Rachel and Adam,

I am writing to formally express our support for the proposed renovation project at 219 Mt. Ida. As the backyard neighbor at 2704 Holly Street, we fully support the plans for this addition.

After reviewing the plans provided by Moore Construction, I believe the renovation will be a positive enhancement to the property and is consistent with the character and aesthetic of our neighborhood. I look forward to seeing the completed project.

I am aware of the scope of work and do not anticipate any adverse impact on our property. I trust that the homeowners will ensure the project is carried out with minimal disruption to surrounding neighbors.

Please feel free to contact us if any additional information is needed.

Sincerely,

Jennifer and Kevin Curry

To whom it may concern:

We've known Rachel and Adam Check since 2020 when they bought the property adjacent to us as a newly wedded couple. Over the years, we've gotten to know them not just as friendly neighbors, but as part of our close circle of friends. We've also seen their family grow with the addition of two amazing boys.

When they announced to us that they were expecting their second child, we knew it would be time for them to seek a larger home or explore some alternative of expanding the size of their current residence. We were indeed one of the first people with whom they discussed any prospects of having an addition done to their home because both of our homes are the only two identical properties in the neighborhood, and ours happens to have an addition done to it.

In sharing the plans for expansion on their home, we think the size and footprint of the structure on their lot will be commensurate with other properties in the neighborhood. The proposed addition does not create any visual impediments from the standpoint of our property line.

If all goes well, we believe this may be an opportunity to have a friendly family that's committed to living in the area for the long haul and we hope you'll consider the points made by us to consider their request for an addition approved by your office.

Best Regards,  
Paul and Akoua Enow

7 April 2026

TO: Whom It May Concern

FROM: Alexis Scudder and David Schneeberger, neighbors of Rachel and Adam Check

RE: **Case # BZA2026-00004 | 219 W. Mt. Ida Avenue**

We are neighbors of Rachel and Adam Check of 219 W. Mt Ida Avenue, and we are writing in support of their plans to construct an addition to their home. The planned designs of the addition are in keeping with the vintage character of the neighborhood, and we are confident that the very small overstep of the addition's boundaries will not detract from the overall curb appeal of the home or the lots and homes that surround the property.

Rachel and Adam are kind, respectful, and community-driven individuals who we are fortunate to call our neighbors. Their planned addition will serve to enhance their home and our block of W. Mt Ida and Holly Street.

Please do not hesitate to contact us if you require further information.

Sincerely,

*Alexis Schneeberger*
