I have worked in the real estate industry for over a decade, spanning commercial and residential, as a marketing professional in property management, development, architecture, general contracting, and brokerage. In that time, I have seen Seattle and my new home of Alexandria experience unprecedented growth while becoming unaffordable for many types of workers across all industries--including myself. As a part of the real estate industry, I believe it is our duty to prioritize affordable housing, removing barriers to living in metropolitan areas, and solving homelessness.
