

***Docket Item #2
Encroachment #2022-00005
2462 Mandeville Lane – Nando's Outdoor Dining
Encroachment***

Application		General Data	
Request: Public Hearing and consideration of a request for an Encroachment of outdoor dining and related structures into the public right-of-way at 2462 Mandeville Lane		Planning Commission Hearing:	January 5, 2023
		City Council Hearing:	January 21, 2023
Address: 2462 Mandeville Lane		Zone:	CDD #2/Coordinated Development District #2
Applicant: Nando's Restaurant Group, Inc., represented by LJP Architects		Small Area Plan:	Eisenhower East
Staff Recommendation: APPROVAL subject to compliance with all applicable codes and ordinances and the recommended conditions found in Section III of this report.			
Staff Reviewers: Anna Franco, Urban Planner III, anna.franco@alexandriava.gov Nathan Randall, Principal Planner, nathan.randall@alexandriava.gov Robert Kerns, AICP, Division Chief, robert.kerns@alexandriava.gov			

PROJECT LOCATION MAP

I. DISCUSSION

The applicant, Nando's Restaurant Group, Inc., requests approval for a 505 square foot encroachment into the Mandeville Lane and Hoffman Street (previously Swamp Fox Road) public right-of-way to allow for an outdoor dining use (including tables, seating, pole mounted lighting, and non-permanent planters) in connection with an approved restaurant at 2462 Mandeville Lane.

SITE DESCRIPTION

The proposed encroachment is located in the sidewalk areas on Mandeville Lane and on Hoffman Street, at the northwest corner of the building at 2470 Mandeville Lane, now known as the Foundry. The Foundry is a 16-story building that was recently converted from offices to residential apartments and includes an apartment lobby and ground floor retail uses along Stovall Street, Mandeville Lane, and Hoffman Street. Current first floor retail uses include KinderCare and &Pizza with interior renovations underway for Nando’s Peri Peri restaurant, Bad Ass Coffee of Hawaii, a nail salon, a taco restaurant, and an eyewear store. The 1.5-acre subject property is bound by Stovall Street to the west, Mandeville Lane to the north, Hoffman Street to the east, and an office building on Block 6B to the south. The property is located just south of Hoffman Blocks 4 & 5, more commonly known as Carlyle Crossing, which contains Wegman’s grocery store.

BACKGROUND

The building on the subject property was constructed in 1969 and leased by the General Services Administration for most of its existence. In September 2017, City Council approved several land-use applications, including DSUP#2017-00015, to allow adaptive reuse of the existing office building. The project involved converting the primary building use from office to residential and allowing the addition of three residential floors atop of the existing building, new above-grade parking, rooftop amenity spaces, a re-skinning of the building façade, and approximately 36,475 square feet of ground floor retail. The building has been named the Foundry and leasing of the 582 apartment units began in 2020.

Nando's Peri-Peri received approval earlier this year to relocate to the approximately 2,600 square foot ground floor tenant space at the northwest corner of the Foundry (2462 Mandeville Lane) after closing its Old Town restaurant location at 702 King Street. Tenant fit-out for Nando’s is currently in progress and the restaurant is not yet open to the public.

PROPOSAL

The applicant requests approval of an encroachment into the public right-of-way on Mandeville Lane and Hoffman Street to provide outdoor dining for Nando’s Peri Peri restaurant in the sidewalk areas adjacent to the building.

As shown in Figure 1 below, the 505 square foot encroachment is proposed in an L-shaped area in front of the approved Nando’s Peri Peri restaurant frontage at the northeast corner of the building along Hoffman Street and Mandeville Lane. The area is proposed to be delineated by non-permanent decorative planters connected by fabric barriers. The patio space would include 40 seats

2462 Mandeville Lane – Nando’s Outdoor Dining Encroachment

for outdoor dining associated with the restaurant as well as non-permanent steel posts for mounting outdoor string lighting.

The proposed encroachment covers 505 square feet of public right-of-way, while the total patio area is 610 total square feet as it includes 105 square feet of private property directly adjacent to the existing building. The encroachment has 28.08 feet of frontage on the south side of Mandeville Lane with a depth of 10.1 feet and 50.63 feet of frontage on the west side of Hoffman Street with a depth of 6.95 feet. The enclosed patio area will reduce the width of the sidewalk adjacent to the enclosure to about a 7-foot width on Hoffman Street and a 7.5-foot width on Mandeville Lane. The enclosure is 5.7 feet from the back of the ADA accessible ramp on Hoffman Street and 6.5 feet from the back of the ADA accessible ramp on Mandeville Lane.

An Administrative Special Use Permit is required for outdoor dining and is subject to the requirements of Zoning Ordinance Section 11-513(M)(3). As the applicant is proposing 40 seats or less, the Special Use Permit can be processed administratively. The Administrative Special Use Permit will be processed separately.

