Statement of Interest/Why You Should Be Appointed

My desire to solve a very important situation that affects the city as a whole. My hope is that we can reach a point of co-existence for all students so ACHS can be a productive learning environment. I strongly believe that positive avenues and pathways can be developed to assist these students. It will take a comprehensive community plan to be successful. The role of the HS representative would help bridge those programs and students creating an encompassing support system.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

Eight years ago, when the Episcopal Church of the Resurrection in the West End of Alexandria decided to pursue its vision of replacing its current church with a 113 unit affordable housing apartment building and a new smaller church, I was launched into the world of affordable housing and the government of the City. I have been a resource for other members of the faith community considering a similar project. My experience led to my appointment to the Alexandria Housing Affordability Advisory Committee. As I complete my first term, I would very much like to continue to be of value to the City on this very important subject. The freedom of retirement has provided more time to become engaged in the Alexandria community. As the lay representative to our Diocesan structure I work much more closely with the other seven Episcopal churches in Alexandria. And through our church's membership in VOICE (Virginians Organized for Interfaith Community Engagement) I work more closely with the other churches, synagogues and mosques in Alexandria and Northern Virginia. Counselor with Christ Church Lazarus Ministry providing immediate urgent finances to residents needing assistance with rent, utilities or certain medical expenses. Volunteer at Carpenter's Shelter providing dinner meals throughout the year. Through church connections I have had experience with the ARHA application process, operations and housing.

Statement of Interest/Why You Should Be Appointed

Housing affordability is a critical nation-wide issue affecting the Washington-Alexandria-Arlington area more intensely than almost anywhere. Our MSA ranks 3rd in the country for housing underproduction according to a recent Up for Growth study (<https://www.upforgrowth.org/underproduction>). As a renter under 30 years old, I have felt the effects of the housing crunch directly - my rent in Alexandria has increased by almost 12% in just the past two years and the economic development in the region (while great for employment), shows no signs of abating. It would be my honor to serve as a representative of those in my age range who are likely to not be current Alexandria homeowners not benefitting from the rise in housing prices to advocate for common-sense measures to increase affordability for those who make Alexandria home. My career at the intersection of transportation infrastructure and transit-oriented development equips me with an understanding of the housing industry and key levers like zoning and land use that a city can use to directly affect housing outcomes.

I am a certified parent coach and have been teaching classes on parenting through SCAN here in Alexandria and at Friends of Guest House, also in Alexandria. I would welcome the views of other professionals and students. I would hope that we could continue to explore ways to support families in Alexandria after such a tumultuous time in our history.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I am currently a member. I believe that I should be re-appointed because I have made a number of contributions to the Alexandria Commission on Employment. I am familiar with the issues and challenges confronting the Commission. I am particularly interested in the need for trades training and other steps to make trades jobs more accessible for our citizens. To that end, I helped raise the issue with the Alexandria City School System I am also familiar with the issue of under employment for our citizens. I have prepared a research design to explore that issue more thoroughly and I am developing a literature review. My background in equal employment opportunity is very relevant to the work of the Alexandria Commission on Employment.

Alexandria Commission on Employment

How many terms have you served on this board?

One

If you have served more than two consecutive terms on this board, please state the specific qualifications you possess which merit consideration for continued service:

There are three main reasons that I feel that I would continue to benefit the Alexandria Commission on Employment even though I have already served to two terms. Leadership: During my tenure with ACE, I have served as both Vice Chair and Chair. This experience provides me with a strong base for contributing in the future. I have become familiar with each of the other Commissioners, having communicated with them frequently. This provides me with a good understanding of the workforce issues and concerns that they think is important. It better equips me to work with them in the future. Implementation of innovation: During my time as Chair of the Commission, I was able to implement key innovations. A key example is the emphasis on keeping city council members informed of ACE activities. Another is the maintenance of a simple but analytic-ready method of keeping track of ACE members' hours contributed. Another is the expansion of direct support of the Workforce Development Center (WDC) by ACE members. If I am able to continue my service with ACE, my past experience will help to fully implement these innovations. Development of a strong working relationship with the Workforce Development Center: ACE is a key link between the City Council and the WDC. A strong relationship between ACE and the WDC helps ACE understand the accomplishments of the WDC, the evolving challenges to the WDC and the support that WDC needs. Through my experiences with the WDC and their parent organization, the Department of Community and Health Services, my past experience allows me to more quickly and effectively process information being provided by the organizations and the appropriate ways to help meet their needs.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I am a person with a disability. I am new to the area, having lived here for a year now, and have been impressed with the number of services available to Alexandria residents and the many ways to get involved. For example, I am currently going through the RAMP program for accessible home modifications due to my disability. This is a great program available for Alexandria residents who need that resource. I involve myself in a number of organizations through volunteering, including Volunteer Alexandria, Senior Services of Alexandria, At Home Alexandria, The Little Theatre of Alexandria and the Animal Welfare League of Alexandria. Alexandria really is a special and unique city. As an Alexandria resident living with a disability, I believe I would have a lot to offer the Commission on Persons with Disabilities, but also much to learn. Navigating the disability systems and laws can be daunting and overwhelming. I'm all for creating accessibility for all. Should I be selected, I look forward to serving on the committee and offering my perspective as a citizen of this great community.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

My lease in Alexandria began on 9/15/21, so I've been a resident for almost one year. I was a resident of Alexandria for my entire life (except college and law school) until 2016 when my family relocated but now I am living here again. I'm interested in serving on the Community Services Board because of my long standing commitment to serving the developmentally disabled and/or substance abuse community in Alexandria. My family has a long history of serving this community and receiving services from organizations in Alexandria. I sit on the board of Sheltered Homes of Alexandria, an organization formed decades ago to find and support housing for adults with development disabilities. My brother was struck by a debilitating disease approximately 10 years ago that left him disabled as well. This is such an important time to serve this part of our community and I would like to do my part to help.

Statement of Interest/Why You Should Be Appointed

I have lived in Northern Virginia for the last 24 years - 19 as a homeowner in Del Ray. Prior to that, I lived near Mark Center, just off Seminary Road. Together with my wife, Nancy Drane, and our two children, Ailinn (14) and Braeden (11) (both of whom have attended Alexandria City Public Schools and participated in local sports teams) my family has actively used and benefited from Alexandria's many green spaces and enrolled in numerous recreation and out-of-school time services provided by the City through the Department of Park and Recreation. I've enjoyed learning more about these spaces and programs during my term and the challenges associated with maintaining them and effectively serving Alexandria residents. If reappointed, I'd strive to ensure that all Alexandrians continue to benefit from our City services as we have and have a voice within City government on new projects.

I first moved to Alexandria when I was 6 mos. old and have lived continuously in the city since 1978.

Have you ever attended a meeting of the Board or Commission for which you are applying?

☒ Yes ☐ No

Have you ever served the City of Alexandria in any capacity?

I am currently a member of the Public Health Advisory Committee and serve as Vice Chair. I have also read grant proposals for the Department of Human Services and Alexandria Health Department, and served on a selection committee for the Health Department. I am a longtime Medical Reserve Corps volunteer and Alexandria-Arlington Master Gardener. I served as an Alexandria representative to the regional Suicide Prevention Alliance of Northern Virginia and on the Virginia Foundation for Healthy Youth North Region Advisory Committee.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I recently retired as the program officer of the Northern Virginia Health Foundation, where for 14 years I oversaw the Foundation's grantmaking activities and led or was involved in community health initiatives in Alexandria and Arlington, many of which I listed in the previous question. Prior to that, I was on the staff of the Alexandria United Way, where I helped author various needs assessments. I am a trained social worker and adult educator and began my social work career in a hospital setting. I have served on the Partnership for a Healthier Alexandria and chaired the city's childhood obesity prevention initiative. I am a founding board member of Virginia Health Catalyst, a statewide advocacy organization that successfully advocated for the inclusion of a dental benefit for Medicaid beneficiaries, and most recently an increase in the reimbursement rate for dentists who accept Medicaid patients. I am the recipient of the Commission on Women's Making a Difference Award, and a Living Legend of Alexandria. I also served as a community advisor to a cohort of ACPs school nurses who participated in the prestigious Johnson and Johnson School Health Leadership Program. My professional and volunteer experiences have largely been in the health and human services arenas, most of which have been focused on the needs of Alexandria and Northern Virginia residents. I will bring both a depth and breadth of knowledge and experience to my work on PHAC, should I be reappointed.

