To Whom It May Concern:

I am writing to object to the encroachment on the public right of way along Hume Avenue and Turner Road.

Those streets are heavily used by pedestrians heading to the nearby park - as well as dog walkers and others. The sidewalks can get crowded - and people need to be able to step aside in order to stay out of the street.

Turner Road, in particular, needs a sidewalk on both sides of the street - not just one side as is currently in place. People often have to walk in the street because the sidewalk is occupied.

With the narrow streets in Del Ray, cars parking on one side (or both sides), sidewalks are critical - and restriction of those sidewalks becomes dangerous if it forces people onto the street to walk.
