City Council (January 20, 2024)

# Project Location

# Project Description

- 14 townhouses proposed for Becker Electric site, with 1 affordable townhouse
- Rear-loaded garage parking accessed via public alley off Gibbon Street
- Open space includes publicly accessible corner parklet and rooftop terraces
- Streetscape improvements including 10 new street trees, landscape buffer and widened sidewalks

# Architecture

VIEW A - LOOKING SOUTHEAST AT THE INTERSECTION OF GIBBON STREET AND SOUTH ALFRED STREET

VIEW C - LOOKING NORTHEAST FROM SOUTH ALFRED STREET

# Land Use Requests

## Master Plan Amendment

Land Use Map amendment in Southwest Quadrant SAP to change site designation from CL – Commercial Low to RM – Residential Medium

## Rezoning

From **CL** (Commercial Low) to **CRMU-L** (Commercial Residential Mixed Use Low)

## DSUP With Modifications

- Construction of 14 townhouses in CRMU-L zone
- SUP for increase to 1.5 FAR
- SUP for affordable housing density bonus (13%)
- SUP for land without frontage for alley lots
- Modifications to side yard setbacks and open space requirement

## Encroachment

For 3 bay windows in S. Alfred Street right-of-way (44 SF total)

# Considerations, Meetings & Recommendation

## **Considerations**

- Stormwater Management: Significantly improves water quality treatment via bioretention
- Schools: 2 net new students

## **Benefits**

- 1 set-aside for-sale affordable townhouse unit
- Replacement of underutilized commercial site and surface parking with townhouses
- Enhanced streetscape
- Publicly accessible corner open space with seating and landscaping
- High quality architecture
- Compliance with Green Building Policy
- Contributions to Bikeshare, Affordable Housing, and Public Art funds
