GENERAL NOTES TO THE APPLICANT

1. **ISSUANCE OF CERTIFICATES OF APPROPRIATENESS AND PERMITS TO DEMOLISH:** Applicants must obtain a copy of the Certificate of Appropriateness or Permit to Demolish PRIOR to applying for a building permit. Contact BAR Staff, Room 2100, City Hall, 703-746-3833, or preservation@alexandriava.gov for further information.
2. **APPEAL OF DECISION:** In accordance with the Zoning Ordinance, if the Board of Architectural Review denies or approves an application in whole or in part, the applicant or opponent may appeal the Board's decision to City Council on or before 14 days after the decision of the Board.
3. **COMPLIANCE WITH BAR POLICIES:** All materials must comply with the BAR's adopted policies unless otherwise specifically approved.
4. **BUILDING PERMITS:** Most projects approved by the Board of Architectural Review require the issuance of one or more construction permits by Department of Code Administration (including signs). The applicant is responsible for obtaining all necessary construction permits after receiving Board of Architectural Review approval. Contact Code Administration, Room 4200, City Hall, 703-746-4200 for further information.
5. **EXPIRATION OF APPROVALS NOTE:** In accordance with Sections 10-106(B) and 10-206(B) of the Zoning Ordinance, any official Board of Architectural Review approval will expire 12 months from the date of issuance if the work is not commenced and diligently and substantially pursued by the end of that 12-month period.
6. **HISTORIC PROPERTY TAX CREDITS:** Applicants performing extensive, certified rehabilitations of historic properties may separately be eligible for state and/or federal tax credits. Consult with the Virginia Department of Historic Resources (VDHR) prior to initiating any work to determine whether the proposed project may qualify for such credits.

BAR #2021-00019
401 Duke Street

I. APPLICANT'S PROPOSAL

The applicant is requesting approval of a pergola on the west elevation of the house facing the patio at 401 Duke Street. The pergola will measure 5' 8" long by 4' 8" deep and will fill in the 4' 8" inset on the side of the house. The pergola will be painted after it is constructed.

II. HISTORY

The two-and-one-half story, Federal Style, gable-roofed masonry house with rear ell was built in 1997 according to plans approved by the Board of Architectural Review on October 2, 1996 (BAR Case#96-173). The Board also approved alterations to the plans on December 18, 1996 (BAR Case#96-280). The BAR approved the installation of slate on the dormer sides in 2001 (BAR#2001-00306).

III. ANALYSIS

The pergola is well designed and creates an inviting outdoor space for the homeowners. The *Design Guidelines* does not contain a chapter on outdoor features such as pergolas, trellises or arbors but staff finds the proposed pergola to be modest and compatible with this late 20th century home. Staff recommends approval of the application, as submitted.
