Statement of Interest/Why You Should Be Appointed

I have worked at the local government level for the past 29 years in Fairfax County in both the Health Department and Department of Social Services. For the past 16 years I have managed the County's Community Services Block Grant which seeks to address the causes and conditions of poverty for County residents with incomes below 125% of the Federal Poverty Level. Although my professional experience has been in Fairfax County, I am a resident of Alexandria support Councilwoman Gaskins in her effort to build a healthier, equitable, and more just Alexandria for all our residents, not just those who already have power and resources.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

As a previous representative on BFAAC, I bring both a broad and a detailed understanding of Alexandria's budget and fiscal operations. My previous BFAAC work on revenue enhancement and capital investment planning will be valuable to the Committee given the opportunities presented by both federal and state funding sources, including the American Rescue Plan Act and the Bipartisan Infrastructure and Jobs Act. Under the previous City Manager I was entrusted with leadership roles on committees and advisory groups addressing sensitive topics such as the City's business tax structure and the renaming of Jefferson Davis Highway (including collaboration with both Alexandria City and Arlington County officials). I have been fortunate to know Councilman McPike for several years and am confident that I will represent his interests professionally and fairly on the Committee.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I was born and raised in Alexandria, attended ACPS for nearly a decade, and have since returned to Alexandria as a high school English Teacher at the Minnie Howard Campus of Alexandria City High School. I have been a youth voice advocate all my life, from registering nearly 700 students to vote at Alexandria City High School, to chairing the Student-Superintendent Leadership Committee, to serving as a student representative on the Alexandria City School Board. Now I want to continue to support youth in our community through leadership as a member of the Children, Youth, and Families Collaborative Commission. I bring long-term experience with youth advocacy, an insider's view of what the day to day looks like in one of Alexandria's biggest public schools, experience with strategic planning and implementation, a willingness to learn, and a deep investment and love for this community. I hope you will consider appointing me for this position.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

As a resident of Alexandria for the past 8 years, the parent of a current and future ACPS student, a former public school teacher, and an education policy professional, I'm interested in continuing my role on the Alexandria Children, Youth, and Families Collaborative Commission to support our community in creating equity of opportunity for all Alexandria children and families. The city of Alexandria benefits from vibrant and diverse communities and schools and a rich historical culture, but faces a critical achievement and opportunity gap, particularly for students of color and low-income students. I believe education is a critical lever for change, but combining education with wraparound health and human services is essential for improving equity of opportunity. This is particularly important in the wake of the pandemic, which has exacerbated gaps in equity of opportunity for our most vulnerable and historically marginalized students. I have spent the last decade leading and managing complex technical assistance projects for districts, state education agencies, and national education organizations. This work includes planning and facilitating stakeholder engagements with diverse groups of parents, teachers, principals, community members, and district and state leaders on a wide range of complex education issues ranging from policy design and implementation, instruction and professional development, educator workforce policy, and improving equity of opportunity for under-served student groups. I am well-versed in supporting small- and large-scale project implementation including managing logistics, operations, and short and long term planning. I spent the early part of my career as a public school teacher and dean of students in Title I schools, and have firsthand experience working in underserved communities. I supported ACPS as a thought partner during the pandemic, serving on the Reopening Planning Committee and Learning Advisory Team to engage in planning and continuous improvement for virtual and hybrid learning. I also served as the co-chair of the ACPS Douglas MacArthur/Patrick Henry Collaborative Committee, charged with supporting a successful dual occupancy of the Patrick Henry Campus during the upcoming Douglas MacArthur modernization project. For two years, I served as the Board Treasurer of the Clover-College Park Civic Association. I recognize the increasing challenges that ACPS and the city of Alexandria face as a result of the pandemic, leading to concerns with incomplete learning, increased student mental health needs, and challenges with chronic absenteeism and engagement. With unprecedented federal stimulus funding, the CYFCC has the opportunity to influence the City and ACPS's sustainable and equitable investments in pandemic recovery - I want to be a part of that conversation. More about my professional experience can be found here: <https://www.linkedin.com/in/danagrayschambers/>

Statement of Interest/Why You Should Be Appointed

I have a Ph.D. in 19th century American history with concentrations on pre-Civil War history, historic architecture, and the history of technology. I have experience in determining the date and historical significance of houses and in completing a full historic structures report. My home is one of just a handful of properties for which the Commission holds a conservation easement on interior elements, which gives me a valuable perspective as a citizen to bring to the commission. As a consultant and contractor, I have honed excellent written and verbal communications skills, which complement my already substantial experience as a researcher.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

Serving on this board for the past two years has offered me a window into the work of the Housing department and I value our ability to serve the needs of tenants and landlords, especially during the pandemic. I have rented a home in Alexandria for the past 8 years and am familiar with the market as well as needs of mid-level income renters in the area. I previously owned my own homes and have a well-rounded view of tenant-landlord relationships and expectations. As someone with a keen interest in local policy and a degree in public administration, serving as a tenant representative fulfills my desire to give back to the community in a meaningful way.

Statement of Interest/Why You Should Be Appointed

My professional career has centered around health and welfare policy development and service delivery for disenfranchised populations including the elderly, victims of domestic violence, refugees, individuals living with disabilities, and low-income families. As a member of the Public Health Advisory Commission, I hope to lend my voice and expertise to the collaboration of addressing issues of public health quality, sustainability and access for all Alexandrians and especially for vulnerable populations. In addition, I hope that my lived experience as a female and a person of color can add to the diverse view points of the commission.

As Chief of Staff for Delegate Mark Levine for three years, from June 2018 to June 2021, I served Alexandria residents living in (and outside) of the old 45th House District - the eastern half of the City.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I am seeking consideration for a position on the Public Health Advisory Commission because I am passionate about public health and serving my community in my adopted hometown. The people (and government) of Alexandria are still trying to persevere through the greatest public health crisis of our lifetimes; serving on this specific commission provides the best opportunity to make the biggest impact possible on Alexandrians' lives. As the husband of a nurse at INOVA Fairfax, a soon-to-be-father, a fitness enthusiast, and a former legislative aide to an elected official representing Alexandrians, I can bring a unique perspective and experience to the commission to help make sure that all Alexandrians are as healthy as they can be. I believe we can create a city where all Alexandrians not only survive, but thrive. As Chief of Staff for Delegate Mark Levine, I helped Alexandrians to understand public health policy developments, navigate the public health bureaucracy, and access public health resources. While this was always a part of my job, it became even more important when COVID hit. I am very familiar with many of the challenges that many Alexandrians face in getting the healthcare that they need because I helped many City residents to successfully overcome myriad obstacles - lack of information/knowledge, lack of technological skills, and a lack of financial resources, to name a few - to receiving the high quality care that they deserve. My time working for Delegate Levine as he served on the House Health, Welfare, and Institutions Committee (and the Behavioral Health Subcommittee) helped me to develop a solid understanding of the public health legislative and policy landscape. As the husband of a nurse and the son of a physician, I am also deeply familiar with the toll that COVID has taken on service providers. Finally, I want to serve on the Public Health Advisory Commission because I know that the members of City Council share my commitment to assessing/addressing public health needs through the lens of racial and gender equity, social justice, and economic fairness. If nominated to the commission, I will prioritize centering the needs of people most impacted by the inequities in our healthcare system.
