## Interests & Experiences

### Statement of Interest

As I start my second year of retirement, I want to dedicate time to the Alexandria community which I've loved being part of for decades. France has always been a culture of keen interest to me. My undergraduate degrees are in Business and French, and I fondly recall staying with a family in Caen during a semester overseas experience. I am a strong believer in continuous life learning and civil service; we strengthen ourselves and our community by having an open mind, giving freely of our talents and advancing knowledge to better understand each others unique gifts. Serving on this Committee would advance these beliefs while advancing growth across our shared communities.

1988 Bachelors of Arts from Concordia College (Moorhead, MN); double major in Business Administration and French 1990 Masters of Business Administration from Washington University in St. Louis

## **SUMMARY OF WORK AND PRACTICAL EXPERIENCE:**

---

I joined the Department of Defense/Defense Intelligence Agency in 1991 as an entry level hire in Human Resources. Throughout my 31 year career, I advanced to greater roles of responsibility in policy, fiscal and human resources management, and mission/business services within the Agency and across the Intelligence Community. In 2005, I was inducted into the Senior Executive Service and served as the Defense Intelligence community and Agency Human Capital Director and Vice Deputy Director for Mission Services. My last assignment was as the DIA Inspector General, a statutory position within the larger Federal Council of Inspectors General for Efficiency and Integrity (CIGIE). I am trained as a coach and worked to establish and advance a number of human capital programs and personnel in the myriad of roles I've played within government. My husband and I are members of Christ Church in Old Town.

## Interests & Experiences

### Statement of Interest

As a citizen of Alexandria, I have served on both the Old and Historic and Parker Gray Boards of Architectural Review helping to protect our historic fabric and while moving our city forward into the future thoughtfully. During my time on these, boards I have participated in the review of hundreds of projects; some of which were very challenging and required a lot of citizen and council input. These are the projects where I feel my 20 years of experience as a licensed design professional becomes valuable to members of the board---servicing not only an aesthetic and technical advisor but also as a member who has worked on historic projects. It is for these reasons that I believe I should be appointed to the Board of Architectural Review to continue my service to the city.

## Interests & Experiences

### Statement of Interest

I am applying to renew my position as the Chamber of Commerce position on BFAAC for a second term. I have sincerely enjoyed the opportunity to give back to the Alexandria community through my work on BFAAC. I believe the combination of my work experiences in both the public and private sectors, my education in architecture, planning, and real estate development, and my interest in learning more about public finance and budgeting, provides a unique perspective to the Committee. My professional experience has afforded me a deep knowledge and understanding of the development process, from long-range planning and community engagement, to entitlement through project delivery, which has been beneficial to the Committee as real estate tax revenue is an essential part of the City's funding structure and subsequently the budget itself. There are so many issues that the City must consider and balance while developing the budget. I look forward to continuing to expand my own knowledge of the budget, providing leadership and guidance to BFAAC as Chair, engaging directly with City staff, providing thoughtful feedback, and representing the Chamber of Commerce's interests in BFAAC's recommendations. Thank you for your consideration of my application.

I served on this committee attended meetings through November (we didn't have a December meeting). I was absent in January, sick in February with a cold, my father was in the hospital in March, and then I was sick again in April. We wrote about my absences in April to Ms. Campbell and I came to city hall for the May meeting. I learned that I missed enough meetings for them to remove my membership because my absences were not excused. But I want to be on the committee and have been reading over the agendas and minutes in preparation for the meetings, but then I was either sick or not able to get to the meeting. We have worked out a solution in my family and I am working on getting my driver's license. I do not think I will have these unexpected issues in the future. I hope you will reconsider my membership.

## Interests & Experiences

**Statement of Interest**

Having an interest in technology, I want to volunteer to explore ways to make our city better and more inclusive by thinking about how technology can be used in Alexandria City. I believe I can bring a student voice to the commission. I am particularly interested in projects that make technology available to all of our city residents. The commission is also a chance to learn more about cybersecurity and what AI means for our city. I hope I am given the chance again to work with other members and city officials to find and solve our city's technology challenges. Thank you for considering my application.

