This position will suit her character and skill set beautifully. Please give her your full consideration.

Request Details:

- Request Description: My name is Crystal Vanison and I am interested in serving on the Human Rights Commission for the City of Alexandria. As a lifelong resident of Alexandria, I have always been involved in my community. Whether it's reading essays and making phone calls for the Scholarship Fund of Alexandria, building a playground with ARHA and the Capitals, standing up for justice at the Trayvon Martin rally at City Hall, volunteering for the Obama campaign, mentoring youth at my church Antioch Church of Christ, visiting senior citizens at Envoy nursing home, as an election officer for the City of Alexandria the past two years or serving as the Education chair for the Alexandria Chapter of the NAACP. As a resident and home owner it's my duty to serve this great city.

The Human Rights commission in my opinion is one of the most vital commissions in the city as it protects the people! I have always had the passion to serve and if given the opportunity I know I would make my city proud. Although I have never served on a commission in the past I believe there is a first time for everything.

I should be considered to serve on the Human Rights commission for several reasons. One being I have a passion to serve! With that passion also come my ability to work alongside others as well as communicate to create relationships in which your job is done effectively.

Secondly, the City of Alexandria has become very diverse. This can be seen in the school system, places of business, neighborhoods and churches. As a class of 96 graduate of T.C. Williams High School and class of 2000 graduate of Virginia Commonwealth University, I have been exposed to diversity and have become a better person because of it. As within any city or state discrimination, segregation and separation can and will occur. As a Black American female I have been a victim of injustices throughout my life. Although I was able to speak up against the injustices there are many people who feel they can't. I want to be a voice for those people. Whether it a case of employment, housing, public accommodation or schools, I want to make sure we are all educated on our rights. If selected to serve on the Human Rights commission, I will fight to ensure ALL people are protected.

Lastly, as a past educator, I believe it's important that everyone is educated on the laws which protect from unlawful discrimination in their housing choices, places of employment, and places of public accommodation. I'm a firm believer that if we are educated and provide education to the community that we can overcome obstacles that violate human rights.

In closing I know that I will be an asset to the Human Rights Commission for the City of Alexandria. I am dedicated to serving and proud to be a resident of this great city. If given the opportunity as a member of the commission I will ensure that no one's human rights are violated.

Thank you for time and consideration. I plan to attend the next Human Rights meeting dated April 16th and hope to be able to personally introduce myself.

Best regards,

Crystal Vanison
