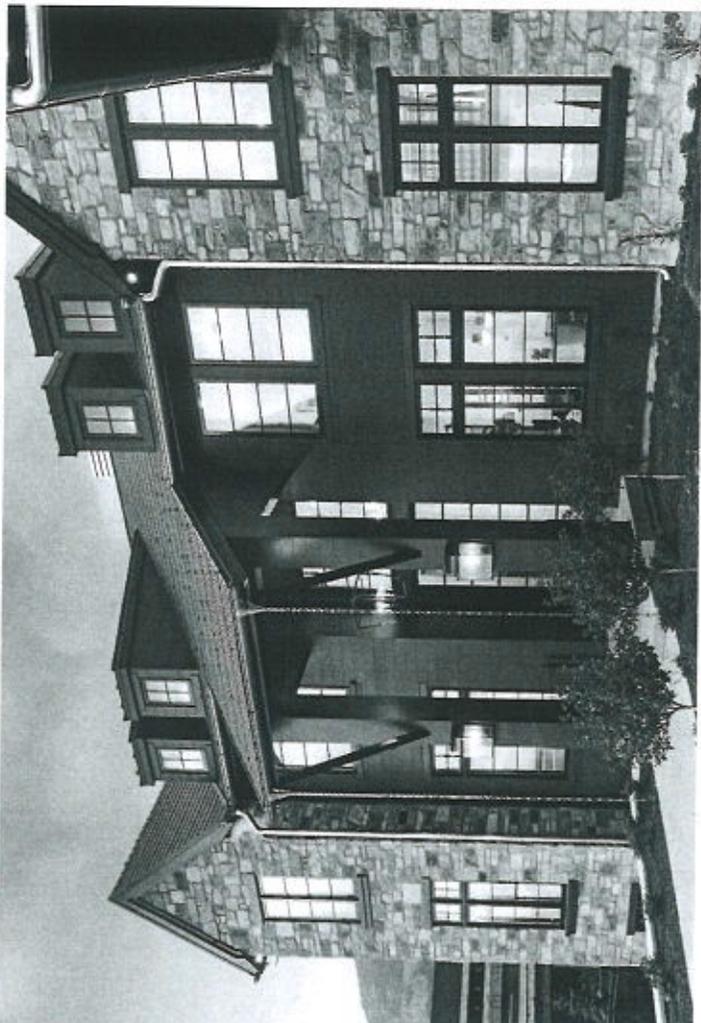

SCREEN OUT THE INSECTS, NOT THE VIEW

Choose our TruScene® insect screen for a beautifully unobstructed view with A-Series windows. TruScene insect screens provide more than 50% greater clarity than conventional Anderson insect screens and let in 25% more fresh air*, all while keeping out unwanted small insects. Conventional aluminum insect screens are also available for A-Series windows. A-Series patio doors are available with conventional fiberglass insect screens.

*TruScene insect screens let over 25% more light in than standard Anderson fiberglass insect screens.

BEST-IN-CLASS GLASS

Andersen offers one of the industry's widest array of glass options, so you're sure to find the right choice for your climate and your home. Choose from these High-Performance glass options.

GLASS	ENERGY			LIGHT	
	U-Factor How well a product prevents heat loss (lower is better)	Solar Heat Gain Coefficient How well a product blocks heat from entering through a product	Visible Light Transmittance How much visible light passes through a product	UV Protection How well a product blocks UV rays from entering through a product	
SmartSun® The most control over the amount of light you receive is the SmartSun® glass.	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	
SmartSun with HeatGuard® Coating Applied to the inner glass surface, it blocks heat entering the home and reduces the U-Factor even further.	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	
Low-E4® Coating that will help reduce heat loss for all times when both heat gain and cooling are a concern.	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	
Low-E4® with HeatGuard Coating Applied to the inner glass surface, it blocks heat entering the home and reduces the U-Factor even further.	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	
3-in-1 Outstanding for its control in any climate (thermal, solar, and light).	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	
PassiveDay® Ideal for residential use, we make your solar control an option for you when you need it.	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	
Triple-Pane Low-E Coating Three panes of glass combine with an argon gas fill to create the most energy-efficient window.	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	
Clear DualPane High visibility with best thermal performance.	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●	

See all glass performance ratings for Andersen glass options on www.andersenwindows.com/energy or call 1-800-451-1000 for more information.

HEATLOCK® TECHNOLOGY

Our Heatlock coating can increase the energy efficiency of any A-Series window or patio door with Low-E4 or SmartSun glass. Applied to the room-side glass surface, it reflects heat back into the home for improved performance.

TRIPLE-PANE GLASS

A-Series products are offered with Triple-Pane glass, our most energy efficient glass to help keep more heat in and cold air out, meaning inside temperature is less affected by temperatures outdoors.

For more details on glass options, visit andersenwindows.com/glass.

ADDITIONAL GLASS OPTIONS

Tempered safety glass, standard on patio doors.

Laminated glass for added strength, enhanced security and sound control.

Patterned glass lets in light while obscuring vision and adds a unique, decorative touch.

GLASS SPACER OPTIONS

Choose from stainless steel, black or white glass spacers to create a customized look. Add full divided light grilles and the grille spacer bar between the glass will match the selected glass spacer color.

STORMWATCH® PROTECTION

Most Andersen A-Series windows are available with impact-resistant glass and structural upgrades to meet the tough building codes of hurricane-prone coastal areas. See your local code official for specific requirements.

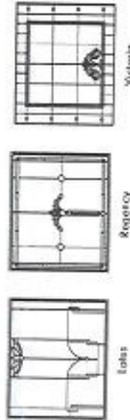

BLINDS-BETWEEN-THE-GLASS

Blinds-between-the-glass offer privacy and convenience and are available on select Frenchwood® gliding and hinged patio doors.

BETWEEN-THE-GLASS ART GLASS

Available on most A-Series products, these finely crafted inserts are between the glass, which places the decorative panel between the glass panes, providing superior protection for the art glass and making it easy to keep clean. Available in our Historic and Classic series to complement any home's architecture. Visit andersenwindows.com/artglass to see all available patterns and contact your Andersen supplier for availability.

THE ENVIRONMENT HAS A BUSINESS PARTNER

Respect for the environment is nothing new at Andersen. For more than a century, it's been part of who we are. Our commitment to recycle and reclaim materials began simply because it was good business. Now it's part of our broader commitment to sustainability and responsible stewardship of all our resources. Andersen is committed to providing you with long-lasting, energy-efficient windows and doors. Visit andersenwindows.com/sustainability for more information.

Andersen makes windows and doors with options that make them ENERGY STAR® v. 6.0 certified throughout the U.S.

