PREAMBLE

This Agreement is entered into by and between the City of Alexandria, Virginia (hereinafter referred to as the "City") and the Alexandria Firefighters, Inc., Local 2141, International Association of Fire Fighters (hereinafter referred to as the "IAFF Local 2141"), and collectively known as the "Parties." This Agreement is authorized under Ordinance No. 5336 (hereinafter the "collective bargaining ordinance"). It is the purpose of this Agreement to achieve and maintain harmonious relations between the City and the IAFF Local 2141; to provide for the equitable and peaceful adjustment of differences which may arise, and to include the parties' agreement on wages, hours, and other conditions of employment for the employees covered hereunder.

ARTICLE 1: RECOGNITION

Section A

The City recognizes the IAFF Local 2141 as the exclusive bargaining representative for the Fire and Emergency Medical Services Employees' Bargaining Unit, which shall consist of the uniformed fire employees, including fire marshals, except those excluded by Section 2-5-68 of the collective bargaining ordinance.

Section B

The parties agree that the following ranks and job classifications fall within the bargaining unit:

- a. Firefighter I
- b. Firefighter II
- c. Firefighter III
- d. Firefighter IV
- e. Medic II
- f. Medic III
- g. Medic IV
- h. Fire Lieutenant
- i. Fire Captain
- J. EMS Lieutenant
- k. EMS Captain
- l. Deputy Fire Marshal I
- m. Deputy Fire Marshal II
- n. Deputy Fire Marshal III

The parties agree that, to the extent that positions titles change, positions with equivalent ranks and/or duties to those listed in Section B shall be included in the bargaining unit.

ARTICLE 2: LABOR MANAGEMENT PARTNERSHIP

Section A

The Parties agree to establish a labor management partnership to discuss any area of mutual concern, including matters that the City declared nonnegotiable during bargaining, but excluding grievances as defined in Virginia Code§ 15.2-1507 and employee discipline matters.

Agenda topics shall be made available to all partnership members at least one week prior to the meeting.

Section B: Creation

Upon the implementation of this agreement, the City and IAFF Local 2141 will form a Labor-Management Partnership. The Partnership will be responsible for: (1) the creation of all other committees related to matters covered by collective bargaining; (2) the scope of those committees; and (3) the initial calendar of meetings, and naming the deliverables for the committees.

If there are existing committees that cover subjects of collective bargaining, they shall also fall under the purview of the Labor-Management Partnership. The current composition of the existing committees shall continue unless mutually agreed to by the parties.

Section C: Representation

The Partnership will consist of the Fire Chief (or designee), the IAFF Local 2141 President (or designee), two non-bargaining unit employees appointed by the Chief, and two IAFF Local 2141 bargaining unit employees appointed by the IAFF Local 2141 President. Members of the Partnership shall serve at the pleasure of the Chief or IAFF Local 2141 President, respectively. Both Local 2141 and City have the ability to designate up to three (3) additional non-voting employees to attend any Partnership meeting.

The City and IAFF Local 2141 will have equal representation on committees.

IAFF Local 2141's selection of committee representatives will not require the City's approval.

Section D: Calendar

The Partnership will meet quarterly at a time most suitable to the Partnership voting members. Additional meetings may be scheduled by mutual agreement of the Chief and the IAFF Local 2141 President. Partnership meetings will be scheduled at least 21 days in advance.

ARTICLE 3: BULLETIN BOARDS

Section A

The City shall provide non-electronic bulletin boards for the use of IAFF Local 2141 in each work location at convenient locations accessible to employees that are not readily viewable from a bay or sidewalk.

Section B

IAFF Local 2141, at its discretion, may install electronic bulletin boards so long as IAFF Local 2141:

1. Provides 30-days' notice prior to installation of the bulletin boards.
2. Purchases and maintains the bulletin boards, and any related hardware, software, and troubleshooting support at its own expense and liability.
3. Ensures that there is secure Internet connectivity for the bulletin board that is separate from the City's wireless network.
4. Ensures no adverse impact to any City building architecture.
5. Ensures no network interference and/or integration to, or network interconnectivity with, the City's operations.

