Statement of Interest

I am writing to express my strong interest in serving as a member of the Alexandria Commission on Employment. As a dedicated business owner and proud resident of Alexandria, I am deeply committed to contributing to the betterment of our city, particularly in the area of employment and workforce development. This past summer, I had the privilege of hosting two exceptional student interns who not only helped keep my business afloat but also added fresh perspectives and energy to my small team. My experience as a business owner has given me unique insights into the challenges and opportunities that exist within our local job market. I have learned the importance of fostering a skilled and motivated workforce. I have also learned the power of using a collective voice to push for equality and access to opportunities. These experiences have reinforced my commitment to contributing to the development of Alexandria's employment landscape.

Statement of Interest

I recently moved to Alexandria and am looking for opportunities to learn about my community and serve my new neighbors. I am passionate about public health and prevention of communicable diseases. My experiences as a nurse include providing direct patient care to those with HIV, providing educational services on prevention, and serving on the Ryan White team at my community care clinic. I would love the opportunity to continue with this work and join the commission on HIV/AIDS. I currently work as a school nurse at the Alexandria City High School and feel I could bring valuable insight to the committee and to public policy. I would love to participate in public policy surrounding HIV.

If yes, how long?

19 years

Have you ever attended a meeting of the Board or Commission for which you are applying?

Yes No

Have you ever served the City of Alexandria in any capacity?

Yes No

If yes, please explain

I served six years on the Alexandria City School Board and participated in several city committees: Children, Youth and Family Commission (2016-2019), Long Range Educational Facilities Planning (2013-2017), Joint City and Schools Committee (2013-2017).

Interests & Experiences

Statement of Interest

As a member of BFAAC, I learned that the Commission for Information Technology includes a member from BFAAC. I have a background in technology and an interest in helping promote the BFAAC relationship with the Commission. My BFAAC Statement: My past work on the Alexandria City School Board sparked my interest in budget and finance policy for both the city and schools. Currently, I am interested in helping our city to focus on the future and rebuild after this pandemic has challenged some of our city's long-term plans. I have had a variety of experience in the past working with the city's long-term plans, goals for infrastructure, and the growth of social equity plans. During my six years on the School Board, four of which I was School Board Chair, I participated in: - overseeing six years of annual School Board operating and capital budgets - starting a Budget Advisory Committee to advise the School Board - strengthening the relationship between BAC and BFAAC - analyzing and rewriting all the finance policies with my School Board colleagues - serving on the Long Range Educational Facilities Plan Work Group Due to this involvement, I will be able to jump in and get started without a large learning curve. Along with my knowledge of the annual budgets, I can contribute my experience by helping to reform and reprioritize the next ten to twenty years because of my familiarity with several past versions of capital long-term plans. While I had been in a position of working with the numbers of budgets, I understand that the main job of BFAAC is to help Council set a philosophy for the annual operating and capital budgets and advise on improvements for budget procedures and processes. I am experienced at understanding the tough trade-offs in budgeting for a city. With that understanding, I can help craft reports for Council using innovative ideas for capturing as many of the city's long-term and short-term priorities as possible. I am interested in having the opportunity to be a contributor to the work of the City Council and the City Manager as our city repositions itself post-pandemic to move into the future. I hope you will consider my application for the Citizen-at-large position on BFAAC.

Interests & Experiences

Statement of Interest

I am the mother of 2 young women who are in their late teens. My oldest, 19, is autistic, has multiple autoimmune disorders as well as sensory processing disorders. I have advocated for her and her sister (who is a senior in high school now and basically neuro-typical) for the past 17 years. I have also advocated for other families both within and outside of the city of Alexandria. I am a graduate of the Partners In Policymaking class through the state of VA, and am active in multiple disability organizations to promote building inclusive community for persons with disabilities of all kinds.

EDUCATIONAL BACKGROUND

SUMMARY OF WORK AND PRACTICAL EXPERIENCE:

As stated above, I have spent my time in Alexandria learning about how the school and community systems are designed to work to promote inclusion and acceptance of people with disabilities. I have had the opportunity to be involved with various NFP organizations as well as parent groups to promote and protect the rights and access of people with disabilities. I also have a deep interest in learning more and promoting opportunities for people with disabilities to live as independently as possible and help families and individuals to age in place with accommodations as necessary.