The climate in the state and nationally pose potential threats to the work that has been done to achieve health equity and ensure that the traditionally disenfranchised have access to the resources they need to thrive. I believe that my professional achievements in health and human services, my extensive volunteer experience, and my knowledge of Alexandria, qualify me to continue to serve on the Commission and provide informed advice and counsel to members of Council on health-related issues that impact Alexandrians.

Statement of Interest/Why You Should Be Appointed

Now that I am retired, I am interested in getting more engaged with my community. Specifically, I find this committee interesting because of my love of travel and interest in reengaging in more educational activities. I was a college professor early in my career, before I decided to go to work for the US government, and I would like to return to some of those early interests. Also, a former colleague of mine joined a sister city commission in his new city upon his retirement, and he is really enjoying the experience. So I thought I would throw my hat in the ring for a position here in Alexandria.

EDUCATIONAL BACKGROUND (Please list certificates, diplomas, degrees, seminars, etc.):

PhD, Political Science, University of Missouri-Columbia; MA, History, University of Missouri-Kansas City; BSE, Social Studies, Southeast Missouri State University

SUMMARY OF WORK AND PRACTICAL EXPERIENCE (Please list titles and duties for the past five years):

Summary: Sr. Social Scientist/Analytic Methodologist with over 25 years of experience adapting academic social science research methods to address intelligence and operational requirements for US government clients. Extensive experience leading interdisciplinary teams of analysts and data scientists in producing innovative new measures and products; identifying and exploiting diverse data sources for analytic requirements in data poor environments; writing and editing reports for the IC; briefing senior governmental officials; and interacting with government clients to translate their requirements into bespoke advanced analytic and software products. Broad expertise in quantitative and qualitative research methods, and in discovering novel ways to collect, fuse, and exploit different types of open and all-source data to produce actionable intelligence. Current: Probably retired. Possibly just on sabbatical. TBD. Dark Wolf Solutions, May 2018–Dec. 2020 Principal Provided consulting services to intelligence community organizations on a wide range of advanced analytics and big data services tasks. Advanced analytics consulting included serving as a Sr. Social Scientist consultant to the Defense Intelligence Agency’s Analysis of the Future project. In this capacity, provided general support to identify and assess potential methodological solutions for a range of analytic modernization challenges. In addition to general consulting, deployed for six months to one of the Analytic Development Teams supporting a regional center to develop a prototype forecasting model to improve analysts’ abilities to answer a key intelligence question. Contributed to the successful development of this forecasting model by playing a leading role in identifying and evaluating open source data to be included in the underlying data layer, as well as designing and implementing a coding strategy to create training data for the topic modeling portion of the project. Supported other intelligence community (IC) organizations by serving on an IC-facing team that provides a wide range of data services for users throughout the community. A key role in this capacity was to interface with a variety of users throughout the IC, including data scientists and analysts, to specify their requirements and communicate them to technical personnel on the data services team. In some cases, this required developing an in-depth understanding of advanced analytics projects and other work at select IC organizations to assist the team in determining how best to meet IC partners’ requirements for data services. IBM, Nov. 2016–May 2018 Data Analyst, Global Business Services, Advanced Analytics Served as member of agile user engagement team on USG-sponsored big data project. Played leading interface role with assigned groups of clients, including data scientists and a wide array of analysts at different technical skill levels. Worked closely with development and testing teams to ensure new features performed as designed and met user expectations. Led initial development of a major new feature that would allow the USG client to discontinue a current less effective system and potentially expand the number of users by an estimated 25%. Activities to launch that new effort included an iterative process of soliciting use cases from data scientists and analysts; translating those requirements to developers and designers on the IBM team; proposing and testing my own ideas about how the new capability should work; designing a roadmap for development; and briefing/refining requirements.