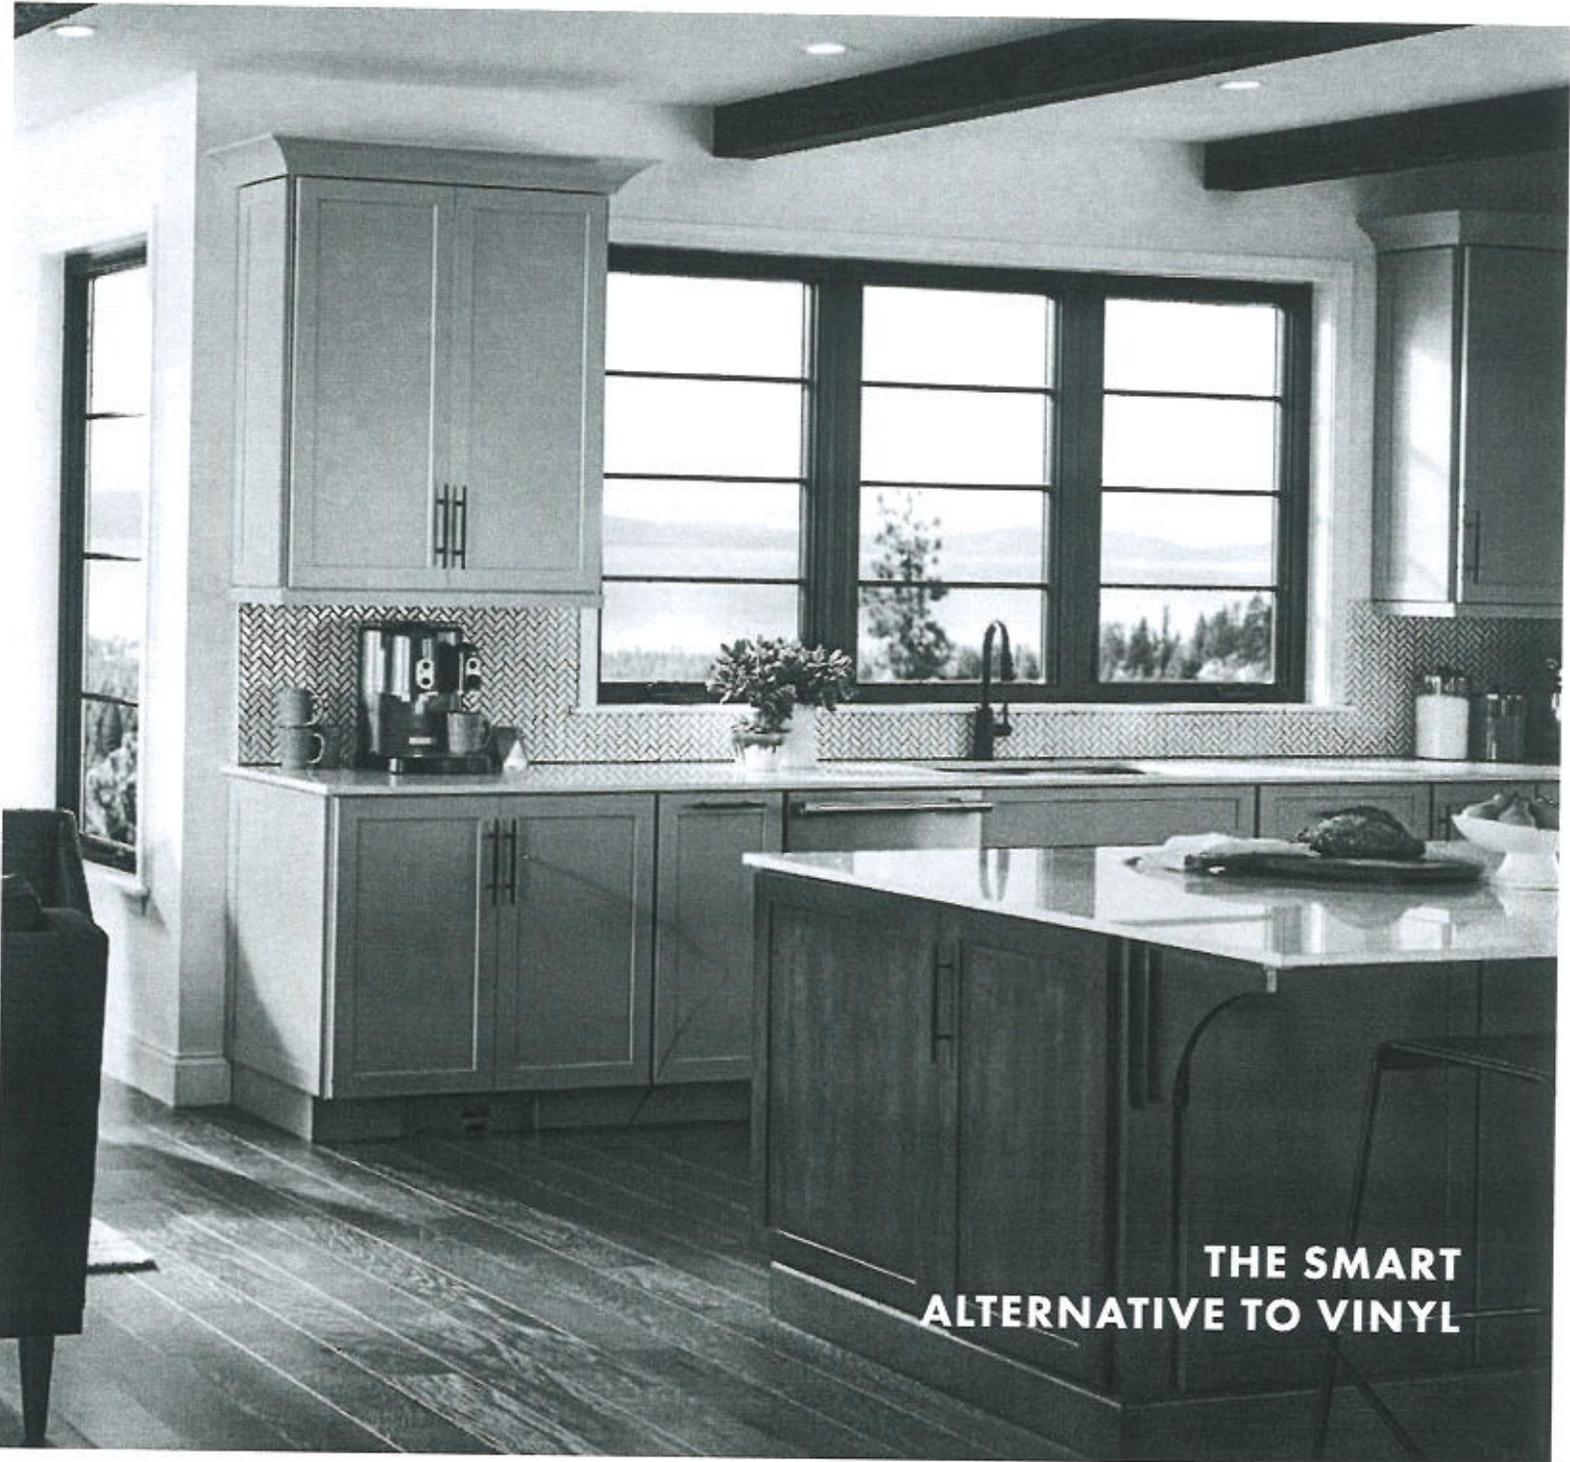

Andersen is a charter member of the **U.S. Green Building Council** and a strong supporter of its LEED® (Leadership in Energy and Environmental Design) National Green Building Standard rating system.

100 SERIES

**THE SMART
ALTERNATIVE TO VINYL**

A BETTER CHOICE FOR YOUR HOME

Whether you're replacing, remodeling or building new, Andersen® 100 Series windows and patio doors offer many advantages over vinyl. They offer superior strength and performance because they're made of innovative Fibrex® composite material, which is 2X stronger and more durable than vinyl. They're also available in a variety of rich dark colors with finishes that are made to last and they're designed to retain their stability and rigidity in all climates. Plus, 100 Series windows and doors are environmentally responsible and energy efficient, making them a better choice for your home.

*When 100 Series products were tested against five leading competitors' painted vinyl window products.

STRENGTH & PERFORMANCE

Fibrex® material is **2X stronger than vinyl** and it retains its stability and rigidity in all climates so weathertight seals stay weathertight.

100 Series products can **withstand temperatures up to 150°F**, even in dark colors, meaning they won't warp due to sun exposure.

ENVIRONMENTALLY RESPONSIBLE

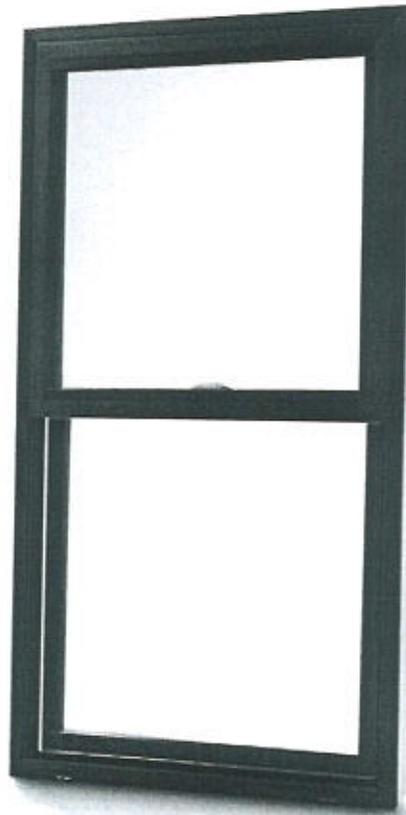

Our exclusive Andersen® Fibrex composite material is composed of **40% reclaimed wood fiber by weight**, most of which is reclaimed from the manufacturing of Andersen wood windows.

See how Andersen created Fibrex material at andersenwindows.com/fibrex.

ENERGY EFFICIENT

Our weather-resistant construction seals out drafts, wind and water so well, you can relax in comfort whatever the weather. Plus, Fibrex material **blocks thermal transfer nearly 700 times better** than aluminum to help reduce heating and cooling bills.

COLORS THAT LAST

Durable, factory-finished interiors and exteriors feature a premium matte finish that isn't shiny like vinyl plus they **never need painting and won't fade, flake, blister or peel.**

On 100 Series products, the finish is **12X thicker than that of painted vinyl windows**** resulting in superior scratch resistance so they'll look beautiful for years to come.

ADVANCED CRAFTSMANSHIP

100 Series products feature **virtually seamless corners** for a cleaner, more contemporary look.

100 Series sash corner seam

Vinyl sash corner seam

TRANSFERABLE LIMITED WARRANTY

Most other window and door warranties end when a home is sold, but our coverage — 20 years on glass, 10 years on non-glass parts — transfers from each homeowner to the next. And, because it's not prorated, the coverage offers **full benefits, year after year, owner after owner.** So it can add real value when you decide to sell your home.

WINDOW & DOOR TYPES

Choose the product style and frame type needed to complete your replacement, remodeling or new construction project and bring your vision to life.

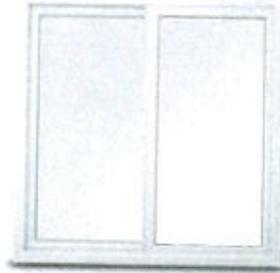

SINGLE-HUNG

Single-hung windows feature a stationary upper sash and operable lower sash that slides up and down.

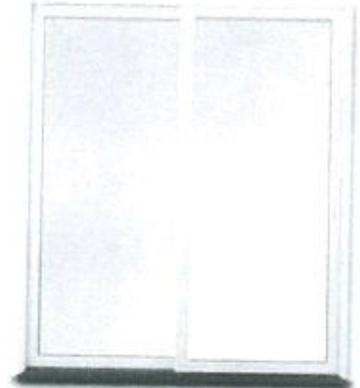

CASEMENT & AWNING

Casement windows are hinged on the side and open outward to the left or right, while awning windows are hinged at the top and open outward.

GLIDING WINDOWS

Gliding windows have one stationary sash and one operating sash that glides horizontally. A three-sash configuration, where two sash glide past a fixed center sash is also available.

GLIDING PATIO DOORS

Patio doors feature one stationary panel and one that glides smoothly on adjustable rollers. Add character and light with a sidelight or transom.

SPECIALTY WINDOWS

Specialty windows are stationary (non-operable) windows characterized by their special shapes, including curves and dramatic angles. A variety of shapes are available to complement your home's architecture.