## Interests & Experiences

### Statement of Interest

---

As an individual with lived experience and loved ones with disabilities I have a history of serving on a similar boards such as for Indiana Civil Rights, I am deeply committed to the mission of the Alexandria Commission on Persons with Disabilities (ACPD). I have firsthand experience with the challenges faced by persons with disabilities and a passion for advocating for their rights to equality, dignity, and independence. My previous board experience has equipped me with valuable insights and skills in addressing issues related to transportation, accessibility, housing, employment, and public awareness. I am particularly interested in contributing to the ACPD's efforts through its Executive, standing, and ad hoc committees. My background has provided me with a strong understanding of the systemic barriers that need to be addressed and the importance of fostering an inclusive community, Alexandria has clearly overcome some obstacles but I would love to be apart of the work to come. I am enthusiastic about the opportunity to advance public awareness and advise the community on the critical issues affecting persons with disabilities. In addition I believe a young adult being at the table adds value and fresh perspectives. Additionally, I am inspired by the ACPD's commitment to recognizing and honoring outstanding advocates through its awards program. I believe in celebrating those who make significant contributions to the disability community and am eager to support initiatives like the Gerry Bertier Scholarship and the John Duty Collins III Outstanding Advocate for Persons with Disabilities Award. I am confident that my experience, dedication, and perspective will be valuable to the ACPD in promoting the rights and improving the lives of persons with disabilities. I look forward to the possibility of contributing to this important work and making a positive impact in our community. Thank you for your kind consideration.

## Interests & Experiences

### Statement of Interest

I really enjoy being a father, our son is 10 going on 76 - soooooo it's interesting. I also enjoy cooking, working out (when I can) I'm married to a nutritionist who was also a exercise major in college, that being said - health food, and lack of cookies in our house is a battle! Additionally, I suffered a stroke several years ago due to an unknown hole in my heart (PFO, now closed) so this should not happen again. I'm fortunate in the sense of vision being really the only thing impacted from my stroke. Yes, speech can be difficult - but like anything, the more you do it, the better you become and I love talking!

## Interests & Experiences

### Statement of Interest

Twice a veteran of the GWOT and an officer in the Virginia National Guard & US Army Reserve for 16 years, I am a keen fan of US history and understand well George Washington's role in the founding of our republic. Well accustomed to planning large events and working with a board of directors, I think I would bring great experience to this community organization. I also live in the core of the historic district so I would represent the interests of Old Town Residents who celebrate their connection to the first President.

## **SUMMARY OF WORK AND PRACTICAL EXPERIENCE:**

Functioned as a Clinical Social Worker first in public agencies and then in private practice as a psychotherapist in Alexandria. Held numerous leadership positions in my profession such as President of the Greater Washington Society for Clinical Social Work and on the Virginia State Board of Social work (Chairperson 2012 to 2014). Chaired committees at the Old Presbyterian Meeting House and on several city commissions. Learned a lot about preservation in my tenure on the "long name" Commission and made numerous helpful connections that benefit the Commission.

## Interests & Experiences

**Statement of Interest**

Based on my background in studying the Mirant Power Plant, its numerous air quality exceedences which required my immediate attention to classify, I think this emergency committee will be a good fit for my skills. Also, the plant's coal pile was always threatened by spontaneous combustion causing fires. Therefore, the coal pile had to be compressed daily to avoid the chance of fire. In recognition of these efforts, I was awarded the Ellen Pickering Environmental Excellence Award (2009). Also, I was named a "Living Legend" of Alexandria for my work in closing the Mirant Power Plant.

### Statement of Interest

I have been reporting on Alexandria for around eight years and believe I could be helpful in both emergency planning and publicizing information about reports filed to the Alexandria Local Emergency Planning Committee (LEPC). In particular, I've been on-the-ground in coverage of sites like the former GenOn power plant where hazardous chemicals are a factor in future development. As a representative of broadcast and print media I can help notify locals on the details in reports that are of public interest.

