> Bill, I received the letter from Ann's attorney regarding the hearing next Monday, July
> 11 with the City.

I looked up the proposed changes and drawings from the City's website. Looks great. I will not be at the hearing, but feel free to share this email that Kate and I (owner's of the attached property, 510 N Washington St) support the requested exception. We believe the proposed changes will enhance the 500 block of N Washington.

Best,
Brent Westhoven
