To Whom It May Concern:

We are the Frys' neighbors at 3503 Wilson Avenue. Throughout the last year we have had frequent conversations with them about their renovation plans under consideration today. The Frys have actively engaged us throughout the design process and the building contract. They are aware that such a large project will impact our home and family; they have kept us informed and solicited our feedback with this in mind.

We had been excited about seeing the project begin early this summer as we consider our options for life in Alexandria with a growing family. While we were sorry to see the exception requirement delay the renovations, we are writing today to express our full support for the exception approval so that the Frys can move forward with their plans.