ZONING/MASTER PLAN DESIGNATION

The subject property is in CDD #2/Coordinated Development District #2. The Nando’s restaurant outdoor dining use is consistent with Eisenhower East Small Area Plan recommendation to activate street life and the public realm in areas designated as retail focus areas.

VALUE OF ENCROACHMENT

Section 3-2-85 of the City Code defines the annual charge for commercial encroachments to be the equivalent of what would be the real estate tax upon the land being encroached if it were owned by the owner of the encroaching property. The Department of Real Estate Assessments has valued the land rights area in question of \$59.17 per square-foot, a combined encroachment area of 505 square feet, and the 2022 tax rate of \$1.11/\$100 of assessed value, for an annual encroachment fee of **\$331.67**.

II. STAFF ANALYSIS

Staff supports the applicant’s request for encroachments into the public right-of-way for outdoor dining in association with the new Nando’s Peri Peri restaurant location. The proposed area of encroachment will allow for greater activation of the retail centric street corner in the Eisenhower East neighborhood and allow the newly relocated restaurant to provide additional seating (subject to approval of an Administrative Special Use Permit). Additionally, the areas of encroachment have been reviewed by City Departments to ensure the location of the easement does not pose an obstacle that would impede pedestrian circulation, does not negatively impact vehicle visibility or traffic, and does not impede existing utilities or easements.

