## Statement of Interest/Why You Should Be Appointed

---

When I moved my family to Alexandria, two overarching reasons were the opportunity to join a vibrant community known for its tradition of resident involvement and the city's proud commitment to the arts. I am a professional artist, art teacher, and an Old Town resident with ideas and goals that align with the City's commitment. I walk 4 to 5 miles all over Old Town most mornings and am energized by the exciting new North End and the latest developments towards public art and public spaces in our downtown and waterfront areas. I am impressed by the policies set forth by the Alexandria City Council promoting public access to the arts and the inclusion of the arts in commercial development. As an art instructor for the Alexandria Art League, I encourage people of all ages and backgrounds to see art as a pursuit open to all, regardless of ability, and that art is an opportunity, not a foil, for mental and physical challenges. I was a Torpedo Factory leaseholder artist and I continue to sublease studio space there until the end of this year. Being in the Factory is a powerful and distinctive opportunity to connect regularly with the public, giving me further knowledge and skills to enhance my participation in the commission. I would like to use my experiences in the art world to work as a commissioner in a broader sense towards the goal of public access to art and cultural diversity in the arts. On the business side, my 20-year experience as compliance and marketing director for a wine importing/distribution company has given me the skill sets needed to collaborate with everyone, from small and large business owners, to state and city employees. I am fair, open-minded, precise and willing to roll up my sleeves and do what is necessary to accomplish the task at hand. I've submitted a notable list of references that heartily endorses my appointment. Each can speak with personal knowledge of the experience and attributes that I offer. Thank you for considering me for this important position.

Statement of Interest/Why You Should Be Appointed

I am the current Chair of the Public Health Commission (PHAC). I previously served as Vice-Chair. During my tenure, the PHAC has refocused its efforts on advising Council on matters of public health during the City's budgeting and legislative agenda processes. Under my tenure, we've developed reports with recommendations on local and state public health issues (e.g. tobacco control, and upcoming infant and maternal mortality); recommend resolutions on issues such as gun safety and racism as a public health crisis, developed new bylaws to facilitate our operations, and have had our public health recommendations added to the City's legislative agenda.

In addition, our board unfortunately took a forced hiatus during the pandemic, which reduced my actual time served.

## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

---

I have enjoyed working in public health and health security areas for most of my career. The work has involved protecting the country from health threats domestically and internationally. One big lesson from COVID has been that contrasting motivations among various leaders has prompted a need to reinvent what it means to be a public health leader, including how to invest locally and nationally in public health protection programs and capability development. I'd like to be part of the Alexandria dialog about public health and to support a balanced, equitable and informed agenda for the future.