If IAFF Local 2141 chooses to upgrade the bulletin boards to electronic, the City will ensure a location where the necessary electric connection can be made.

Section C

Local 2141 agrees to exercise discretion when issuing a posting. Should there be a controversy over a posting, the City will meet with Local 2141 to discuss it and attempt to reach an agreement on how to proceed. The Parties will attempt to hold such a meeting within 24 hours of the City notifying Local 2141 of an issue with the posting. If Local 2141 is not available to meet within 24 hours, it will remove the posting until such time as the Parties are able to meet to discuss the issue. Local 2141 will not be limited in its legitimate exercise of its rights by virtue of this provision.

ARTICLE 4: CANTEEN

The City will provide snacks and beverages to bargaining unit employees at the following events that occur in the city:

- (1) Any multialarm or complex (*e.g.*, hazmat, multiagency) incident; and
- (2) Any event in which bargaining unit employees are expected to return to the same scene on consecutive days.

During either event, the City will identify a lavatory that can be used by bargaining unit employees.

ARTICLE 5: GRIEVANCE AND DISPUTE RESOLUTION PROCEDURE

- A. The Parties recognize that employees are entitled to file and seek resolution of disputes under the provisions of this negotiated dispute resolution procedure. The Parties agree not to interfere with, restrain, coerce, or engage in any reprisal against a bargaining unit employee or Union representative for exercising rights under this Article.
- B. The term “dispute” means any complaint by any bargaining unit employee or Union concerning:
 - 1. A claim of breach of a collectively bargained agreement.
 - 2. Any claimed violation, misinterpretation, or misapplication of any law, rule, regulation, or written policy affecting conditions of employment of bargaining unit employees.

When filing a dispute, the filing party shall include at least the following information:

- 1. A statement of facts;
- 2. A statement of what sections of the contract, law, rule, regulation, or policy that the City violated; and
- 3. The remedy sought.

This dispute resolution procedure is separate and distinct from the City’s administrative grievance procedure, described in A.R. 6-21, which was not negotiated with the Union. To the extent an employee may file a dispute under this section for a matter that also meets the definition of a “grievance” under Va. Code 15.2-1507¹, the employee must elect to file their claim under either the City’s administrative grievance procedure (A.R. 6-21) or this Article pursuant to City Code Sec. 2-5-80(c). An employee’s initial election to file a dispute or grievance shall be binding and irrevocable at the time of filing the Step 1 dispute or grievance.

- C. Disputes which may arise, under this Agreement, shall be settled in the following manner:
 - 1. Disputes filed by the Union shall be submitted to the Fire Chief. Disputes initiated by the Union shall be filed, in writing, within 30 days of the Union learning of the facts giving rise to the dispute. The dispute shall be filed electronically to the Fire Chief. The Fire Chief shall attempt to resolve, modify, or uphold the dispute at that time and shall render a written decision within 15 days.
 - 3. The Union may submit the dispute to arbitration if the dispute is not settled after meeting with the Fire Chief and does not challenge discipline. Only the Union can submit a dispute to arbitration.
 - 4. The Union submitting the dispute for resolution by an arbitrator must notify the City, in writing, of the Union’s intent to submit it and must do so within 15 days of the Fire Chief’s decision. Notice of the City’s intent shall be in writing and submitted to the Chief Labor Relations Officer.
 - 5. If the Union invokes arbitration, the parties shall jointly request a panel of seven arbitrators from the Federal Mediation and Conciliation Service, the American Arbitration Association,

