## Statement of Interest

Statement of Interest Letter – David M. Pritzker (1) OVERALL EXPERTISE. I am applying for reappointment to the Alexandria Commission for the Arts, based primarily on the totality of my arts experience, which has been substantial, broad, diversified, and long-standing, and has given me an expertise largely focusing on developing and maintaining successful community-based arts organizations. Through most of my 50 years of residence in Alexandria, I have been a member and performer in several performing arts organizations and have also taken on various leadership roles in their governance and management. Although all of this experience has been on a volunteer, non-paid basis, the aggregate of my responsibilities in these positions has included financial management, contracting and communicating with composers for the commission of new works, fundraising activities, applying for and managing grants from City, State, and private sector sources, and partnering with other arts groups and performers. (2) LEADERSHIP. My leadership roles have included 6 years as president of the Alexandria Choral Society (plus many years on its board), the National Concert Band of America (board member for 10 years), and the Alexandria Citizens Band. My Alexandria performing experience also includes Ein Lanu Z'man (Agudas Achim Congregation's band), which has performed for ALIVE's Empty Bowls fundraiser and, over many years, with Musikanten as part of First Night Alexandria. Additional community event participation includes appearances with different groups at Art on the Avenue. I have been a member of the Commission for the Arts for a three-year term. Prior to that position, for many years, I drafted and submitted successful grant applications to both the Alexandria and Virginia Commissions for the Arts, including oral presentations to grant reviewers, so I am very familiar with the processes for administering these programs. I have also been a member and volunteer at the Little Theatre of Alexandria for almost 20 years. (3) PERTINENT LEGAL EXPERIENCE. Supplementing my direct arts experience is my long career as a federal government attorney, including analytical and advisory roles in organization and operation of government agencies. That experience included expertise in dispute resolution processes and problem-solving. For many years, I was a volunteer mediator at the D.C. Superior Court and served on the faculty of the Department of Justice's Legal Education Institute and the Office of Personnel Management Development Centers, where I designed and taught classes on dispute resolution and other administrative law topics. Prior to my retirement from federal service in 2018, I had an opportunity for direct, hands-on experience through a 6-month detail at the Office of the Ombudsman, Consumer Financial Protection Bureau. I am also knowledgeable about Freedom of Information laws and principles, and was appointed by the Archivist of the United States to his FOIA advisory committee, serving in 2015-2018.

## Have you ever served the City of Alexandria in any capacity?

Yes (Please explain), NOVA Regional Park Authority Board (1981-2015); Commission for the Arts (2022-2024); Board of Elections Volunteer (2024)

## Have you ever attended a meeting of the Board or Commission for which you are applying?

Yes

**Are you now paid by the City of Alexandria?**

No

## Statement of Interest

Thank you for the opportunity to present my application for the George Washington Birthday Celebration Committee. I first experienced Alexandria's George Washington birthday celebration events when I was a student at The George Washington University. I was immediately impressed by these fascinating, engaging, and historical events. I would be honored to use my experience to contribute to future George Washington birthday celebrations. Currently, I serve as the Director of Policy Communications for the National Cattlemen's Beef Association (NCBA). Initiated in 1898, NCBA is the oldest and largest trade association representing America's cattle ranchers. As part of my role, I work with the media to promote NCBA's major events including an annual convention and summer business meeting. This has given me an understanding of how to highlight special events to the media and utilize earned media to drive event attendance. Another part of my role is supporting special events happening in Washington, D.C. NCBA frequently hosts agricultural groups, foreign embassies, U.S. government officials, and state and local government officials for a variety of dinners, receptions, and celebrations. From grilling for these events to managing protocol and logistics, this work has given me a bottom-up perspective on managing events from start to finish. Outside of work, I serve as Vice Chair of the Virginia Citizens' Advisory Council on Furnishing and Interpreting the Executive Mansion. This state board oversees the historic furnishings of the Executive Mansion in Richmond. Through this board, I have worked with a variety of stakeholders to tell the story of Virginia's history and identify the necessary artifacts to educate citizens on important aspects of our past. Earlier this year, I was appointed to serve as President of the National Agri-Marketing Association's Chesapeake Chapter. This organization represents agriculture communications and marketing professionals, and as President, I am directing our chapter's events to both provide networking opportunities and strengthen professional development in D.C., Maryland, and Northern Virginia. This has provided another opportunity to sharpen my event management skills, which I hope to bring to the George Washington Birthday Celebration Committee.