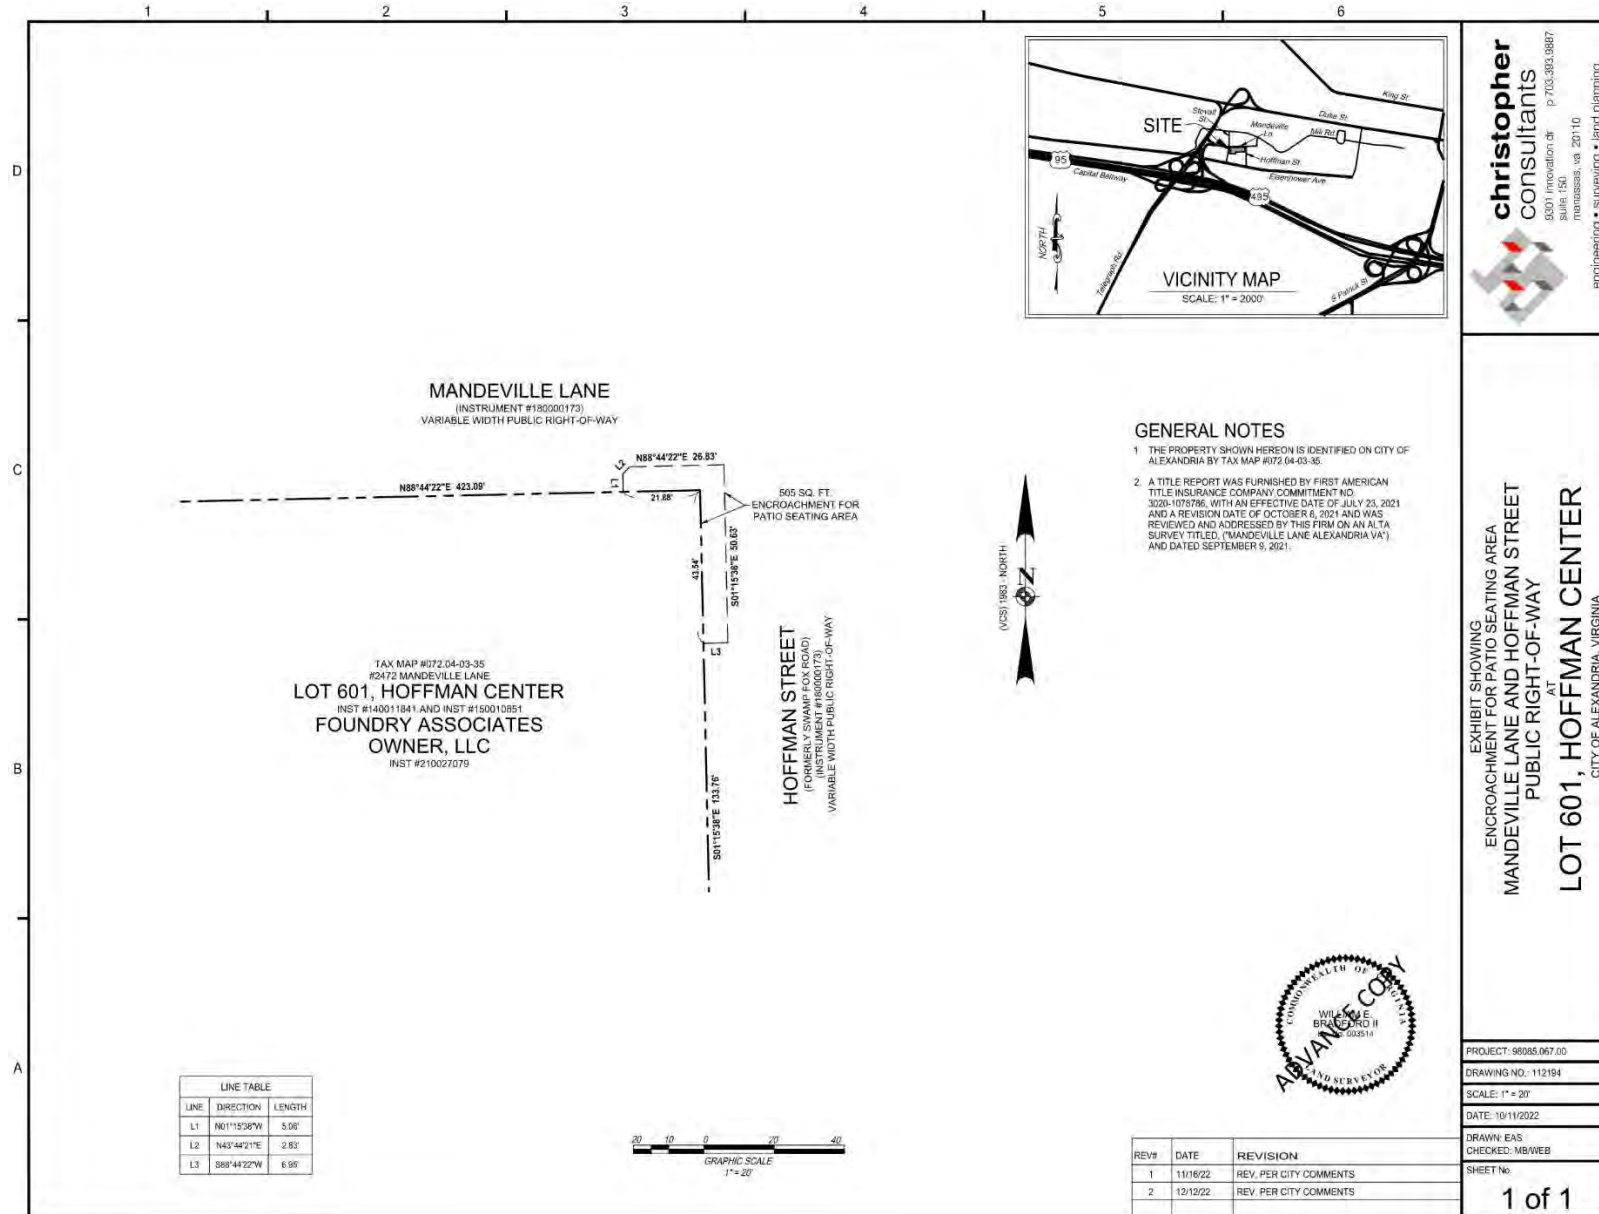

Subject to the conditions contained in Section III of this report, Staff recommends approval of this request.

III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and these conditions:

1. The applicant (and his/her successors, if any) must obtain and maintain a policy of general liability insurance in the amount of \$1,000,000, which will indemnify the applicant (and his/her successors, if any) and the City of Alexandria, as an additional named insured, against all claims, demands, suits, etc., and all costs related thereto, including attorney fees, relating to any bodily injury or property damage which may occur as a result of the granting of this encroachment. (T&ES)
2. Neither the City nor any Private utility company will be held responsible for damage to the private improvements in the public right-of-way during repair, maintenance replacement of any utilities that may be located within the area of the proposed encroachment. (T&ES)
3. In the event the City shall, in the future, have need for the area of the proposed encroachment, the applicant shall remove any structure that encroached into the public right-of-way, within 60 days, upon notification by the City. (T&ES)
4. The applicant shall bear all the cost associated with any future removal of the encroachments and shall repair/replace the sidewalk where the improvements were anchored into the concrete. (T&ES)
5. The applicant shall maintain the following minimum, unobstructed sidewalk widths:
 - a. Seven feet (7’) in between the proposed patio enclosure and the existing street tree wells on Hoffman Street; and
 - b. Five feet, six inches (5’ 6”) in between the proposed patio enclosure and the top of the existing ADA sidewalk ramp on Hoffman Street, and
 - c. Six feet, 6 inches (6’ 6”) in between the proposed patio enclosure and the top of the existing ADA sidewalk ramp on Mandeville Lane. (T&ES)