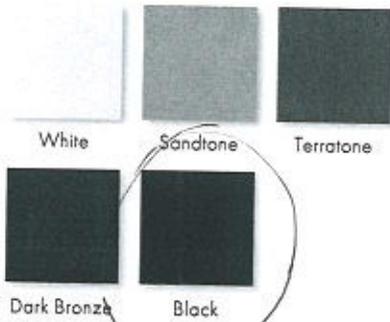

Windows and doors are available in custom sizes to fit all projects.

COLOR OPTIONS

100 Series windows and patio doors come in five exterior colors, including dark bronze and black — colors that are darker and richer than those of most vinyl windows. They also feature a premium matte finish inside for an attractive appearance.

ADDITIONAL GLASS OPTIONS

Tempered safety glass, standard on patio doors. Sound reducing glass options are also available.

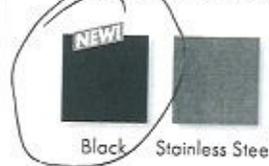

Patterned glass lets in light while obscuring vision and adds a unique, decorative touch.

Cascade and Reed patterns can be ordered with either a vertical or horizontal orientation.

GLASS SPACER OPTIONS

Choose from stainless steel or black glass spacers to create a customized look.

For more details on glass options, visit andersenwindows.com/glass.

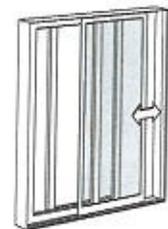

INSECT SCREEN OPTIONS

Insect screens for windows and patio doors have a fiberglass screen mesh. Optional TruScene® insect screens for windows are made with a micro-fine stainless steel mesh, providing 50% more clarity and letting in 25% more fresh air* than our conventional insect screens.

Insect screens are available for all venting windows.

Gliding insect screens are available for two-panel doors.

*TruScene insect screens let in over 25% more fresh air than standard Andersen fiberglass insect screens.

GRILLE OPTIONS

Customize the look of your windows and patio doors with a variety of grille options to complement virtually any style of home.

CONVENIENT CLEANING OPTIONS

Finelight™ grilles-between-the-glass are installed between the glass panes to make glass easy to clean. With an elegant, sculpted profile and a two-sided color scheme, they match both the interior and exterior of the window or door. Finelight grilles-between-the-glass with exterior grilles make interior glass easier to clean, while permanent exterior grilles provide architectural style and detail.

Limited Warranty

100 SERIES
Units Manufactured After
December 27, 2012

owner2owner[®]
LIMITED WARRANTY

Glass

Twenty (20) Year Transferable Limited Warranty

The glass in Andersen[®] 100 Series factory glazed window and door units (including dual-pane glass, Low-E glass, SmartSun[™] glass, patterned glass (including: obscure, fern, reed and cascade designs), Finelight[™] grilles, and tempered versions of these glass options) is warranted to be free from defects in manufacturing, materials and workmanship for twenty (20) years from the date of purchase from the retailer/dealer. It is also warranted not to develop, under normal conditions, any material obstruction of vision resulting from manufacturing defects or as a result of premature failure of the glass or organic seal for twenty (20) years from the date of purchase from the retailer/dealer. Patterned glass (including obscure, fern, reed and cascade designs) is warranted not to develop, under normal conditions, any material change in appearance resulting from manufacturing defects or as a result of premature failure of the glass or organic seal for twenty (20) years from the date of purchase from the retailer/dealer. This limited warranty on glass does not apply to special order glazings, impact-resistant glass or glass that is not factory installed by Andersen.

In the event a glass failure occurs as a result of a defect in manufacturing, materials or workmanship within the limited warranty period, Andersen, at its option, will: (1) provide the appropriate replacement glass product to the Andersen retailer/dealer you specify — labor is not included; or (2) provide a factory-authorized repair to the existing glass at no cost to you; or (3) refund the purchase price or the retailer's/dealer's price at the time of the original purchase, whichever is less. Such replacement or repair is warranted for the remainder of the original limited warranty period.

Components Other Than Glass

Ten (10) Year Transferable Limited Warranty

Non-glass portions of Andersen[®] 100 Series windows and doors (including non-electric operators, locks, lifts, balance systems, hinges, handles, insect screens, weatherstripping, exterior trim, sash and frame members) are warranted to be free from defects in manufacturing, materials and workmanship for a period of ten (10) years from the date of purchase from the retailer/dealer. This limited warranty does not apply to finishes on bright brass and satin nickel hardware.

In the event a component other than glass fails as a result of a defect in manufacturing, materials or workmanship within the limited warranty period, Andersen, at its option, will: (1) provide replacement parts to the Andersen retailer/dealer you specify — labor is not included; or (2) provide a factory authorized repair to the existing component at no cost to you; or (3) refund the original purchase price or retailer's/dealer's price at the time of the original purchase, whichever is less. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

General Conditions and Exclusions

The limited warranty set forth in this document is the only express warranty (whether written or oral) applicable to Andersen 100 Series windows and doors, and no one is authorized to modify or expand this limited warranty. All warranty claims must be made during the applicable warranty period.

ALL IMPLIED WARRANTIES INCLUDING MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED TO THE APPLICABLE STATUTE OF LIMITATION, BUT IN NO CASE WILL EXTEND BEYOND THE TERM OF THE LIMITED WARRANTIES SET FORTH ABOVE. ANDERSEN EXCLUDES AND WILL NOT PAY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER ARISING OUT OF CONTRACT, TORT OR OTHERWISE, AND ITS LIABILITY WILL IN ALL INSTANCES BE LIMITED TO REPAIR, REPLACEMENT OR REFUND OF THE ACTUAL PURCHASE PRICE OF THE DEFECTIVE PRODUCT.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitation of the duration of an implied warranty, so the above limitations or exclusions may not apply to you.

This limited warranty is only applicable in the U.S.A. (i.e. the fifty states and the District of Columbia). This limited warranty gives you specific legal rights, and you may also have other rights which may vary from state to state.

What is NOT covered by this limited warranty

Product failure or damage due to improper installation or modification including:

- Adjustments or corrections due to improper installation.
- Failures due to product modifications or glass shading devices (e.g., glass tinting, security systems, improper painting or staining, insulated coverings, etc.).
- Units improperly assembled or improperly milled by others.
- Failure due to the application of non Andersen hardware (e.g., locksets, trim sets, hinges, panic hardware, closers, etc.).
- Failure to properly install Andersen hardware.

What is NOT covered by this limited warranty, continued:

Damage caused by the following:

- Improper installation or use, including use of a non-commercial door as a main entrance or exit door for a building other than a single-family residential unit or re-installing an Andersen window or door after it has been removed from a building and re-sold and/or re-installed in a different building.
- Exposure to conditions beyond published performance specifications.
- Water infiltration other than as a result of a defect in manufacturing, materials or workmanship.
- Condensation.
- Improper maintenance, such as use of brickwash, razor blades, sealants, sanding or improper washing.
- Chemicals or airborne pollutants, such as salt or acid rain.
- Delivery by others.
- Accidents.
- Acts of God.
- Normal wear and tear.

Additional items excluded from this limited warranty:

- Labor to replace sash or door panels, glass or other components.
- Labor and other costs related to the removal and disposal of defective product.
- Labor and materials to paint or stain any repaired or replaced product, component, trim or other carpentry work that may be required.
- Products not manufactured by Andersen.
- Slight glass curvature, minor scratches or other imperfections in the glass that do not impair structural integrity or significantly obscure normal vision.
- Rattling of grille bars within an air space.
- Tarnish or corrosion to hardware finishes.
- Special glazings. Contact us concerning the limited warranty on special glazings.
- Bright brass and satin nickel finishes on hardware.
- Service trips to provide instruction on product use.
- Andersen[®] A-Series, 400 Series, 200 Series and complementary windows and doors, 400 Series windows with Stormwatch[®] protection and impact resistant glass, 100 Series windows and doors manufactured on or before December 27, 2012, storm doors, Renewal by Andersen[®] products, E-Series/Eagle[®] windows and doors, Silver Line[®] windows and doors and American Craftsman[®] windows and doors have their own limited warranties and are not covered by this limited warranty. For information on warranty coverage for these products, please refer to the specific limited warranties for these products. They are available from your dealer or at www.andersenwindows.com.

How to register your Owner-To-Owner[®] limited warranty

Andersen offers quick, easy warranty registration on our web site. Just go to www.andersenwindows.com/warranty and submit your warranty information online. All warranty information is treated as highly confidential and will never be sold or traded to any person or organization outside of Andersen Corporation and the Andersen Dealer Network.

How to get help

For further information or to make a claim within this limited warranty period, please contact the Andersen retailer/dealer who supplied you with your Andersen[®] product. If unavailable or unknown to you, you may contact us at:

Andersen Windows, Inc. / Andersen Service Center
100 Fourth Avenue North
Bayport, MN 55003-1096

You may also contact us using the Service section of our web site at www.andersenwindows.com or reach us by phone at 1-888-888-7020.

You can help us serve you faster by collecting and including the following important information:

- Description of the product such as the exterior color, unit type and size and inside visible glass measurements.
- Product ID label information.
- Glass logo information etched in the inside corner of the glass.
- Description of product concerns.
- Documentation of the purchase date, if available.
- Your name, address (with zip code) where the product is installed and telephone numbers.

If the limited warranty period has expired or for repairs not covered by warranty, many replacement parts are available for purchase. When warranty coverage is unclear, Andersen may charge an inspection fee for any on-site product inspection. If the inspector determines the Andersen[®] product has a defect covered by this limited warranty, the inspection fee will be waived.

