## Interests & Experiences

### Statement of Interest

I love Alexandria. Having grown up in Calvert County, MD where most of my family were farmers, I see Alexandria as a real city - a quaint, socially active, and beautiful city. I love walking my dogs in the many parks, along the waterfront, and through the streets. We (I) love seeing the beautiful displays that residents and businesses put out in windows, on sidewalks, etc. There is so much development going on within the community that I want to help to ensure that the city maintains its unique charm. Also, I am an avid gardener and get compliments on my front of house plantings. On the other side, as a meeting planner I want to see the city maintain its charm to attract meeting business to the area, while also moving forward with new plans for expansion. Sounds corny, but I just love this city and want to see it keep its charm and be as beautiful as possible.

## Interests & Experiences

### Statement of Interest

I am interested in serving as an alternate on the Alexandria Building Code Board of Appeals because of my commitment to public service to the City I have deep roots in, and as I will leverage my decades-long legal experience in federal and state administrative judge and hearing officer positions to ensure fair and competent Board decisions. I have lived in Alexandria since 1998. I am a member of the Historic Alexandria Foundation and The American Legion Post 24 in Alexandria. I also have interacted with the Alexandria Board of Architectural Review. I have dedicated my career to public service, first as a Captain in the U.S. Army, and thereafter in various state and federal agencies for over 35 years. As an attorney, I am familiar with interpreting state law and regulations, whether long established or recently promulgated. As a former state hearing officer and a current federal administrative judge, I have extensive experience holding hearings to develop the record while ensuring the due process rights of hearing participants. I am very interested in leveraging this experience to contribute to the mission of the Building Code Board of Appeals, and wish to further contribute to my community. This opportunity aligns with my longstanding interest in fairly deciding important community matters.

---

Bachelor's Degree, 05/1982 Public Justice, Saint Mary's University, San Antonio, Texas J.D.  
05/1991, Saint Mary's University School of Law, San Antonio, Texas

## **SUMMARY OF WORK AND PRACTICAL EXPERIENCE:**

---

I have served in state or Federal agencies as an attorney for most of my professional career following military service. In working for the state of Texas as a hearing officer, I conducted weekly hearings and routinely interpreted state laws, regulations and policies in unemployment-related appeals. I developed the evidentiary record at these hearings, and ensured the due process rights of all appellants were respected. Thereafter, I routinely interpreted laws and regulations at the federal level for the Department of Justice, and currently do so in my capacity as a federal administrative judge for the Department of Veterans Affairs. These interpretations are made particularly complex by an appeal process involving an intricate interaction between legislation, an expansive regulatory scheme, continually evolving caselaw, and conflicting departmental policies. I also interpret various state laws where federal law is not dispositive. As a federal administrative judge, I conduct hearings on a monthly basis, where I develop the evidentiary record while protecting the due process rights of the appellants. The appellants are usually veterans, but can be institutions or even attorneys. I routinely address preliminary jurisdictional matters such as appeal timeliness and subject matter jurisdiction. I frequently address postponement motions and motions on other matters. Following the hearings, I issue an action either deciding the matter before me, or remanding to a lower tribunal for additional action. On occasion, a panel decision with other judges is convened, and I am familiar with using a collaborative approach to reaching consensus on the disposition of an appeal.

## Interests & Experiences

### Statement of Interest

My name is Catherine "Cassie" Page, and I am writing to express my interest in serving as the Mayor Representative on the Commission on Information Technology. My passion for information technology, coupled with my dedication to fostering digital rights and cybersecurity, propels me to seek a position where I can contribute meaningfully to the Commission's objectives and the broader City of Alexandria community. As a student at Bishop Ireton High School and an active board member for the Internet Governance Forum as one of thirteen teenagers that have been internationally recognized by the United Nations, I have immersed myself in the advising on the challenges and opportunities that the digital age presents. My role as the Admin Team Lead for HackBI, an event that united over 150 students to innovate and solve problems through technology, has equipped me with a unique perspective on how digital solutions can be harnessed for public good. This experience, among others, has honed my skills in leadership, organization, and strategic thinking. I am deeply committed to addressing key issues at the intersection of technology and public policy, including but not limited to cybersecurity, privacy concerns, and the ethical implications of artificial intelligence. It is my belief that with my background and forward-looking approach, I can bring valuable insights and fresh ideas to the Commission on Information Technology. I am eager to contribute to the Commission's mission to navigate the evolving technological landscape and ensure that our community remains at the forefront of digital innovation and security. I am confident that my experiences, coupled with a strong desire to make a positive impact, will enable me to be an effective and dedicated member of the board.

## Interests & Experiences

### Statement of Interest

I'm interested professionally and personally in ways to alleviate poverty and improve the economic well-being of people in our community. My experience running organizations at the national and local level, serving as a board member of other organizations in the community, and living in the community allows me to connect people to each other to work together and find common ways to address larger problems facing our community. Thinking strategically and working in teams to develop goals and objectives for community improvements takes a lot of collaboration and partnership. I hope to be able to continue to facilitate those connections and work to synthesize existing data into meaningful and actionable goals to foster community improvements, systems change and ultimately help decision makers leading our community make informed decisions.