¹ Va. Code 15.2-1507(A)(1). Definition of grievance. A grievance shall be a complaint or dispute by an employee relating to his employment, including (i) disciplinary actions, including dismissals, disciplinary demotions, and suspensions, provided that dismissals shall be grievable whenever resulting from formal discipline or unsatisfactory job performance; (ii) the application of personnel policies, procedures, rules, and regulations, including the application of policies involving matters referred to in clause (iii) of subdivision 2; (iii) discrimination on the basis of race, color, creed, religion, political affiliation, age, disability, national origin, sex, marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, or military status; and (iv) acts of retaliation as the result of the use of or participation in the grievance procedure or because the employee has complied with any law of the United States or of the Commonwealth, has reported any violation of such law to a governmental authority, has sought any change in law before the Congress of the United States or the General Assembly, or has reported an incidence of fraud, abuse, or gross mismanagement. For the purposes of clause (iv), there shall be a rebuttable presumption that increasing the penalty that is the subject of the grievance at any level of the grievance shall be an act of retaliation.

or other service as mutually agreed by the Union and the City. The Union and City shall, within 15 days of receipt of the panel, make a selection of an arbitrator. In the event the Union and the City cannot agree on an arbitrator, the Union and the City shall select an arbitrator through strikes with each side striking one name on the list until just one name remains. The Union and City shall alternate who makes the first strike from the arbitrator panel.

6. The Union and City shall make every effort to schedule arbitration of the matter as expeditiously as possible. The Union and the City will provide witness and exhibit lists to each other at least 5 business days prior to a scheduled arbitration hearing.
7. The arbitration hearing will be held, if possible, at a mutually agreeable location, during regular business hours on a regular business day. The decision of the arbitrator will be considered an award pursuant to the Virginia Uniform Arbitration Act.
8. The City, the Union, and any bargaining unit employees filing disputes must adhere to the negotiated timeline. Failure of the grieving party to meet the timeline in the above procedures shall result in the withdrawal of the grievance or dispute. Failure of the responding party to provide a response within the required time limits set forth herein will result in a decision in favor of the other party. However, before this can occur, the party alleging noncompliance will provide written notice to the other party who will have seven (7) calendar days from receipt to correct the issue. All timelines for the party filing the dispute to move the dispute to the next step in the process shall be stayed until the responding party responds to the dispute.
9. The City must raise any procedural and/or arbitrability defenses in its first response to the dispute. However, the City's obligation to raise such defenses shall not apply if the City Attorney and/or designee has not been provided a copy of the dispute at the time of the filing. Any such defenses not raised in the first dispute response, when the City Attorney and/or designee has perceived proper notice, are considered waived. If the City raises any procedural and/or arbitrability defenses at arbitration/administrative hearing, the Arbitrator/administrative hearing officer shall conduct a single arbitration/administrative hearing on both the procedural/arbitrability issues and the substance of the dispute, in order to avoid unnecessary delay and cost of holding two hearings. The Arbitrator/administrative hearing officer shall address both the procedural/arbitrability issues and the substance of the dispute in a single decision.
10. The City shall, upon request, provide the Union with necessary information to aid in resolving and/or presenting specific disputes insofar as permissible without violating laws or regulations. The information shall be provided to the Union at no cost to the Union.
11. At any step of the dispute resolution procedure prior to arbitration/administrative hearing, the filing party may request a meeting with the deciding official at that step. The meeting will be scheduled within 7 days of the request. The time period for responding shall not begin to run until after the meeting has been held.
12. Individuals can file disputes with or without the assistance of the Union but must follow the same procedures and timelines outlined above. If a bargaining unit employee decides to file a dispute without the assistance of the Union, the Union is relieved of its obligation to represent the employee. The Union can assist the employee in any part of the process. If an employee requests a meeting at any step of the process, the City shall ensure that the Union is invited to attend the meeting. Regardless of whether the Union is representing an employee in a dispute, the City will provide the Union with copies of all dispute decisions. Decisions resolving disputes filed without the Union's involvement shall be without precedential bearing on future disputes.