For specific warranty information outside the United States, please contact your local distributor or write to:
Andersen Corporation / International Division
100 Fourth Avenue North
Bayport, MN 55003-1096 USA

LIMITED WARRANTY AND DISPUTE RESOLUTION PROCESS

IMPORTANT: Please carefully read the Dispute Resolution Process that appears in this document after the Limited Warranty. The Dispute Resolution Process includes class action and jury trial waivers that affect your legal rights. To opt out of these waivers, you must visit our website at www.andersenwindows.com/optout and complete the opt-out form within one year from the date of purchase of your Andersen® products from a dealer or retailer. The opt-out only applies to the terms of the Dispute Resolution Process.

A-Series Windows & Doors Limited Warranty

Transferable Limited Warranty on Glass

The glass in Andersen® factory glazed A-Series window and door units (including dual-pane and triple-pane glass, High-Performance Low-E4® glass, High-Performance Low-E4® Sun glass, High-Performance Low-E4® SmartSun™ glass, High-Performance Low-E4® PassiveSun® glass, HeatLock® glass, Low-E glass, patterned glass (including obscure, pebble, fern, reed and cascade designs), Finelight™ grilles, divided light grilles and tempered versions of these glass options) is warranted to be free from defects in manufacturing, materials and workmanship for a period of twenty (20) years from the date of purchase from the retailer/dealer. It is also warranted not to develop, under normal conditions, any material obstruction of vision or stress cracks resulting from manufacturing defects or as a result of premature failure of the glass or organic seal for a period of twenty (20) years from the date of purchase from the retailer/dealer. Patterned glass (including obscure, pebble, fern, reed and cascade designs) is warranted not to develop, under normal conditions, any material change in appearance or stress cracks resulting from manufacturing defects or as a result of premature failure of the glass or organic seal for a period of twenty (20) years from the date of purchase from the retailer/dealer. This limited warranty on glass does not apply to special order glazings, discontinued glass, Andersen® art glass, insulated art glass, impact-resistant glass or glass that is not factory installed by Andersen.

In the event a glass failure occurs as a result of a defect in manufacturing, materials or workmanship within the limited warranty period, Andersen, at its option, will: (1) provide the appropriate replacement glass product to the Andersen retailer/dealer you specify — labor is not included; or (2) provide a factory-authorized repair to the existing glass at no cost to you; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

Transferable Limited Warranty on Components Other Than Glass

Non-glass portions of Andersen® A-Series windows and doors (including non-electric operators, locks, lifts, balance systems, hinges, handles, insect screens, weatherstripping, exterior trim, sash and frame members) are warranted to be free from defects in manufacturing, materials and workmanship for a period of ten (10) years from the date of purchase from the retailer/dealer. This limited warranty does not apply to Andersen electric window operators, retractable insect screens or finishes on bright brass and satin nickel door hardware.

In the event a component other than glass fails as a result of a defect in manufacturing, materials or workmanship within the limited warranty period,

Andersen, at its option, will: (1) provide replacement parts to the Andersen retailer/dealer you specify — labor is not included; or (2) provide a factory-authorized repair to the existing component at no cost to you; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

Transferable Limited Warranty on Corrosion-Resistant Hardware and Outswing Patio Door Hinges

Corrosion-resistant hardware (includes casement and awning operator and sash attachment bracket, hinges, lock mechanism for inswing and outswing patio doors and outswing patio door corrosion-resistant hinges) is warranted to be free from mechanical failure due to corrosion caused by an electrolytic chemical reaction involving atmospheric salts, such as what may occur in coastal applications for a period of ten (10) years from the date of purchase from the retailer/dealer. What is not covered by this corrosion-resistant hardware warranty: any and all aesthetic discoloration or pitting that may occur due to environmental conditions. Minimum maintenance such as cleaning with a mild detergent on a regular basis may be necessary to maintain the original hardware appearance.

The finish on corrosion-resistant outswing patio door hinges is warranted to be free from defects in manufacturing, materials and workmanship and warranted not to tarnish, peel, pit, flake, discolor or corrode for a period of ten (10) years from the date of purchase from the retailer/dealer.

In the event there is a mechanical failure of the corrosion-resistant hardware, lock mechanism for inswing or outswing patio doors or the exterior hinges of an outswing hinged patio door or there is a defect in the finish on corrosion-resistant outswing patio door hinges within the limited warranty period, Andersen, at its option, will: (1) provide replacement parts to the Andersen retailer/dealer you specify — installation labor is not included; or (2) refund the original purchase price. Such replacement parts are warranted for the remainder of the original limited warranty period.

Transferable Limited Warranty on Exterior Coatings

The coatings on exterior components (frame, sash, panel, window sills, patio door sills, grilles and exterior trim) on casement, awning, double-hung, picture, and transom windows, patio doors (inswing outswing, gliding) and sidelights are warranted not to develop corrosion caused by an electrolytic chemical reaction involving atmospheric salts, such as what may occur in coastal applications, for as long as the product is installed in its original structure.

What is not covered by this exterior coatings warranty: A-Series specialty windows and complementary patio doors, accessories and hardware such as insect screens, coil stock, hinges, handle trim sets and lock components.

In the event there is a defect covered by this limited warranty for exterior coatings within the limited warranty period, Andersen, at its option will: 1) refinish the product — labor is included (the finish will be applied with standard commercial refinishing techniques and may not be the same finish as originally applied to the product), 2) repair the product, 3) provide replacement part(s) or product(s) to the Andersen retailer/dealer you specify — labor is not included or 4) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

Transferable Limited Warranty on Exterior Color Finish

The color finish on exterior components (frame, sash, panel, window sills and grilles) on Andersen® A-Series casement, awning, double-hung, picture, transom windows, specialty windows, complementary windows, patio doors (inswing, outswing, gliding and sidelights) and complementary patio doors is warranted not to flake, blister, crack, peel, pit, corrode, or lose adhesion for a period of twenty (20) years from the date of purchase from the retailer/dealer.

The color finish on exterior components (frame, sash, panel, window sills and grilles) on Andersen® A-Series casement, awning, double-hung, picture, transom windows, specialty windows, complementary windows, patio doors (inswing, outswing, gliding and sidelights) and complementary patio doors is warranted to be free from manufacturing defects resulting in color fade greater than 5 delta E^Δ (Hunter) (when measured in accordance with ASTM D2244-16e1) for a period of ten (10) years from the date of purchase from the retailer/dealer.

9055291 BL Revised 09/08/23

What is not covered by this exterior color finish warranty: accessories and hardware, including insect screen frames, patio door sills, hinges, handles, trim sets and lock components, exterior trim profiles, exterior aluminum coil stock and complementary patio door insert panels.

In the event there is a defect covered by this limited warranty for exterior color finish within the limited warranty period, Andersen, at its option, will: 1) refinish the product - labor is included (the finish will be applied with standard commercial refinishing techniques and may not be the same finish as originally applied to the product), 2) repair the product, 3) provide replacement part(s) or product(s) to the Andersen retailer/dealer you specify - labor is not included or 4) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

^Technical measurement of color fade.

Transferable Limited Warranty on Patio Doors with Shades/Blinds in Insulated Glass

Andersen® patio doors with shades/blinds in insulated glass (including insulated glass, shade/blind, insulated glass seal and external control mechanisms attached to the glass, hinges, handles, insect screens, weatherstripping, and frame members) are warranted to be free from defects in manufacturing, materials and workmanship for a period of ten (10) years from the date of purchase from the retailer/dealer.

In the event of a glass failure or failure in the shades or blinds between the glass as a result of a defect in manufacturing, materials or workmanship within the limited warranty period, Andersen, at its option, will: (1) provide the appropriate glass replacement product to the Andersen retailer/dealer you specify — labor is not included; or (2) provide a factory-authorized repair to the existing glass component at no cost to you; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

Transferable Limited Warranty for A-Series Products with Stormwatch® Protection (Glazed with Impact-Resistant Glass)

Andersen® A-Series window and door units glazed with impact-resistant glass are warranted to be free from defects in manufacturing, materials and workmanship for a period of ten (10) years from the date of purchase from the retailer/dealer. The glass in A-Series windows and doors with impact-resistant glass is also warranted not to develop, under normal conditions, any material obstruction of vision or broken glass resulting from manufacturing defects or as a result of premature failure of the glass or organic seal for a period of ten (10) years from the date of purchase from the retailer/dealer. This limited warranty does not apply to special glazings, Andersen art glass, insulated art glass, glass that is not factory installed by Andersen, Andersen electric window operators, retractable insect screens and the finish on bright brass or satin nickel door hardware.

In the event a component fails as a result of a defect in manufacturing, materials or workmanship within the limited warranty period, Andersen, at its option, will: (1) provide replacement parts to the Andersen retailer/dealer you specify — installation labor is not included; or (2) provide a factory authorized repair to the existing component at no cost to you; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

No Other Warranties or Representations

THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ALL WARRANTIES ARE LIMITED TO THE APPLICABLE STATUTE OF LIMITATIONS BUT IN NO CASE WILL EXTEND BEYOND THE LIMITED WARRANTY PERIODS SPECIFIED ABOVE. ANDERSEN EXCLUDES AND WILL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER ARISING OUT OF CONTRACT, TORT OR OTHERWISE. THE REMEDY OF REPAIR, REPLACEMENT OR REFUND OF THE ACTUAL PURCHASE PRICE OF THE PRODUCT PROVIDED BY THIS LIMITED WARRANTY IS THE EXCLUSIVE REMEDY WITH RESPECT TO ANY AND ALL LOSS OR DAMAGE.