## Interests & Experiences

**Statement of Interest**

To Whom It May Concern: I am the newest member of the City of Alexandria Public Records Advisory Commission and I write to express my interest for a citizen position on the Historic Alexandria Resources Commission. This commission in turn has recommended this position to me. While my profession has diverted me from history and research, history remains one of my most serious hobbies, chiefly through reading and tourism. I appreciate not only the City of Alexandria, but also the importance of our shared past. As a member of the commission I would work to learn as much as I can concerning how best I could contribute. Concerning my residency in Alexandria. In 2013, my wife and I moved to Alexandria where we purchased our home. We lived there until 2017, when we moved to Arizona to purchase a veterinary clinic. In November 2023 we sold our clinic and I returned to our house in Alexandria. I have no more plans to leave Alexandria and I look forward to serving my community. Thank you for your consideration. Sincerely, David A. Kovalik, MA, DVM

## SUMMARY OF WORK AND PRACTICAL EXPERIENCE:

---

I am a practicing small animal veterinarian, currently working at various clinics in Northern Virginia and D.C. Previously I worked as an emergency veterinarian in Maine and Philadelphia, a general practitioner in D.C., and very recently as the former owner of a small clinic in Arizona. Before becoming a veterinarian, I taught English and writing, and I studied English Literature and Classical Eastern Philosophy and History. In my profession and life, I value thorough and professional communication, chiefly through writing.

## Non-Discrimination Data Supplemental Questions For Applications to City Boards, Commissions, and Committees

Completion of this section is **VOLUNTARY**. When completed, the section is separated and redacted from your application prior to the application's submission to City Council. **COUNCIL AND STAFF DO NOT USE THIS FORM IN DETERMINING APPOINTMENTS.** Information provided in this section is treated confidentially and the information is forwarded to the Alexandria Office on Human Rights for compilation of statistics. One responsibility of the Human Rights Commission (HRC) is to track whether the diversity in our City's population is reflected in appointments made to boards, commissions, committees and authorities; the HRC does this using only data supplied on this form. The HRC reports statistics only to Council.

The HRC's main role is to ensure discrimination does not occur in our city based on race, color, sex, religion, ancestry, national origin, marital status, familial status, age, sexual orientation or disability with respect to housing, employment, public accommodations, health and social services, education, credit or city contracts.

**Statement of Interest**

Human rights and the sanctity of those rights are becoming increasingly important. This helps maintain peace and harmony at a macro level with the added benefit of stability, security and respect thereby leading to a more trusting and welcoming community fostering stronger community relationships. When a community takes care of each other, it can only help Alexandria to become a safer and desirable place to live. In the past I have volunteered (at a suicide prevention hotline) and served on the Board of PRS Inc.

## Interests & Experiences

### Statement of Interest

I am interested in serving as the Potomac East Representative on Alexandria's Potomac Yard Design Advisory Committee. I believe with my 35+ years of experience as an Air Force officer and senior executive in the Federal government in the fields of facility operations/management and construction I can provide service to the city and the committee. I have comprehensive background in managing billions of dollars in government programs and real property assets including land, facilities, utilities, contracts, and support services, as well as being highly experienced in overseeing, planning, construction, facility maintenance and operations, environmental, cost reduction, and program management initiatives. As an Air Force Civil Engineer Squadron Commander, I was responsible for all facilities, infrastructure, housing, construction and emergency services for a large installation—a position equivalent to a Director of Public Works for a city or county. I look forward to the opportunity to work with the committee and representing my community.

## Interests & Experiences

### Statement of Interest

Dear PHAC Selection Committee, I am writing to express my keen interest in serving on the Public Health Advisory Commission. As a dedicated advocate for community health and well-being, I am committed to contributing my expertise and passion to this vital commission. Background and Motivation: I hold a Masters degree in Business Administration with a concentration in Healthcare Administration and have actively participated in health-related initiatives within our community such as the Medical Reserve Corps. My experience includes working with diverse populations, conducting health assessments, and collaborating with local organizations. I am deeply committed to promoting equitable access to healthcare, preventive measures, and health education. Why I Want to Serve: The PHAC's mission resonates with my values. I believe that informed decision-making is essential for a healthier Alexandria. I am eager to contribute my insights to evaluate health matters, prioritize public health needs, and provide valuable recommendations to the City Council. By serving on the PHAC, I aim to bridge gaps, address disparities, and enhance the overall well-being of our residents. Areas of Interest: Health Equity: Ensuring that health resources are accessible to all, regardless of socioeconomic status or background. Community Outreach: Engaging with neighborhoods, schools, and local institutions to raise awareness and promote health literacy. Emergency Preparedness: Collaborating with emergency services to develop robust health response plans. Data Analysis: Utilizing data-driven approaches to identify health trends and inform policy decisions. Commitment: If reappointed, I am committed to attending meetings regularly, actively participating in discussions, and contributing constructively to the commission's work. I am open to learning from fellow commissioners and collaborating effectively to achieve our shared goals. In conclusion, I am excited about the opportunity to serve on the PHAC and contribute to the betterment of our community's health. Thank you for considering my application.