I have been a resided of the City of Alexandria for more than 30 years. My passion is to serve my community that invested in me. I have volunteered with various non-profit organizations in the Northern Virginia area. I have been a member of the Northern Virginia Urban League for more than a decade. I have served as both Secretary and Treasurer with the Northern Virginia Urban League Young Professionals Network board. I also volunteer yearly with the IRS's Volunteer Income Tax Assistance (VITA) program. The VITA program offers free tax help to low income people who need assistance in preparing their tax returns. My passion is to advocate for underserved communities and low-income families in areas such as Employment, Affordable Housing, Healthcare, and Education. My passion mirrors those of the Economic Opportunities Commission mission. I would like to continue serving again with the EOC. As a commissioner with the EOC I will have the opportunity to continue my advocacy of helping underserved communities thrive for better economic opportunities.

Job Title

Applicants may only apply for **ONE** board/commission/committee at a time. Please note: If more than one board is selected, your applications will not move forward for City Council consideration.

Which Boards would you like to apply for?

Historic Alexandria Resources Commission: Submitted

Which position are you applying for?

Board Member District III

Demographics

Do you currently live in the City of Alexandria? NOTE: If your answer is no, a residency waiver is required for positions that are not specific to an organization or profession.

Yes No

If yes, how long?

lifelong resident

Have you ever attended a meeting of the Board or Commission for which you are applying?

Yes No

Have you ever served the City of Alexandria in any capacity?

Yes No

If yes, please explain

I have served on the Historic Alexandria Resources Commission for the past two years as a representative of district 2. I have moved into planning district 3, and would like to fill the vacancy for a district representative in that historic planning district since I know I live in that district. And of course it will create a vacancy in district 2. I have very much enjoyed my work on the commission and the resultant work I have done with the Alexandria community remembrance project, and being the cochair of the committee that supplied the potential names to the mayor and city Council to be used in place of the 41 street names identified by the city that need to be changed.

Interests & Experiences

Statement of Interest

I am a Peabody Award winning television and film producer who grew up in Alexandria and call it home today - living in District II. I care deeply about the city's history and how it's presented. I have spent my career as a documentary and history specials television producer for the C-SPAN networks and other outlets - dedicating to bringing engaging and accurate stories of our nation's past to the present in just as an engaging way as they unfolded as they happened. I have worked with Presidents, First Ladies, members of congress, historians on local and national levels and people across the country to bring stories that make a difference. I have produced documentaries on The White House, Supreme Court, the US Capitol, the United States Senate, Lincoln-Douglass debates, American Presidents, First Ladies, American Writers, Landmark Supreme Court Cases, and countless others. I have produced traveling history shows across the nation covering difficult topics from our past that are extraordinarily relevant today. Particular interest in minority, ethnic and racial history. As a producer for C-SPAN, my storytelling is accurate and brings in all sides of the issue - all sides of the story. For my job have traveled to all 50 states, war zones in Iraq and Afghanistan and considerable other international travel. I am a life long resident of the city - TC Williams '79, I went on to graduate from the College of William and Mary with a degree in Archaeology and Anthropology. I love our city's history and want to make a difference. In addition to the above, as stated earlier, I have very much enjoyed my time on the commission and want to continue it as a way to keep giving back to the city I grew up and still live in.

Statement of Interest

I just moved to Alexandria by way of D.C. and previously New York! I absolutely love historic preservation and historic architecture. Though it's never been a primary focus in my education or career, I've taken classes on Historic archeology at GW and Historic Architecture at NYU. I would love to get involved to ensure that critical sites, buildings, records, and artifacts in the city remain protected and accessible.

EDUCATIONAL BACKGROUND

Bachelor of Business Administration- George Washington University Certificate in Disruptive Strategy- Harvard, HBX Certificate in Hotel Planning & Design- eCornell Certificate in Hospitality Strategy- eCornell Class- Understanding Traditional Architecture- NYU

SUMMARY OF WORK AND PRACTICAL EXPERIENCE:

A genuinely curious person with a passion for innovative strategy who has worked across 40+ brands. I graduated from The George Washington University in 2014 and dove straight into the advertising world. The beginning of my career was spent at McCann NY, as a social strategist, where I was able to launch a new Coca-Cola product, set the social strategy for a brand new MGM Resort, and provide a bespoke branded experience with the Chick-fil-A Cows, among many other amazing opportunities. For my last few months at McCann, I transitioned to McCann Worldgroup working on the Global Strategy & Innovation team, supporting over 120 offices around the world. In this role, I was able to structure a program to educate office leaders about our owned social media methodology. Realizing I craved working on brands, I moved to Edelman Digital where I served as an Account Supervisor of Strategy & Insights working on Samsung's Consumer Electronics & Home Appliances business. I ended my time at agencies at Giant Spoon as a Senior Social Strategist where I helped Synchrony Bank launch their first social channels to drive account sign-ups. Prior to Covid, I moved to Hilton where I led social media for Hilton Hotels & Resorts. Following a 6-month furlough, I returned to work and my remit widened to lead social across 14 Hilton brands. I ended my time on the team leading social for Hilton Honors. My newest adventure at Hilton is working on the brand management team for DoubleTree by Hilton and Hilton Grand Vacations. Outside of the office, I flex my strategic muscles through freelance writing & work, as well as amazing experiences like judging the WARC Social Strategy Awards (2017) and volunteering for my alma mater.

Prior to Covid, I was a volunteer front desk information person at the Alexandria Lyceum. Providing visitors with information on the museum on Alexandria and its rich history from the 1600s to the 20th century. My services were used as a cashier in any gift shop transactions. Answering the phone in a pleasant manner giving the caller ingroups who were touring the formation on special events at our venue. Assisting staff members on any special groups who were touring the museum. Also I am currently serving the Lee - Fendall house providing tours of this historic house to the public. At the house I am involved in many specialized tour, ex. Civil War, garden Holiday celebrations. My research is conducted at the Kate Barrett library. Gadsby Tavern is another place I am serving as a docent. Explaining tavern life in the late 1700s and 1800s gives the tourists a better understanding of life during that time. Although, I do mention Phillip Fendall Jr. was a member of the American Colonization Society and John Gadsby was an enslaved at his business. Currently, I am working as a volunteer tour guide at the Stabler-Leadbeater Apothecary. Greeting and explaining the business of the Apothecary over 131 years is fascinating to our guests. I encourage dialogue with them asking them where they are from and answering any questions. If I do not know the answer I will contact one of the staff personnel who has a more in depth knowledge on the site. My group is able to flow easily through the building without disturbing other patrons who are waiting for the next tour. One other place I have worked as a volunteer pre Covid is the Alexandria Archeology Museum. There I transcribed 19th century paper documents of Alexandria residents their address into an Excel spreadsheet.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

From my volunteer service I have a deep interest in the City of Alexandria. Another point I have done research on is Dr. Alfred Johnson. The first African-American physician in Alexandria.. His house is on Duke Street. I would like to see the New Alexandria hospital have a recognition with Dr. Johnson. With my knowledge of Alexandria, its history I believe I can serve the city with respect during the 21 century.

Statement of Interest

While in a meeting with Economics Opportunities Commission, we were asked if someone could represent us as a Liaison between the two commissions and I readily accepted. As amazing as I believe Alexandria is, I also know that there are a lot of issues with discrimination, poverty, etc. and a core value of mine is advocacy. I want to be aware of what is going on throughout our city and how will we respond. I want to represent those who do not have a voice and hopefully, be apart of the change.

Interests & Experiences

Statement of Interest

As an architect with 40 years of experience, especially with an ongoing interest and many years of experience in Smart Growth and Transportation Oriented Development (TOD), I have been following urban design and building projects in Alexandria since I moved here from Boston in the fall of 2014, including all the planning for National Landing, Crystal City, and National Airport. I transferred to this area after a 35 year architectural career in design of projects for public agencies and institutions, and as a volunteer on multiple professional association boards and community design committees. I actively participated in the Old Town North Small Area Plan Charrette that took place in June 2016, and have attended multiple committee meetings for PYDAC for Potomac Yards North and my own community of Old Town North. I am a board member of NOTICe – North Old Town Citizens group where we work to educate the community, developers and the City staff to maintain the goals of the OTN SAP and the Urban Design Guidelines for increased open space, maintained river views, building density and massing design, and mid-block public access. I greatly admire the fact that the principles of smart growth planning have been rigorously discussed for Potomac Yards North throughout the planning stages, and was particularly interested in the design of the plaza for the Metro station as an anchor and identity for the community aspect of the development, and the identification of Gateway Buildings from Potomac Yards South as architectural statements. I would be honored to be considered for another term for the Architecture Professional position on the PYDAC. I would be able to supplement the design leadership on the committee with my experience in particular with planning, design and management of large-scale projects for, or regulated by, government entities. In Massachusetts I served by appointment of the Mayor of Medford for the initial MBTA Committee for the expansion of the Green Line to our town. The strategy we set forth has been utilized and the project is under construction 8 years later. I also served at the Project Manager for STV for a Transportation Oriented Development by the City of Revere for the MBTA at the terminus of the Blue Line from Boston. The guidelines and design criteria have been met and the development is over 80% complete. Thank you for your support.

