Serving on the Traffic and Parking Board in Alexandria, VA, offers a unique opportunity to actively contribute to the improvement of local transportation infrastructure and address the pressing issues related to traffic and parking management. As a board member, you would play a crucial role in shaping policies that aim to enhance the efficiency of traffic flow, alleviate congestion, and create safer and more accessible roads for residents. Your commitment to serving on this board demonstrates a genuine dedication to the well-being of the community, as you strive to make meaningful contributions to the city's mobility and transportation planning. Additionally, serving on the Traffic and Parking Board allows you to engage directly with residents, businesses, and other stakeholders to understand their concerns and perspectives regarding traffic and parking issues. By actively participating in decision-making processes, you can advocate for practical solutions, contribute to the development of innovative strategies, and foster a collaborative environment that prioritizes the needs of Alexandria's diverse population. Your service on the board becomes a platform to influence positive change, promote sustainable transportation practices, and ensure that the city's traffic and parking policies align with the evolving needs of the community.

## Interests & Experiences

## Statement of Interest

---

Dear City of Alexandria: I am interested in volunteering for the City of Alexandria as a member of the Traffic and Parking Board. Since moving to Alexandria I have been a strong advocate for safe, effective, and accessible transportation for all people moving in Alexandria. I believe that I can help Alexandria accomplish its goals for mobility, transit, bicycle parking, and safety by volunteering as a member for the Traffic and Parking Board. Since moving to Alexandria, I have worked with Alexandria Families for Safe Streets to advocate for safe and effective designs for our streets. I urged city staff to recommend a roundabout redesign for the Mount Vernon North Complete Streets project, because that redesign will help address traffic problems at that location as well as improve the safety for pedestrian and bicycle users. That project is expected to be presented before the Traffic and Parking Board this upcoming spring. As a Board member for Alexandria Families for Safe Streets, I represented interested residents and users in favor of the Duke Street in Motion project. I worked with other members to encourage the City to adopt separated bus lanes, a complete bike lane, and safe and enjoyable pedestrian infrastructure for users on the Duke Street in Motion project. I believe that the project is an important step towards addressing the significant traffic and safety concerns for users of the Duke Street Corridor. Most recently, I advocated for good bicycle and pedestrian infrastructure as part of the Taylor Run redesign. I urged the city staff to address the safety concerns of users, and highlighted potential conflicts between users in some of the proposed redesigns under consideration. At the City of Albuquerque, I served the citizens and public officials by helping formulate effective policies and ordinances. I researched tax and policy initiatives, assessed the financial feasibility of municipal and construction projects, and helped the city to communicate with and listen to our constituents. My success depended on the ability to reconcile competing policy goals and diverse community perspectives together into effective municipal policy and planning actions. I'd love to bring my experience, training, and my passion for public service as a volunteer on the Traffic and Parking Board. I believe that good transportation and parking design is an important step to improving the safety, convenience, and enjoyability of people within the City of Alexandria. Mobility, safety, and access are important priorities that the Traffic and Parking Board helps the City to implement in its streetscape effectively. Sincerely, Dane Lauritzen

### Statement of Interest

---

I am writing to express my interest in contributing to the decision-making processes that impacts Alexandria's traffic and parking conditions. As a resident of Alexandria for the past 11 years, I have lived in three distinct neighborhoods across our beautiful city, gaining a comprehensive understanding of the local traffic and parking challenges. Having commuted to a neighboring city for work during rush hour and currently owning a mobile professional business, I understand the unique challenges our historic city faces as it continues to develop and am deeply invested in ensuring the continued excellence of our historic city. My commitment to Alexandria is demonstrated through my roles as a small business owner, a speech-language pathologist, and an active participant in neighborhood leadership and organization. I am passionate about making Alexandria an even better place to live and am ready to take on a larger role in our community. I am confident that my skills and experience would be valuable assets to the traffic and parking board.

## Interests & Experiences

## Statement of Interest

---

I am seeking appointment to the Traffic and Parking Board because I believe I would bring an important perspective to ensuring that the board continues to receive and consider input from all stakeholders, including diverse and underrepresented communities. I have been an Alexandria resident since 2014, and the many strengths of this community have made it an ideal place for my family to set down roots and raise our two school-aged children. I appreciate the City's staff and infrastructure to engage with residents—through mechanisms like town halls and 311, which my family has frequently used—but also through resident participation models like the Traffic and Parking Board. In my time as an Alexandrian, I've closely followed transportation and parking related issues, such as the Vision Zero Action Plan and Transit Vision Plan, and appreciate the City's data-driven approach that also considers resident input. Through my involvement as a proud Patrick Henry K-8 School parent, conversations with neighbors, following City projects, and past work representing immigrant trauma survivors, I've learned that safe and reliable ways to move throughout our community—by car, bus, bike, scooter, or on foot—are important options that should be available to everyone. As a multimodal transit user who regularly drives, bikes, walks, and rides the bus, I experience the strengths and areas for improvement in Alexandria's transportation sector daily. As a mom to a six year old and a sixteen year old, I want our streets and sidewalks to be safe, not just for my children, but for all residents. I am seeking an appointment to the Traffic and Parking Board to further serve this community that I love, and to contribute to decisions regarding multimodal safety, an issue that has been important to me since I was a child and lost a friend who was fatally hit by a driver while riding his bicycle. I believe my experience engaging with diverse communities would be a positive contribution to the board. Foremost among Alexandria's strengths is our thriving and growing diversity. I appreciate the City's outreach efforts to solicit input from all community members, and to meet them where they are at. I believe I am well equipped to contribute to that effort if appointed to the Traffic and Parking Board. I know how critical it is for policy decisions to consider all stakeholders. I worked for a decade as a bilingual nonprofit immigration attorney, much of that time at the Tahirih Justice Center, a national nonprofit that served the Northern Virginia and Greater DC region. I directly represented immigrant survivors of gender-based violence and later took on a national leadership role in directing interdisciplinary legal and social services at Tahirih's offices in five cities across the country. I experienced firsthand how important it is for policy makers and service providers to hear from all stakeholders to avoid decisions that have a disproportionately negative impact on underserved or underheard communities. Since 2021, I have worked as a policy analyst in the federal government, where I work on humanitarian immigration policy, including novel initiatives that require significant inter-Agency and international collaboration. In that work, I regularly engage with stakeholders; review, summarize and carefully consider diverse stakeholder comments on proposed rules; analyze data; draft policy guidance affecting large populations of stakeholders. This experience makes me well equipped to serve the important work of the Traffic and Parking Board. Although my professional career has been almost entirely in public service, I also believe in the importance of public service outside of work. I currently serve as the vice president of the Patrick Henry PTA, vice president of the Wakefield-Tarleton Civic Association, and on the DASH Advisory Committee. In each of these roles, I take seriously the importance of listening to the questions and concerns of Alexandrians, asking questions that need to be asked, and making decisions that serve the common good. As a thriving and growing City, there are many important decisions that lay ahead regarding transportation, traffic, and safety. I know firsthand how important safe, reliable transportation—regardless of mode— is to everyone, and how important it is to ensure that as a community we approach decisions with an open ear to resident input, while also keeping a keen eye to who would be impacted and whose voices may not be heard. If appointed, it would be my honor to serve the community as a member of the Traffic and Parking Board.