13. Arbitrators shall have no power to add to, detract from, or alter in any way the provisions of this Agreement.
14. Cost sharing. All expenses involved in the arbitration proceedings (*i.e.*, arbitrator fees and arbitrator hearing transcripts) shall be equally shared between both parties. However, expenses relating to the calling of witnesses shall be borne by the party at whose request such witnesses are required.
15. At any arbitration, any time spent by bargaining unit employees serving as witnesses or representatives shall be considered work time. The City may, with the assistance of the Union, adjust the regular work schedules of witnesses and representatives so that the employees' regularly scheduled hours coincide with the hearing schedule.
16. If multiple bargaining unit employees file identical disputes, the Union, at its election, may decide, at any time between the filing of the dispute and invocation of arbitration, to consolidate the disputes for presentation and representation by the Union.
17. Reasonable time during working hours will be allowed for employees and Union representatives to present disputes, including meetings, if any.
18. If at any time during the dispute resolution procedure, the City grants in full the remedy sought in the dispute, the dispute shall be considered resolved.

D. Matters Not Subject to Dispute Resolution

Except as provided otherwise in this collective bargaining agreement, the City Council and the City Manager retain the exclusive right to manage the affairs and operations of City government. Accordingly, the following matters are not grievable under the procedure established by this contract. Nothing in this provision is intended to or shall prevent the Union or a bargaining unit employee from submitting a dispute regarding an alleged violation of this collective bargaining agreement.

- a. The content of ordinances, statutes, and established personnel policies, procedures, rules, and regulations;
- b. The establishment and revision of wages, salaries, benefits, and position classifications;
- c. The failure to promote, except where the employee can show that established promotional policies or procedures were not followed or applied fairly;
- d. The failure to transfer, to reassign or to retain, except where the employee can show that established personnel policies or procedures were not followed;
- e. The hiring, promotion, transfer, assignment, reassignment, discipline and retention of another employee;
- f. The termination, lay-off, demotion, or suspension from duties of an employee due to a lack of work, reduction in the work force, job abolition, or budget restrictions, except where such action affects an employee who has been reinstated within the previous six months because of the final determination of a grievance. In any grievance brought under the exception to this rule, the action of the City shall be upheld upon a showing by the City that (a) there was a valid business reason for the action, and (b) the employee was notified of such reason in writing prior to the effective date of the action;
- g. The work activity assigned to an employee as a condition of employment, the work activity which may reasonably be expected to be a part of the job content, and the measurement and assessment of an employee's work performance by a supervisor through an informal discussion, a counseling session, a formal performance evaluation or any other means, except that a performance evaluation shall be grievable where the employee can show that it was arbitrary or capricious, or was not conducted in accordance with established practice and procedure;
- h. The methods, means, facilities and personnel by which work activities are to be

conducted and City services are to be delivered, including the following:

- i. The provision of new, improved or changed equipment, tools, and facilities;
 - ii. The determination of the City's financial, budgetary, accounting, and organizational policies and procedures;
 - iii. The utilization of personnel and the scheduling of work, including the assignment to a particular shift, the rotation of the work week, and the assignment and requirement of overtime;
 - iv. The determination of appropriate training and career development for an employee and a decision approving or rejecting a particular training or career development; and
 - v. The consideration of and the decisions regarding contracting out for goods and/or services;
- i. Actions taken as necessary to carry out the duties of the City in emergencies, including the relief of employees from duty;
 - j. Any action which is necessary to comply with City, State, or Federal law;
 - k. The determination of the governmental services to be rendered to the residents of the City.

E. Addressing Matters Not Subject to Dispute Resolution

A dispute which presents a matter listed above may be rejected at any step of the process; however, should the matter be rejected it shall be referred to the Chief Human Resources Officer (CHRO) for a decision on the disputability and access issue. Any decision denying a dispute, or access grounds shall be in writing within seven (7) calendar days.

