Statement of Interest (Do not include personal information such as phone numbers, addresses, emails, etc.)

I am writing to express my interest in serving on the Alexandria Redevelopment and Housing Authority (ARHA) Board of Commissioners. As a committed resident and community leader, I have witnessed firsthand the challenges and opportunities within public housing. I believe my lived experience, leadership, and dedication to advocacy make me a strong candidate to contribute to the Board's mission of providing safe, affordable housing while fostering stability, dignity, and opportunity for all residents. My service as a resident leader has given me the ability to listen, communicate, and advocate effectively on behalf of my community. I have organized meetings, collaborated with city officials, and worked with residents to address issues such as housing conditions, relocation, and resident services. Through these experiences, I have developed a strong understanding of the importance of transparency, accountability, and resident engagement in decision-making. I am particularly passionate about ensuring that residents' voices are heard and included in shaping policies that impact their daily lives. As Commissioner, I would bring both a resident's perspective and a solutions-focused mindset to help bridge the gap between ARHA leadership and the families we serve. My goal is to support strategies that improve housing quality, strengthen communication, and create pathways for families to thrive. Serving on the ARHA Board of Commissioners would allow me to continue my commitment to advocacy while working collaboratively with my fellow commissioners, staff, and community partners. I am dedicated to advancing equity, protecting resident rights, and ensuring ARHA continues to be a leader in affordable housing and community development. Thank you for considering my application. I would be honored to serve as a Commissioner and contribute to building a stronger, more inclusive future for all ARHA residents. Statement of Interest (Do not include personal information such as phone numbers, addresses, emails, etc.)

My name is Chelsea Sellars, a resident to Alexandria, business owner in Alexandria and Extension Master Gardener serving Alexandria. I am always looking for new and unique ways I can support my city and community both as a resident and a business owner. Due to my passion for native plants and conservation landscaping, I feel that serving on the Alexandria Beautification Commission would be a wonderful way for me to give back to the community. Beauty in our city is important, but when it comes to landscaping and gardening, beauty cannot be our only focus for our city. My passion for native plants and conservation landscaping came with the knowledge of understanding how our landscaping and gardening techniques over the last one hundred years has only focused on beauty. Now, we are dealing with stormwater runoff issues degrading our Chesapeake Bay Watershed, invasive non-native plants escaping cultivation and replacing our necessary native plants in our natural areas and forests, and how these changes are creating a decline in our ecosystem through the loss of crucial insects, pollinators, fish, shellfish, aquatic plants, trees, and more! I believe that we can keep our city beautiful as well as bring purpose and crucial life to it. My mission as a conservation landscape designer and advocate for native plant restoration efforts is to help our residents of Alexandria understand the importance of removing invasive plants, planting natives, supporting our ecosystem here, and doing so while also seeing the beauty that these landscapes can provide. I would like to bring my knowledge and expertise in the area of landscape design focused on conservation and native plants to be able to serve the mission of the Alexandria Beautification Commission and to help educate our residents even more around these topics. I do hope you consider my application seriously as I would love the opportunity to take what I am passionate about and share it with our Commission, City Council and all Alexandria residents.

Educational Background

MBA, UCLA Anderson School of Management and Dual BS, Business Management and Natural Resources Management from University of Utah

Summary of Work and Experience

I spent 15 years working in marketing and strategy when I came across the Extension Master Gardener program for Alexandria/Arlington. As an avid gardener in my spare time, I decided to take the program to learn more and to give back to my community. My first two years as an EMG were spent working with children in our public schools and teaching them the basics of gardening, growing food and the importance of native plants. I started receiving requests from parents to come to their homes and help them design and install native plant and vegetable gardens. I fell in love with the work and decided to start my own company. I believe we can bring not just beauty to our outdoor spaces but also purpose, where we support our environment and ecosystem while also producing delicious and organic food! I also love to teach, so helping others learn about conservation landscaping, gardening with natives and the impact they can make just in their own yards, brings a true purpose to my life. I hope I can continue to do this through serving on the Commission.

Statement of Interest (Do not include personal information such as phone numbers, addresses, emails, etc.)

I am seeking reappointment to a second term on the Commission on Information Technology to continue the work we have advanced during my current term, including my service as Chair. Over the past term, the Commission has strengthened its focus on emerging technology governance advisement, AI policy considerations, digital equity, open data, and long-range technology strategy in support of the City's residents and ITS operations. I would welcome the opportunity to continue building momentum in these areas. My professional background in information systems, data analytics, and AI policy, combined with experience in academic leadership and public service, allows me to contribute both technical depth and strategic perspective. I am especially committed to ensuring that the City's technology initiatives balance innovation with transparency, accountability, and equitable access. It has been a privilege to serve, and I would be honored to continue contributing to the Commission's work in a second term.

Have you ever served the City of Alexandria in any capacity?

Educational Background

PhD in Information Systems (Auburn University) MBA, Columbus State University MS, Public Relations and Organization Communications, Kansas State University BS, Mass Comm., Middle Tennessee State University

Summary of Work and Experience

I am an Associate Professor of Computer Information Systems and Business Analytics at James Madison University, where I teach and conduct research in information systems, data analytics, cybersecurity, and artificial intelligence. I have held academic leadership roles, including department chair, and regularly engage with industry and public-sector partners on issues related to digital infrastructure, emerging technologies, and governance. I am currently a Fellow with the Digital Statecraft Academy at the University of Cambridge, where my research focuses on AI governance, digital infrastructure, and public policy implications of emerging technologies, particularly AI. This work aligns closely with municipal considerations surrounding AI adoption, data governance, and responsible innovation. In addition to my academic role, I currently serve as Chair of the City of Alexandria Commission on Information Technology, where I have helped guide discussions on AI policy, digital equity, open data, and long-range technology strategy. Additional details regarding my professional experience, publications, and service are provided in the attached CV.
