### Statement of Interest

I lost my great aunt to a bullet by a criminal. He was caught, convicted, and sent to prison. So, I have great appreciation for good police work. Police can only be effective if they are measured and trusted. I hope that this Board can play a valuable role in ensuring APD lives up to that standard.

## Statement of Interest

Dear Committee, I am writing to express my strong interest in serving as a member of the Independent Community Policing Review Board. With a deep commitment to public service and a diverse background spanning policy analysis, technology, and community engagement, I am eager to contribute my skills and experience to the board's mission of fostering accountability and trust between law enforcement and our community. Having recently graduated from the 51st Community Police Academy of the Alexandria Police Department, I gained firsthand insights into policing policies, procedures, and community engagement strategies. This experience has strengthened my understanding of the complexities involved in law enforcement and inspired me to play an active role in bridging the gap between officers and residents. In my professional journey as the Founder and Managing Director of JT Holdings Group LLC and as a Full Stack ML/Cloud Engineer with Mount Sinai Health System, I have consistently applied data-driven strategies to address challenges and deliver impactful solutions. Whether leading digital transformation projects, mentoring small businesses, or managing critical infrastructure, I have honed skills in collaboration, problem-solving, and effective decision-making skills I believe are directly relevant to the work of the Review Board. Additionally, my commitment to community engagement is reflected in my volunteerism with the American Red Cross and my leadership roles in professional organizations such as the Health Information & Management Systems Society. I have worked closely with diverse teams to implement innovative initiatives, always prioritizing equity, transparency, and measurable outcomes. I am particularly drawn to this opportunity as it aligns with my values and expertise. My ability to analyze complex data, navigate sensitive issues, and foster constructive dialogue will enable me to make meaningful contributions to the board's objectives. I am confident that my background in technology and policy, combined with my dedication to public service, will enhance the board's efforts to build stronger, more trusting relationships within our community. Thank you for considering my application. I am excited about the possibility of contributing to the important work of the Independent Community Policing Review Board and would welcome the opportunity to discuss how my experiences align with the board's goals. Sincerely, Jules Pericles Tamegue