- a. Within ten (10) calendar days following a decision by the CHRO that a matter is not disputable and ineligible for access to the process, the employee(s) may appeal the CHRO's decision to the Alexandria Labor Relations Administrator (LRA). The employee(s) shall initiate such an appeal by written notice to the CHRO, and the appeal notice shall set forth the reasons why the employee(s) believes the dispute presents a disputable matter or is eligible for access to the process.
- b. Within ten (10) calendar days following receipt of an employee's appeal, the CHRO, or designee, shall transmit the dispute, the written decision, or decisions concluding that the matter raised by the employee(s) is not disputable or is ineligible for access to the process, any further statement by the City on disputability or access, and the employee's appeal notice to the LRA. A copy of the transmittal shall be provided to the employee(s), the Union and to any other parties.
- c. Within thirty (30) days of receipt of such materials, the LRA shall hear the appeal on the record transmitted and such additional evidence as may be necessary to resolve any controversy as to the correctness of the record. The LRA, in its discretion, may receive additional evidence. The LRA may affirm, reverse, or modify the decision of the City regarding disputability or access to the process. The decision of the LRA shall be final and binding on the parties.

ARTICLE6: LIST OF OFFICERS

IAFF Local 2141 shall provide the Fire Chief twice annually (May 15 and November 15) with a list of the names, titles, and areas of responsibility of all IAFF Local 2141 officers and stewards, who are current employees of the City.

ARTICLE 7: OPEN LINES OF COMMUNICATION

The parties agree to keep an open line of communication between them. Except as otherwise provided for in this Agreement or in City rule, regulation, policy, or code, communications between the parties shall, to the maximum extent possible, be submitted by the IAFF Local 2141 President to the Fire Chief or by the Fire Chief to the IAFF Local 2141 President, if such communication relates to this Agreement or the collective bargaining ordinance. The parties agree that both the Fire Chief and IAFF Local 2141 President have the authority to designate these duties to other individuals and, to the extent that either the Fire Chief or IAFF Local 2141 President have designated such authority, the other party will receive communications from the designated party representative. Even if they have designated their authority, however, the parties agree to copy both the IAFF Local 2141 President and the Fire Chief on all communications under this Article.

This section does not apply to any communication alleging a violation of this Agreement or the collective bargaining ordinance.

ARTICLE 8: DUES DEDUCTION

Section A: Dues Deduction Authorization

Any bargaining unit employee may at any time execute a payroll deduction authorization form as furnished by IAFF Local 2141 ("Deduction Authorization Form").

Section B: City's Obligation

The City shall begin deductions in the amount prescribed by IAFF Local 2141 (including any Union dues) in the payroll period following receipt of written the Deduction Authorization Form if the Deduction Authorization Form is submitted before the Personnel Action Form (PAF) deadline as outlined in the applicable schedule of employee pay periods. In a manner consistent with Section 2-5-77(e) of the collective bargaining ordinance, the City agrees to deduct amounts certified to be current by the Secretary-Treasurer of IAFF Local 2141 from the pay of those employees who individually request in writing that such deductions be made. IAFF Local 2141 shall notify bargaining unit employees of any proposed increase in dues or other amounts subject to pay deduction at least four weeks prior to requesting the City deduct such proposed increased dues or other amounts. The City shall provide a report to the Secretary-Treasurer the first Friday of every month for the preceding month's pay periods, detailing what deductions have been made to each employee's pay check.

Section C: Revocation of Authorization

Deductions may be revoked pursuant to the terms of the employee's written authorization and Section 2-5-77(e) of the collective bargaining ordinance. The City shall direct employee requests to cancel or change deductions to IAFF Local 2141.

Section D: Indemnification

IAFF Local 2141 shall defend, indemnify, and hold the City and its officers and employees harmless from/for (a) any and all claims, demands, suits, or any other action arising from any third party, including employees, for deductions made in reliance on the Deduction Authorization Form regarding a dues deduction authorization and (b) any claims made by an employee for deductions made in reliance on information provided by IAFF Local 2141 regarding changes or cancellations to the deduction authorization.

ARTICLE 9: PERSONAL EFFECTS ALLOWANCE

The Department agrees that the labor-management partnership should study (1) the occurrence and frequency of employees' personal items being lost during the non-negligent performance of job duties; and (2) efforts that the Department can take to recover such lost items.

