## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I should be appointed because I have an understanding of the BAR process and the challenges that both sides face during the process. I also have a true appreciation of preserving the historic areas of Alexandria, while balancing that with common sense decision making. I would bring a fresh set of eyes, enthusiasm, and ideas to this important role while again applying common sense decision making and appropriate compromise at times.

I do not have any specific preservation-related experience. However, I do live within 500 feet of the GW parkway, so I live within Old and Historic Alexandria. I have submitted a couple of requests to the Board for modifications to the exterior of my home: a fence in the front yard, and a window in the back. I had positive and professional experiences with the City staff in both circumstances.

## Interests & Experiences

## Statement of Interest/Why You Should Be Appointed

---

I've been a resident of Alexandria for four years and have long wanted to become involved in our community government. One of the reasons I chose to settle in Alexandria when I moved back to the DC area is the rich history and distinct character of the city. I am excited at the opportunity to participate in preserving our two historic districts as a member of the BAR. I have long had an interest in the way the urban environment brings people together to shape communities. As a child in an American military family living in Germany for many years, I developed a deep appreciation for the winding streets and centuries-old buildings that created a distinctive sense of place in European cities that so many American communities seemed to lack. These were thriving, modern, vibrant communities—shaped by the past, but not trapped in a time capsule. I believe this also describes Alexandria and our two historic districts, and it's what makes the city so special and unique. I find Alexandria to be an exciting blend of old and new, and I am a proud resident of the city. I've been in public service for all of my adult life. I was an active-duty Army officer for 14 years, first as a combat engineer and later, via a sponsored Army program, I became a lawyer in the Army JAG Corps. I left active military service in 2016 to pursue a business degree, but I remained in the Army Reserve as a way to stay involved in public service. I moved to Alexandria in 2018 after completing business school and accepted a DC-based position as a management consultant. Having gone to high school in neighboring Fairfax County, and with family still living in this area, settling down in Alexandria felt like coming home, even as a first-time resident of the city. In the years since, I have grown to love the city and our community. Serving on the BAR would be a continuation of my commitment to public service and my great affection for Alexandria. Although I do not have a background in building or architecture, I follow local development news very closely and often read the agendas and staff reports from BAR and Planning Committee meetings. As a lawyer, I am comfortable reading and interpreting regulations, and I believe that would be useful as a member of the board. If selected as a member of the BAR, I would be a committed and diligent servant of the city. I would strive to strike the right balance between historic preservation and individual property rights, and I would review each matter on its own merits, without an agenda or bias. Thank you for reviewing my application. I look forward to this opportunity and am grateful for your consideration.

### Statement of Interest/Why You Should Be Appointed

---

As a resident of the Old and Historic Alexandria District, I developed an intense interest in the architectural and cultural heritage of the national treasure we call Alexandria. Exploring our past and enjoying our present has revealed the complex interconnections within our city that must function in unison to preserve the vitality of Alexandria and preserve its appeal for the full spectrum of our residents. Although my initial focus was on historic preservation, greater involvement in the our city helped me appreciate that historic preservation is part of a matrix of important elements of Alexandria's well-being and must be integrated into and balanced with other priorities that together comprise a thriving, healthy city. Historic preservation can only be faithfully exercised in the context of the tourism dollars that it brings to our economy and the importance of housing for all who work and live here. Initiatives such as the Alexandria Community Remembrance Project and Freedom House Museum have starkly highlighted major aspects of our heritage that must be incorporated to provide a robust, complete mosaic of our past through which we can enjoy a diverse, inclusive community. One of my most important initiatives as chair of the Historic Alexandria Resources Commission (HARC) has been detailed evaluation of its composition and recommended changes to enhance diversity and inclusiveness. For example, there are two seats on HARC for historic, primarily White churches but no seats for our historic, primarily Black churches. Over the past decades, I have spoken before the Board of Architectural Review on dozens of issues and understand its mission, composition, and operations. Familiarity with Design Guidelines that provide the foundation for BAR decisions was necessary for my own property restoration, for real estate transactions, and for crafting sound preservation advice to city leaders and staff on behalf of HARC. That commission played a role in the recent discussion of bonus height allowance for added affordable housing which appears to have been equitably resolved. Those and similar activities have provided experience in a broad range of city operations and an effective understanding of city processes. In addition, I have completed the training for BAR members and staff (Commission Assistance and Mentoring Program) offered by the National Association of Preservation Commissions. That comprehensive, two-day program addressed standards and guidelines for design review, due process and decision making, fundamentals of preservation law, public outreach and community engagement, and other relevant topics. My family's 200 year old home has been in our family for almost 60 years, and is protected by both interior and exterior historic easements. I served as general contractor for a full renovation and updating of the property about 20 years ago. Over the years, we have gained a deep appreciation of Alexandria as a jewel among colonial cities and the hometown of George Washington. I began exploring Alexandria's history and contributing to its preservation with the Gadsby's Tavern Museum Society where I held several positions culminating in service as its President. I served for many years on the George Washington Birthday Celebration Committee in capacities including Vice Chair. There, I chaired the Cherry Challenge restaurant competition for years recruiting up to 60 participating restaurants and generating tens of thousands of dollars annually in local revenue. I also have presented guided walking tours of George Washington's Alexandria for well over a thousand visitors and residents. In addition to current service as the chair of HARC, I am a member of the Board of Directors of the Mortar and Pestle Society which is the friends group for the Stabler-Leadbeater Apothecary Museum. I have worked diligently for decades to preserve and enhance the historic character of our storied city and would be honored to continue those efforts as a member of the Board of Architectural Review. The Historic Alexandria Resources Commission serves an exceedingly important function by offering sound, balanced advice to city leaders and staff; and there are many accomplished, dedicated commissioners who can carry on that function in my stead. I sincerely believe that I can better contribute to our community on the BAR rather than HARC and earnestly ask your support to allow me to serve our storied community as a member of the Board of Architectural Review.

## Statement of Interest/Why You Should Be Appointed

I've loved the architecture of Alexandria since I first moved to the DC area over a decade ago, and my appreciation for it has only increased since becoming an Alexandria resident. Architectural beauty contributes greatly to quality of life, affecting not just owners and builders but neighbors as well. As Alexandria grows, it's important to also preserve it's charming and historic character so that future generations can enjoy it as much as I do now. In the past, all I could do to indulge my love of architecture was play the video game Cities Skylines and to collect pictures of beautiful buildings on a Pinterest board (here, if you're curious: <https://www.pinterest.com/tomvanantwerp/living-spaces/exterior/>). But now that I'm an Alexandrian and a home owner, I want to get more involved by joining the BAR to ensure Alexandria stays beautiful.