If yes, please explain

I have served on the Social Services Advisory Board since September 2016. Within this position I served as Vice Chair from 2018 through 2021. During my first term, I have aided in scheduling tours of the buildings and services related to DCHS so that all members on the board are fully aware of the programs, services and needs that the city has, so that we can continue to improve our support for DCHS. I have meet with residents at civic association meetings to share our "Who We Are," video educating residents of the services that the city has to offer. Outside of those specific tasks, I have stayed engaged throughout the community, observing how our programs benefit residents, while gaining feedback from individuals throughout the community to see if there are things that the department can do to better serve our community. During my second term, I was involved with advocacy efforts to support retention of employees by way of a pay increase for some of the workers in within DCHS whose pay scale was identified as falling below city standards. I have completed the City, Police, Fire, Sheriff and Commonwealth Attorney Academies. Through those programs, I have supported their programs and volunteer needs. Since May 2018, I have been a CERT (Community Emergency Response Team) Member with the Office of Emergency Management. I have volunteered with the Fire Department through their ASSIST program, educating residents on fire alarm safety. I have supported the Police Foundation by volunteering at the annual GW Parkway Classic and I have volunteered with safety exercises for the Fire and Police Department. Since 2008, I have served on Project Discovery's Advisory Board. Through the board, I currently serve on the scholarship committee, and previously served as the chair of this committee for multiple years. I also serve the city by volunteering through my church and my sorority. I am a member of Alfred Street Baptist Church and have volunteered with several church sponsored programs to include, Brothers Keeper, holiday sharing and the Feed the 5000. Through my membership with Zeta Phi Beta Sorority, Incorporated, I have been an active member of our Alexandria chapter since 2006 specifically focusing on our service and social action efforts which have included volunteering with local organizations such as ALIVE!, Community Lodgings and Carpenters Shelter, and our annual partnership with the Alexandria Library for our Read Across America event, promoting literacy for our youth. Through my sorority, I have also served on the Nu Xi Zeta HAVE Foundation, supporting STEM workshops and scholarship opportunities for our local high school seniors.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I currently serve on the Social Services Advisory Board (SSAB) as the Vice Chair. My term ends next month and am requesting to be reappointed. I have a genuine interest in serving our community, supporting the programs and services that we have and sharing that information to our residents. I have completed five of the academies that the city offers, and they have allowed me to understand how necessary the services that the Department of Community and Human Services are in a different perspective, and I want to ensure that we maintain the necessary services that our community needs. I also provide a unique perspective on the board as I work with the Department of Human Services in Arlington County and have previously worked in the Department of Family Services in Fairfax County and can provide insight on what neighboring localities have accomplished and how it could be useful for our community.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

My experience comes with a local, national and international perspective. Having travelled and lived all over the world I was always a part of organizing committees for solely this purpose. I am passionate about where I live and no matter where that was I would lend my hand to my community when called upon. When I lived in Hawaii I was a member of #shopsmallhawaii which was initiated by American Express and is now adopted by many communities and governments. The shop small campaign is a national, year round celebration of small business owners everywhere while promoting the "Aloha" tourism trademark. I would be very excited and honored to be appointed to the Visit Alexandria Board for many reasons. The most obvious reason is my love for this great city. I also bring to the table a very diverse background and have over 20 years experience in both tourism planning and the private sector that could only encourage new ideas, and positive conversations on future plans/ projects for the city of Alexandria. When I lived in Ireland I was involved in every aspect of community service. In 1999 I was President of The Cork Junior Chamber of Commerce who's biggest project was to organize the Cork St Patricks Day weekend festival. With Cork being the second largest city in Ireland this was quite an undertaking as I would have to serve on Board Failte the national board of tourism working with local businesses within the hospitality industry creating this marketing package with the vision of bringing local and international tourists and visitors to Cork as an option over visiting the over populated capital of Ireland, Dublin. In 2000 I was The Cork Junior Chamber of Commerce National Awards Director. This role was to visit communities and cities throughout Ireland promoting local trade and commerce with the #shoplocal #madeinireland concept shining a spotlight on new business with new and innovating products / services to the community. In 2000 I also won the AIB Irish Business Woman of the year, I owned and operated Acorn Property Management which was the first all female Real Estate firm in Ireland. I feel I come to the communal table with experiences that can shine a light on new ideas, new projects and with an enthusiasm and love to grow and build our community especially in these challenging times of Covid 19. We need to stay strong. Stay positive, and get down to working together to build and grow our wonderful city of Alexandria.