ARTICLE 10: HEAT AND AIR CONDITIONING IN VEHICLES

The Department will ensure that heat and air conditioning are functional in all in-service response vehicles used by employees. If an in-service response vehicle does not have functioning heat or air conditioning, the employee will notify fire maintenance in the appropriate manner. The Department shall make every effort to repair it within 14 days. A report of heating or air conditioning deficiency is considered an out of service criteria. The Department will provide a spare apparatus if available. The Department has the discretion to place the vehicle with the heating or air conditioning deficiency back in service if the reserve vehicle is needed to maintain service delivery capabilities. The Department shall notify the IAFF Local 2141 when the repair will take more than 14 days and a reserve vehicle is unavailable during the repair period.

ARTICLE 11: STATE OF THE DEPARTMENT

Section A

Each month, the Department will make the following information available electronically to bargaining unit employees:

- (1) The number of authorized positions for each rank within the bargaining unit;
- (2) The number of Battalion Chief vacancies; and
- (3) A roster that includes the name, rank and assigned location of bargaining unit employees in operations and administrative positions along with identifying the minimum staffing of bargaining unit employees for each station;

Nothing in this section shall require the Department to (1) transfer or promote an employee into a vacant position; (2) assign an employee assuming a vacant position with the same job duties, work assignments, or work shifts that were performed by the employee who vacated the position.

Section B

The Department will create and provide an organizational chart identifying the rank and position titles. The organizational chart within operations will only identify the minimal staffing positions.

Section C

The Department will make information regarding new Standard Department Policies and training opportunities available to bargaining unit employees 30 days in advance. When the Department does not know about the training opportunities 30 days in advance, the Department will provide information as soon as practicable. When a Standard Department Policy must go into effect less than 30 days, the Department will provide notification as soon as practicable.

ARTICLE 12: AUTHORIZED DISCLOSURES REGARDING INJURY OR DEATH

For purposes of this article, "Notice Authorization Form" means a form in which an employee authorizes, by signature, the Department to notify IAFF Local 2141 when that employee suffers a serious injury or death. The Notice Authorization Form shall contain a statement that reads:

"I authorize the City of Alexandria to notify IAFF Local 2141 of any serious injury or death that I suffer in the line of duty."

For purposes of this Article, the term "serious injury" shall mean any injury which requires notification to the fire chief or their designee and that the fire chief or their designee determines is serious in nature.

An employee may submit a Notice Authorization Form to the Department. An employee may, at any time, revoke the employee's Notice Authorization Form.

The Department shall maintain the Notice Authorization Forms it receives.

The Department shall notify IAFF Local 2141, promptly after the Fire Chief, or their designee, determines it is a serious injury, of any serious injury or death when the employee has submitted and not revoked a Notice Authorization Form.

ARTICLE 13: EMPLOYEE'S RIGHTS DURING INVESTIGATIONS AND INTERVIEWS

Section A - Policy

Employees are granted certain constitutional rights and privileges and the City duly respects these liberties. However, the City and IAFF Local 2141 also agree that certain circumstances will arise which will lead to a Fact Finding Review and/or an Administrative Inquiry of employees for a potential violation of applicable rules and regulations. It is in this context that the following sections will apply.

Section B - Definition

1. For purposes of this Article, the term "Administrative Interview" means any questioning of a formal nature that could lead to dismissal, demotion, or suspension for punitive reasons of an employee.
2. For the purpose of this Article, the term "Administrative Inquiry" is defined as, a formal process initiated as a result of allegations of misconduct.
3. For the purpose of this Article, the term "Fact Finding Review" is defined as, a review process to determine the facts of an allegation prior to an administrative inquiry being opened.
4. For the purpose of this Article, the term "Observer" is defined as, a person who is an active or retired employee of the department, for purposes of confidentiality. An observer can also be an active employee of the department who is a 2141 representative.

