Citizen

Do you currently live in the City of Alexandria? NOTE: If your answer is no, a residency waiver is required for positions that are not specific to an organization or profession.

Yes

How long have you lived in Alexandria?

2.5 years

Statement of Interest (Do not include personal information such as phone numbers, addresses, emails, etc.)

My name is Marcos Bernier, and I am a part-time public policy graduate student and full-time management consultant who has been a resident of the Braddock Metro neighborhood for over two years. In this time, I have gone from being a lifelong car driver to becoming an alternative- transportation enthusiast; I walk, bike, or take public transit for every trip in the DC metro area. Since March 2024, I have also served on the DASH Advisory Committee where I collaborate with a diverse group of residents to represent the interests of riders by advocating for improvements in service, customer experience, and community outreach. Through this role, I work with DASH leadership and local and regional authorities on decisions that affect DASH and the regional transit ecosystem. As a prospective member of the Traffic and Parking Board, I bring to the table the perspective of an Alexandrian who lives, works, and moves through our streets without a car yet remains directly impacted by the city's traffic and parking policies. My experiences give me a firsthand view of how traffic-flow decisions, parking regulations, and emerging mobility options can affect safety, accessibility, and quality of life for many residents. I am eager for the opportunity to work with board members and city staff to gather input from the community and craft solutions to the most pressing problems regarding traffic and parking in our city. I look forward to contributing my own perspectives on how to best shape our traffic and parking policies to ensure the city's continued sustainability, livability, and mobility for residents and visitors alike. Thank you for your consideration. If you have questions or require more information, please feel free to contact me.

Have you ever served the City of Alexandria in any capacity?

No

Have you ever attended a meeting of the Board or Commission for which you are applying?

Yes

Are you now paid by the City of Alexandria?

No

Do any of your immediate relatives or business associates now serve the City of Alexandria in any capacity?

No

Attendance Requirements: Sec. 2-4-7 of the City Code requires appointees to attend at least 75% of the yearly committee meetings. Absences may be excused because of personal illness or serious illness of members of the immediate family, death of a family member, unscheduled business trips and emergency work assignments only. All other absences are recorded as unexcused. In light of the aforementioned statement, will you be able to attend at least 75% of the regular meetings of the board which you may be appointed?

Yes

If applicable, will you comply with the provisions of the City's conflict of interest requirements in City Ordinance 2867 regarding the completion of a financial disclosure statement?

Yes

Educational Background

I am currently pursuing a Master's in Public Policy with a focus on Transportation and Urban Policy from George Mason University in Arlington. I expect to finish my studies in May 2027. I hold a Bachelor's of Science in Computer Science from the University of Oklahoma. I received my degree in May 2023.

Summary of Work and Experience

Over the past 2.5 years I have specialized in workforce planning and strategic development for both the government and nonprofit sectors—designing and executing talent-gap analyses, aligning workforce composition with organizational strategy, and crafting operational roadmaps to drive organizational transformation and capacity growth. Additionally, I serve as a member of the DASH Advisory Committee, where I advocate for rider interests to DASH and state/local leadership. Prior to these engagements, I spent 4 years in information technology at the University of Oklahoma, where I maintained classroom technology and served as a system administrator for the hundreds of computer lab machines distributed across the main campus.

How long have you lived in Alexandria?

29 years

Statement of Interest (Do not include personal information such as phone numbers, addresses, emails, etc.)

I hold masters degrees in architecture and education. My architectural masters thesis was entitled "On Layering Motion" - the project incorporated sidewalks, bike lanes, residences and a parking garage centered around the Amtrak station in Charlottesville, Virginia. I am currently working with ACPS as a Bike Buddies volunteer and co-lead the Naomi Brooks Bike Bus. In addition to training in architecture which included urban planning classes, I am a huge urban design nerd. Some of my favorite urban planning books include Walkable City Rules by Jeff Speck, City Comforts by David Sucher, The Geography of Nowhere by James Howard Kunstler and The High Cost of Free Parking by Donald Shoup. I am a Shoupista from way back and my copy of Walkable City Rules is dog-eared and bookmarked with favorite passages. I love our city and have called it home for 29 years. One of the best parts of living here is bumping into friends when I'm on foot, riding my bike or taking the Dash bus or Metro. It would be an honor to serve on the Traffic and Parking Board.

Have you ever served the City of Alexandria in any capacity?

Yes (Please explain), Biking in the Schools Volunteer, TAG Committee member for ACPS School Board

Have you ever attended a meeting of the Board or Commission for which you are applying?

Yes

Statement of Interest (Do not include personal information such as phone numbers, addresses, emails, etc.)

I am applying to continue serving as a citizen member of the Alexandria Traffic and Parking Board. I have served for nearly two terms on the Traffic and Parking Board and am proud of all that we have accomplished. Over this time, we have reviewed, discussed, and approved many changes to make the City of Alexandria safer, more accessible, and socially healthy. For example, we recommended a number of speed limit reductions, no turn on red restrictions, and requests to expand residential parking districts in response to resident needs. I have been excited to be a part of moving forward many important corridor improvement projects, including on Mill Road, Metro Road, and Sanger Avenue. The Traffic and Parking Board plays an important role in evaluating and applying the data staff research to inform changes, as well as hearing requests, comments, and appeals from residents across the city who are affected in a very real way by the changes we recommend to the Director of T&ES or City Council. Our actions are important because they affect how people get around the City. I have greatly appreciated being able to work with staff and hear from so many residents in written and oral comments, as well as through the surveys and from stakeholder groups that represent communities or common causes. As evidenced by my engagement and votes during my time on the Board, I hope to continue furthering the City's objectives as they relate to Alexandria's Mobility Plan, Complete Streets, and Vision Zero.