## Interests & Experiences

### Statement of Interest

Dear Mayor Wilson, Vice Mayor Jackson, and Members of City Council, This application is for my reappointment to the Alexandria Planning Commission for a third and final term. No matter how many big things come before the Planning Commission – just in the last few years Zoning for Housing, Duke Street in Motion, Landmark/West End, the Virginia Tech Innovation Campus, the Potomac River Generating Station Site... or how many small things – umpteen zoning practical updates, substandard lot cases, use permits for restaurants to do something slightly new... There is always something new, and big or small there is always a meaningful position to be taken on how land use change, and the policies and approvals that underpin it, can make our community a better place. I would like to be reappointed for a third and final term because I want to contribute to the renewed conversation around what's next for North Potomac Yard, to follow through on the PC/EPC/TC joint letter to you regarding the critical next steps we must make to address climate change through land use and development policy, and to see through the implementation of Zoning for Housing Phase 1, helping staff and Council reflect on and pursue what comes next to ensure our community is affordable to all. With reappointment, I'll be able to continue my service delegated as a Planning Commissioner on the Transportation Commission (currently as Chair) working to align the grant requests, projects, and small area planning processes with the Alexandria Mobility Plan. As a Planning Commissioner, I pledge myself to maintaining our comprehensive plan, including the detailed consideration of existing conditions and trends of growth and of the probable future requirements of the entire community. I will continue to strive for the coordinated and harmonious development of the community which will best promote the health, safety, prosperity and general welfare of all Alexandrians. Thank you so much for your consideration and this opportunity to serve present and future generations. Sincerely, Melissa McMahon, AICP MPH

## Interests & Experiences

## Statement of Interest

---

I am interested in continuing my service as a member of the Alexandria Waterfront Commission, representing the Planning Commission, because the Waterfront Commission plays an important advisory role ensuring that the city maintains and improves its Potomac River Waterfront. As a member of the Waterfront Committee and then Waterfront Commission from 2007 to 2013, I was proactive in broadening the body's advice to City Council on matters concerning the waterfront. When I served as chair from 2009 to 2013, the Waterfront Committee was vocal on the Waterfront Plan as well as waterfront safety and security; riverside parking and transportation; park and marina operations and maintenance; and City budget and capital improvement priorities. As the Planning Commission's member of the Waterfront Commission since 2016, I have supported the Waterfront Commission's advisory role to implement the Waterfront Small Area Plan and make sure it achieves near-term success. In the past few years, we have realized important elements of Alexandria's waterfront vision, including improvements of Waterfront Park and Windmill Hill Park, the opening of the 100 blocks of King Street and the Strand to pedestrian traffic, as well as completion of significant development at Robinson Landing and other adjacent areas. Through the remainder of my eligibility to serve as a member, the Waterfront Commission will advise on key activities in the Waterfront area, including waterfront flood mitigation and other Waterfront Small Area Plan implementation activities, revitalization of the Torpedo Factory, pedestrian blocks near the waterfront, and development at the former power plant site, Robinson Terminal North, and other locations along the river. As a Planning Commission member, my interest is in ensuring that Waterfront development is consistent with the City's comprehensive plan and benefits all Alexandrians. We must ensure that the waterfront remains accessible to all residents. Thank you for the opportunity to apply for this position, and for your deliberate consideration of my application. I look forward to resuming my service as a member of the Alexandria Waterfront Commission.

### If you have served more than two consecutive terms on this board, please state the specific qualifications you possess which merit consideration for continued service:

---

I remain committed to supporting betterment of the Waterfront through implementation of the Waterfront Small Area Plan, linking to the priorities of the city's Master Plan, which is the purview of the Planning Commission. I also serve as vice-chair of the Waterfront Commission, and offer institutional memory on the aims and intent of the Waterfront Small Area Plan when adopted in 2012. Through the remainder of my eligibility to serve as a member, the Waterfront Commission will advise on key activities in the Waterfront area, including waterfront flood mitigation and other Waterfront Small Area Plan implementation activities, revitalization of the Torpedo Factory, pedestrian blocks near the waterfront, and development at the former power plant site, Robinson Terminal North, and other locations along the river.