Section C - Employee Rights

1. The provisions of this section shall apply whenever an employee is subjected to an Administrative Interview that could lead to dismissal, demotion, or suspension for punitive reasons. If an employee can reasonably expect discipline could result from an Administrative Interview the employee may have an Observer of their preference present during the Administrative Interview, as long as the interview is not unduly delayed. An employee may request to delay an interview up to 24 hours from notification in order to give the employee an opportunity to have their preferred Observer of the employee's choice present during the Administrative Interview. The employee will notify the department as soon as practical the name of the employee's preferred Observer.
 - a. The Observer shall be present at all Administrative Interviews if the employee requests an Observer and it does not unduly delay the Administrative Inquiry. The Observer may not disrupt the Administrative Interview. Disruptions include purposeful acts to interrupt, hinder, or delay an interview, including directing an employee not to answer questions. This does not include allowable breaks during the interview or advising an employee not to reveal privileged information.
 - b. The Observer may not answer questions on behalf of the employee. The Observer and employee may take a 15-minute break for every 2 hours of interview to confer

privately during an Administrative Interview. If the interview does not last 2 hours the employee and the Observer may confer privately for 30 minutes prior to the end of the Administrative Interview. If the interview goes beyond the 2 hours, the employee and the Observer will still have an opportunity to converse at the end of the interview for up to 30 minutes. The employee and Observer may ask clarifying questions at the end of the interview. If more time is needed, the employee being questioned can request additional time with the investigator.

- c. The Observer and employee are prohibited from making any electronic recordings or transmitting any portion of the Administrative Interview in real time.
 - d. The City will inform the employee of the right to have an Observer present during an Administrative Interview, prior to the interview.
 - e. The City shall not attempt to prevent or dissuade an employee from requesting or acquiring an Observer during an Administrative Interview. This does not include conducting an Administrative Interview without an employee's preferred Observer after a 24-hour delay was given to the employee when possible.
 - f. The City shall not attempt to threaten retaliation or retaliate, against an employee in response to the employee requesting the use of, or serving as, an Observer during an Administrative Interview.
 - g. In no case shall an Observer be present or participate during any Administrative Interview if that Observer is involved in the Administrative Inquiry. In any situation in which an Observer is disqualified for that reason, the employee to be interviewed shall have the right to select an alternate Observer to be present during the Administrative Inquiry. An Observer who attends an Administrative Interview, shall be bound by the same confidentiality restrictions as the employee being interviewed.
 - h. If an attorney, on the City's behalf, attends the Administrative Interview, then the employee also has the right to have an attorney present during that Administrative Interview. This Article's provisions applicable to observers' conduct also govern the conduct of an employee's attorney at an Administrative Interview.
2. Prior to commencement of any Administrative Interview, the employee being questioned shall be informed of the name, rank and unit or command of the officer in charge of the Administrative Inquiry, the interviewers, and all persons present during the Administrative Interview.
 3. Prior to the commencement of any Administrative Interview, the City will provide the employee, in writing, with a statement of the nature of the Administrative Investigation.
 4. The Administrative Interview will take place at a reasonable time, unless the matters being investigated are of such a nature that, in the judgment of the investigating officer, immediate action is required.

5. The employee shall not be subjected to offensive language or offered any incentive as an inducement to answer any questions during an Administrative Interview.
6. Evidence gathered through the conduct of an Administrative Interview that violates this Article shall not be admissible in any administrative hearing against an employee.
7. However, the Fire Chief may elect to adjust the work week to include weekends due to operational needs/demands. Employees may request to work an alternative work schedule, e.g. four (4) ten (10) hour days; and/or “flexing” those hours to begin and end earlier or later than the established business hours above. Approvals will be based on operational needs and are not guaranteed.

Section E:

By December 31, 2028, employees assigned to a suppression/EMS shift shall be scheduled to work an average of forty-six (46) hours per week for firefighting and dual-role employees and an average of forty-two (42) hours for single-role medics.
