Dear Mayor and Members of the City Council,

Tonight you will appoint a new member to the Alexandria Historic Restoration and Preservation Commission. It is currently my pleasure to chair the Commission. Recently several vacancies have occurred due to members moving, changed life circumstances and term expirations. Our latest addition to the Commission is a City/Governors appointee. We have ambitious plans for the new year and look forward to be fully "staffed."

I note that you will be considering two applicants for the current opening. Both would be welcome additions. However at this juncture I would like to endorse Alfred Dan Clifford. He is an architect currently working on the renovation of the Hirshhorn garden and a resident of Old Town. He recently accompanied the Commission on an educational tour through the historic district. It was clear that his expertise, interest and energy would be a great addition to the Commission in our preservation and restoration work.

It might be helpful for you to know that another vacancy will emerge in a few weeks due to the resignation of a member who cannot complete his term due to family demands.

Respectfully submitted,

Susan Horne
Chair, AHRPC