Yes

**If applicable, will you comply with the provisions of the City's conflict of interest requirements in City Ordinance 2867 regarding the completion of a financial disclosure statement?**

Yes

**Educational Background**

I graduated from The George Washington University with a Bachelor of Arts degree in Political Communication, minor in Political Science. I graduated a semester early, magna cum laude, and with a presidential academic scholarship. While still in high school, I earned college credits through dual enrollment programs at Hope College and summer programs at Hillsdale College. Currently, I am earning a Certificate in Advanced Ranch Management from the Texas A&M University King Ranch Institute for Ranch Management.

**Summary of Work and Experience**

I currently work for the National Cattlemen's Beef Association, a trade association representing America's cattle ranchers. Previously, I served as a federal contractor supporting the implementation of body-worn cameras at U.S. Customs and Border Protection. Earlier in my career, I worked in the Office of Public Affairs at the U.S. Department of the Treasury. While in college, I gained experience with several internships on Capitol Hill.

## Statement of Interest

I am a wildly creative problem solver and a strategic thinker. I love challenging the status quo. My community is very important to me and I want to be part of something where I can return the support I have received here in Alexandria. Every organization must continue to incorporate diverse perspectives and methods or risk obsolescence. I am a firm believer that a variety of experiences and perspectives creates a better outcome for all. I am passionate about women's issues, inclusive economic development, and social justice. I do strongly believe that business and corporations have the same responsibilities as citizens to participate and care for other members of society and the environment and that those actions can still lead to profitability.

## Summary of Work and Experience

I am currently the Direct of Development for the Democratic Attorneys General Association. I am responsible for managing our largest fundraising line item, the Business and Law Council Partnership program, personally securing over \$7.5 million for the 2024 election cycle through annual partnership dues and special events. Individually, I brought in 10 new partners in 8 months and bumped up four more generating an additional \$1M in new revenue. The team I lead raised an additional \$3 million in partnership and sponsorship revenue. I am motivated by metrics and understand the importance of tracking and proof of performance. When our programming has unexpectedly exceeded costs, I have found creative opportunities for funding and leave nothing unexplored. I excel in unconventional situations.

## Statement of Interest

I am writing to express my interest in joining the Public Health Advisory Commission for the City of Alexandria. As a resident, I have observed the health challenges our community faces, and I am motivated to learn more about these issues and explore how I can contribute to effective solutions. My professional background in public health, combined with a deep commitment to health equity, health literacy, and improving health outcomes, inspires me to serve in this capacity. While my direct work in Alexandria is just beginning, I have extensive experience in public health across the DMV region and other areas in the United States. As the founder and CEO of Smart Public Health Consulting (SPHC), I have collaborated with diverse communities, local organizations, and healthcare providers to address health disparities and enhance access to culturally appropriate healthcare resources. My efforts have focused on empowering underserved populations and ensuring that all individuals have the tools and knowledge they need to make informed health decisions. My passion for health literacy was ignited during the COVID-19 pandemic, where I saw firsthand the need for clear, accessible communication. This led me to establish SPHC to help bridge gaps in health understanding and promote equitable access to care. By joining the Public Health Advisory Commission, I hope to bring my experience to Alexandria, working alongside Commission members to develop impactful policies and initiatives that will improve the health of all residents. I look forward to learning more about Alexandria's unique challenges and finding ways to apply my expertise to address them effectively. My priority is to listen and understand before offering direction, ensuring that the solutions we develop are truly reflective of the community's needs. Thank you for considering my application. I am enthusiastic about the chance to serve and make a positive impact in our city.

