Interests & Experiences

Statement of Interest

Since the 5th Grade, I have always dreamed about helping the next generation of people. Growing up in a family where my parents, aunts and uncles, and cousins were all teachers at every educational level, I quickly knew my calling. I have strived to "impact" and "influence" the lives of the youth that I have been able to help grow, develop and teach as a teacher, coach, mentor and youth pastor. It is my passion and my livelihood to help young people achieve their goals, dreams and aspirations. I have dedicated my life, both my professional and personal lives, to make a difference in the City of Alexandria. My diverse experiences, positive attitude, work ethic and overall love for education and the next generation make me a great candidate for a member of the Children, Youth and Families Collaborative Commission in the City of Alexandria. My goal as a member of the Children, Youth and Families Collaborative Commission is to engage the youth in the City of Alexandria and their families to develop programs, projects and activities that connect the youth to the beautiful place we call "home".

Statement of Interest

My name is Ashlei Jefferson, born and raised in Alexandria, Virginia. Growing up, I saw firsthand the impact of parental involvement, particularly through my mother's participation in the Parent Leadership Training Institute (PLTI). Now, as a mother myself, I'm inspired to continue this legacy of community engagement. Raising my energetic eight-year-old son has been a journey of constant learning and growth. I'm passionate about ensuring the academic success and safety of all children, which is why I'm eager to join the Children and Family Committee. I want to expand my knowledge, contribute my insights, and advocate for programs that promote educational equity and child welfare. With my background in Alexandria and experience as a parent, I understand the unique needs of our community's families. I'm dedicated to using this insight to champion initiatives that enhance the well-being of our youth. Joining the committee isn't just about personal enrichment—it's about giving back to the community that has given me so much. Thank you for considering my application. I'm excited about the opportunity to contribute to the important work of the Children and Family Committee and to serve our community.

Statement of Interest

I feel that I am called to empower women to be able to rise above their current situation. Women and families are stricken with a lot of varying setbacks and obstacles in life and I truly believe that establishing children, youth and family commissions help communities break down barriers where there are many disparaging gaps and to help grow future leaders. Being apart of a community means a great deal to me. I feel that when one is connected with their community that brings about major changes and healing within a nation. Heart-centered work, such as being a member on a board that advocates for individuals that may feel powerless is a honor that I would never pass over.

Interests & Experiences

Statement of Interest

I believe that a lot of change can happen in Alexandria, and asking students and teenagers who are currently involved in the school systems can provide a helpful perspective on the efforts that succeed and the efforts that may not work so well. I'm interested in representing students and teenagers in Alexandria with current issues and to help to the best of my ability. I think this is a great way to help the community and my peers.

Interests & Experiences

Statement of Interest

I am interested in being a part of the Children, Youth, and Families Collaborative Commission because I want to make a difference for youth and families living in Alexandria. I have always had strong opinions on topics and a determination to speak out. I have realized as I grow older that conflicts in our world keep increasing and our voices are continuously needed. In a city that is so diverse, everyone needs to receive the opportunities needed to make their life as best as it can be. As a woman of color and coming from an immigrant family, I understand the importance of advocating for individuals of many different backgrounds to ensure that their needs are met. I understand that the youth in our community and the families that surround them are heavily impacted by the decisions made here in Alexandria and it is important to take their concerns into consideration. I want to be more involved in my community and being a part of the Children, Youth, and Families Collaborative Commission will allow me to do that. Being surrounded by the strong community that is present in Alexandria will allow me to be more knowledgeable and aware of things going in around me. I know I can grow as a person and put my best self in front of our community. I know I have the determination and resilience to make a difference in our community and make an impact. I want to take pride in Alexandria and make a difference in a community that is already a strong and thriving one.

EDUCATIONAL BACKGROUND

I am currently enrolled at Alexandria City High School and in the 11th grade of high school.

SUMMARY OF WORK AND PRACTICAL EXPERIENCE:

As a student representative, I have gained experience in advocating for the student body in Alexandria and hearing their concerns. Being a student representative has allowed me to connect with many students of different backgrounds and understand their experiences at school. I have continuously seen how important it is to advocate for the student body and the lasting impact it has. I have also helped organize a town hall meeting with the Executive Principal Advisory Board. During this town hall meeting, student questions were answered and the level of transparency that was present between students and the administration allowed for both administrators and students to connect. With the experience of organizing this event, I can organize a similar event for the community to share their concerns and experiences. I know that with the experience I have, I can further help advocate for children, youth, and families all across Alexandria. I have developed many skills in advocating for individuals which will prove vital to improving the lives of people who live in Alexandria.
