**Re: Appointment of Charles Sumpter, Jr. and
Re-Appointment of Monique Robinson**

To the Honorable William D. Euille and Distinguished Members of the Alexandria City Council,

Please accept this brief correspondence as a sincere recommendation for both the re-appointment of Ms. Monique Robinson and the appointment of Mr. Charles Sumpter, Jr. as Commissioners on the Alexandria Commission on HIV/AIDS.

During her tenure, Ms. Robinson has been an outstanding commissioner, has been extremely active in our community events and currently serves as the chairperson for the Commission's 2013 World AIDS Day of Remembrance. Similarly, Charles Sumpter, Jr. is a young community activist whose hard work, vision and reputation for dedicated volunteerism in Alexandria would certainly be welcomed among our ranks.

I heartily commend Ms. Robinson and Mr. Sumpter for your consideration.

Sincerely,

/s/

Gayle L. Terry

Chair,

Alexandria Commission on HIV/AIDS