Statement of Interest

I am the President and Chairman of the Board for Isobar Public Sector, a division of Dentsu specializing in providing comprehensive digital transformation and IT modernization services to federal, state, and local government clients. Our clients include the U.S. Air Force, the Department of Homeland Security, and the U.S. Army. More importantly, I proudly consider Old Town Alexandria my home and workplace. As a long-time resident and dedicated professional in this vibrant community, I've developed a deep appreciation for its rich history, unique character, and the sense of belonging it offers. I've been fortunate to call this historic neighborhood home for over 25 years. The people, waterfront, and iconic architecture here inspire me daily. My commitment to preserving Old Town's legacy is not only reflected in my residence but also in my professional journey. I began my career as an Architect, working at the Historic Ice Factory on Lee Street. Just last year, I fulfilled a lifelong dream and opened my own company, conveniently located just a block away from where I started in the ALX Community Offices, right above South Block. I firmly believe in the power of community and actively engage with organizations such as "Friends of the Guest House" and "The Men's Home" to give back. My goal is to ensure that Old Town Alexandria remains a welcoming and thriving place for everyone. My dedication to this community also extends to recreational sports. Over the past decade, I've coached and volunteered in the Alexandria Little League, Alexandria Soccer Association, and Alexandria Basketball League. During my free time, you'll often find me taking leisurely walks along the waterfront with my Frenchie or enjoying meals with my partner and my two teenage sons. Both boys have grown up in the Alexandria Public School system, with my oldest now attending Bishop Ireton and my youngest wrapping up middle school at George Washington. I am excited to continue contributing to the growth and preservation of Old Town Alexandria, both personally and professionally.

EDUCATIONAL BACKGROUND

Bachelor's degree in Architecture from Hampton University

SUMMARY OF WORK AND PRACTICAL EXPERIENCE:

Larry is the President and Chairman of the Board for Isobar Public Sector, a division of Dentsu that specializes in providing comprehensive digital transformation and IT modernization services to government clients at the federal, state, and local levels. Their clients include the U.S. Air Force, Department of Homeland Security, and the U.S. Army. With over 20 years of experience, Larry is a seasoned executive in the field of digital transformation. He has successfully led large-scale transformations and driven customer experience innovations for both commercial and public sector organizations. As a highly effective leader, Larry has a track record of leading high-performing teams and delivering digital solutions and services that generate value and foster business growth. He has been at the forefront of developing innovative marketing models that integrate strategy, creative elements, digital technology, design, and media disciplines. By orchestrating people, processes, and technologies, Larry has consistently improved business outcomes. Before joining Dentsu, Larry held the position of Managing Director at EY, where he led major digital and technology transformation projects. He also oversaw omnichannel commerce and digital marketing initiatives for clients in government, automotive, media, and consumer products sectors. Prior to his time at EY, Larry served as the Digital Practice Lead and Chief Marketing Officer for Booz Allen Hamilton's Strategic Innovation Group (SIG). In this role, he spearheaded a newly established division focused on driving innovation and developing new digital capabilities. Larry successfully led a team of over 160 professionals in the areas of digital, technology, and creative services. He played a key role in developing the division's brand identity, digital marketing strategies, storytelling, user experience, and brand activation. Additionally, Larry established a strategic partnership with Adobe to enhance the division's digital offerings. Larry also worked as the Vice President of Interactive at MJM Creative Services, a WPP company. In this role, he led both creative and technical teams in delivering interactive solutions to clients in the life sciences and consumer products sectors. His responsibilities included overseeing projects involving enterprise social platforms, streaming media, e-business portals, and virtual training applications. Larry's career initially began in Architecture at the Washington, DC-based firm DBI Architects. He quickly advanced to the role of Chief Technology Officer, where he supervised the implementation of company-wide information systems.
