Statement of Interest/Why You Should Be Appointed

I use and greatly value the library as do many of my friends here in our wonderful city. I have ten years previous experience serving on the Board of a public library. During that time I developed a deep respect for the importance of library services for the entire community. My belief is that a library exists to inform, educate and in its own way entertain the widest swath of the community as possible. I also understand the challenges that a municipality encounters when confronted with competing requests for funding especially when resources are limited. I would very much appreciate the opportunity to assist the Alexandria Public Library in maximizing its uniquely positive effect on our community. All references provided below have been contacted and are willing to submit letters of recommendation. My resume has been uploaded. If there is a problem in reviewing same, please contact me and I will transmit the document again.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

As a 15-year Alexandria, VA resident, and a parent whose child uses the Alexandria, VA library regularly I know that the library plays a crucial role in this city. As a small child my daughter attended readings with the librarians and other toddlers in the area before checking out the wonderful selection of board books. As an older kid, we checked out books on CD for long road trips. Some of my best memories are her reading along with the "Harry Potter" series while I drove through Vermont and Rhode Island on a summer road trip. I am aware of the crucial importance that the Alexandria library plays in the community. From offering passport services, art and reading programs, ESL classes, and its one of a kind library service for our visually impaired population, this library is critical to the development of educated, caring, and civic minded members of the community. I care about this town's many needs, and I understand the complex nature of budget-oriented decisions that the city must make each year in regards to the library, and other long-term projects and services essential to Alexandria's citizens. I represent that population in many ways, and I think my background offers a perspective that would help articulate the importance of the library in this community to those decision makers when budget, and development decisions are made. As a retired US Air Force Officer, member of my university's alumni Board of Directors, an attorney, and a small business owner I am intimately involved in balancing long-term development while addressing today's needs. Alexandria is a place where I am my best self, and the library is a big part of that. If you have any additional questions please reach out to me via email or phone. My email is al.moseley@yahoo.com and my phone number is 703-216-5108. Thank you for your consideration. Al
