**PLANNING COMMISSION ACTION, FEBRUARY 1, 2022:** On a motion by Vice Chair McMahon, seconded by Commissioner Lyle, the Planning Commission voted to defer Special Use Permit #2020-00107. The motion carried on a vote of 6-0, with Commissioner Ramirez absent.

## I. DISCUSSION

The applicant, Kostadin Pehlivanis with Greg's Auto Service, Inc, requests Special Use Permit approval to add automobile sales to a noncomplying general automobile repair business at 3507 Mount Vernon Avenue.

### SITE DESCRIPTION

*Figure 1: Greg's Auto Service from Mount Vernon Avenue*

The subject property is one lot of record with about approximately 147 feet of frontage on Mount Vernon Avenue, approximately 146 feet of frontage on West Reed Avenue and a total lot area of 11,012 square feet. The site is developed with a one-story 1,840 square-foot automobile repair garage with three bays.

The surrounding land uses include residential apartments to the north across West Reed Avenue, a mix of commercial uses and shopping center to the west across Mount Vernon Avenue, and a vacant commercial building to the south and east.

### BACKGROUND

An automobile repair business has operated in this location since at least 1981, when City Council approved SUP#1241 for the use in the C-2 zone. On January 25, 1992, City Council granted SUP#1421-A for a change in ownership of the business to Precision Tune #7203 Power Enterprises, Inc. On March 16, 1995, City Council approved SUP#95-0026 to change ownership of the business to Greg's Auto Service, Inc. On December 6, 2010, staff approved SUP#2010-0074 for a minor amendment to change the hours of operation from 8 a.m. – 6 p.m. Monday-Friday to 7:30 a.m. – 7:30 p.m. Monday-Friday. The business became a non-complying use in 1992 when the zone changed from C-2 to CG, which no longer allows general automobile repair as a use. The property was rezoned to NR in 2003.

### PROPOSAL

The applicant proposes to add an automobiles sales use to the existing automobile repair shop. The applicant must request SUP approval for intensification of a noncomplying use for automobile sales as it is not allowed within the NR zone. The applicant proposes to have no more than two to three vehicles for sale at any one time. These would be displayed in existing parking spaces on the site along Mount Vernon Avenue.

The current use is a general automobile repair shop. There would be no change to number of employees, no alterations to the existing building and the existing office would be also used for sales. A small increase in customers is expected. The applicant is requesting to allow for sales operations on Sunday by appointment only.

Details of the applicant's proposed repair and sales operations are:

<u>Hours of operation:</u>	7:30 a.m. to 6:00 p.m., Monday through Friday 8:00 a.m. to 2:00 p.m., Saturday Sundays by appointment only
<u>Number of Employees:</u>	Five (no change)
<u>Number of Customers:</u>	Approximately up to two to four more customers per day
<u>Noise:</u>	No unexpected noise levels. (no change)
<u>Odors:</u>	No unexpected odors. (no change)
<u>Trash/Litter:</u>	Private dumpster and trash removal for automobile parts and other general trash. (no change)

### PARKING

According to Section 8-200(A)(17) of the Zoning Ordinance, an automobile repair and sales use requires one parking space for every 400 square feet. The 1,840 square-foot building will be required to provide five off-street parking spaces. The applicant exceeds this parking requirement with 14 parking spaces on the property.

### ZONING/MASTER PLAN DESIGNATION

The subject site is located within the NR/Neighborhood Retail Zone. Section 6-702(A) does not allow automobile sales. Section 12-302(B) of the Zoning Ordinance states that a non-complying use, the general automotive repair use in this case, may be intensified, continued or changed as noted in Section 12-302(A) and (B)(2):

*(A) A special use permit is required for the physical expansion, enlargement, or intensification of a noncomplying use.*

*(B) A non-complying use may be changed, with a special use permit, to any use allowed in the zone in which such a non-complying use is the first listed in this ordinance.*

The addition of the automobile sales use represents an intensification of the non-complying automobile repair use, requiring SUP approval. Additionally, as it is separately defined in the Zoning Ordinance, the automotive sales request represents a change from the previous legal, non-complying general automotive repair. Automobile sales may be considered as a change to a non-complying use because it is first listed in the CSL zone of the Zoning Ordinance and before general automobile repair, which is first listed in the Industrial (I) zone. Given that automobile sales is listed earlier than general automobile repair, the sales use is considered less intense and may be allowed through SUP approval.

The subject property is located within the boundaries of the Arlandria-Chirilagua Small Area Plan, which designates this property as commercial/residential/institutional.

## **II. STAFF ANALYSIS**

Staff supports the applicant's request to add a small automobile sales business function to the existing general automobile repair shop. An addition of a sales feature adds a complementary retail component to the use, which continues to be compatible with the surrounding commercial uses. The existing noncomplying use has operated without complaints, and the site is in good condition.

Staff does not anticipate neighborhood impacts from the addition of the automobile sales use, considering the surrounding commercial uses and limited number of vehicles for sale. Nonetheless, staff has amended Condition #9 to limit the automobile sales area to five parking spaces on the site, so any increase in inventory volume would require a review of the SUP at this location. Given that the site is designated for eventual redevelopment in the Arlandria-Chirilagua Small Area Plan, staff is also recommending Condition #28, requiring an administrative review after five years to assess the compatibility with the surrounding area and to docket the case for City Council review after 10 years.

Staff has included conditions from the previous SUP, limiting the general repair operations on the subject property and property maintenance requirements. Condition #5, which restricts vehicle repair to inside the building, has been updated with current language. Condition #11 and #16 have been amended for the applicant to maintain the improvements made to the property. Staff has deleted conditions #13, 14, 15, 18, 24, which are either outdated or have been satisfied by the applicant.

Staff has continued to keep standard conditions to mitigate potential noise, litter and parking impacts. Condition #22 requires staff to patrol the grounds for litter near the subject site. Conditions #23 has been updated with current language and staff has added Condition #26, and #27 to mitigate parking impacts in the surrounding area by requiring employees to use off-street parking, encouraging parents to park off-street, and encouraging those who can, to use public transit.

Subject to the conditions stated in Section III of this report, staff recommends approval of the Special Use Permit request.
