Rezoning Considerations

- **Advances Small Area Plan goals**
 - ▶ SAP anticipates office-to-residential conversions
 - ▶ Conversions identified as innovative housing solution
 - ▶ Increased residential square footage envisioned in the area's mixed-use core
- **Reduces regulatory noncompliance**
 - ▶ Proposed zone reduces degree of FAR noncompliance
 - ▶ Building and use would comply with all other zoning requirements

SUP#2025-0049

SUP/ENC Considerations

- **Use would be compatible with surroundings**
 - ▶ Increased residential presence achieves better balance with surrounding mix of uses and supports nearby retail
 - ▶ Potentially lower impact than existing office use (fewer building users)
 - ▶ Existing building preserved so no impact to neighborhood character
- **Encroachments would provide benefits**
 - ▶ Street-level aesthetics
 - ▶ Open space for future residents provided on balconies
 - ▶ ROW use and function uninhibited

SUP#2025-0049

Other Considerations

- **Voluntary housing contribution**
 - ▶ Based on office-to-residential conversion policy, applicant would voluntarily contribute \$95,000 to the Housing Trust Fund

SUP#2025-0049

**Staff and the Planning Commission
recommend approval of Rezoning
#2025-00005, Special Use Permit
#2025-2025-00049, and
Encroachment #2025-00006.**
