Subject: [EXTERNAL]Gratitude and Support to Episcopal High School

You don't often get email from president@pblva.org. [Learn why this is important](#)
Mr. Moritz, Mr. LaColla, Mr. Cook,

I'm writing to express Pioneer Baseball's sincerest support to Episcopal High School's lighting initiative. My understanding is that they (Episcopal) have also been selected as a World Cup training site; this is an amazing honor, and our community in Alexandria should put our best foot forward in supporting them (Episcopal) to be welcoming and capable hosts.

Episcopal High School remains one of, if not the most generous private school I've personally ever worked with, and hands down the most supportive in the area as it pertains to community use of their facilities.

Episcopal regularly donates time, field usage and support staff to facilitate and monitor activities of our volunteer-based organization. Their staff is so friendly, kind, professional and generous; they make us feel like we're a part of the Episcopal community every time we are on the grounds.

These lights will be critical to sustaining their support to the community. If Episcopal High School's lighting proposal is approved, Pioneer Baseball, and other non-profit organizations will benefit whereas Episcopal works with multiple organizations in order to share access to their amazing campus. If approved, you would not only be helping Episcopal, but the over 500 families that play in Pioneer Baseball along with other leagues just like us. This is not just support to Episcopal - this is support to the community.

I'd be thrilled to discuss their support further or testify on their behalf if needed. I can be reached day or night at: 617-694-5503. I look forward to further discussion. Thank you for taking the time to not only review this letter of support, but for your consideration of this initiative.

All the best,

Brendan