## Interests & Experiences

**Statement of Interest**

Since earning my degree in Public Policy in 2019, and serving in 3 federal Departments since then, I've long been interested in social programs at the municipal level, as this is where the majority of impact is carried out to benefit those in need of services. I am an active volunteer with Carpenter's Shelter in Alexandria, and am acutely aware of the significant impact this and related organizations have in our community. Additionally, I regularly conduct research in my spare time on best practices for social services and programs being tested and/or adopted in municipalities across the country (and the globe). Although I am young and have not served in our community before, I am well-suited for this role, and I hope to serve the community that I've loved since first moving here from California nearly 3 years ago.

## Interests & Experiences

## Statement of Interest

---

My family's experience with the US health and social services system makes me passionate about addressing health and social disparities and their root causes. As refugees from Cuba, my family took huge risks coming to the US - uncertainty, health insecurity, and no family to fall back on. Social safety net programs like Medicaid and Medicare provided them with tremendous security when they could access it. My family and other immigrants' struggle with healthcare and social services access led me to pursue a career in health and social policy. While I recently moved to Alexandria, I have been involved in public service most of my adult life and I am eager to serve my community. I also am the proud parent of a one year old girl - supporting the growth of a healthy community with services families need is more important and real to me than ever. I care deeply about advancing meaningful social policy in Alexandria and ensuring our social services programs meet the needs of the community. While working at the US Senate and at the Center for Medicare and Medicaid Services (CMS) I have fought for policies that advance equity at the national level (e.g., drug price negotiation through my work on the Inflation Reduction Act, drafting language for Medicaid expansion, leading a Senate investigation forwarding beneficiary protections, and writing portions of the Senate's current mental and behavioral health package. Serving on the Social Services Advisory Board will provide me with an opportunity to advocate for continued improvement of social services here in Alexandria. Serving on the Social Services Advisory Board will give me an opportunity to apply my professional interests, skills, and network to a cause I care about - advancing health, social, and economic equity for all Alexandrians. While pursuing a grad degree in California, I served as the City of Berkeley's District 1 Commissioner on the Homeless Services Panel of Experts, where I developed policy recommendations for the mayor and city council on the allocation of tax dollars towards homeless and mental health services and worked with my community to ensure their voice was heard on housing issues. As part of that work, I advocated for city funding for a new crisis stabilization center as no voluntary 24/7 mental health services were available and helped allocate a record number of dollars towards affordable and supportive housing in the city. As a commissioner, I learned to listen and partner with the community to address issues faced by the community - I am eager to apply those skills and lessons learned to serving on the Social Services Advisory Board in Alexandria.

## **EDUCATIONAL BACKGROUND**

Michael received his Master in Business Administration (MBA) and Master of Public Health (MPH) from UC Berkeley in 2022. At UC Berkeley Michael focused on his research on social determinants of health and inter-governmental coordination. He graduated with highest honors and his capstone research on government coordination to address social determinants of health was selected by faculty as the top graduate research paper in health policy. Michael graduated with a bachelor of science in Economics from Georgia Tech in 2015. He graduated with highest honors and focused on public economics.

## **SUMMARY OF WORK AND PRACTICAL EXPERIENCE:**

Michael is the Deputy Director for Health Plan Innovation and Senior Advisor on Climate Change and Health at the Center for Medicare and Medicaid Innovation (CMMI) (a Center within the US Department of Health and Human Services) where he leads the Center's portfolio of health plan research and policy development and leads the Center's work on health sector decarbonization. His priorities at CMMI focus on increasing access to affordable healthcare and expanding federal investment in addressing health related social needs such as food and housing insecurity. In his role he manages the Center's relationship with agency's at the Department of Human and Services focused on social services programs such as the Administration for Community Living (ACL) and the Administration for Children and Families (ACF). As the Senior Advisor on Climate Change and Health, Michael lead's the Center's portfolio of policies and programs focused on climate and health such as a new reporting program for hospitals to report their emissions data to the government. Prior to his time at CMMI he was a health policy fellow on the US Senate Committee on Finance, where he worked on the Inflation Reduction Act and other legislation related to mental health, drug price negotiation, and the intersection of climate change and health. He previously served as a Commissioner on the City of Berkeley's Homeless Services Panel of Experts where he provided recommendations to the city on the allocation of tax and bond dollars for affordable housing and services to address the needs of people experiencing homelessness. Prior to attending grad school at UC Berkeley he was a senior consultant at Deloitte's government and public services practice. His main client was CDC where he advised on the Zika, Ebola, and COVID-19 pandemic responses.