Applicable Law

This Limited Warranty is only applicable in the U.S.A. (i.e. the fifty states and the District of Columbia). This Limited Warranty gives you specific legal rights, and you may also have other rights which may vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitation of the duration of an implied warranty, so the above limitations or exclusions may not apply to you. If any specific term of this Limited Warranty is prohibited by any applicable law, it shall be null and void, but the remainder of this Limited Warranty shall remain in full force and effect.

What is NOT covered by this Limited Warranty:

In addition to any other limitations or exclusions in this Limited Warranty, Andersen shall have no obligation for product failure, damage or costs due to or related to the following:

- Adjustments or corrections due to improper installation.
- Product modifications or glass shading devices (e.g., glass tinting, security systems, improper painting or staining, insulated coverings, etc.).
- Units improperly assembled or improperly milled by others.
- Failure due to the application of non-Andersen hardware (e.g., locksets, trim sets, hinges, panic hardware, closers, etc.).
- Failure to properly install Andersen hardware and/or exterior trim.
- Failure to remove protective film within recommended time frames.
- Adjustments or corrections due to improper installation.
- Improper installation or use, including use of a non-commercial door as a main entrance or exit door for a building other than a single-family residential unit or re-installing an Andersen window or door after it has been removed from a building and re-sold and/or re-installed in a different building.
- Installing a storm door over or with a patio door.
- Exposure to conditions beyond published performance specifications.
- Water infiltration other than as a result of a defect in manufacturing, materials or workmanship.
- Condensation.
- Improper maintenance, such as use of brick wash, razor blades, sealants, sanding or improper washing.
- Failing to properly seal and maintain the exposed wood portions of a product. This includes, but is not limited to, the exposed wood on all sides of a door panel (e.g., exterior, interior, top, bottom, and both sides), a door frame and wood grilles.
- Obtaining safe and reasonable access to the product.
- Chemicals or airborne pollutants, such as salt or acid rain.
- Delivery by others.
- Accidents.
- Acts of God.
- Normal wear and tear.

Additional items excluded from this limited warranty:

- Labor to replace sash or door panels, glass or other components.
- Labor and other costs related to the removal and disposal of defective product.
- Labor and materials to paint or stain any repaired or replaced product, component, trim or other carpentry work that may be required.
- Products not manufactured by Andersen.
- The performance of the low-maintenance exterior glass coating on products with High-Performance Low-E4® glass. Performance will vary depending on environmental conditions.
- Minor warping of wood and clad-wood doors. Andersen may defer actions on any claim for warping for a period of up to twelve (12) months from the date of the claim in order to permit conditioning and equalization to humidity and temperature conditions.
- Slight glass curvature, minor scratches or other imperfections in the glass that do not impair structural integrity or significantly obscure normal vision.

- The appearance of anodized finishes
- Rattling of grille bars within an air space.
- Insects passing through or around the insect screen.
- Tarnish or corrosion to hardware finishes, except components warranted under the Transferable Limited Warranty on Corrosion-Resistant Hardware and Outswing Patio Door Hinges.
- Stress cracks as a result of improper installation.
- Broken glass.
- Special glazings. Contact us concerning the limited warranty on special glazings.
- Electric window operators, retractable insect screens and bright brass and satin nickel finishes on door hardware. Contact us or refer to the specific limited warranties for these products.
- Other product series, some products, and accessories have their own limited warranties and are not covered by this limited warranty.
Visit www.andersenwindows.com/warranty for more information.
- Service trips to provide instruction on product use.

How to register your Owner-To-Owner® Limited Warranty

Andersen offers quick, easy warranty registration on our website.

Just go to www.andersenwindows.com/warranty and submit your warranty information online. All warranty information is treated confidentially and will not be sold or traded to any person or organization outside of Andersen and the Andersen Dealer Network.

Warranty Claim Procedure

To make a claim under this Limited Warranty, contact the Andersen retailer/dealer who sold you your Andersen® product. Or, you may contact us at:

Andersen Windows, Inc./Andersen Service Center
100 Fourth Avenue North
Bayport, MN 55003-1096

You may also contact us using the Parts & Service section of our website at www.andersenwindows.com or reach us by phone at 1-888-888-7020.

You can help us serve you faster by providing the following important information:

- Description of the product such as the exterior color, unit type and size and inside visible glass measurements.
- Glass logo information etched in the inside corner of the glass.
- Description of product concerns.
- Documentation of the purchase date, if available.
- Your name, address (with zip code) where the product is installed and telephone numbers.

Contact the Andersen retailer/dealer who sold you your Andersen product prior to installation if you observe an issue with your unit.

Non-Warranty Repair

You will be responsible for all costs related to any repair that is not covered by this Limited Warranty or which is outside of the applicable limited warranty periods. When warranty coverage is unclear, Andersen may charge an inspection fee for any on-site product inspection. If the inspector determines the Andersen® product has a defect covered by this Limited Warranty, the inspection fee will be waived.

For specific warranty information outside the United States, please contact your local distributor or write to:

Andersen Windows, Inc./International Division
100 Fourth Avenue North
Bayport, MN 55003-1096 USA

DISPUTE RESOLUTION PROCESS

General

If you are dissatisfied with the remedy provided to you under the Limited Warranty set forth above or have any other claim against Andersen related to your Andersen® products, you and Andersen agree to resolve the claim using the following process ("Dispute Resolution Process"). This Dispute Resolution Process will apply to claims of any nature relating to your Andersen product ("Dispute(s)"). Disputes include, but are not limited to, claims for breach of contract or breach of warranty, claims for violation of state or federal laws or regulations, claims based in tort, negligence or product liability, claims based in fraud or fraud in the inducement, marketing or advertising claims and claims related to the enforceability or effect of any term of the Limited Warranty or the Dispute Resolution Process, including, but not limited to, the waivers of class action and jury trials.

Notice Required

To assert a Dispute, you must first provide Andersen with written notice. A Notice of Dispute form is available for your use on Andersen's website at www.andersenwindows.com/noticeofdispute.

Andersen Response

Andersen will have 60 days from receipt of your Notice of Dispute to respond to you in writing. In that response or at any later time, Andersen may make one or more written offers to you to resolve your Dispute.

No Class Action or Jury Trials

YOU AGREE THAT YOU MAY ASSERT DISPUTES AGAINST ANDERSEN ONLY ON AN INDIVIDUAL BASIS AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY CLASS OR REPRESENTATIVE ACTION OR PROCEEDING. AS PART OF THIS DISPUTE RESOLUTION PROCESS, YOU AND ANDERSEN ALSO AGREE TO WAIVE ANY RIGHT TO A JURY AND AGREE TO HAVE ALL DISPUTES HEARD AND DECIDED SOLELY BY THE FEDERAL OR STATE COURT JUDGE.

Opt-Out Procedure

You may opt out of this Dispute Resolution Process by completing and submitting a written Opt-Out Notice. The Opt-Out Notice is located on Andersen's website at www.andersenwindows.com/optout. Whether or not you opt out of the Dispute Resolution Process, all terms of the Limited Warranty set forth above remain in force and effect.

Applicable Law and Severability

This Dispute Resolution Process, including, but not limited to, issues related to its enforceability and effect, will be governed by the laws of the State of Minnesota without regard to conflict of law principles. If any term of this Dispute Resolution Process is found to be invalid or unenforceable in any particular jurisdiction, that term will not apply to that issue in that jurisdiction. Instead, that term will be severed with the remaining terms continuing in full force and effect.

Questions

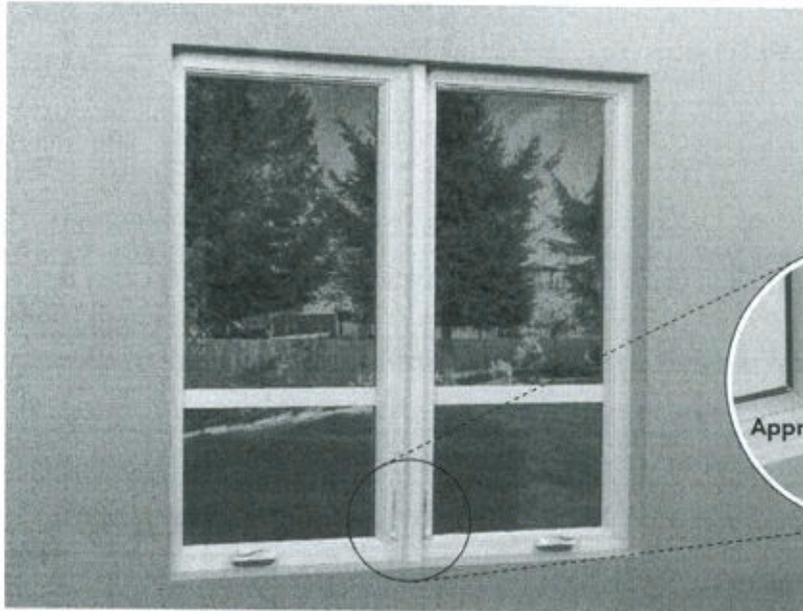

If you have questions about the Dispute Resolution Process or Opt-Out Procedure, contact us at 844-332-7972.

LIMITED WARRANTY AND DISPUTE RESOLUTION PROCESS

IMPORTANT: Please carefully read the Dispute Resolution Process that appears in this document after the Limited Warranty. The Dispute Resolution Process includes class action and jury trial waivers that affect your legal rights. To opt out of these waivers, you must visit our website at www.andersenwindows.com/optout and complete the opt-out form within one year from the date of purchase of your Andersen® products from a dealer or retailer. The opt-out only applies to the terms of the Dispute Resolution Process.

