

To the Members of the Board of Zoning Appeals, City of Alexandria and to Whom It May Concern,

We, the owners of the single-family residential homes located at the listed addresses below, support the request by our neighbors Kristin and Dee Edwards, who reside at 2411 Ridge Road Dr, to build a rear addition on their home that will encroach on the allowable side zoning setback. We have reviewed the proposed plans with the homeowners and do not see anything objectionable with what they propose to build, and are in support of their application to the City/BZA.