## Statement of Interest

I am writing to express my interest in serving on the Alexandria Sister Cities Committee. With my background in international affairs, language proficiency, and experience in policy and intercultural exchanges, I am confident that I can make a valuable contribution to the committee's mission of fostering educational and cultural exchanges between Alexandria and its sister cities, Dundee, Scotland, and Helsingborg, Sweden. In my current role as a Policy Aide at the Fairfax County Office of Chairman Jeffrey C. McKay, I have gained extensive experience in coordinating community outreach and public engagement initiatives. My work often involves collaborating with diverse groups and stakeholders to develop policy recommendations and community programming, which has strengthened my organizational, communication, and cross-cultural skills. Additionally, I hold a Bachelor's degree in International Affairs and Modern Foreign Languages (German concentration) from James Madison University. My academic background, combined with my language proficiency in German and intermediate skills in Spanish, has equipped me with a deep understanding of global perspectives and intercultural communication. I am particularly passionate about fostering understanding and collaboration across cultures, as demonstrated by my volunteer work with the Congress-Bundestag Youth Exchange (CBYX) program. I have led group discussions on intercultural themes and coordinated group flights for U.S. students participating in the exchange, as well as participated in significant events such as the program's 40th anniversary at the Library of Congress. Serving on the Sister Cities Committee would allow me to continue my commitment to promoting cross-cultural exchanges and community engagement. I believe my experience in international relations and policy, combined with my enthusiasm for Alexandria's global connections, make me well-suited for this role. Thank you for considering my application. I would welcome the opportunity to contribute to the ongoing success of Alexandria's Sister Cities program.

**Summary of Work and Experience**

I am an experienced international relations and policy professional with a strong background in intercultural exchanges, community outreach, and public engagement. My passion for fostering global connections began early, with my participation in the Congress-Bundestag Youth Exchange (CBYX) program during high school. This full-year exchange program gave me the unique opportunity to live in Germany, where I attended a local high school, immersed myself in the culture, and became proficient in the German language. This formative experience fueled my interest in international affairs and deepened my understanding of the importance of cross-cultural communication. Currently, I serve as a Policy Aide at the Fairfax County Office of Chairman Jeffrey C. McKay, where I support the development of community-oriented policy initiatives. In this role, I collaborate with a wide range of stakeholders, including community groups, government officials, and non-profit organizations, to advance policies that reflect the needs and values of Fairfax County residents. My work involves conducting research, organizing events, and communicating key policy initiatives to the public, which has strengthened my ability to build consensus and navigate complex political environments. I also have extensive volunteer experience with the CBYX program as an alumna, where I assist with the selection, preparation, and support of students traveling to and from Germany. I have participated in student interviews, led intercultural discussions, and recently coordinated the group flight of 93 U.S. students. This hands-on involvement in the exchange process has allowed me to share my passion for international exchange with younger generations and ensure their successful participation in the program. In addition, I hold a Bachelor's degree in International Affairs and Modern Foreign Languages (German concentration) from James Madison University, further reinforcing my expertise in global affairs, diplomacy, and cross-cultural understanding. I am fluent in German and have intermediate proficiency in Spanish, which has enabled me to engage with diverse communities both at home and abroad. Through my professional and volunteer experiences, I have developed strong skills in policy analysis, international relations, intercultural exchange, and community engagement, and I am eager to continue promoting cross-cultural understanding in future roles.

## Statement of Interest

The City of Alexandria is my home where I work, volunteer and live. For the last eight years I have been working with the Urban Design Advisory Council, and I have really enjoyed giving back to Old Town North as it continues to redevelops. I would very much like to continue with another appointment to keep giving back to the neighborhood. UDAC is a great fit for me because my background and passion lies in the creation of places and communities - not just buildings. My graduate dissertation and undergraduate thesis both focused on redeveloping land - over long periods of time in colonial urbanization of the United States and on a single redevelopment project of an urban brownfield respectively. My work with the Congress for New Urbanism comes from my passion for mixed-use walkable neighborhoods, and through them I have developed a keen understanding of how places function and what brings activity. My professional work at Kimco and Cooper Carry has included designing and planning for the same mixed-use walkable developments in the Washington, DC metro area, and I am actively involved in projects at all phases of development with local and national developers. These projects continue to give me a realistic understanding of what is appropriate and feasible in the current real estate environment as well as an insight into developers' mindsets. Through my years on UDAC, I have been able to make an impact with my knowledge and understanding of buildings and public realm design. Specifically, in the last few years since the completion of the Old Town North Small Area Plan, I have been able impact the projects that have come forward. Greater potential exists as there are many more redevelopment opportunities in the neighborhood. I am looking forward to continuing to help to make our neighborhood even better than it is today. Thank you for your time and consideration.