Andersen® Entry Doors Limited Warranty

Transferable Limited Warranty on Glass

The glass in Andersen® factory glazed entry doors (including dual-pane glass, High-Performance Low-E4® glass, High-Performance Low-E4® Sun glass, High-Performance Low-E4® SmartSun™ glass, High-Performance Low-E4® PassiveSun® glass, HeatLock® glass, Low-E glass, patterned glass, Finelight™ grilles, divided light grilles and tempered versions of these glass options) is warranted to be free from defects in manufacturing, materials and workmanship for a period of twenty (20) years from the date of purchase from the retailer/dealer. It is also warranted not to develop, under normal conditions, any material obstruction of vision or broken glass resulting from manufacturing defects or as a result of premature failure of the glass or organic seal for a period of twenty (20) years from the date of purchase from the retailer/dealer. This limited warranty on glass does not apply to special order glazings, discontinued glass, art glass, insulated art glass, impact-resistant glass, or glass that is not factory installed by Andersen.

In the event a glass failure occurs as a result of a defect in manufacturing, materials or workmanship within the limited warranty period, Andersen, at its option, will: (1) provide the appropriate replacement glass product to the Andersen retailer/dealer you specify — labor is not included; (2) provide a factory-authorized repair to the existing glass at no cost to you; or (3) refund the original purchase price. Such replacement parts or repair are warranted for the remainder of the original limited warranty period.

Transferable Limited Warranty on Components Other Than Glass

Non-glass portions of Andersen® doors (including locks, hinges, handles, weatherstripping, exterior trim, panel and frame members) are warranted to be free from defects in manufacturing, materials and workmanship for a period of ten (10) years from the date of purchase from the retailer/dealer. This limited warranty does not apply to finishes on satin nickel door hardware.

In the event a component other than glass fails as a result of a defect in manufacturing, materials or workmanship within the limited warranty period, Andersen, at its option, will: (1) provide replacement parts to the Andersen retailer/dealer you specify — labor is not included; (2) provide a factory-authorized repair to the existing component at no cost to you; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

Transferable Limited Warranty on Exterior Painted Aluminum Surfaces

The exterior painted aluminum surface (silicone polyester enamel with Kynar® fluorocarbon coating system conforming to AAMA 2605-05 ("2605 Coating System"))

on components including frame, panel and grilles on Andersen entry doors in standard colors is warranted not to crack, chip, peel, flake, blister or lose adhesion for a period of twenty (20) years from the date of purchase from the retailer/dealer when exposed to normal atmospheric conditions. The paint film is warranted to be free from manufacturing defects resulting in color fade greater than 5 delta E (Hunter)^(^ in accordance with ASTM D2244-16e1 and chalking in excess of a number eight (8) rating based on ASTM D4214-07 for a period of ten (10) years from the date of purchase from the retailer/dealer when exposed to normal atmospheric conditions.

The exterior painted aluminum surface (Kynar® fluorocarbon coating system conforming to AAMA 2605-05 ("2605 Coating System")) on components including frame, panel and grilles on Andersen entry doors in standard colors is warranted not to crack, chip, peel, flake, blister or lose adhesion for a period of twenty (20) years from the date of purchase from the retailer/dealer when exposed to normal atmospheric conditions. The paint film is warranted to be free from manufacturing defects resulting in color fade greater than 5 delta E (Hunter)^(^ in accordance with ASTM D2244-16e1 and chalking in excess of a number eight (8) rating based on ASTM D4214-07 for twenty (20) years from the date of purchase from the retailer/dealer when exposed to normal atmospheric conditions.

In the event a failure occurs as a result of a defect in manufacturing, materials or workmanship within the limited warranty period, Andersen, at its option, will: (1) refinish the product (the finish will be performed with standard commercial refinishing techniques and will not necessarily be the same finish as originally applied to the product); (2) repair the product or provide replacement part(s) or product(s) — labor is not included; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

Exclusions: Accessories and hardware, including insect screen frames, patio door sills, hinges, handle trim sets and lock components, exterior trim profiles, exterior aluminum coil stock, anodized finishes and patio door insert panels. Products subjected to the detrimental effects of air pollutants, chemical or caustic washes, or the accumulation of concentrated salt deposits are not covered by the terms of this limited warranty. Any scratches, chips or surface damage that would expose the aluminum cladding surface must be repaired immediately, and such repair is required to maintain limited warranty coverage.

Paint performance may vary based on product orientation, altitude, installation in heavy salt spray environments, and other atmospheric conditions. Regular maintenance of the product is required to maintain the appearance of the finish on clad units, including hardware, and is required to maintain limited warranty coverage.

^(^ Technical measurement of fade

Transferable Limited Warranty on Exterior Anodized Aluminum Surfaces

The anodized finish on Andersen aluminum cladding in standard colors is warranted not to crack, craze, flake or blister for five (5) years from the date of purchase from the retailer/dealer when exposed to normal atmospheric conditions. The anodized finish is also warranted against chalking in excess of a number eight (8) rating as determined by the procedure outlined in ASTM D4214-07 and against color change of more than 5 delta E (Hunter)^(^ units as determined by ASTM method D2244-16e1 for a period of five (5) years from the date of manufacture.

In the event a failure occurs as a result of a defect in manufacturing, materials or workmanship within the limited warranty period, Andersen, at its option, will: (1) refinish the product (the finish will be performed with standard commercial refinishing techniques and will not necessarily be the same finish as originally applied to the product); (2) repair the product or provide replacement part(s) or product(s) — labor is not included; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

^(^ Technical measurement of fade

Limited Warranty on Exterior Painted Aluminum Surfaces — 2604 & 2605 Coating Systems for Coastal Seashore

The paint film (silicone polyester enamel with Kynar® fluorocarbon coating system conforming to AAMA 2605-05) on Andersen entry door aluminum cladding in standard colors is warranted not to crack, check, peel, flake, blister or lose adhesion from the date of manufacture for product exposed to high salt concentrations as follows:

— Products installed between two (2) miles and 1,001 feet from the coastal seashore are warranted for ten (10) years from the date of purchase from the retailer/dealer. In the event a failure covered under this limited warranty occurs, Andersen, at its option, will: (1) refinish the product (the finish will be performed with standard commercial refinishing techniques and will not necessarily be the same finish as originally applied to the product); or (2) repair the product or provide replacement part(s) or product(s) — labor is not included; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period.

— Products installed between 1,000 feet and the seashore are warranted for ten (10) years from the date of purchase from the retailer/dealer, prorated after five (5) years. In the event a failure covered under this limited warranty occurs in years one (1) through five (5), Andersen, at its option, will: (1) refinish the product (the finish will be performed with standard commercial refinishing techniques and will not necessarily be the same finish as originally applied to the product); or (2) repair the product or provide replacement part(s) or product(s) — labor is not included; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the original limited warranty period. In the event a failure occurs in years six (6) to ten (10), Andersen, at its option, will: (1) refinish the product (the finish will be performed with standard commercial refinishing techniques and will not necessarily be the same finish as originally applied to the product) at 50% discount of Andersen's cost; or (2) repair the product at 50% discount of Andersen's labor costs or provide replacement part(s) or product(s) at 50% discount of Andersen's cost — labor is not included; or (3) refund the original purchase price at 50% of the original purchase price. Such replacement parts or repairs are warranted for the remainder of the limited warranty period.

The paint film is warranted against chalking in excess of a number eight (8) rating based on ASTM D4214-07 and against color change of more than 5 delta E (Hunter)^ units in accordance with ASTM D 2244-16e1 for a period of ten (10) years from the date of purchase from the retailer/dealer. In the event a failure covered under this limited warranty occurs, Andersen, at its option, will: (1) refinish the product (the finish will be performed with standard commercial refinishing techniques and will not necessarily be the same finish as originally applied to the product); or (2) repair the product or provide replacement part(s) or product(s) — labor is not included; or (3) refund the original purchase price. Such replacement parts or repairs are warranted for the remainder of the limited warranty period.

Exclusions: Products subjected to the detrimental effects of air pollutants, chemical or caustic washes, or the accumulation of concentrated salt deposits are not covered by the terms of this limited warranty. Any scratches, chips or surface damage that would expose the aluminum cladding surface must be repaired immediately and such repair is required to maintain limited warranty coverage.

For limited warranty coverage coastal seashore (areas of high salt concentration), such as those within two (2) miles of the coastal environments, homeowners must implement a systematic fresh water-cleaning program which consists of cleaning with mild soap and water at least every three (3) months or more often when necessary to prevent the accumulation of concentrated salt deposits. Periodic waxing with an automotive-type wax may prolong the finish life. Failure to take these measures will void this limited warranty.

The atmospheric and environmental conditions within two (2) miles of the coastal seashore can be extremely corrosive. Even with a systematic cleaning program, products installed in these conditions will typically deteriorate more than product installed in normal atmospheric/environmental conditions. Some corrosion and/or deterioration are considered "normal wear and tear" and normal weathering in this atmospheric/environmental condition and are not covered under this limited warranty.

^ Technical measurement of fade

No Other Warranties or Representations

THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ALL WARRANTIES ARE LIMITED TO THE APPLICABLE STATUTE OF LIMITATIONS, BUT IN NO CASE WILL EXTEND BEYOND THE LIMITED WARRANTY PERIODS SPECIFIED ABOVE. ANDERSEN EXCLUDES AND WILL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER ARISING OUT OF CONTRACT, TORT OR OTHERWISE. THE REMEDY OF REPAIR, REPLACEMENT OR REFUND OF THE ACTUAL PURCHASE PRICE OF THE PRODUCT PROVIDED BY THIS LIMITED WARRANTY IS THE EXCLUSIVE REMEDY WITH RESPECT TO ANY AND ALL LOSS OR DAMAGE.

