Interests & Experiences

Statement of Interest

I support the City's goal of making our streets safe and convenient for "all users, including pedestrians, bicyclists, riders and drivers of public transportation, as well as drivers of other motor vehicles". To that end, I think that the Traffic and Parking Board's role is to carefully review City proposals to improve safe access to our streets for all users and to consider input from residents on the proposals. While traffic (and all that entails) is an important function of the board, I also believe that parking and how we manage that resource is an important part of the overall use of our streets. As we strive to make the streets safer, we need to be aware that there are increasing demands on how we should handle curbside management to include parking for vehicles, loading zones for pickups and drop-offs, bicycle and scooter parking and to ensure that these uses don't interfere with safer streets. By serving on the Traffic and Parking Board, I believe that I can continue to help support safer streets for our citizens (and visitors) and to continue to give back to the community. In addition to representing the Traffic and Parking Board on the Transportation Commission, I have also served on subcommittees that reviewed the 72-hour parking ordinance and the Residential Parking Program refresh.

Dear Mayor and City Council, As I now am set to complete my second term on the Commission for the Arts, I would like to reapply for a final third term (and serve as now the second most senior member of the Commission). I continue to serve as chair. I also serve on the West End Transitway Public Art Task Force and Del Pepper Community Resource Center Public Art Task Force. While on the Commission, I have learned a great deal about how Alexandria helps fund and commission wonderful art in many disciplines to residents and visitors, and helped review public art and grants for arts organizations as all members of this Commission do. I hope that I can continue this work for another term, with your approval. Sincerely, Brian Kelley

Statement of Interest

Motivated by lived experience and a strong academic and professional background, I am eager to contribute my expertise to the Alexandria Community Criminal Justice Board. My Qualifications: Lived Experience: My personal experiences with the criminal justice system have given me a unique understanding of its strengths and weaknesses. This perspective will be invaluable in advocating for reforms that truly serve the Alexandria community. Academic Background: I earned a law degree in 2021 with an emphasis on constitutional law and undergraduate studies in criminal justice with a minor in psychology. This knowledge base will allow me to contribute thoughtful analysis and policy recommendations. Government and NGO Experience: I possess over 10 years of experience working within the criminal justice system, including Government roles (e.g., jail corrections officer, police officer, and case manager at parole/probation) and with non-government agencies focused on building direct services and criminal justice reform. This experience has equipped me with the skills necessary to navigate the complexities of the system and collaborate effectively with diverse stakeholders. One notable achievement was working with a NGO in Chicago and expanding a youth mentorship program from vacancy to capacity and being recognized as one of the top mentorship programs in the state. Commitment to Growth and Service: I believe serving on the Board would provide me with a valuable opportunity to learn from experienced members and further my understanding of criminal justice issues in Alexandria, particularly prevention and reentry. My dedication to public service extends beyond this board. I am committed to representing the Alexandria community and advocating for positive change, potentially through future political endeavors.

Interests & Experiences

Statement of Interest

I believe that every individual deserves equal opportunities and support to thrive, regardless of their background or circumstances. I also believe that a thriving community leads to a flourishing city. As a recent resident of Alexandria City who has been warmly embraced by the community, I am eager to reciprocate that kindness by supporting and uplifting my less fortunate neighbors. To put it mildly, living in this city can be financially challenging. I say this as someone with no children, no debt, and a job that affords me the ability to exist somewhat comfortably in the area. My time as a Ph.D. student, however, was not nearly so comfortable; I experienced 'life on the other side', and understand how difficult it can be without assistance. One of my roles in graduate student government was to compel the university to provide substantial annual funding to an on-campus food pantry, as many of their graduate students and employees were food insecure. All of this is to say that I am deeply interested in lifting up my community, and I believe service to the Alexandria City government is a pathway to that goal.
