Good evening City Council Members,

It is my understanding that you all will soon vote on several new housing projects in Alexandria on February 22nd. As a renter in Alexandria, I strongly support all initiatives to build much needed new housing in our community. If we don't build new housing of all types, vulnerable community members will be displaced from Alexandria, or worse, driven into homelessness. Please support the docket items 4, 6, and 10 tomorrow to help create an Alexandria where everyone has a home!

Thank you,

Todd Perry

Mayor Gaskins, Vice Mayor Bagley, and Members of Council, I am excited to see several housing projects on the Docket this week, and hope you will vote Yes on all three docket items: 4, 6, and 10. These projects represent a great variety of projects: a small Old Town conversion, a huge metro-adjacent project in Carlyle, and 6 single-family homes in Seminary Hill. They will provide desperately-needed homes across the city, contributing to the additional supply we need to bring housing costs under control and make Alexandria more affordable for everyone. I hope you will vote