Applicable Law

This Limited Warranty is only applicable in the U.S.A. (i.e., the fifty states and the District of Columbia). This Limited Warranty gives you specific legal rights, and you may also have other rights which may vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitation of the duration of an implied warranty, so the above limitations or exclusions may not apply to you. If any specific term of this Limited Warranty is prohibited by any applicable law, it shall be null and void, but the remainder of this Limited Warranty shall remain in full force and effect.

What is NOT covered by this Limited Warranty: Specific Additional Exclusions

In addition to any other limitations or exclusions in this Limited Warranty, Andersen shall have no obligation for product failure, damage or costs due to or related to the following:

- Product modifications or glass shading devices (e.g., glass tinting, security systems, improper painting or staining, insulated coverings, etc.)
- Units improperly assembled or improperly milled by others.
- Failure due to the application of hardware not offered by Andersen (e.g., locksets, trim sets, hinges, panic hardware, closers, etc.)
- Failure to properly install Andersen hardware and/or exterior trim.
- Failure to remove protective films within recommended time frames.
- Adjustments or corrections due to improper installation.
- Improper installation or use, including use of a non-commercial door as a main entrance or exit door for a building other than a single-family residential unit or re-installing an Andersen window or door after it has been removed from a building and re-sold and/or re-installed in a different building.
- Exposure to conditions beyond published performance specifications.
- Water infiltration other than as a result of a defect in manufacturing, materials or workmanship.
- Condensation.
- Improper maintenance, such as use of brick wash, razor blades, sealants, sanding or improper washing.
- Failing to properly seal and maintain the exposed wood portions of a product. This includes, but is not limited to, the exposed wood on all sides of a door panel (e.g., exterior, interior, top, bottom, and both sides), a door frame and wood grilles.
- Costs related to obtaining safe and reasonable access to the product.
- Chemicals or airborne pollutants, such as salt or acid rain.
- Delivery by others.
- Accidents.
- Acts of God.
- Normal wear and tear.

Additional items excluded from this limited warranty:

- Labor to replace door panels, glass or other components.
- Labor and other costs related to the removal and disposal of defective product.
- Labor and materials to paint or stain any repaired or replaced product, component, trim or other carpentry work that may be required.
- Products not manufactured by Andersen.
- The performance of the low-maintenance exterior glass coating on products with High-Performance Low-E4® glass. Performance will vary depending on environmental conditions.
- Minor warping of clad-wood doors. Andersen may defer actions on any claim for warping for a period of up to twelve (12) months from the date of the claim in order to permit conditioning and equalization to humidity and temperature conditions.
- Slight glass curvature, minor scratches or other imperfections in the glass that do not impair structural integrity or significantly obscure normal vision.
- Rattling of grille bars within an air space.
- Insects passing through or around the insect screen.

- The appearance of anodized finishes is the result of a naturally forming process which makes each unit one-of-a-kind. The process may result in an inconsistent color and/or finish, which is a feature of the finish and not considered a defect in manufacturing.
- Tarnish or corrosion to hardware finishes.
- Stress cracks.
- Broken glass.
- Special glazings. Contact us concerning the limited warranty on special glazings.
- Satin nickel finishes on door hardware and VeriLock® sensors. Contact us or refer to the specific limited warranties for these products.
- Other product series, some products, and accessories have their own limited warranties and are not covered by this limited warranty. Visit www.andersenwindows.com/warranty for more information.
- Service trips to provide instruction on product use.

How to register your Owner-To-Owner® Limited Warranty

Andersen offers quick, easy warranty registration on our website. Just go to www.andersenwindows.com/warranty and submit your warranty information online. By registering, you will expedite any warranty service you may have in the future. In addition, you can receive product information updates, safety notices and special offers regarding new products, as well as information regarding enhancements for the windows and doors you've registered. All warranty information is treated confidentially and will not be sold or traded to any person or organization outside of Andersen and the Andersen Dealer Network.

Warranty Claim Procedure

To make a claim under this Limited Warranty, contact the Andersen retailer/dealer who sold you your Andersen® product. Or, you may contact us at:

Andersen Windows, Inc./Andersen Service Center
100 Fourth Avenue North
Bayport, MN 55003-1096

You may also contact us using the Parts & Service section of our website at www.andersenwindows.com or reach us by phone at 1-888-888-7020.

You can help us serve you faster by providing the following important information:

- Description of the product such as the exterior color, unit type and size and inside visible glass measurements.
- Glass logo information etched in the inside corner of the glass.
- Description of product concerns.
- Documentation of the purchase date, if available.
- Your name, address (with zip code) where the product is installed and telephone numbers.

Contact the Andersen retailer/dealer who sold you your Andersen product prior to installation if you observe an issue with your unit.

Non-Warranty Repair

You will be responsible for all costs related to any repair that is not covered by this Limited Warranty or which is outside of the limited warranty period. When warranty coverage is unclear, Andersen may charge an inspection fee for any on-site product inspection. If the inspector determines the Andersen® product has a defect covered by this Limited Warranty, the inspection fee will be waived.

For specific warranty information outside the United States, please contact your local distributor or write to:

Andersen Windows, Inc. / International Division
100 Fourth Avenue North
Bayport, MN 55003-1096

DISPUTE RESOLUTION PROCESS

General

If you are dissatisfied with the remedy provided to you under the Limited Warranty set forth above or have any other claim against Andersen related to your Andersen products, you and Andersen agree to resolve the claim using the following process ("Dispute Resolution Process"). This Dispute Resolution Process will apply to claims of any nature relating to your Andersen product ("Dispute(s)"). Disputes include, but are not limited to, claims for breach of contract or breach of warranty, claims for violation of state or federal laws or regulations, claims based in tort, negligence or product liability, claims based in fraud or fraud in the inducement, marketing or advertising claims and claims related to the enforceability or effect of any term of the Limited Warranty or the Dispute Resolution Process, including, but not limited to, the waivers of class action and jury trials.

Notice Required

To assert a Dispute, you must first provide Andersen with written notice. A Notice of Dispute form is available for your use on Andersen's website at www.andersenwindows.com/noticeofdispute.

Andersen Response

Andersen will have 60 days from receipt of your Notice of Dispute to respond to you in writing. In that response or at any later time, Andersen may make one or more written offers to you to resolve your Dispute.

No Class Action or Jury Trials

YOU AGREE THAT YOU MAY ASSERT DISPUTES AGAINST ANDERSEN ONLY ON AN INDIVIDUAL BASIS AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY CLASS OR REPRESENTATIVE ACTION OR PROCEEDING. AS PART OF THIS DISPUTE RESOLUTION PROCESS, YOU AND ANDERSEN ALSO AGREE TO WAIVE ANY RIGHT TO A JURY AND AGREE TO HAVE ALL DISPUTES HEARD AND DECIDED SOLELY BY THE FEDERAL OR STATE COURT JUDGE.

Opt-Out Procedure

You may opt out of this Dispute Resolution Process by completing and submitting a written Opt-Out Notice. The Opt-Out Notice is located on Andersen's website at www.andersenwindows.com/optout. Whether or not you opt out of the Dispute Resolution Process, all terms of the Limited Warranty set forth above remain in force and effect.

Applicable Law and Severability

This Dispute Resolution Process, including, but not limited to, issues related to its enforceability and effect, will be governed by the laws of the State of Minnesota without regard to conflict of law principles. If any term of this Dispute Resolution Process is found to be invalid or unenforceable in any particular jurisdiction, that term will not apply to that issue in that jurisdiction. Instead, that term will be severed with the remaining terms continuing in full force and effect.

Questions

If you have questions about the Dispute Resolution Process or Opt-Out Procedure, contact us at 844-332-7972.

GARANTÍA LIMITADA

Vidrio

Garantía limitada transferible de veinte (20) años

El vidrio de las ventanas y puertas Andersen® de la Serie 100, glaseadas de fábrica (incluyendo vidrio de doble panel, vidrio Low-E, vidrio SmartSun™, vidrio decorado (incluyendo diseño de color oscuro, con helecho, cañaveral y cascada), rejillas Finelight™, y las versiones templadas de estas opciones de vidrio), está garantizado contra defectos de fabricación, materiales y de mano de obra durante veinte (20) años a partir de la fecha de compra al distribuidor/concesionario. También garantizamos que, bajo condiciones normales, no presentará ninguna obstrucción material de la visibilidad a consecuencia de defectos de fabricación o como resultado de una falla prematura del vidrio o del sellado orgánico durante veinte (20) años a partir de la fecha de compra del distribuidor/concesionario. Garantizamos que el vidrio decorado (incluyendo diseño de color oscuro, con helecho, cañaveral y cascada), bajo condiciones normales, no cambiará el aspecto a consecuencia de defectos de fabricación o como resultado de una falla prematura del vidrio o del sellado orgánico durante veinte (20) años a partir de la fecha de compra del distribuidor/concesionario. Esta garantía limitada sobre el vidrio no se aplica a los glaseados de orden especial, vidrio resistente a impactos o vidrio que no viene instalado de fábrica por Andersen.

En caso de que se produzca una falla en el vidrio como resultado de un defecto de fabricación, en los materiales o en la mano de obra dentro del periodo de la garantía limitada, Andersen podrá, a su criterio: (1) proporcionar un reemplazo de los productos de vidrio al distribuidor/vendedor de Andersen que usted indique (no se incluye el costo de mano de obra); o (2) suministrar una reparación autorizada de fábrica para el vidrio existente sin costo para usted; o (3) reembolsar el precio de compra o el precio del distribuidor/vendedor al momento de la compra original, lo que sea menor. Dichas piezas de reemplazo o las reparaciones están cubiertas por el resto del periodo de garantía limitada original.

