## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

Sound transportation decisions are fundamental to the city's goals of transforming to become more sustainable, addressing climate change, increasing public safety, and meeting the needs of population growth with smart and inclusive transportation options. As a citizen who has commuted for more than 30 years from Alexandria to Washington, both on the bus, as well as by personal vehicle, and also biked to Washington and for recreational enjoyment, as well as used DASH around town, I believe I will bring a forward leaning, and balanced perspective, to the important decisions that will impact our community. As someone living West of Quaker Lane, I also recognize the current lack of options and transportation bottlenecks in our city, and want to lend my voice to sustainable and viable solutions. I also have gained considerable expert knowledge on issues surrounding electrification of the vehicle fleet, and want to apply my knowledge in this field to the emerging infrastructure needs that electrification will present our city. Many multi-family dwellings and apartment and condo buildings, including mine, do not have EV charging infrastructure, and making charging stations widely available will be key for Alexandria to embrace the future of transportation which, as DASH has already demonstrated, is electric. Transportation policy in Alexandria, has become unnecessarily polarized. I have extensive diplomatic skills. I listen. I speak English and Spanish, and can take on all points of view from the diversity that is the strength of our community. By engaging our community early and often in the planning process, we can come together and guide the Council on smart growth, and effective, yet sustainable, and efficient transportation solutions that serve everyone.

Matthew Mcmanus

☒ Yes ☐ No

**EDUCATIONAL BACKGROUND (Please list certificates, diplomas, degrees, seminars, etc.):**

---

Master of Science, Georgetown University, Washington, DC 1990 with Distinction Bachelor of Arts, double major in Spanish and in Economics, 1988, College of the Holy Cross, Worcester, MA 01610  
Extensive professional training in resource economics, energy, and transportation related issues.

**SUMMARY OF WORK AND PRACTICAL EXPERIENCE (Please list titles and duties for the past five years):**

---

I am seeking this voluntary position in my community in a purely personal capacity. Professionally, for 31 years and presently, I work in the fields of energy and natural resources, and sustainability, at the U.S. Department of State, where for the last decade I have worked as the Deputy and currently the Acting Director of the Office of Policy and Public Diplomacy in the Bureau of Energy Resources. Sound transportation policy and energy policy are interlinked, and sustainable transportation options are at the center of addressing climate change, and sustainability, as well as air quality and economic growth in our region. We can have both. I have expertise in Electric Vehicles, and the policy options, particularly at the state and local levels, that are needed to successfully drive their expansion. I also have expertise in natural gas driven transportation, biofuels, and traditional fuels, and policies to integrate all fuel sources to realize an ever cleaner and reliable energy mix to meet Alexandria's transport needs. I have professional experience in soliciting and considering the views of external stakeholders, and assuring that they are considered in the policy making process, that alternatives are considered and that concerns are mitigated.
