# **1007 Oronoco Street Subdivision**

# Subject Site and Context

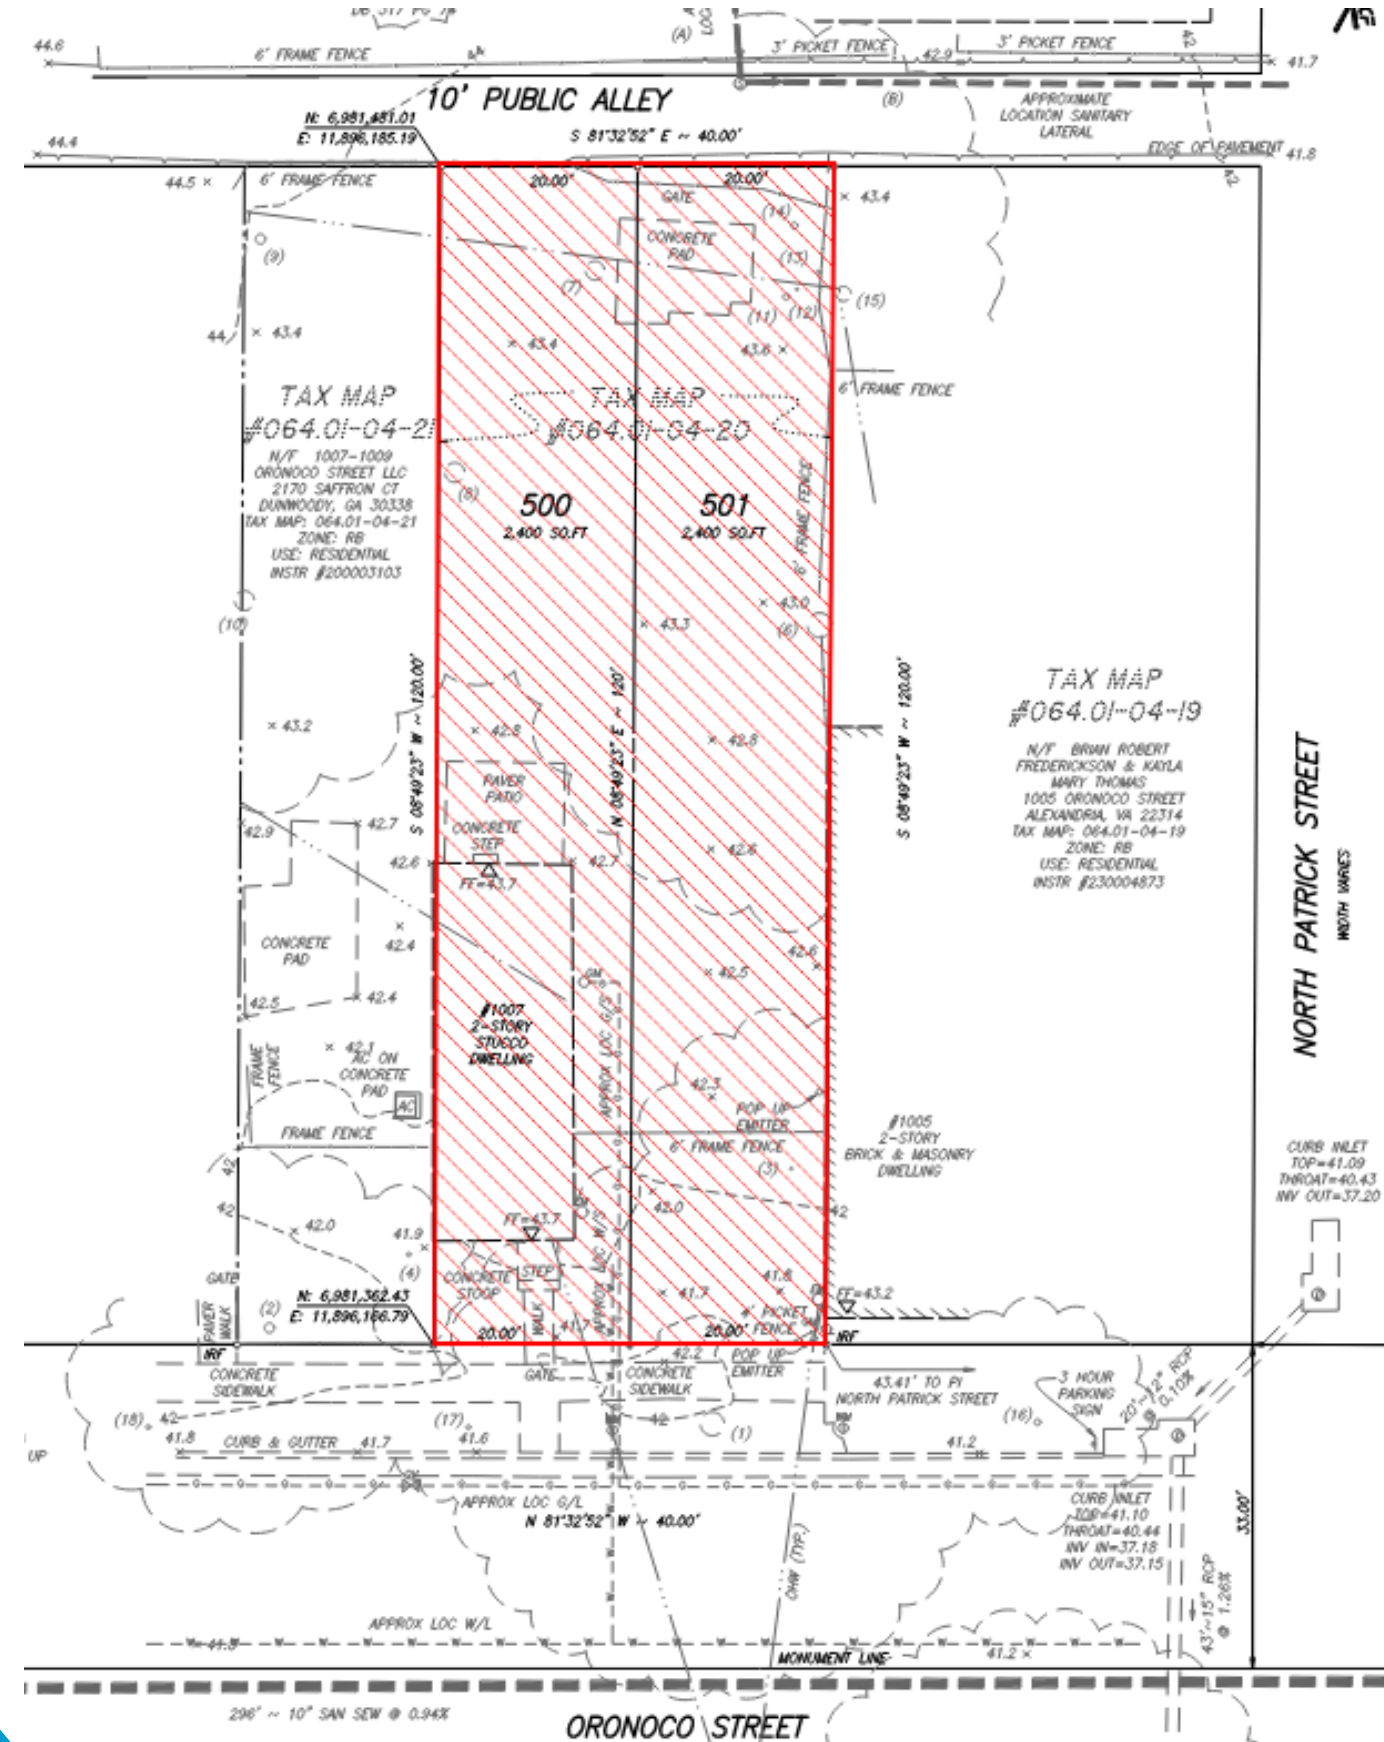

- ▶ Zoned RB and surrounded by townhouse, two-unit, and single-unit dwellings

1007 Oronoco Street

# Existing Lot Configuration

1007 Oronoco Street

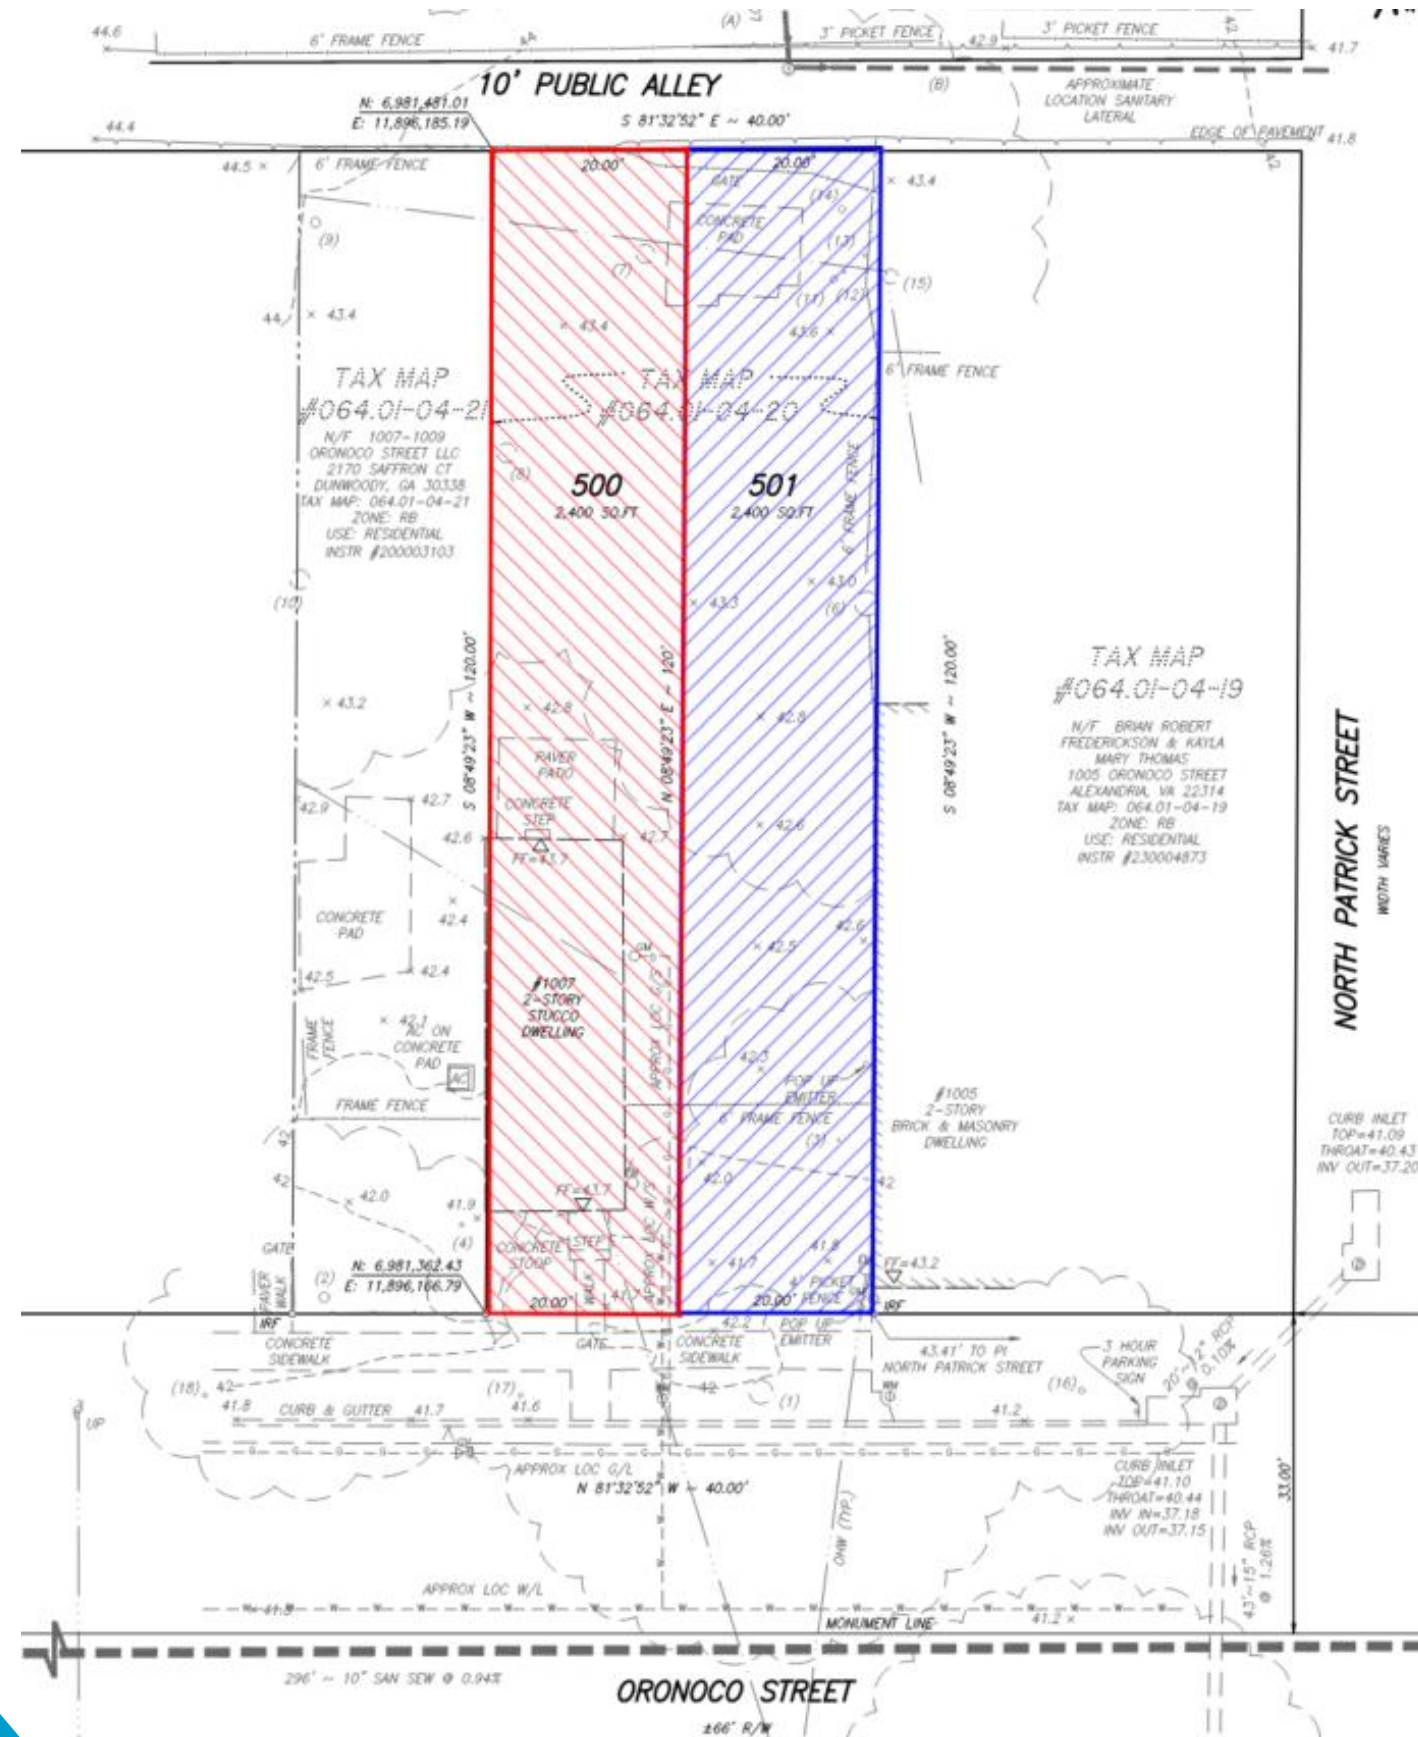

# Proposed Lot Configuration

Applicant requests to re-subdivide to create two new lots (500 and 501)

Lot 501 would not meet the minimum lot size requirements because the neighboring dwelling at 1005 Oronoco Street encroaches on Proposed Lot 501

Lots would be rectangularly shaped, both with adequate width and frontage for the RB zone

Lot 501 would not meet the technical lot size requirement

1007 Oronoco Street

# Variation Standards

- Strict application would result in substantial injustice by precluding any subdivision of the property
- Land use purposes of lot size upheld
- Consistency with RB zone use provisions
- Consistency with existing development
- Required “special circumstance” exists: lots in subdivisions recorded prior to January 1, 1952, that, because of existing structures, the subdivided lots would not conform to all the requirements of the zone in which the subdivision is located