Otros componentes (que no sea vidrio)

Garantía limitada transferible de diez (10) años

Las partes de las ventanas y puertas Andersen® de la Serie 100 que no son de vidrio (incluidos los dispositivos que no son eléctricos, cerraduras, elevadores de ventana, sistemas de equilibrio, bisagras, manijas, pantallas contra insectos, burletes, molduras exteriores, marcos y armazones) están garantizadas contra defectos de fabricación, materiales y de mano de obra durante diez (10) años a partir de la fecha de compra del distribuidor/concesionario. Esta garantía limitada no se aplica a los acabados de latón brillante y herrajes de níquel satinado.

En caso de que algún componente que no sea vidrio falle como resultado de un defecto de fabricación, en los materiales o en la mano de obra dentro del periodo de cobertura de la garantía limitada, Andersen podrá, a su criterio: (1) proporcionar un reemplazo de las piezas al distribuidor/vendedor de Andersen que usted indique (no se incluye el costo de mano de obra); o (2) suministrar una reparación autorizada de fábrica para el componente existente sin costo para usted; o (3) reembolsar el precio de compra original o el precio del distribuidor/vendedor al momento de la compra original, el que resulte menor. Dichas piezas de reemplazo o reparaciones tienen garantía por el resto del periodo de garantía limitada original.

Condiciones generales y exclusiones

Las garantías limitadas descritas en el presente son las únicas garantías expresas (escritas u orales) aplicables a las ventanas y puertas Andersen® de la Serie 100 y nadie está autorizado a modificar ni a extender estas garantías limitadas. Todas las reclamaciones de garantía deben gestionarse durante los periodos de garantía pertinentes.

TODA GARANTÍA IMPLÍCITA, INCLUIDA LA DE COMERCIABILIDAD Y APITUD PARA UN FIN DETERMINADO, ESTÁN LIMITADAS AL RÉGIMEN DE PRESCRIPCIÓN APLICABLE, PERO EN NINGÚN CASO SE EXTENDERÁN MÁS ALLÁ DEL PERÍODO DE LAS GARANTÍAS LIMITADAS ESTABLECIDAS ANTERIORMENTE. ANDERSEN EXCLUYE LOS DAÑOS INCIDENTALES O INDIRECTOS Y NO PAGARÁ POR ELLOS. YA SEA SE DESPRENDAN DEL CONTRATO, SEAN DE RESPONSABILIDAD EXTRA CONTRACTUAL O DE ALGÚN OTRO TIPO. EN TODOS LOS CASOS, LA RESPONSABILIDAD DE ANDERSEN QUEDARÁ LIMITADA A LA REPARACIÓN, EL REEMPLAZO O AL REEMBOLSO DEL PRECIO DE COMPRA REAL DEL PRODUCTO DEFECTUOSO.

Algunos estados no permiten la exclusión o la limitación de los daños incidentales o indirectos, o la limitación de la duración de una garantía implícita, de manera que las limitaciones o exclusiones anteriores pueden no aplicarse en su caso.

Esta garantía limitada sólo es válida para los Estados Unidos (para los cincuenta estados y el Distrito de Columbia). Esta garantía limitada le confiere derechos legales específicos, y usted puede también disponer de otros derechos que varían según cada estado.

Lo que esta garantía limitada no cubre

Fallas o daños del producto ocasionados por una instalación o una modificación incorrectas, incluidos:

- Ajustes o correcciones ocasionadas por una instalación incorrecta.
- Fallas ocasionadas por modificaciones del producto o por el tonalizado de vidrios (por ejemplo: tinte de vidrios, sistemas de seguridad, pintura o tinte incorrectos, cubiertas aislantes, etc.).
- Unidades ensambladas o unidas incorrectamente colocadas por terceros.
- Fallas ocasionadas por la aplicación de otros herrajes que no sean Andersen (por ejemplo: cerraduras, contramarcos, bisagras, herrajes de emergencia, cierres, etc.).
- Fallas en la instalación correcta de los herrajes de Andersen.

Lo que esta garantía limitada NO cubre (continuación):

Daños provocados por:

- Instalación o uso incorrectos, incluido el uso de una puerta no comercial como entrada principal o salida de cualquier edificio que no sea una unidad residencial de una sola familia, o la reinstalación de una ventana o puerta Andersen después de que se la haya retirado de un edificio y se la reventado y/o reinstaló en un edificio diferente.
- Exposición a condiciones que superen las especificaciones de rendimiento publicadas.
- Filtraciones de agua que no emanen de un defecto de fabricación, de los materiales o de la mano de obra.
- Condensación.
- Mantenimiento inadecuado, como el uso de lavado de ladrillos, paletas de metal, selladores, lijado o lavado incorrecto.
- Químicos o contaminantes aéreos, como la sal o la lluvia ácida.
- Entrega a cargo de terceros.
- Accidentes.
- Casos de fuerza mayor.
- Uso y desgaste normal.

Otros elementos que se excluyen de esta garantía limitada:

- Mano de obra para reemplazar hojas o paneles de la puerta, vidrios u otros componentes.
- Mano de obra y otros costos relacionados con la extracción y eliminación de un producto defectuoso.
- Mano de obra y materiales para pintar o teñir cualquier producto, componente, contramarco u otro elemento de carpintería reparado o reemplazado que se pueda requerir.
- Productos no fabricados por Andersen.
- Ligera curvatura del vidrio, pequeños rayones u otras imperfecciones en el vidrio que no afectan la integridad estructural ni entorpecen considerablemente la visión normal.
- Ruido de las barras de la rejilla en un espacio de aire.
- Decoloración o corrosión de los acabados de los herrajes.
- Vidrios especiales. Comuníquese con nosotros para obtener información sobre la garantía limitada de los vidrios especiales.
- Herrajes con acabados en latón brillante y níquel satinado.
- Viajes por mantenimiento para proporcionar instrucciones para el uso del producto.
- Puertas y ventanas complementarias Andersen® de la Serie A, Serie 400, Series 200; ventanas con protección Stormwatch® y vidrio resistente a impactos; ventanas y puertas de la Serie 100 fabricadas antes de o el 27 de diciembre de 2012, contrapuestas, productos renovados por Andersen®, ventanas y puertas de la Serie E/Eagle®, puertas y ventanas Silver Line® y puertas y ventanas American Craftsman® tienen su propia garantía limitada y no están cubiertas por esta garantía limitada. Para obtener información sobre la garantía de estos productos, por favor refiérase a las garantías específicas para estos productos. Las garantías están disponibles con su distribuidor o en www.andersenwindows.com.

Cómo debe registrar su garantía limitada Owner-To-Owner®

Andersen ofrece un registro rápido y sencillo de su garantía a través de nuestro sitio web. Visite www.andersenwindows.com/warranty y envíe su información de garantía en línea. Toda la información de garantía se tratará de manera confidencial y jamás se venderá ni comercializará a ninguna persona u organización ajena a Andersen Corporation y a la red de distribuidores de Andersen.

Registro en línea FÁCIL

Cómo obtener ayuda

Para obtener más información o para realizar un reclamo dentro del plazo de cobertura de la garantía limitada, comuníquese con el distribuidor/vendedor de Andersen que le proporcionó su producto Andersen®. Si no está disponible o si usted no lo conoce, puede comunicarse con nosotros:

Andersen Windows, Inc. / Andersen Service Center
100 Fourth Avenue North
Bayport, MN 55003-1096

También puede comunicarse a través de la sección de atención (Service) de nuestra página web en www.andersenwindows.com o llamando al 1-888-888-7020.

Usted puede ayudarnos a asistirlo más rápidamente si incluye la siguiente información:

- Una descripción del producto, incluidos: el color exterior, el tipo y tamaño de la unidad y las medidas del vidrio interior visible.
- Información de la etiqueta de identificación del producto.
- La información del logo del vidrio que aparece grabado en la esquina interior del vidrio.
- Una descripción de los problemas del producto.
- La documentación de la fecha de compra, si la tiene.
- Su nombre y dirección (con código postal) donde está instalado el producto y números de teléfono.

Si el período de la garantía limitada ha vencido o en caso de reparaciones que la garantía no cubre, puede comprar las piezas de reemplazo. En caso de que la cobertura de la garantía no esté clara, Andersen podrá cobrar un gasto por inspección para cualquier inspección de producto en el lugar donde está instalado. Si el inspector determina que el producto Andersen® tiene un defecto que está cubierto por esta garantía limitada, no se cobrará el gasto por inspección.

Para obtener información específica sobre la garantía fuera de los Estados Unidos, comuníquese con su distribuidor local o escriba a:

Andersen Corporation / International Division
100 Fourth Avenue North
Bayport, MN 55003-1096 USA

Description Of Proposed Work.

Applicant proposes the following modifications to the exterior of 114 Princess Street. Build the front left corner of the house by 4'6 with brick. Enlarge, add, and replace all windows in the home, and replace/add exterior doors (front, side, and back of home). All Doors and windows will meet established design guidelines. In addition, applicant proposal includes the addition of a 4th floor with balcony and stairway access to a roof deck. Last, applicant requests to paint or whitewash exterior of their home to a white color.

Similar approvals in the neighborhood (see Photos)

107 Princess – Whitewash brick

101 Queen – Also recently approved to paint.

422 N. Union- 4th floor addition with balcony and exterior stair access to roof deck.
